Department:
Government Printing Works
REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

(5) The chairperson of the inquiring body and the other members of the inquiring body may, through the chairperson, at any time question the *pro-forma* complainant, the accused or his or her

legal representative or witnesses giving evidence at a disciplinary inquiry.

(6) *(a)* If the inquiring body deems it necessary for further evidence to be adduced in order to enable it to arrive at a just, reasonable and fair decision, it may allow further evidence to be led by either the *pro forma* complainant or the accused, or his or her legal representative, or by both after their case has been closed.

provided the acceptance thereof is agreed upon by both the complainant and the accused.

(d) If it is practicable and appears just, the inquiring body may postpone the inquiry in order to subpoena, for the purposes of cross-examination, the witnesses whose evidence appears in the statement contemplated in paragraph *(a)*.

PRESS RELEASE

WINE INDUSTRY
APPLICATION FOR THE AMENDMENT OF THE STATUTORY MEASURES IN THE SOUTH AFRICAN WINE AND BRANDY INDUSTRY

NAMC REQUESTING COMMENTS / INPUTS FROM DIRECTLY AFFECTED GROUPS IN THE WINE INDUSTRY

On 16 January 2023, the Minister of Agriculture, Land Reform and Rural Development received a request from the South African (SA) wine and brandy industry, in terms of the Marketing of Agricultural Products Act (MAP Act), Act No 47 of 1996, to amend the current statutory measures.

The applicants for the proposed amendment are SALBA (South African Liquor Brandowners' Association), representing trade; and Vinpro, representing wine grape producers and wine cellars. SALBA and Vinpro therefore, represents the payers of the wine statutory levies. The current statutory measures applicable, in the South African wine and brandy industry (the industry), will expire on 31 December 2025.

Currently, the industry is structured to conduct its operational or business services to the industry *via* a number of designated operating units. These units are the SA Wine Industry Information and Systems NPC (SAWIS), Wine Industry Network of Expertise and Technology NPC (WINETECH), Wines of South Africa Export Marketing NPC (WOSA), SA Wine Industry Transformation Unit NPC (SAWITU), South African Brandy Foundation

Council Members: Mr. A. Petersen (Chairperson), Ms. T. Ntshangase (Deputy Chairperson),
Prof. A. Jooste, Mr. S.J. Mhlaba, Ms. F. Mkile, Ms. N. Mokose, Ms. S. Naidoo, Mr. G. Schutte and Dr. S.T. Xaba.

(SABF) and Wine and Agricultural Ethical Trading Association (WIETA). Currently, each unit operates as a separate cost centre and legal entity within its own governance and audit systems.

The statutory measures (currently) applicable are as follows:

- Registration (SAWIS);
- Records & Returns (SAWIS); and
- Levies:
    - Research and development levy (R&D) (WINETECH);
    - Information levy (SAWIS);
    - Export levy (WOSA);
    - Transformation levy (SAWITU);
    - Brandy levy (SABF); and
    - Ethical trade levy (WIETA).

When the industry applied for the implementation of the current statutory measures (in May 2021) the planned revision of the industry structures was not yet finalised. Over the past three years, various evaluations and discussions emphasized the need for much closer collaboration and a more focused approach between the various structures with the focus on improving efficiencies. These include areas of possible duplication and / or overlap of services. Four main areas were identified where significant improvement is needed namely:

- Transformation;
- Communication;
- Market growth; and
- Advocacy.

The industry proposes that a new legal entity, namely the SA Wine non-profit company (SA Wine) be established, consolidating industry structures and statutory measures.

This gazette is also available free online at **www.gpwonline.co.za**

The current statutory measures, and the proposed changes, in the industry are indicated as follows:

Current Statutory measures applicable	Registration Records and Returns	Brandy levy	Export Levy	R&D levy	Information Levy	Ethical trade levy	Transformation Levy
Responsible business unit	SAWIS	SABF	WOSA	WINETECH	SAWIS	WIETA	SAWITU
Proposed consolidation and changes	Registration Records and Returns	Brandy levy	Export Levy	Proposed consolidation: Research & development, information levy and ethical trade			
Responsible entity	SAWIS (*remains unchanged)*	SA Wine					

*20% of the levies collected will be allocated towards transformation projects

In future SA Wine will be the responsible entity for the implementation and administration of the statutory measures in the industry. Although SA Wine will receive all statutory funding this consolidation process will not affect the current statutory levy levels and will remain the same, for the remainder of the period, ending 31 December 2025.

It is proposed that the industry strategic objectives will be met *via* a programme framework and SA Wine will be accountable and responsible for it. The programme framework is set out as follows:

- Market growth:
    - International wine market development;
    - Local brandy market development;
    - Black wine and brandy enterprise development (international and local market);
- Research, development, innovation and knowledge and technology transfer;
- People development, incorporating industry wide people development, transformation skills development, socio-economics development and ethical trade system support; and
- Business and market intelligence.

This gazette is also available free online at **www.gpwonline.co.za**

The NAMC believes that the application by SALBA and Vinpro for the amendment of the current statutory measures is consistent with the objectives of the MAP Act (as set out in section 2 of the Act).

Directly affected groups (e.g. wine producers, wine traders, wine spirit producer, and exporters of drinking wine) in the industry are kindly requested to submit any comments, in writing, regarding the proposed statutory measures, to Mathilda van der Walt (mathildavdw@namc.co.za) on or before 24 February 2023, to enable the NAMC to finalise its recommendation to the Minister in this regard.

Extensions will only be permitted for a period up to 3 months and the party applying for the extension must submit a letter and supporting documents to ITAC, furnishing reasons and good cause for the extension.

12. If a *prima facie* case is established that any condition of this permit is not being adequately complied with, the permit holder will upon detection of such contravention be issued with a compliance notice to show good cause and submit evidence within seven (7) days of receipt thereof, why ITAC should not make any adverse finding/s on the prima facie evidence of non-compliance with the above conditions. Thereafter the matter will be considered by ITAC and if ITAC determines that a contravention of any of these permit conditions have occurred, this permit may be varied, amended or revoked/rescinded.

    Should non-compliance with any applicable legislation governing the issue of this permit be detected by ITAC, at any time, ITAC will take such non-compliance by a permit holder or related party who facilitates such conduct into account, in considering whether to revoke/rescind this permit. In terms of section 54(1)(b) of the International Trade Administration Act, Act 71 of 2002, it is an offence to fail to comply with a condition stated in this permit and any person found guilty of such an offence is liable to a fine not exceeding R500 000,00 or to imprisonment for a period not exceeding ten years or to both such fine and imprisonment.
