licence may not be hired out by the holder or be hired by any person. Any such transaction is invalid and has no legal force; 28. The authority conferred by this operating licence and the conditions to which it is subject are reviewable at any time; 29. The service authorized by the operating licence must be provided on a regular basis. That there is at all times a fully stocked first aid kit in the vehicle as well as a fire extinguisher; 31. A duplicate original operating licence marked FOR THE FILE has been issued for the same vehicle. The serial number of this face value document is BK2744002. This duplicate document must be kept in a safe place by the operator (not in the vehicle) and cannot be used to provide any form of public transport service; 34. Where the original operating licence MARKED FOR THE VEHICLE is lost or damaged, the holder must immediately apply for a duplicate operating licence. The duplicate original operating licence marked for the file may however be used by the operator during court cases to show that the vehicle is linked to a valid operating licence; 35. Where the duplicate original operating licence marked FOR THE FILE is used to provide a public transport service with a vehicle not specified therein (different registration, chassis or engine number), the operating licence may be withdrawn using the provisions of section 79 of the NLTA. In the event of the operating licence being withdrawn by the PRE, the operator will have to surrender both original operating licences as well as distinguishing marks relating to the service; 36. Where the vehicle linked to the operating licence is registered in another province, such a vehicle must be registered in the Western Cape Province for as long as the operating licence is valid. This must be done within 3 months of the date of issue of the operating licence; 37. The holder of this operating licence must be compliant with the requirements of South African Revenue Services for the validity period of the operating licence. This effectively means that holder must have a valid tax clearance certificate for the validity period of the operating licence. No further transactions on any operating licence will be allowed if there is no valid tax clearance certificate on file; 38. The following conditions are imposed on this minibus-taxi long distance service operating licence in terms of section 57(5) of the NLTA: --- 1. That on the return journey, no passengers are loaded once the vehicle leaves the loading point specified in the operating licence (B-point), bar cases where other pick-up points are specified in the operating licence; 7. This long distance operating licence does not authorise the holder to provide commuter / public transport services within the boundaries of a particular municipality (local routes). This effectively means that a passenger may not be picked up or set down in the same municipal area under the authority of this long distance operating licence. The full route must be traversed and not only part of the route; and 8. The word via means that the vehicle may pass through the specified town / area and does not allow the operator to load or set down passengers in the town / area, bar cases where the operating licence explicitly stipulates that passengers may be picked up or set down at a particular rank. 9. The City of Cape Town's Integrated Transport Plan (ITP) does not provide for dedicated long distance minibus-taxi type services. Given this, the municipality in terms of its ITP has authorised the use of the same vehicle for both local and long distance services as per section 65 of the NLTA. Where all the local routes authorised by this operating licence are expropriated by the Municipality as part of the Integrated Rapid Transit/Integrated Public Transport Network Project, the entire licence will be cancelled by the Regulatory Entity without paying compensation to the holder for damages suffered as a result of such cancellation. (City of Cape Town only).
