Department:
Government Printing Works
REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

      8.1.4. Where separate notice content is applicable (Z95, Z95 Prov and TForm 3, it should **also** be attached as a separate attachment. *(Please see the Copy Section below, for the specifications)*.

      8.1.5. Any additional notice information if applicable.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

9. The electronic *Adobe* form will be taken as the primary source for the notice information to be published. Instructions that are on the email body or covering letter that contradicts the notice form content will not be considered. The information submitted on the electronic *Adobe* form will be published as-is.

10. To avoid duplicated publication of the same notice and double billing, Please submit your notice **ONLY ONCE.**

11. Notices brought to **GPW** by "walk-in" customers on electronic media can only be submitted in *Adobe* electronic form format. All "walk-in" customers with notices that are not on electronic *Adobe* forms will be routed to the Contact Centre where they will be assisted to complete the forms in the required format.

12. Should a customer submit a bulk submission of hard copy notices delivered by a messenger on behalf of any organisation e.g. newspaper publisher, the messenger will be referred back to the sender as the submission does not adhere to the submission rules.

QUOTATIONS

13. Quotations are valid until the next tariff change.

    13.1. ***Take note:*** **GPW**'s annual tariff increase takes place on ***1 April*** therefore any quotations issued, accepted and submitted for publication up to ***31 March*** will keep the old tariff. For notices to be published from 1 April, a quotation must be obtained from **GPW** with the new tariffs. Where a tariff increase is implemented during the year, **GPW** endeavours to provide customers with 30 days' notice of such changes.

14. Each quotation has a unique number.

15. Form Content notices must be emailed to the *eGazette* Contact Centre for a quotation.

    15.1. The *Adobe* form supplied is uploaded by the Contact Centre Agent and the system automatically calculates the cost of your notice based on the layout/format of the content supplied.

    15.2. It is critical that these *Adobe* Forms are completed correctly and adhere to the guidelines as stipulated by **GPW**.

16. **APPLICABLE ONLY TO GPW ACCOUNT HOLDERS**:

    16.1. **GPW** Account Customers must provide a valid **GPW** account number to obtain a quotation.

    16.2. Accounts for **GPW** account customers **must** be active with sufficient credit to transact with **GPW** to submit notices.

        16.2.1. If you are unsure about or need to resolve the status of your account, please contact the **GPW** Finance Department prior to submitting your notices. (If the account status is not resolved prior to submission of your notice, the notice will be failed during the process).

17. **APPLICABLE ONLY TO CASH CUSTOMERS:**

    17.1. Cash customers doing **bulk payments** must use a **single email address** in order to use the **same proof of payment** for submitting multiple notices.

18. The responsibility lies with you, the customer, to ensure that the payment made for your notice(s) to be published is sufficient to cover the cost of the notice(s).

19. Each quotation will be associated with one proof of payment / purchase order / cash receipt.

    19.1. This means that **the quotation number can only be used once to make a payment.**

GOVERNMENT PRINTING WORKS - BUSINESS RULES

GOVERNMENT PRINTING WORKS - BUSINESS RULES

Approval of notices

25. Any notices other than legal notices are subject to the approval of the Government Printer, who may refuse acceptance or further publication of any notice.

26. No amendments will be accepted in respect to separate notice content that was sent with a Z95 or Z95Prov notice submissions. The copy of notice in layout format (previously known as proof-out) is only provided where requested, for Advertiser to see the notice in final Gazette layout. Should they find that the information submitted was incorrect, they should request for a notice cancellation and resubmit the corrected notice, subject to standard submission deadlines. The cancellation is also subject to the stages in the publishing process, i.e. If cancellation is received when production (printing process) has commenced, then the notice cannot be cancelled.

Government Printer Indemnified Against Liability

27. The Government Printer will assume no liability in respect of—

27.1. any delay in the publication of a notice or publication of such notice on any date other than that stipulated by the advertiser;

27.2. erroneous classification of a notice, or the placement of such notice in any section or under any heading other than the section or heading stipulated by the advertiser;

27.3. any editing, revision, omission, typographical errors or errors resulting from faint or indistinct copy.

Liability of advertiser

28. Advertisers will be held liable for any compensation and costs arising from any action which may be instituted against the Government Printer in consequence of the publication of any notice.

Customer inquiries

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While **GPW** deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.
GPW has a 2-working day turnaround time for processing notices received according to the business rules and deadline submissions.
Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

29. Requests for information, quotations and inquiries must be sent to the Contact Centre ONLY.

30. Requests for Quotations (RFQs) should be received by the Contact Centre at least **2 working days** before the submission deadline for that specific publication.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

Payment of cost

31. The Request for Quotation for placement of the notice should be sent to the Gazette Contact Centre as indicated above, prior to submission of notice for advertising.

32. Payment should then be made, or Purchase Order prepared based on the received quotation, prior to the submission of the notice for advertising as these documents i.e. proof of payment or Purchase order will be required as part of the notice submission, as indicated earlier.

33. Every proof of payment must have a valid **GPW** quotation number as a reference on the proof of payment document.

34. Where there is any doubt about the cost of publication of a notice, and in the case of copy, an enquiry, accompanied by the relevant copy, should be addressed to the Gazette Contact Centre, **Government Printing Works**, Private Bag X85, Pretoria, 0001 email: info.egazette@gpw.gov.za before publication.

35. Overpayment resulting from miscalculation on the part of the advertiser of the cost of publication of a notice will not be refunded, unless the advertiser furnishes adequate reasons why such miscalculation occurred. In the event of underpayments, the difference will be recovered from the advertiser, and future notice(s) will not be published until such time as the full cost of such publication has been duly paid in cash or electronic funds transfer into the **Government Printing Works** banking account.

36. In the event of a notice being cancelled, a refund will be made only if no cost regarding the placing of the notice has been incurred by the **Government Printing Works**.

37. The **Government Printing Works** reserves the right to levy an additional charge in cases where notices, the cost of which has been calculated in accordance with the List of Fixed Tariff Rates, are subsequently found to be excessively lengthy or to contain overmuch or complicated tabulation.

Proof of publication

38. Copies of any of the *Government Gazette* or *Provincial Gazette* can be downloaded from the **Government Printing Works** website www.gpwonline.co.za free of charge, should a proof of publication be required.

39. Printed copies may be ordered from the Publications department at the ruling price. The **Government Printing Works** will assume no liability for any failure to post or for any delay in despatching of such *Government Gazette*(s)

DEPARTMENT OF BASIC EDUCATION

NO. 4995 **28 June 2024**

IMPROVEMENT IN CONDITIONS OF SERVICE: ANNUAL COST-OF-LIVING ADJUSTMENT FOR EDUCATORS EMPLOYED IN TERMS OF THE EMPLOYMENT OF EDUCATORS ACT, 1998 WITH EFFECT FROM 1 APRIL 2023

I, Angelina Matsie Motshekga, Minister of Basic Education, have in terms of section 4 of the Employment of Educators Act, 1998 determined that:

In accordance with the Public Sector Co-ordinating Bargaining Council Resolution 2 of 2023 read with applicable directives in Circular No. 11 of 2024 issued by the Director-General of the Department of Public Service and Administration, I hereby determine for all qualifying employees employed in terms of the Employment of Educators Act (EEA), 1998 an improvement in conditions of service.

Accordingly, in extending the determination made by the MPSA, I determine that the salary scales that applied up to 31 March 2024, be adjusted by 4.7% with effect from 1 April 2024 for all employees employed in terms of the EEA.

The applicable salary adjustment effective from 01 April 2024 for the relevant categories of employees is detailed in the salary scales in **Schedule 1** and **Schedule 2** as attached.

The Personnel Administrative Measures (PAM) will be amended to include these scales as outlined in **Schedule 1 and Schedule 2** respectively.

MRS ANGIE MOTSHEKGA, MP
MINISTER

DRAFT

1. PREFACE

1.1. This guideline has been prepared in terms of section 79(1) of the Competition Act No. 89 of 1998 (as amended) ("the Act") which provides that the Competition Commission ("Commission") may prepare guidelines to indicate its policy approach on any matter falling within its jurisdiction in terms of the Act.

1.2. This guideline is intended to provide guidance on the Commission's approach when evaluating whether two or more transactions ("indivisible transactions") can be filed with the Commission under a single merger notification where each transaction on its own constitutes a merger as defined in section 12(1) of the Act, in terms of section 13 of the Act.

1.3. The Commission recognises that each transaction structure is different and as a result, this guideline should not be interpreted as preventing the Commission from exercising its discretion on a case-by-case basis on whether multiple transaction should be notified and assessed under a single merger filing. Accordingly, this guideline is not exhaustive of all factors that the Commission will take into account in determining whether multiple transactions are indivisible.

1.4. This guideline is not binding on the Commission, the Tribunal or the courts but any person interpreting or applying section 12(2) of the Act must take this guideline into account.[1]

[1] Section 79(4) of the Act.

2.10. **"Merger"** means a merger as defined in section 12(1) of the Act and includes a proposed merger;

2.11. **"Target Firm"** means a firm-

a) the whole or part of whose business would be directly or indirectly controlled by an acquiring firm as a result of a transaction in any circumstances set out in section 12 of the Act;

b) that, as a result of a transaction in any circumstances set out in section 12 of the Act, would directly or indirectly transfer direct or indirect control of the whole or part of, its business to an acquiring firm; or

c) the whole or part of whose business is directly or indirectly controlled by a firm contemplated in paragraph (a) or (b) above;

2.12. **"Tribunal"** means the Competition Tribunal of South Africa established in terms of section 26 Competition Act, No. 89 of 1998.

3. INTRODUCTION

3.1. This Guideline has been prepared to provide guidance to merger parties when structuring and notifying multiple transactions to the Commission.

3.2. This Guideline is intended to set out factors which the Commission will take into account in determining the indivisibility of multiple transactions. These factors are non-exhaustive.

DRAFT

3.3. This Guideline does not deal with the definition of control and the type of control which a party to a transaction will be acquiring, in terms of section 12(2) of the Act, when notifying a transaction to the Commission. Accordingly, this Guideline assumes that there is acquisition of control in respect of each transaction.

3.4. This Guideline applies to all merger transactions and is not market, sector or industry specific.

4. LEGISLATIVE FRAMEWORK

4.1. There are two requirements for the notifiability of a transaction. The first requirement is that a transaction must fall within the definition of a merger, as contemplated in section 12(1) of the Act. The second requirement is that a transaction must meet the requisite monetary threshold for a notifiable merger.

4.2. Section 12(1) of the Act defines what constitutes a merger. Section 12(1) provides as follows:

> *"For purposes of this Act, a merger occurs when one or more firms directly or indirectly acquire or establish direct or indirect control over the whole or part of the business of another firm. (b) A merger contemplated in paragraph (a) may be achieved in any manner, including through-(i) purchase or lease of the shares, an interest or assets of the other firm in question; or (ii) amalgamation or other combination with the other firm in question"*

4.3. Section 12(2) of the Act provides for various instances that can be considered to determine a merger, however the subsection is non-exhaustive.[2] In *Distillers Corporation (SA) Ltd v Bulmer (SA) Ltd* (Distillers)

[2] *Bulmar SA (Pty) Ltd and Another v Distillers Corporation (SA) Ltd* 94/FN/Nov00 and 101/FN/Dec00 at p13.

the Competition Appeal Court ("CAC") held that the Act "*envisages a wide definition of control, so as to allow the relevant competition authorities to examine a wide range of transactions which could result in an alteration of the market structure and in particular reduce the level of competition in the relevant market.*"[3]

4.4. Section 13A(1) and (2) requires that parties to intermediate or large mergers must notify their transaction to the Commission. Generally, merging parties are not required to notify a small merger.[4] However, a small merger may be voluntarily notified to the Commission at any time[5] or the Commission may, within six months of the implementation of a small merger, require the merging parties to notify the small merger, if in the opinion of the Commission, a small merger may substantially prevent or lessen competition or cannot be justified on public interest grounds.[6] Section 13A(3) expressly prevents the implementation of a intermediate and large merger without the prior approval of the competition authorities.[7]

5. ASSESSEMENT OF THE INDIVISIBILITY OF A TRANSACTION

5.1. The scheme of the Act has been designed to ensure that the widest possible range of transactions are examined.[8] The compulsory and self-notification regime which is part of the Act obliges parties, to a notifiable merger (intermediate or larger mergers), to notify the Commission in the manner and form prescribed of a proposed merger.[9] The investigative powers of the Commission, are triggered when a transaction constitutes a notifiable merger in-terms of section 13A(1) of the Act.[10]

5.2. The indivisibility of a transaction may occur on a factual (*de facto* indivisibility) or legal basis (*de iure* indivisibility) or both. The Commission recognises both forms of indivisibility for purposes of determining whether multiple transaction should be notified under a single merger filing.

Factual and legal indivisibility

5.3. In *Crown Gold Recoveries (Pty) Ltd, the Industrial Development Corporation of SA Ltd and Khumo Bathong Holdings (Pty) Ltd (Khumo),*[11] the Tribunal, in the context of a two-phased transaction, held that *"[t]he first leg is merely to facilitate the possibility for the second to happen. Legally and factually the two legs constitute parts of* a *single transaction".* The Tribunal considered the transactions to comprise a single merger where the transactions were both legally and factually related to each other.

5.4. In *Sandown Motor Holdings (Pty) Ltd and McCarthy Limited and Others*[12](Sandown), the Tribunal, in considering six transactions, held that *"[o]rdinarily each of these mergers would be considered separately since, legally, at least, they constitute discrete transactions. However, with good reason the merging parties and the Competition Commission treated them as one single indivisible transaction for the purpose of their evaluation…. The reason for this approach is that the six transactions all involve the same four firms, variously cloaked in the garb of buyer and seller, and are driven by the same rationale"*[13]

[11] *Crown Gold Recoveries (Pty) Ltd and Industrial Development Corporation of South Africa Limited / Khumo Bathong Holdings (Pty) Ltd* (31/LM/May02) [2002] ZACT 38 (4 June 2002), page 3.
[12] 33/LM/May02-38/LM/May02. The Tribunal considered six transactions involving the sale of firms who are authorised dealers for the products of Daimler Chrysler South Africa ("DCSA"). All of the transactions involved the same four firms variously cloaked in the garb of buyer and seller, and were driven by the same rationale namely the desire by DCSA to implement its ambitious dealer network strategy. The Tribunal therefore considered and assessed these transactions together as one.
[13] 33/LM/May02-38/LM/May02, para 2-3.

5.5. The Tribunal recognises that in determining whether a transaction is indivisible or not, a transaction can be factually indivisible and/or it can be legally indivisible. The transaction will have to be factually indivisible or legally indivisible or both if the transaction is to be considered indivisible.[14]

Factors that the Commission will consider in determining indivisibility

5.6. For purposes of determining whether multiple transactions should be treated as a single indivisible transaction, the Commission will assess a number of interrelated considerations. These considerations include:

5.6.1. the nature of the transaction structure[15];

5.6.2. the relationship between the transactions;

5.6.3. the interdependence of the transactions (whether one transaction could be carried out without the other transactions);

5.6.4. the rationale underlying the multiple transactions;

5.6.5. whether the transactions will be implemented simultaneously under same agreement;

5.6.6. whether there are multiple acquiring firms, under common shareholding, acquiring the same target firm(s);

[14] *Peermont Holdings (Pty) Ltd and LCI (Overseas) Investments (Pty) Ltd* (LM059Jun19) para 9. This transaction involved two separate transactions. The first transaction involved the purchase (by a majority shareholder – Emerald Safari Resort (Pty) Ltd ("Emerald")) of shares held by minority shareholders, this was regarded as the minority transaction. Emerald was owned by LCI Overseas Investments (Pty) Ltd (the primary target firm). In the second transaction Peermont Holdings (Pty) Ltd ("Peermont") was to acquire 100% of the issued share capital of the primary target firm. This was regarded as the majority transaction. The Tribunal agreed with the Commission that both the minority and majority transactions were both factually and legally indivisible.

[15] This refers to the manner in which the transaction is structured.

5.6.7. whether there are multiple target firms with common shareholders/sellers;

5.6.8. whether there are multiple acquiring firms in terms of a single agreement (e.g. property transactions and consortium arrangements);

5.6.9. whether the transactions involve a similar competitive and public interest assessment and whether similar conditions are likely to be applicable to the transactions; and

5.6.10. whether the single notification is aimed at circumventing the applicable filing fees.

5.7. The assessment of indivisibility is a holistic assessment and no one factor is determinative of indivisibility. The assessment of indivisibility is also not about the convenience to the merging parties.

5.8. If a transaction meets the requirements of indivisibility, the Commission will assess the transaction under a single merger notification. However, if a transaction does not meet the requirements of indivisibility, the Commission may require merging parties to file the transactions separately.

5.9. A non-exhaustive list of examples of instances of indivisibility is provided in Annexure A which is attached to this guideline.

6. FILING FEES

6.1. The determination of whether a transaction constitutes an indivisible transaction may implicate the applicable filing fee depending on whether the indivisible transaction constitutes an intermediate or large merger or multiple intermediate or large mergers.

DRAFT

7. DISCRETION

7.1. Section 79(4) provides that guidelines are not binding on the Commission, the Tribunal or the Courts but any person interpreting or applying section 12(2) of the Act must take the guidelines into account. The above guidelines thus present the general methodology that the Commission will follow in assessing whether multiple transactions are indivisible. Notwithstanding the above, this will not fetter the discretion of the Commission.

8. EFFECTIVE DATE

8.1. This guideline becomes effective on the date indicated in the Government Gazette and may be amended by the Commission from time to time.

DRAFT

ANNEXURE A: EXAMPLES OF INSTANCES OF INDIVISIBILITY

A. A non-exhaustive list of examples of instances of indivisibility, which the Commission has considered include:

i. An initial acquisition of joint control in the business and a subsequent move to acquisition of sole control will be considered an indivisible transaction if it occurs within a reasonably short period of time, otherwise if there is a long time lag between the two transactions they will be regarded as divisible and thus require separate notification.[16]

ii. The target firms, being purchased, are from the same ultimate seller.[17]

iii. The extent to which the various legs of the transaction are dependent on each other.[18] For example, Firm "A" acquires shares in Firms "B" who is

[16] *AFGRI Operations Limited v Pride Milling Company (Pty) Limited* (LM237Feb16) [2016] ZACT 67 (10 August 2016). In this transaction AFGRI sought to acquire all of the issued share capital of Pride Milling and its business as a going concern. Post-merger, AFGRI would have sole control over Pride Milling. The transaction was to be implemented in two stages: the first was to involve AFGRI acquiring an initial number of shares in Pride Milling and the second would involve an evaluation of the transaction price for the remaining shares in Pride Milling and AFGRI acquiring those shares. The Tribunal confirmed the Commission's view that the transactions were divisible given that the likely time lag between the first and the second transaction. The Tribunal therefore imposed a number on conditions on the second transaction including the requirement that it be notified, in terms of section 13A of the Act, to the Commission should it not be implemented by the effective date.

[17] *Capitalworks Continental Holdings Partnership and Continental Compounders (Pty) Ltd and Continental Engineering Compounds (Pty) Ltd* (Case No: LM058Jul23) para 11. This transaction involved the acquisition of various shareholdings by Capitalworks Continental Holdings Partnership ("CCHP") in (i) Continental Compounders (Pty) Ltd ("CC") and (ii) Continental Engineering Compounds (Pty) Ltd ("CEC"), collectively referred to as "Continental". Upon implementation of the proposed transaction, CCHP will acquire control over the Target Firms in terms of section 12(2)(g) of the Act. The Tribunal found that the proposed transactions constitute a single indivisible transaction as the Target Firms are involved in the same or interrelated lines of business, which is plastic compounding and are jointly controlled by common shareholders.

[18] *Capitalworks Continental Holdings Partnership and Continental Compounders (Pty) Ltd and Continental Engineering Compounds (Pty) Ltd* (Case No: LM058Jul23) para 11.

merely holding it for a period of time while Firm "C" arranges financing in order to purchase the shares of Firm "B" from Firm "A".[19]

iv. The target firms are involved in the same or interrelated lines of business and are jointly controlled by common shareholders.[20] For example, Firm "A" intends to acquire a shareholding in Firm "B" and Firm "C" wherein Firm "B" and Firm "C" are involved in plastic compounding and Firm "B" and Firm "C" are jointly controlled by common shareholders.[21]

v. The target firms are intended to be disposed of simultaneously. For example, Firm "A" enters into an agreement with Firm "B" and Firm "C" to purchase those firms simultaneously as one indivisible transaction.[22]

[21] *Capitalworks Continental Holdings Partnership and Continental Compounders (Pty) Ltd and Continental Engineering Compounds (Pty) Ltd* (Case No: LM058Jul23).
[22] *Khumonetix (Pty) Ltd v Auckland Investments 22 (Pty) Ltd, Blane & Company Sales (Pty) Ltd, Wideprops 97 (Pty) Ltd, Red Gold Investments (Pty) Ltd and Dreamfair Properties 11 (Pty) Ltd* LM112. This transaction involved the purchase by Khumonetix (Pty Ltd ("Khumonetix") of nine industrial properties. Post-merger Khumonetix would gain sole control and ownership of the target properties. The merging parties submitted that the proposed constituted an indivisible transaction as the sale agreements of the properties stipulated that they be sold as one indivisible transaction. The Tribunal agreed with the Commission's view that the nine properties constituted an indivisible transaction as the nature of the target properties are interrelated because the transactional agreements were concluded simultaneously which indicates that the target properties were intended to be disposed of concurrently.

CIVIL AVIATION ACT, 2009 (ACT NO. 13 of 2009)

TWENTY-NINTH AMENDMENT OF THE CIVIL AVIATION REGULATIONS, 2024

(The English Text is the official text of the Regulations)

I, Sindisiwe Chikunga, Minister of Transport, hereby, in terms of section 155(1) of the Civil Aviation Act, 2009 (Act No. 13 of 2009), make the Regulations set out in the Schedule hereunder.

Ms Sindisiwe Chikunga, MP
Minister of Transport
Date: 2024/06/13

SCHEDULE

CIVIL AVIATION ACT, 2009 (ACT NO. 13 OF 2009)

TWENTY-NINTH AMENDMENT OF THE CIVIL AVIATION REGULATIONS, 2024

GENERAL EXPLANATORY NOTE:

[ ] Words in bold type in square brackets indicate omissions from existing regulations.

_____ Words underlined with a solid line indicate insertions in existing regulations.

Definition

In this Schedule "the Regulations" means the Civil Aviation Regulations, 2011 published by Government Notice No. R. 425 dated 1 June 2012, as amended. The regulations were initially promulgated on 1 June 2012 and came into effect on 1 August 2012. The regulations have since been amended by the Minister of Transport as follows:

(a) 30 July 2013 (First, Second, Third and Fourth Amendments);
(b) 7 March 2014 (Fifth Amendment);
(c) 1 October 2014 (Sixth Amendment);
(d) 22 December 2014 (Seventh Amendment);
(e) 27 May 2015 (Eighth Amendment);
(f) 1 September 2015 (Ninth Amendment);
(g) 30 October 2015 (Tenth Amendment);
(h) 30 December 2015 (Eleventh Amendment);
(i) 24 December 2015 (Twelfth Amendment);
(j) 12 February 2016 (Thirteenth Amendment);
(k) 28 October 2016 (Fourteenth Amendment);
(l) 5 May 2017 (Fifteenth Amendment);

Amendment of Part 1 of the Regulations

1. Regulation 1.01.1 of the regulations is hereby amended by—

(a) the insertion after the definition of "high-risk cargo or mail" of the following definition:

"'**home base**' means a location assigned by an air service operator to a crew member, from where a crew member normally starts and ends a duty period or a series of duty periods; and where, under normal circumstances an air service operator is not responsible for accommodation;";

(b) the substitution for the definition of "rest period" of the following definition:

"'**rest period**' means a continuous, uninterrupted, and defined period of time, between two consecutive duty periods, during which a crew member is free of all duties;".

2. Regulation 1.01.2 of the regulations is hereby amended by—

(a) the substitution for abbreviation "ACAS" of the following abbreviation:

"'**ACAS**" means airborne collision **[accordance]** avoidance system;".

Amendment of Part 21 of the Regulations

3. Part 21 is hereby amended by—

(a) the substitution in the list of regulations for Subpart 5 of the following Subpart:

"SUBPART 5: SUPPLEMENTAL TYPE CERTIFICATES

21.05.1 Requirements for supplemental type certificate

21.05.2 Application for supplemental type certificate

21.05.3 Issuing of supplemental type certificate

21.05.4 Privileges of holder of supplemental type certificate

21.05.5 Period of validity

21.05.6 Duty of holder of **[STC]** supplemental type certificate

21.05.7 Supplemental type certificate permission.";

(b) the insertion after regulation 21.05.6 of the following regulation:

"Supplemental type certificate permission

21.05.7 (1) An STC holder providing permission in terms of regulation 21.05.6 shall ensure that such permission includes the following information:

(a) a specific product to be altered;

(b) an STC number; and

(c) the names of a person being granted permission to use an STC.".

Amendment of Part 101 of the Regulations

4. Part 101 of the regulations is hereby amended by—

(a) the substitution for regulation 101.04.2 of the following regulation:

"**101.04.2** (1) An application for the issuance of a UASOC, renewal or amendment thereof, shall be made to the Director on the appropriate form accompanied by—

(a) the appropriate fee as prescribed in Part 187;

(b) a copy of certificate of registration of each UA to be operated;

(c) a copy of a UASLA for each UAS to be operated; and

(d) an operations manual required by this Part.

(2) A UA shall not be registered under more than one UASOC.".

Amendment of Part 108 of the Regulations

5. Part 108 of the regulations is hereby amended by-

(a) the substitution in regulation 108.02.1 for subregulation (1) of the following subregulation:

"**108.02.1** (1) **[Any]** A person approved by the Director as a regulated agent shall—

(a) maintain records of **[all]** shipping documents regarding transportation and handling history in accordance with the requirements of Document SA-CATS 108;

This gazette is also available free online at **www.gpwonline.co.za**

(b) ensure that, after receipt of known cargo, and whilst such cargo is under his or her control, it is safeguarded from unlawful interference in accordance with security measures stipulated in a security manual, referred to in regulation 108.01.2;

(c) ensure that acceptance and handling of cargo, and shipping documentation is done by trained personnel, who have received job-specific cargo security training, as specified in Part 109;

(d) apply appropriate security controls including physical checks as well as screening in the manner prescribed in Document SA-CATS 108, for the purpose of determining whether any consignment of cargo contain any explosives, incendiary devices, or any other prohibited or harmful articles which may be used to commit acts of unlawful interference;

(e) maintain records of screening applied to cargo;

(f) ensure that known cargo is sealed with tamper-evident seal or packed in tamper-evident packaging and that such seal or packaging is intact;

(g) label or mark known cargo in the manner as prescribed in Document SA-CATS 108;

(h) check, verify, and record the identity of persons tendering cargo;

(i) conduct background checks on all personnel recruited for accepting cargo and processing shipping documentation and storing, forwarding or handling of known cargo intended for carriage by air;

(j) conduct criminal record checks every 24 months on all personnel employed in the adherence of all cargo and processing shipping documentation and storing, forwarding or handling or known cargo intended for carriage by air;

(k) ensure that each consignment of known cargo, once security cleared and screened, is accompanied by a consignment security declaration;

This gazette is also available free online at **www.gpwonline.co.za**

(l) ensure that enhanced security measures, such as dual screening methods, are applied to high-risk cargo or mail;

(m) when accepting consignments to which not all required security controls have previously been applied, ensure that such consignments are screened in terms of this Part;

(n) ensure that known cargo is kept segregated from unknown cargo; and

(o) ensure periodical verification that security measures outsourced to external service provider are implemented in compliance with a regulated agent's security program;

(p) apply random and unpredictable controls to shipments lodged as known cargo;

(q) ensure the use of appropriate screening methods that are capable of detecting the presence of explosives and explosive devices carried by visitors and staff on their persons or in their carried items; **[and]**

(r) where the methods referred to in paragraph (q) are not applied continuously, shall ensure they are used in a random and unpredictable manner**[.]**;

(s) develop, implement, and promote measures and mechanisms that contribute to establishing a security culture in their organisation; and

(t) submit a security culture program as prescribed in Document SA-CATS 108 for approval by the Director.";

(b) the substitution for regulation 108.02.2 in subregulation (1) of the following subregulation:

"**108.02.2** (1) A person approved by the Director as a known consignor shall ensure that—

(a) a consignment of known cargo is prepared and packed in a designated area and secured in secure premises;

(b) personnel employed to handle cargo to be shipped by air and shipping documentation are subjected to background checks and recurrent criminal record checks every 24 months and have received job-specific security awareness training as specified in Part 109;

(c) consignment of known cargo is protected from unlawful interference during preparation, storage and transportation;

(d) records of all shipping documents are maintained in accordance with the requirements of Document SA-CATS 108; **[and]**

(e) consignment of known cargo is sealed with tamper-evident seal or tamper-evident packaging and that such seal or packaging remain intact whilst in his or her possession**[.]**;

(f) measures and mechanisms that contribute to establishing a security culture in their organisation are developed, implemented, and promoted; and

(g) a security culture program as prescribed in Document SA-CATS 108 is submitted to the Director for approval.".

Amendment of Part 114 of the Regulations

6. Part 114 of the regulations is hereby amended by—

(a) the insertion in regulation 114.02.1 after subregulation (4) of the following subregulation:

"(5) An air carrier shall—

(a) immediately notify the Director of changes regarding a post holder or resignation of an official responsible for aviation security;

(b) ensure that a replacement person meets the requirements specified in subregulation (1) and (2); and

This gazette is also available free online at **www.gpwonline.co.za**

(c) in the case of a sudden departure of a post holder or an official responsible for aviation security, immediately notify the Director of—

(i) the departure of a post holder or an official responsible for aviation security,

(ii) an appointment of an interim post holder or an official responsible for aviation security; and

(iii) how the aviation security operation shall be carried during the recruitment or replacement process of such a post holder or an official responsible for aviation security.".

Amendment of Part 121 of the Regulations

7. Part 121 of the regulations is hereby amended by —

(a) the substitution for regulation 121.02.13 of the following regulation:

"121.02.13 (1) An air service operator shall—

(a) establish a scheme for regulating flight and duty periods, rest periods and days free of duty, whichever may be applicable, for flight crew, cabin crew, and flight operation officers;

(b) ensure that a scheme established in terms of paragraph *(a)* complies with limitations as prescribed in Document SA-CATS 121;

(c) in the event that a scheme does not comply with the limitations referred to paragraph (b), propose a scheme based on relevant scientific data, which satisfies the Director that an equivalent level of safety in line with the limitations as prescribed in Document SA-CATS 121, is achieved;

(d) publish a scheme in an operations manual referred to in regulation 121.04.2;

(e) plan the flight duty periods as prescribed in Document SA-CATS 121;

This gazette is also available free online at **www.gpwonline.co.za**

(f) ensure that flight duty periods are planned in a way that enables a crew member to remain free from fatigue so that they can operate to a satisfactory level of safety under all circumstances;

(g) specify reporting times that allow sufficient time for ground duties;

(h) take into account the relationship between the frequency and pattern of flight duty periods and rest periods, and give due consideration to the cumulative effects of undertaking long duty hours combined with minimum rest periods;

(i) allocate duty periods which eliminates practices that causes disruption to an established sleep or work pattern, such as alternating day and night duties;

(j) provide rest periods of sufficient time to enable crew members to overcome the effects of previous duties and ensure sufficient rest by the start of a following duty period;

(k) plan recurrent extended recovery rest periods and notify crew members sufficiently in advance;

(l) plan flight duties in such a way that they are completed within the allowed flight duty period, taking into account the time necessary for pre-flight duties, the sector and turnaround times, as well as post-flight duties;

(m) assign a home base to each crew member; and

(n) not assign a flight duty period if such a flight duty period is not in compliance with the provisions of a scheme referred to in paragraph (a) or if—

(i) such a flight duty period may cause a crew member to exceed the flight time and duty periods while on flight duty; or

(ii) a crew member suffers from or, is likely to suffer from fatigue, which may endanger the safety of an aircraft, its crew members, or passengers.

This gazette is also available free online at **www.gpwonline.co.za**

(2) A crew member shall not accept a flight duty period if it is not in compliance with the provisions of a scheme referred to in subregulation (1) or if—

(a) a crew member knows or has been made aware that such flight assignment may cause a crew member to exceed the flight time and duty periods referred to in subregulation (1) while on flight duty; or

(b) a crew member knows or suspects that he or she is suffering from fatigue or feels unfit, to the extent that an aircraft, its crew members, or passengers may be endangered;

(3) Where flight crew member, cabin crew member, or flight operation officer is aware that they may be in violation of a scheme referred to in subregulation (1), such flight crew member, cabin crew member, or flight operation officer shall, without delay, inform an air service operator.

(4) For the purposes of reporting in subregulation (3), an air service operator shall include—

(a) appropriate management personnel of an air service operator; or

(b) an appointed duty crew scheduler; or

(c) a duty person responsible for operational control over the flight; and

(d) in the case of a cabin crew member, a PIC or such cabin crew member's immediate supervisor.

(5) A crew member shall make use of the opportunities and facilities provided for rest by an air service operator in terms of this subregulation, to plan and use the rest periods responsibly.

(6) When undertaking duties for more than one air service operator, a crew member shall:

(a) maintain his or her individual records regarding flight and duty times and rest periods as prescribed in Document SA-CATS 121; and

This gazette is also available free online at **www.gpwonline.co.za**

(b) provide each air service operator with the data required to schedule activities as prescribed in Document SA-CATS 121.".

Amendment of Part 174 of the Regulations

8. Part 174 is hereby amended by—

(a) the substitution in the list of regulations for Subpart 1 of the following Subpart:

"SUBPART 1: GENERAL

174.01.1 Applicability

174.01.2 Designation of aviation meteorological authority

174.01.3 Determination and provision of meteorological service

174.01.4 Supply and use meteorological information

174.01.5 Agreement between meteorological service provider, aerodrome licence holder and ATSU

174.01.6 Notifications required from air service operator.";

(b) the substitution in the arrangement of regulations for Subpart 4 of the following Subpart:

"SUBPART 4: PROVISION OF METEOROLOGICAL INFORMATION

174.04.1 General

174.04.2 **[TAF]** Terminal aerodrome forecast

174.04.3 Landing forecast

174.04.4 Forecast for take-off

174.04.5 World area forecast products

174.04.12 Brief, consultancy and display

174.04.13 Aerodrome climatological tables and summaries

174.04.14 Aerodrome climatological tables

174.04.15 Aerodrome climatological summaries

174.04.16 Copies of meteorological observational data

174.04.17 Relay of air-reports by ATSU.";

(c) the insertion in the list of regulations after Subpart 4 of the following Subparts:

"SUBPART 5: METEOROLOGICAL SERVICE FOR AIR SERVICE OPERATOR AND FLIGHT CREW MEMBERS

174.05.1 General

174.05.2 Meteorological information for air service operator and flight crew members

174.05.3 Automated pre-flight information systems

174.05.4 Flight documentation

174.05.5 VOLMET

174.05.6 Meteorological information for ATSU

174.05.7 Meteorological information for search and rescue services

174.06.7 Use of aeronautical mobile service communications

174.06.8 Use of aeronautical data link service

174.06.9 Use of aeronautical broadcasting service.";

(d) the substitution for regulation 174.01.4 of the following regulation:

"**174.01.4** (1) The meteorological service provider shall supply meteorological information to meteorological information users referred to in **[subregulation (1)]** regulation 174.01.1 in order to fulfil their respective mandates and develop air navigation systems.

(2) The meteorological information referred to in subregulation (1) shall be used—

(a) during pre-flight planning by air service operator;

(b) during in-flight re-planning by air service operator using centralised operational control of flight operations;

(c) by flight crew members before departure;

(d) by aircraft in flight; and

(e) by ATSUs providing flexible routing options as an element of trajectory management.

(3) Meteorological information supplied in accordance with subregulation (1) shall be understood by users to be—

(a) the best approximation of the actual conditions at the time of observation; and

(b) the most probable value which the meteorological element is likely to assume during the period of the forecast.

This gazette is also available free online at **www.gpwonline.co.za**

(4) The time of occurrence or change of an element as given in a forecast shall be understood by users to be the most probable time when the phenomenon is likely to occur.";

(e) the insertion after regulation 174.01.5 of the following regulation:

"Notifications required from air service operator

174.01.6 (1) An air service operator requiring meteorological information or changes in existing meteorological information or service shall notify the meteorological service provider or an aerodrome meteorological office concerned in advance.

(2) A minimum amount of advance notice required shall be as agreed between the meteorological service provider or an aerodrome meteorological office and an operator concerned.

(3) Meteorological information supplied to users shall be consistent with human factor principles.

(4) The meteorological service provider shall be notified by an air service operator whenever the requirements specified in Document SA-CATS 174 are met.";

(f) the insertion in regulation 174.02.2 after subregulation (5) of the following subregulations:

"(6) An MWO shall—

(a) prepare SIGMET and other information relating to its area of responsibility;

(b) supply SIGMET information and other meteorological information to associated ATSU, as required;

(c) disseminate SIGMET information;

(d) prepare AIRMET information related to its area of responsibility;

This gazette is also available free online at **www.gpwonline.co.za**

(e) supply AIRMET information to associated ATSU;

(f) disseminate AIRMET information;

(g) supply information received on pre-eruption volcanic activity, a volcanic eruption, and volcanic ash cloud for which a SIGMET has not already been issued, to its associated area control centre or flight information centre, as agreed between a meteorological and ATS authorities concerned, and to its associated VAAC as determined by regional air navigation agreement; and

(h) supply information received concerning the release of radioactive material into the atmosphere, in the area for which it maintains watch or adjacent areas, to—

(i) its associated area control centre or flight information centre, as agreed between a meteorological and ATS authorities concerned, and

(ii) aeronautical information service units, as agreed between meteorological and appropriate civil aviation authorities concerned.

(7) The information referred to in subregulation (6) pertaining to radioactive material shall comprise of location, date and time of the release, and forecast trajectories of the radioactive material.

(8) An MWO shall coordinate SIGMET with neighbouring MWOs' when enroute weather phenomenon extends or is expected to extend beyond an MWOs' specified area of responsibility, to ensure the provision of harmonized SIGMET information.

(9) The boundaries of the area over which meteorological watch is to be maintained by an MWO should be coincident with the boundaries of an FIR or a CTA or a combination of both.";

(g) the insertion in regulation 174.03.1 after subregulation (4) of the following subregulations:

This gazette is also available free online at **www.gpwonline.co.za**

"(5) A fully automated aeronautical meteorological station located at an aerodrome with runway intended for Category I, II, and III instrument approach and landing operation, shall measure and remotely indicate the following meteorological parameters—

(a) surface;

(b) wind;

(c) visibility;

(d) runway visual range;

(e) height of cloud base;

(f) air and dew-point temperatures; and

(g) atmospheric pressure.

(6) Observations of meteorological elements by virtual means, shall be made from an observation point which provides a 360-degree view of the area around and above an aerodrome.

(7) The display of meteorological parameters shall, where appropriate, be displayed in real time at an ATSU parallel to the display of such data at a local meteorological service unit.

(8) A meteorological parameter displayed in accordance with subregulation (7) shall be annotated to identify, as appropriate, the locations from which the parameter is measured.

(9) The design of integrated automatic systems shall observe human factor principles and include back-up procedures.";

(h) the substitution in regulation 174.03.2 for subregulation (1) of the following subregulation:

"174.03.2 (1) An aeronautical meteorological station installed at an aerodrome shall be maintained at least four times a year and calibrated once a year to ensure the accuracy of meteorological parameters and reports.";

This gazette is also available free online at **www.gpwonline.co.za**

(i) the substitution for regulation 174.03.4 of the following subregulation:

"**174.03.4** (1) An aerodrome licence holder shall ensure that an aeronautical meteorological station makes routine observations and reports of meteorological parameters throughout each day, unless agreed otherwise between the meteorological service provider, the Director, an ANSP, and an operator concerned.

(2) Routine observations referred to in subregulation (1) shall be supplemented by special observations whenever there are changes in observed meteorological parameters of—

(a) surface wind;

(b) visibility;

(c) runway visual range;

(d) present weather;

(e) clouds; and

(f) air temperature.

(3) Routine observations shall be used for compilation of the following meteorological reports:

(a) local routine report for dissemination at an aerodrome of origin for use in voice-ATIS and D-ATIS whichever is available; and

(b) METAR for dissemination beyond an aerodrome of origin for flight planning, VOLMET broadcast, and Digital VOLMET.

(4) Routine observations shall be issued during the operating hours of an aerodrome in accordance with the requirements prescribed in Document SA-CATS 174.

(5) Routine observations conducted at an aerodrome not operating 24 hours shall be issued during operational hours of an aerodrome.";

This gazette is also available free online at **www.gpwonline.co.za**

(j) the substitution for regulation 174.04.2 of the following regulation:

"**174.04.2** (1) A meteorological service provider shall issue terminal aerodrome forecast for all aerodromes in the Republic that are open to the public in accordance with the requirements provided in this Subpart and prescribed in Document SA-CATS 174.

(2) TAF shall be kept under continuous review to ensure that it remains as accurate as possible.

(3) TAF shall be cancelled when it can no longer be kept under continuous review.

(4) Only one TAF shall be valid at an aerodrome at any given time.

(5) A TAF that is valid for six to 12 hours shall be issued every three hours and a TAF that is valid for 12 to 30 hours shall be issued every six hours.";

(k) the substitution for regulation 174.04.3 of the following regulation:

"**174.04.3** (1) A meteorological service provider shall issue landing forecast known as TREND to meet requirements of local users and of an aircraft within one hour flying time from an aerodrome.

(2) Landing forecasts shall be—

(a) appending to landing forecast to a local routine report, local special report, METAR, or SPECI;

(b) valid for a period of not more than two **[(2)]** hours;

(c) kept under continuous review; and

(d) issued to an aircraft within one hour after take-off from an aerodrome.

(3) A landing forecast shall be provided at all aerodromes determined in accordance with the regional air navigation agreement.";

This gazette is also available free online at **www.gpwonline.co.za**

(l) the substitution in regulation 174.04.5 for subregulation (1) of the following subregulation:

"174.04.5 (1) A meteorological service provider shall put in place procedures to receive world area forecast products from a world area forecast centre, volcanic ash advisory centre, space weather centre, and tropical cyclone advisory centre.";

(m) the substitution in regulation 174.04.7 for subregulation (3) of the following subregulation:

"(3) A MWO shall maintain close coordination with associated area control centre or flight information centre to ensure consistency of information published in a SIGMET and a NOTAM.";

(n) the substitution for regulation 174.04.11 of the following regulation:

"[Aircraft and incidents report] Aircraft observations and reports

174.04.11 (1) An aircraft registered in the Republic, operating on international air route, and **[which is]** equipped with capable data-link, shall make **[and report on—]** routine aircraft observations—

(a) **[routine aircraft observations made]** during en-route and climb-out phases of a flight; and

(b) **[special meteorological observations made]** during any phase of a flight.

(2) Where air ground data link is used and ADS-C or SSR is being applied, routine aircraft observations shall where appropriate, be made every 15 minutes during an en-route phase and every 30 seconds during a climb-out phase for the first 10 minutes of a flight.

(3) The Director shall, in accordance with regional air navigation agreement, designate, on a route with high-density traffic, an aircraft from

This gazette is also available free online at www.gpwonline.co.za

among air service operators operating at each flight level, to make routine observations.

(4) **[An air service operator]** Flight crew members shall make special aircraft observations whenever the following conditions are encountered or observed**[-]**:

(a) windshear;

(b) moderate or severe turbulence;

(c) moderate or severe icing;

(d) severe mountain wave;

(e) thunderstorms that are obscured, embedded, widespread, or in squall lines;

(f) heavy dust-storm;

(g) volcanic ash cloud; **[or]**

(h) pre-eruption volcanic activity or a volcanic eruption**[.]**; and

(i) heavy sandstorm.

(5) An air service operator shall report aircraft observations during flight, at the time an observation is made, or as soon as is practicable.

(6) An aircraft observation shall be reported as follows**[—]**:

(a) air-ground data link for routine observation; and

(b) voice communication for special and non-routine aircraft observation made during a flight.

(7) An ATSU shall relay special air reports received by voice communication to a local meteorological office or associated MWO.

(8) An ATSU shall relay routine and special air-reports received by data link communication without delay to its associated MWO, AFS internet-based service centres, and world area forecast centres.

This gazette is also available free online at **www.gpwonline.co.za**

(9) A meteorological office shall upon receipt of special air-reports from a local ATS unit, prepare and issue wind-shear warning and aerodrome warning in accordance with this Part.

(10) **[A]** An MWO shall upon receipt of special air-report from a local ATSU, issue AIRMET or SIGMET in accordance with this Part.

(11) An air service operator shall record special aircraft observations of pre-eruption volcanic activity, a volcanic eruption, or volcanic ash cloud on a special air-report form and share a copy with a meteorological service provider.

(12) A meteorological service provider shall include a copy of a completed special air-report in a flight documentation provided to a flight operating on routes which may be affected by volcanic ash clouds.

(13) For helicopter operations to and from aerodromes on offshore structures, routine aircraft observations shall be made from helicopters at points and times agreed between the meteorological service provider and the helicopter operators concerned.

(14) An aircraft not equipped with appropriate air-ground data link shall not be required to make routine aircraft observations.";

(o) the substitution for regulation 174.04.12 of the following regulation:

"174.04.12 (1) A meteorological service provider shall provide a briefing or consultation upon request to flight crew members covering the entire flight path including aerodrome of intended landing as well as alternate aerodromes on existing and expected meteorological conditions along a route to be flown.

(2) Briefing or consultation service as well as flight documentation regarding meteorological information shall be provided to flight crew members at an aerodrome of departure.

(3) **[At an aerodrome where]** Where briefing services are not available at an aerodrome, a meteorological service provider shall make necessary

arrangements with an air service operator concerned to provide briefing service to flight crew members.

(4) A flight crew member and any other flight operations personnel shall meet with a meteorological service provider at an aerodrome meteorological office for a briefing referred to in subregulation (1).

(5) Where a briefing or consultation is impractical, a meteorological service provider shall provide required information by telephone or through other suitable telecommunications facility.

(6) Where information provided during a briefing diverges significantly from that which is included in a flight documentation, such deviation shall be brought to the attention of flight crew members.

(7) A briefing or consultation referred to in subregulation (1) shall be used for—

(a) supplying the latest available information on existing and expected meteorological conditions along a route to be flown at an aerodrome of intended landing, alternate aerodrome, and other aerodrome as may be relevant; and

(b) explaining and amplifying the information contained in the flight documentation, or as agreed between the meteorological service provider and an air service operator concerned, in lieu of flight documentation.";

(p) the insertion in regulation 174.04.13 after subregulation (6) of the following subregulations:

"(7) Aeronautical climatological information shall be prepared in the form of an aerodrome climatological tables and aerodrome climatological summaries.

(8) A holder of an aerodrome licence shall make available observational meteorological data required for computation of aeronautical climatological information by the meteorological service provider.";

(q) the insertion after regulation 174.04.13 of the following regulations:

"Aerodrome climatological tables

174.04.14 (1) A meteorological service provider shall establish the necessary capacity and capability to enable it to—

(a) collect, store, and process meteorological observational data;

(b) prepare aerodrome climatological tables for each aerodrome specified in regulation 174.01.1; and

(c) make available such aerodrome climatological tables to an aeronautical user within the agreed time.

(2) Aerodrome climatological tables shall provide—

(a) the mean values and variations, including maximum and minimum values, of meteorological elements such as air temperature;

(b) the frequency of occurrence of present weather phenomena affecting flight operations at an aerodrome such as sandstorms; and

(c) the frequency of occurrence of specified values of one, or a combination of two or more elements such as a combination of low visibility and low cloud.

Aerodrome climatological summaries

174.04.15 (1) Aerodrome climatological summaries shall be prepared by the meteorological service provider in accordance with the procedures prescribed by WMO.

(2) Aerodrome climatological summaries shall provide for the—

(a) frequencies of the occurrence of runway visual range or visibility and height of the base of the lowest cloud layer of broken or overcast extent below specified values at specified times;

(b) frequencies of visibility below specified values at specified times;

(c) frequencies of the height of the base of the lowest cloud layer of broken or overcast extent below specified values at specified times;

(d) frequencies of occurrence of concurrent wind direction and speed within specified ranges;

(e) frequencies of surface temperature in specified ranges of 5°C at specified times; and

(f) mean values and variations including maximum and minimum values of meteorological elements required for operational planning purposes, including take-off performance calculations.

(2) Where computer facilities are available to store, process, and retrieve the information, aerodrome climatological summaries shall be published or otherwise made available to aeronautical users on request.

(3) Where computer facilities referred to in subregulation (2) are not available, aerodrome climatological summaries shall be prepared using the models specified by WMO and shall be published and kept up to date as necessary.

Copies of meteorological observational data

174.04.16 (1) A meteorological service provider, upon request and to the extent practicable, shall make available meteorological observational data required for research, investigation, or operational analysis to—

(a) other meteorological service providers,

(b) air service operators; and

(c) any person concerned with the application of meteorology to international air navigation.

Relay of air-reports by ATSU

174.04.17 (1) An ATSU shall report aircraft observations made during flight, at the time an observation is made, or as soon as is practicable thereafter.

(2) An aircraft observation shall be reported as follows:

(a) Air-ground data link for routine observation; and

(b) Voice communication for special and non-routine aircraft observation made during a flight.

(2) An ATSU shall relay special air reports received by voice communication to a local meteorological office or associated MWO without delay.

(3) An ATSU shall relay routine and special air-reports received by data link communication without delay to its associated MWO, the WAFC, and aeronautical fixed service internet-based service centres.

(4) A meteorological service provider shall upon receipt of special air report from an-ATSU, issue—

(a) AIRMET or SIGMET;

(b) wind-shear warning; and

(c) aerodrome warning.";

"SUBPART 5

METEOROLOGICAL SERVICE FOR AIR SERVICE OPERATOR AND FLIGHT CREW MEMBERS

General

This gazette is also available free online at **www.gpwonline.co.za**

174.05.1 (1) A meteorological service provider shall supply meteorological service and related information to an air service operator and flight crew members for—

(a) pre-flight planning by an air service operator;

(b) in-flight replanning by an air service operator using centralized operational control of flight operations;

(c) use by flight crew members before departure; and

(d) aircraft in flight.

(2) Meteorological information supplied in accordance with subregulation (1) shall cover a flight in respect of time, altitude, and geographical extent and shall relate to appropriate fixed times, or periods of time, and shall—

(a) extend to an aerodrome of intended landing; and

(b) cover the meteorological conditions expected between an aerodrome of intended landing and alternate aerodrome designated by an air service operator.

(3) Meteorological information supplied to an air service operator shall be in accordance with the requirements prescribed in Document SA-CATS 174.

Meteorological information for air service operator and flight crew members

174.05.2 (1) A meteorological service provider shall supply meteorological information required by—

(a) an air service operator for pre-flight planning and in-flight replanning;

(b) flight crew members for pre-departure planning; and

(c) aircraft in flight for tactical operations.

This gazette is also available free online at **www.gpwonline.co.za**

(2) Upper-air grid information supplied by the WAFC for pre-flight and in-flight re-planning shall be in the GRIB code form.

(3) Information on significant weather supplied by WAFC for pre-flight planning and in-flight re-planning shall be in the BUFR code form and in IWXXM GML form.

(4) Meteorological information supplied to an air service operator and flight crew members shall—

(a) cover a flight in respect of time, altitude, and geographical extent;

(b) relate to appropriate fixed times, or periods of time;

(c) extend to an aerodrome of intended landing; and

(d) cover the meteorological conditions expected between an aerodrome of intended landing and alternate aerodrome designated by an air service operator.

Automated pre-flight information systems

174.05.3 (1) When required, a meteorological service provider shall use an automated pre-flight information system to—

(a) supply and display meteorological information to an air service operator and flight crew members for self-briefing, flight planning, and flight documentation purposes; and

(b) provide for harmonized, common point of access to meteorological information and aeronautical information services information by an air service operator and flight crew members.

(2) A meteorological service provider shall establish procedures for quality management of meteorological information provided by means of an automated pre-flight information system in accordance with its quality management system principles.

This gazette is also available free online at **www.gpwonline.co.za**

(3) An automated pre-flight information system referred to in subregulation (1) shall be approved by the Director prior to its use.

(4) The meteorological information to be supplied or displayed to users using an automated pre-flight information system shall comply with the requirements set out in Document SA-CATS 174.

Flight documentation

174.05.4 (1) The meteorological service provider shall make available to an air service operator and flight crew members' flight documentation containing relevant meteorological information covering an entire route of a flight including flights with a duration not exceeding two hours or those undertaken after a short stop or turnaround.

(2) The meteorological service provider shall immediately advise an air service operator whenever it becomes apparent that the meteorological information to be included in the flight documentation will differ materially from the information made available for pre-flight planning and in-flight replanning.

(3) Where a need for amendment arises after the flight documentation has been supplied, and before take-off of an aircraft, an aerodrome meteorological office shall issue the necessary amendment or updated information to an air service operator or to a local ATSU, for transmission to an aircraft.

(4) The meteorological service provider shall retain information supplied to flight crew members, either as printed copies or in electronic files, for a period of at least 30 days from the date of issue and made available on request for inquiries or investigations.

(5) In the event where the information is used for an inquiry or investigation, it shall be retained until such inquiry or investigation is completed.

(6) Meteorological information to be included in the flight documentation shall comprise information listed in Document SA-CATS 174.

This gazette is also available free online at **www.gpwonline.co.za**

VOLMET

174.05.5 (1) The meteorological service provider shall through an aerodrome meteorological office or MWO supply meteorological information for use by an aircraft in flight to an associated ATSU.

(2) Meteorological information required for planning for aircraft inflight shall be supplied to an air service operator upon request and through Digital-VOLMET or VOLMET broadcasts in accordance with the specifications set out in Document SA-CATS 174.

Meteorological information for ATSU

174.05.6 (1) The meteorological service provider shall designate an aerodrome meteorological office or MWO to be associated with each ATSU.

(2) An associated aerodrome meteorological office or MWO shall, after coordination with an ATSU, supply, or arrange for the supply of, up-to-date meteorological information to such ATSU as necessary for the conduct of its functions.

(3) An aerodrome meteorological office shall be associated with an aerodrome control tower or approach control unit for the provision of meteorological information.

(4) The meteorological service provider shall agree with the ANSP if, owing to local circumstances, the duties of an associated aerodrome meteorological office or MWO are to be shared between two or more aerodrome meteorological offices or MWO.

(5) Any meteorological information requested by an ATSU in connection with an aircraft emergency shall be supplied as rapidly as possible by an associated aerodrome meteorological office or MWO.

This gazette is also available free online at www.gpwonline.co.za

Meteorological information for search and rescue services

174.05.7 (1) An aerodrome meteorological office or MWO designated by the meteorological service provider shall supply, upon request, meteorological information to a relevant search and rescue centre for the purposes of search and rescue services.

(2) The manner in which meteorological information is to be supplied in terms of subregulation (1) shall be agreed between an aerodrome meteorological office or MWO and a relevant search and rescue centre.

(3) An aerodrome meteorological office or MWO shall maintain liaison with a search and rescue services unit throughout a search and rescue operation.

(4) Meteorological information to be provided for search and rescue operation shall be as prescribed in Document SA-CATS 174.

SUBPART 6

REQUIREMENTS AND USE OF COMMUNICATIONS

Telecommunication facilities

174.06.1 (1) The meteorological service provider shall establish suitable telecommunication facilities, including broadcast systems to enable the exchange or transmission of operational meteorological information through—

(a) an ATSU; and

(b) ATSU and rescue coordination centres and the associated aeronautical telecommunications stations.

(2) A telecommunication facility referred to in subregulation (1) shall be supplemented, where necessary, by other forms of visual or audio communications, for example, closed-circuit television or separate information processing systems.

This gazette is also available free online at **www.gpwonline.co.za**

(3) A telecommunication facility referred to in subregulation (1) shall permit—

(a) an air service operator to obtain meteorological information from aerodrome meteorological offices or other appropriate sources;

(b) the WAFC to supply the required world area forecast system products in IWXXM GML format to aerodrome meteorological offices, meteorological authorities, and other users;

(c) the supply of meteorological information to an ATSU and search and rescue services;

(d) communication by direct speech among aerodrome meteorological offices, aeronautical meteorological stations, and ATSU; and

(e) meteorological offices to exchange operational meteorological information amongst themselves.

(4) A telecommunication facility between aerodrome meteorological office and, as necessary, aeronautical meteorological station and an ATSU shall ensure that the speed with which the communication can be established is such that the required points may normally be contacted within approximately 15 seconds.

(5) Telecommunication facilities between an aerodrome meteorological office or an MWO and flight information centres, area control centres, rescue coordination centres, and aeronautical telecommunications stations shall permit—

(a) communications by direct speech, where the speed with which the communications can be established is in such a way that the required points may normally be contacted within approximately 15 seconds for telephony communication involving switchboard operation; and

(b) printed communication, when a record is required by the recipients and the message transit time shall not exceed 5 minutes for printed communications involving retransmission.

This gazette is also available free online at **www.gpwonline.co.za**

AFS

174.06.2 (1) Meteorological information shall be exchanged through the aeronautical fixed telecommunication network or aeronautical message handling system procedures or public internet.

(2) Where non-time critical operational meteorological information is exchanged, public internet shall be used subject to availability, satisfactory operation, and bilateral, multilateral or regional air navigation agreements.

(3) The global exchange of operational meteorological information, shall use aeronautical fixed service internet-based services, operated by the WAFC.

(4) Meteorological bulletins shall be originated by the appropriate meteorological office or aeronautical meteorological station and transmitted as follows:

(a) meteorological bulletins containing operational meteorological information to be originated by a meteorological office or aeronautical meteorological station;

(b) meteorological bulletins containing operational meteorological information to be transmitted through an aeronautical fixed service or public internet;

(c) only non-critical meteorological information to be transmitted on public internet; and

(d) meteorological bulletins containing operational meteorological information to be transmitted through an aeronautical fixed service to be assigned the relevant priorities and priority indicators.

(5) Meteorological information to be handled through an aeronautical fixed telecommunication network shall be assigned the priority indicator "GG" and shall include—

(a) messages concerning forecasts, such as TAF, area, and route forecasts; and

This gazette is also available free online at **www.gpwonline.co.za**

(b) messages concerning observations and reports, such as METAR and SPECI.

(6) An ANSP shall, without delay, forward meteorological information including air-reports without specific address, received from an aircraft to a meteorological office associated with a point of reception.

(7) An ATSU receiving an air-report or a message containing meteorological information transmitted by an aircraft in flight shall forward the message without delay—

(a) to the ATSUs and associated aeronautical meteorological offices; and

(b) to an air service operator who has made a specific request to receive such messages.

(8) Meteorological information to be included in the flight safety messages shall be assigned priority indicator "FF" and shall comprise of—

(a) meteorological messages restricted to SIGMET information;

(b) special air-reports;

(c) AIRMET messages;

(d) volcanic ash and tropical cyclone advisory information;

(e) space weather advisory information; and

(f) amended forecasts.

Aeronautical mobile service communications

174.06.3 (1) Meteorological information shall be transmitted to aircraft and by aircraft through aeronautical mobile service communications facilities.

(2) The content and manner in which meteorological information transmitted to aircraft and by aircraft shall be consistent with the provisions of this Part.

This gazette is also available free online at **www.gpwonline.co.za**

Requirements for VOLMET Broadcast

174.06.4 (1) An ATSU shall, where applicable, provide Digital VOLMET or VOLMET broadcast services for relaying of meteorological information to aircraft.

(2) Digital VOLMET broadcast service shall contain information on current METAR and SPECI, together with trend forecast where available, TAF and SIGMET, special air-reports not covered by a SIGMET and, where available, AIRMET information.

(3) Digital VOLMET information such as MATAR and SPECI, TAF, SIGMET, and AIRMET shall be provided, as appropriate, using applicable data link-flight information services.

(4) Continuous VOLMET broadcast on very high frequency, shall contain current METAR and SPECI, together with trend forecast where available.

(5) Scheduled VOLMET broadcast, on high frequencies, shall contain current METAR and SPECI, together with trend forecast as well as TAF and SIGMET.

Transmission of meteorological bulletins

174.06.5 (1) Meteorological bulletins containing operational meteorological information shall be originated by a meteorological office or aeronautical meteorological station.

(2) Meteorological bulletins containing operational meteorological information shall be transmitted through an aeronautical fixed service or public Internet.

(3) Only non-critical meteorological information shall be transmitted on public internet.

This gazette is also available free online at www.gpwonline.co.za

(4) Meteorological bulletins containing operational meteorological information to be transmitted through an aeronautical fixed service shall be assigned the relevant priorities and priority indicators.

Grid point data for ATS and air service operator

174.06.6 (1) When upper-air data for grid points in digital form is made available for use by air traffic services computers, the transmission arrangements shall be as agreed between the meteorological service provider and an appropriate ANSP.

(2) When upper-air data for grid points in digital form is made available to an air service operator for flight planning by computer, the transmission arrangements shall be as agreed between a world area forecast centre concerned, the meteorological service provider and an air service operator concerned.

Use of aeronautical mobile service communications

174.06.7 (1) An air traffic service provider shall establish a suitable communication service to transmit meteorological information to an aircraft and or receive meteorological information from an aircraft.

(2) The content and format of meteorological information transmitted to aircraft and by aircraft shall be consistent with the requirements prescribed in Document SA-CATS 174.

Use of aeronautical data link service

174.06.8 (1) An ANSP shall transmit meteorological information to an aircraft inflight through Digital VOLMET broadcast where applicable.

(2) Meteorological information to be included in the Digital VOLMET broadcast shall comprise of METAR, SPECI, and where applicable a trend forecast.

This gazette is also available free online at www.gpwonline.co.za

Use of aeronautical broadcasting service

174.06.9 (1) An ANSP shall, where applicable, provide meteorological information to aircraft in flight through continuous and scheduled VOLMET broadcasts on very high frequencies and on high frequency.

(2) The content of a continuous VOLMET broadcast on very high frequency shall contain current METAR and SPECI, together with trend forecast.

(3) The content of a scheduled VOLMET broadcast on high frequency shall contain current METAR and SPECI, together with trend forecast as well as TAF and SIGMET.".

Wysiging van Deel 1 van die Regulasies

1. Regulasie 1.01.1 van die regulasies word hiermee gewysig deur -

(a) die invoeging na die definisie van "hoë risiko vrag of pos" met die volgende definisie:

"'**tuisbasis**' beteken 'n gebied toegewys deur 'n lugdiens operateur aan 'n bemanningslid, van waar 'n bemanningslid normaalweg 'n dienstydperk begin en eindig of 'n reeks dienstydperke, en waar, onder normale omstandighede, 'n lugdiens operateur nie verantwoordelik is vir verblyf nie;";

(b) die vervanging vir die definisie van "rusperiode" met die volgende definisie:

"'**rusperiode**' beteken 'n deurlopende, ononderbroke, en gedefinieerde tydperk, tussen twee opeenvolgende dienstydperke, waartydens 'n bemanningslid vry is van alle pligte;".

2. Regulasie 1.01.2 van die regulasies word hiermee gewysig deur -

This gazette is also available free online at www.gpwonline.co.za

(a) die vervanging vir die afkorting "LBVS" met die volgende afkorting:

"'**LBVS** beteken lug botsing **[ooreenstemming]** vermyding stelsel;".

Wysiging van Deel 21 van die Regulasies

3. Deel 21 word hiermee gewysig deur -

(a) die vervanging in die lys van regulasies vir Sub-deel 5 van die volgende Sub-deel:

"SUB-DEEL 5: AANVULLENDE TIPE SERTIFIKATE

21.05.1 Vereistes vir aanvullende tipe sertifikaat

21.05.2 Aansoek vir aanvullende tipe sertifikaat

21.05.3 Uitreiking van aanvullende tipe sertifikaat

21.05.4 Voorregte van houer van aanvullende tipe sertifikaat

21.05.5 Geldigheidstydperk

21.05.6 Plig van houer van **[ATS]** aanvullende tipe sertifikaat

21.05.7 Aanvullende tipe sertifikaat permissie.";

(b) die invoeging van regulasie 21.05.6 van die volgende regulasie:

"Aanvullende tipe sertifikaat permissie

21.05.7 (1) 'n ATS houer met die permissie kragtens regulasie 21.05.6 sal verseker dat sulke permissie die volgende inligting insluit:

(a) 'n spesifieke produk wat verander moet word;

(b) 'n ATS nommer; en

(c) die name van 'n persoon wat permissie gegun word om 'n ATS te gebruik.".

This gazette is also available free online at **www.gpwonline.co.za**

Wysiging van Deel 101 van die Regulasies

4. Deel 101 van die regulasies word hiermee gewysig deur -

(a) die vervanging vir regulasie 101.04.2 met die volgende regulasie:

"101.04.2 (1) 'n Aansoek vir die uitreiking van 'n Onbemande Vliegtuig stelsel Bedryfsertifikaat (OVSBS), vernuwing of wysiging daarvan, sal gemaak word by die Direkteur op die geskikte vorm vergesel met -

(a) die toepaslike fooi soos voorgeskryf in Deel 187;

(b) 'n afskrif van sertifikaat van registrasie van elke OV wat bedryf moet word;

(c) 'n afskrif van 'n Onbemande Vliegtuig stelsel Goedkeuring Brief (OVSGB) vir elke OVS wat bedryf moet word; en

(d) 'n bedryfshandleiding vereis deur hierdie Deel.

(2) 'n OV sal nie geregistreer word onder meer as een OVSBS nie.".

Wysiging van Deel 108 van die Regulasies

5. Deel 108 van die regulasies word hiermee gewysig deur -

(a) die vervanging in regulasie 108.02.1 vir subregulasie (1) met die volgende subregulasie:

"108.02.1 (1) **[Enige]** 'n Persoon goedgekeur deur die Direkteur as 'n gereguleerde agent sal-

(a) rekord hou van **[alle]** verskepings dokumente betreffende vervoer en hantering geskiedenis in ooreenstemming met die vereistes van Dokument SA-BLTS 108;

(b) verseker dat, na ontvangs of bekende vrag, en terwyl vrag onder sy of haar beheer is, dat dit veilig gehou word vanaf onwettige inmenging in ooreenstemming met sekuriteit maatreëls gestipuleer in 'n sekuriteit handleiding, verwys na in regulasie 108.01.2;

(c) verseker dat aanvaring en hantering van vrag, en verskepings dokumente gedoen word deur opgeleide personeel, wie werk spesifiek vrag sekuriteit opleiding ontvang het, soos aangedui in Deel 109;

(d) toepaslike sekuriteit beheer moet toegepas word insluitend fisiese kontrole sowel as sifting op die voorgeskrewe wyse in Dokument SA-BLTS 108, vir die doel om te bepaal of enige besending van vrag enige plofstof, brand toestelle, of enige ander verbode of skadelike artikels bevat wat gebruik kan word om dade van onwettige inmenging uit te voer;

(e) hou rekord van sifting wat toegepas is op vrag;

(f) verseker dat bekende vrag geseël is met peuter-duidige seël of verpak in peuter-duidige verpakking en dat so 'n seel of verpakking ongeskonde is;

(g) etiket of merk bekende vrag op die voorgeskrewe wyse in Dokument SA-BLTS 108;

(h) nagaan, verifieer, en sit op rekord die identiteit van persone wat vrag tender;

(i) voer agtergrondsondersoeke uit op alle personeel gewerf vir die aanvaring van vrag en verwerking van verskepings dokumentasie en berging, aanstuur of hantering van bekende vrag bedoel vir vervoer per lug;

(j) voer kriminele rekord kontroles uit elke 24 maande op alle personeel in diens geneem in die nakoming van alle vrag en verwerking van verskepings dokumentasie en berging, aanstuur of hantering van bekende vrag bedoel vir vervoer per lug;

(k) verseker dat elke besending van bekende vrag, wanneer dit goedgekeur en gesif is deur sekuriteit, vergesel word met 'n besending sekuriteit verklaring;

(l) verseker dat opgeskerpte sekuriteit maatreëls, soos dubbele siftings metodes, toegepas word vir hoë-risiko vrag of pos;

(m) wanneer besendings ontvang word wat nie alle vereiste sekuriteit kontrole voorheen op toegepas was nie, verseker dat sulke besendings gesif word kragtens hierdie Deel;

(n) verseker dat bekende vrag geskei gehou word vanaf onbekende vrag; en

(o) periodieke verifikasie te verseker dat sekuriteit maatreëls wat aan eksterne diensverskaffer uitgekontrakteer is geïmplementeer word in ooreenstemming met 'n gereguleerde agent se sekuriteit program;

(p) ewekansige en onvoorspelbare kontroles toepas op verskepings wat as bekende vrag ingedien word;

(o) die vervanging vir regulasie 174.04.12 met die volgende regulasie:

"**174.04.12 (1)** 'n Meteorologiese diensverskaffer moet op versoek 'n inligtingsessie of konsultasie aan vlug bemanningslede verskaf wat die hele vlugbaan dek, insluitend die vliegveld van beoogde landing sowel as alternatiewe vliegvelde oor bestaande en verwagte weerstoestande langs 'n roete wat gevlieg gaan word.

(2) Inligting- of konsultasiediens sowel as vlug dokumentasie rakende weerkundige inligting moet aan vlug bemanningslede by 'n vliegveld van vertrek verskaf word.

(3) **[By 'n vliegveld waar]** Waar inligtingsdienste nie by 'n vliegveld beskikbaar is nie, moet 'n weerkundige diensverskaffer die nodige reëlings tref

met 'n betrokke lugdiens operateur om inligtingsdienste aan vlug bemanningslede te verskaf.

(4) 'n Vlug bemanningslid en enige ander vlug bedryfspersoneel moet met 'n weerkundige diensverskaffer by 'n vliegveld meteorologiese kantoor vergader vir 'n inligtingsessie verwys na in subregulasie (1).

(5) Waar 'n inligtingsessie of konsultasie onprakties is, moet 'n weerkundige diensverskaffer vereiste inligting per telefoon of deur ander geskikte telekommunikasiefasiliteite verskaf.

(6) Waar inligting wat tydens 'n inligtingsessie verskaf word aansienlik afwyk van dit wat in 'n vlug dokumentasie ingesluit is, moet sodanige afwyking onder die aandag van vlug bemanningslede gebring word.

(7) 'n Inligting of konsultasie verwys na in subregulasie (1) sal gebruik word vir—

(a) die verskaffing van die jongste beskikbare inligting oor bestaande en verwagte meteorologiese toestande langs 'n roete wat gevlieg moet word by 'n vliegveld van beoogde landing, alternatiewe vliegveld en ander vliegvelde soos relevant mag wees; en

(b) verduidelik en versterk die inligting vervat in die vlug dokumentasie, of soos ooreengekom tussen die weerkundige diensverskaffer en 'n betrokke lugdiens operateur, in plaas van vlug dokumentasie.";

(p) die invoeging in regulasie 174.04.13 na subregulasie (6) van die volgende subregulasies:

"(7) Lugvaartkundige klimatologiese inligting moet voorberei word in die vorm van vliegveld klimatologiese tabelle en lughawe klimatologiese opsommings.

(8) 'n Houer van 'n vliegveld lisensie moet waarnemings meteorologiese data beskikbaar stel wat benodig word vir die berekening van lugvaartkundige klimatologiese inligting deur die weerkundige diensverskaffer.";

This gazette is also available free online at www.gpwonline.co.za

(q) die invoeging na regulasie 174.04.13 van die volgende regulasies:

"Vliegveld klimatologiese tabelle

174.04.14 (1) 'n Meteorologiese diensverskaffer moet die nodige kapasiteit en vermoë vestig om hom/haar in staat te stel om—

(a) versamel, berg en verwerk meteorologiese waarnemingsdata;

(b) vliegveld klimatologiese tabelle voorberei vir elke vliegveld gespesifiseer in regulasie 174.01.1; en

(c) sodanige vliegveld klimatologiese tabelle binne die ooreengekome tyd aan 'n lugvaart gebruiker beskikbaar stel.

(2) Vliegveld klimatologiese tabelle sal voorsien—

(a) die gemiddelde waardes en variasies, insluitend maksimum en minimum waardes, van meteorologiese elemente soos lugtemperatuur;

(b) die frekwensie van voorkoms van huidige weerverskynsels wat vlug bedrywighede by 'n vliegveld soos sandstorms beïnvloed; en

(c) die frekwensie van voorkoms van gespesifiseerde waardes van een, of 'n kombinasie van twee of meer elemente soos 'n kombinasie van lae sigbaarheid en lae wolke.

Vliegveld klimatologiese opsommings

174.04.15 (1) Vliegveld klimatologiese opsommings moet deur die weerkundige diensverskaffer voorberei word in ooreenstemming met die prosedures wat deur WMO voorgeskryf word.

(2) Vliegveld klimatologiese opsommings sal voorsiening maak vir die—

(a) frekwensies van die voorkoms van aanloopbaan visuele omvang of sigbaarheid en hoogte van die basis van die laagste wolklaag van gebroke of bewolkte omvang onder gespesifiseerde waardes op gespesifiseerde tye;

This gazette is also available free online at www.gpwonline.co.za

(b) sigbaarheid frekwensies onder gespesifiseerde waardes op gespesifiseerde tye;

(c) frekwensies van die hoogte van die basis van die laagste wolklaag van gebroke of bewolkte omvang onder gespesifiseerde waardes op gespesifiseerde tye;

(d) frekwensies van voorkoms van gelyktydige windrigting en spoed binne gespesifiseerde reekse;

(e) frekwensies van oppervlaktemperatuur in gespesifiseerde reekse van 5°C op gespesifiseerde tye; en

(f) gemiddelde waardes en variasies insluitend maksimum en minimum waardes van meteorologiese elemente benodig vir operasionele beplanning doeleindes, insluitend opstyg prestasie berekeninge.

(2) Waar rekenaarfasiliteite beskikbaar is om die inligting te stoor, te verwerk en te herwin, sal vliegveld klimatologiese opsommings op versoek gepubliseer of andersins aan lugvaart gebruikers beskikbaar gestel word.

(3) Waar rekenaarfasiliteite waarna in subregulasie (2) verwys word, nie beskikbaar is nie, moet vliegveld klimatologiese opsommings voorberei word deur gebruik te maak van die modelle wat deur WMO gespesifiseer word en sal gepubliseer en op datum gehou word soos nodig.

Afskrifte van meteorologiese waarnemingsdata

174.04.16 (1) 'n Meteorologiese diensverskaffer moet op versoek en in die mate prakties moontlik meteorologiese waarnemingsdata beskikbaar stel wat benodig word vir navorsing, ondersoek of bedryf analise doen om—

(a) ander meteorologiese diensverskaffers,

(b) lugdiens operateurs; en

(c) enige persoon gemoeid met die toepassing van meteorologie op internasionale lugnavigasie.

Aflos van lug verslae deur LVDE

This gazette is also available free online at **www.gpwonline.co.za**

174.04.17 (1) 'n LVDE moet vliegtuig waarnemings wat tydens vlug gemaak is, op die tydstip waarop 'n waarneming gemaak word, of so gou as wat prakties moontlik is daarna aanmeld.

(2) 'n Vliegtuig waarneming moet soos volg aangemeld word:

(a) Lug-grond data skakel vir roetine waarneming; en

(b) Stem kommunikasie vir spesiale en nie-roetine vliegtuig waarneming wat tydens 'n vlug gemaak word.

(2) 'n LVDE sal spesiale lug verslae wat deur stem kommunikasie ontvang is, sonder versuim aan 'n plaaslike weerkundige kantoor of geassosieerde MWO oordra.

(3) 'n LVDE sal roetine- en spesiale lug verslae wat deur data skakel kommunikasie ontvang word, sonder versuim aan sy geassosieerde MWO, die WAVS, en lugvaartkundige vaste diens-internetgebaseerde dienssentrums deurstuur.

(4) 'n Meteorologiese diensverskaffer sal by ontvangs van spesiale lug verslag van 'n LVDE uitreik—

(a) LUGMET of BEDMET;

(b) windskuif waarskuwing; en

(c) vliegveld waarskuwing. ";

METEOROLOGIESE DIENS VIR LUGDIENSOPERATEUR EN VLUGBEMANNINGSLEDE

Algemeen

This gazette is also available free online at www.gpwonline.co.za

174.05.1 (1) 'n Meteorologiese diensverskaffer moet weerkundige diens en verwante inligting verskaf aan 'n lugdiens operateur en vlug bemanningslede vir—

(a) voor vlug beplanning deur 'n lugdiens operateur;

(b) herbeplanning van binne-vlug deur 'n lugdiens operateur deur gebruik te maak van gesentraliseerde bedryf beheer van vlug bedrywighede;

(c) gebruik deur vlug bemanningslede voor vertrek; en

(d) vliegtuig tydens vlug.

(2) Meteorologiese inligting verskaf ooreenkomstig met subregulasie (1) sal 'n vlug ten opsigte van tyd, hoogte en geografiese omvang dek en sal verband hou met toepaslike vaste tye, of tydperke, en sal—

(a) uitbrei na 'n vliegveld van beoogde landing; en

(b) dek die meteorologiese toestande wat verwag word tussen 'n vliegveld van beoogde landing en alternatiewe vliegveld wat deur 'n lugdiens operateur aangewys is.

(3) Meteorologiese inligting wat aan 'n lugdiens operateur verskaf word, moet in ooreenstemming wees met die vereistes wat in Dokument SA-BLTS 174 voorgeskryf word.

Meteorologiese inligting vir lugdiens operateur en vlug bemanningslede

174.05.2 (1) 'n Meteorologiese diensverskaffer moet meteorologiese inligting verskaf wat vereis word deur—

(a) 'n lugdiens operateur vir voor vlug beplanning en in-vlug herbeplanning;

(b) vlug bemanningslede vir voor-vertrek beplanning; en

(c) vliegtuig in vlug vir taktiese bedrywighede.

This gazette is also available free online at **www.gpwonline.co.za**

(2) Bolug-rooster inligting verskaf deur die WGVS vir voor- en in-vlug herbeplanning sal in die AGIB-kode vorm wees.

(3) Inligting oor beduidende weer verskaf deur WAFC vir voor vlug beplanning en in-vlug herbeplanning sal in die BUVV-kode vorm en in IWXXM GML-vorm wees.

(4) Meteorologiese inligting wat aan 'n lugdiens operateur en vlug bemanningslede verskaf word, moet—

(a) 'n vlug dek ten opsigte van tyd, hoogte en geografiese omvang;

(b) verband hou met toepaslike vaste tye, of tydperke;

(c) uitbrei na 'n vliegveld van beoogde landing; en

(d) dek die meteorologiese toestande wat verwag word tussen 'n vliegveld van beoogde landing en alternatiewe vliegveld wat deur 'n lugdiens operateur aangewys is.

Outomatiese voor vlug inligtingstelsels

174.05.3 (1) Wanneer nodig, moet 'n weerkundige diensverskaffer 'n geoutomatiseerde voor vlug inligtingstelsel gebruik om—

(a) verskaf en vertoon meteorologiese inligting aan 'n lugdiens operateur en vlug bemanningslede vir self inligting, vlug beplanning en vlug dokumentasie doeleindes; en

(b) voorsiening te maak vir geharmoniseerde, gemeenskaplike toegang punt tot meteorologiese inligting en inligting oor lugvaartinligting dienste deur 'n lugdiens operateur en vlug bemanningslede.

(2) 'n Meteorologiese diensverskaffer moet prosedures daarstel vir kwaliteit bestuur van weerkundige inligting verskaf deur middel van 'n geoutomatiseerde voor vlug inligtingstelsel in ooreenstemming met sy kwaliteit bestuurstelsel beginsels.

This gazette is also available free online at www.gpwonline.co.za

(3) 'n Geoutomatiseerde voor vlug inligtingstelsel waarna in subregulasie (1) verwys word, moet deur die Direkteur goedgekeur word voordat dit gebruik word.

(4) Die meteorologiese inligting wat aan gebruikers verskaf of vertoon moet word deur gebruik te maak van 'n outomatiese voor vlug-inligtingstelsel, moet voldoen aan die vereistes uiteengesit in Dokument SA-BLTS 174.

Vlug dokumentasie

174.05.4 (1) Die meteorologiese diensverskaffer moet aan 'n lugdiens operateur en vlug bemanningslede vlug dokumentasie beskikbaar stel wat relevante weerkundige inligting bevat wat 'n hele roete van 'n vlug dek, insluitend vlugte met 'n duur van hoogstens twee uur of dié wat onderneem is na 'n kort stop of omdraai.

(2) Die meteorologiese diensverskaffer moet 'n lugdiens operateur onmiddellik in kennis stel wanneer dit ook al blyk dat die weerkundige inligting wat in die vlug dokumentasie ingesluit moet word, wesenlik sal verskil van die inligting wat beskikbaar gestel word vir voor vlug beplanning en in-vlug herbeplanning.

(3) Waar 'n behoefte vir wysiging ontstaan nadat die vlug dokumentasie verskaf is, en voor opstyg van 'n vliegtuig, moet 'n vliegveld meteorologiese kantoor die nodige wysiging of bygewerkte inligting aan 'n lugdiens operateur of aan 'n plaaslike LVDE uitreik vir oordrag na 'n vliegtuig.

(4) Die meteorologiese diensverskaffer sal inligting wat aan vlug bemanningslede verskaf is, hetsy as gedrukte kopieë of in elektroniese lêers, vir 'n tydperk van ten minste 30 dae vanaf die datum van uitreiking bewaar en op versoek beskikbaar gestel word vir navrae of ondersoeke.

(5) In die geval waar die inligting vir 'n ondersoek gebruik word, sal dit behou word totdat sodanige ondersoek voltooi is.

This gazette is also available free online at www.gpwonline.co.za

(6) Meteorologiese inligting wat by die vlug dokumentasie ingesluit moet word, moet inligting bevat wat in Dokument SA-BLTS 174 gelys word.

VOLMET

174.05.5 (1) Die meteorologiese diensverskaffer sal deur 'n lughawe-meteorologiese kantoor of MWK meteorologiese inligting verskaf vir gebruik deur 'n vliegtuig in vlug aan 'n geassosieerde LVDE.

(2) Meteorologiese inligting wat benodig word vir die beplanning van vliegtuig vlugte, sal op versoek aan 'n lugdiens operateur verskaf word en deur Digitale-VOLMET- of VOLMET-uitsendings in ooreenstemming met die spesifikasies uiteengesit in Dokument SA-BLTS 174.

Meteorologiese inligting vir LVDE

174.05.6 (1) Die meteorologiese diensverskaffer sal 'n vliegveld meteorologiese kantoor of MWK aanwys om met elke LVDE geassosieer te word.

(2) 'n Geassosieerde lughawe-meteorologiese kantoor of MWK sal, na koördinering met 'n LVDE, bygewerkte meteorologiese inligting aan sodanige LVDE verskaf, of reël vir die verskaffing van, soos nodig vir die uitvoering van sy funksies.

(3) 'n Vliegveld-meteorologiese kantoor moet geassosieer word met 'n vliegveld beheertoring of naderings beheereenheid vir die verskaffing van meteorologiese inligting.

(4) Die meteorologiese diensverskaffer sal met die LNDV ooreenkom indien, as gevolg van plaaslike omstandighede, die pligte van 'n geassosieerde vliegveld meteorologiese kantoor of MWK tussen twee of meer vliegveld meteorologiese kantore of MWK gedeel moet word.

(5) Enige meteorologiese inligting wat deur 'n LVDE in verband met 'n vliegtuig noodgeval versoek word, sal so vinnig moontlik deur 'n geassosieerde vliegveld meteorologiese kantoor of MWK verskaf word.

This gazette is also available free online at www.gpwonline.co.za

Meteorologiese inligting vir soek- en reddingsdienste

174.05.7 (1) 'n Vliegveld-meteorologiese kantoor of MWK wat deur die weerkundige diensverskaffer aangewys is, sal, op versoek, weerkundige inligting aan 'n relevante soek-en-redding sentrum verskaf vir die doeleindes van soek-en-reddingsdienste.

(2) Die wyse waarop meteorologiese inligting ingevolge subregulasie (1) verskaf moet word, moet ooreengekom word tussen 'n vliegveld-meteorologiese kantoor of MWK en 'n relevante soek-en-redding sentrum.

(3) 'n Vliegveld meteorologiese kantoor of MWK sal kommunikasie gedurende 'n soek-en-reddingsoperasie skakeling met 'n soek-en-reddingsdienste-eenheid handhaaf.

(4) Meteorologiese inligting wat vir soek- en reddingsoperasies verskaf moet word, sal wees soos voorgeskryf in Dokument SA-BLTS 174.

SUB-DEEL 6

VEREISTES EN GEBRUIK VAN KOMMUNIKASIES

Telekommunikasiefasiliteite

174.06.1 (1) Die meteorologiese diensverskaffer moet geskikte telekommunikasiefasiliteite daarstel, insluitende uitsaai stelsels om die uitruil of oordrag van bedryf meteorologiese inligting moontlik te maak deur—

(a) 'n LVDE; en

(b) LVDE en reddingskoördineringsentrums en die gepaardgaande lugvaart telekommunikasie stasies.

(2) 'n Telekommunikasiefasiliteit verwys na in subregulasie (1) moet, waar nodig, aangevul word deur ander vorme van visuele of

This gazette is also available free online at www.gpwonline.co.za

oudiokommunikasie, byvoorbeeld geslotekringtelevisie of aparte inligting verwerkingstelsels.

(3) 'n Telekommunikasiefasiliteit verwys na in subregulasie (1) sal toelaat—

(a) 'n lugdiens operateur om meteorologiese inligting van vliegveld weerkantore of ander toepaslike bronne te bekom;

(b) die WGVS om die vereiste wêreld gebied voorspelling stelsel produkte in IWXXM GML-formaat aan vliegveld weerkantore, meteorologiese owerhede en ander gebruikers te verskaf;

(c) die verskaffing van meteorologiese inligting aan 'n LVDE en soek-en-reddingsdienste;

(d) kommunikasie deur direkte spraak tussen vliegveld-meteorologiese kantore, lugvaartkundige meteorologiese stasies en LVDE; en

(e) meteorologiese kantore om bedryf meteorologiese inligting onder mekaar uit te ruil.

(4) 'n Telekommunikasiefasiliteit tussen die vliegveld-meteorologiese kantoor en, soos nodig, lugvaart-meteorologiese stasie en 'n LVDE sal verseker dat die spoed waarmee die kommunikasie bewerkstellig kan word sodanig is dat die vereiste punte normaalweg binne ongeveer 15 sekondes gekontak kan word.

(5) Telekommunikasiefasiliteite tussen 'n vliegveld-meteorologiese kantoor of 'n MWK en vlug inligting sentrums, gebied beheer sentrums, reddingskoördineringsentrums en lugvaart telekommunikasie stasies sal toelaat—

(a) kommunikasie deur direkte spraak, waar die spoed waarmee die kommunikasie bewerkstellig kan word op so 'n wyse is dat die vereiste punte normaalweg binne ongeveer 15 sekondes gekontak kan word vir telefonie kommunikasie wat skakelbord werking behels; en

This gazette is also available free online at **www.gpwonline.co.za**

(b) gedrukte kommunikasie, wanneer 'n rekord deur die ontvangers vereis word en die boodskap vervoer tyd nie 5 minute sal oorskry vir gedrukte kommunikasie wat heruitsending behels nie.

LVD

174.06.2 (1) Meteorologiese inligting sal uitgeruil word deur die lugvaartkundige vaste telekommunikasienetwerk of lugvaart boodskap hantering stelsel prosedures of openbare internet.

(2) Waar nie-tyd kritiese bedryf meteorologiese inligting uitgeruil word, sal openbare internet gebruik word onderhewig aan beskikbaarheid, bevredigende werking, en bilaterale, multilaterale of streek lugnavigasie-ooreenkomste.

(3) Die globale uitruil van bedryf meteorologiese inligting sal lugvaartkundige vaste diens internetgebaseerde dienste gebruik, wat deur die WGVS bedryf word.

(4) Meteorologiese bulletins moet deur die toepaslike meteorologiese kantoor of lugvaartweerkundige stasie ontstaan en soos volg versend word:

(a) meteorologiese bulletins wat bedryf meteorologiese inligting bevat wat van 'n meteorologiese kantoor of lugvaartkundige meteorologiese stasie afkomstig is;

(b) meteorologiese bulletins wat bedryf meteorologiese inligting bevat wat deur 'n lugvaartkundige vaste diens of openbare internet versend moet word;

(c) slegs nie-kritiese meteorologiese inligting wat op openbare internet versend moet word; en

(d) meteorologiese bulletins wat bedryf meteorologiese inligting bevat wat deur 'n lugvaartkundige vaste diens oorgedra moet word om aan die relevante prioriteite en prioriteit aanwysers toegeken moet word.

This gazette is also available free online at **www.gpwonline.co.za**

(5) Meteorologiese inligting wat deur 'n lugvaartkundige vaste telekommunikasienetwerk hanteer moet word, sal die prioriteit aanwyser "GG" toegeken word en sal insluit—

(a) boodskappe rakende voorspellings, soos TAF, gebied, en roete voorspellings; en

(b) boodskappe oor waarnemings en verslae, soos METVV en SPECI.

(6) 'n ANSV sal, sonder versuim, weerkundige inligting, insluitend lug verslae sonder spesifieke adres, wat van 'n vliegtuig ontvang is, aanstuur na 'n weerkundige kantoor wat met 'n ontvangspunt geassosieer word.

(7) 'n LVDE wat 'n lug verslag of 'n boodskap wat meteorologiese inligting bevat wat deur 'n vliegtuig in vlug versend word, ontvang, moet die boodskap sonder versuim aanstuur—

(a) aan die LVDEs en geassosieerde lugvaartkundige meteorologiese kantore; en

(b) aan 'n lugdiens operateur wat 'n spesifieke versoek gerig het om sulke boodskappe te ontvang.

(8) Meteorologiese inligting wat by die vlug veiligheids boodskappe ingesluit moet word, sal aan prioriteit aanwyser "FF" toegeken word en sal bestaan uit—

(a) meteorologiese boodskappe beperk tot BEDMET-inligting;

(b) spesiale lug verslae;

(c) LUGMET boodskappe;

(d) vulkaniese as en tropiese sikloon-advies inligting;

(e) ruimte weer advies inligting; en

(f) gewysigde voorspellings.

This gazette is also available free online at **www.gpwonline.co.za**

Lugvaartkundige mobiele diens kommunikasie

174.06.3 (1) Meteorologiese inligting sal na lugvaartuie en deur lugvaartuie deur lugvaartkundige mobiele diens kommunikasiefasiliteite oorgedra word.

(2) Die inhoud en wyse waarop meteorologiese inligting wat na lugvaartuie en deur lugvaartuie oorgedra word, moet ooreenstem met die bepalings van hierdie Deel.

Vereistes vir VOLMET-uitsending

174.06.4 (1) 'n LVDE sal, waar van toepassing, Digitale VOLMET- of VOLMET-uitsaaidienste verskaf vir die oordrag van meteorologiese inligting aan lugvaartuie.

(2) Digitale VOLMET-uitsaaidiens sal inligting oor huidige METVV en SPECI bevat, tesame met tendens voorspelling waar beskikbaar, TAF en BEDMET, spesiale lug verslae wat nie deur 'n BEDMET gedek word nie en, waar beskikbaar, LUGMET-inligting.

(3) Digitale VOLMET-inligting soos METVV en SPECI, TAF, BEDMET en LUGMET sal verskaf word, soos toepaslik, met behulp van toepaslike data skakel-vlug inligtingsdienste.

(4) Deurlopende VOLMET-uitsending op baie hoë frekwensie, sal huidige METVV en SPECI bevat, tesame met tendens voorspelling waar beskikbaar.

(5) Geskeduleerde VOLMET-uitsending, op hoë frekwensies, sal huidige METVV en SPECI bevat, tesame met tendens voorspelling sowel as TAF en BEDMET.

Uitsending van meteorologiese bulletins

This gazette is also available free online at **www.gpwonline.co.za**

174.06.5 (1) Meteorologiese bulletins wat bedryf meteorologiese inligting bevat, moet deur 'n meteorologiese kantoor of lugvaartkundige meteorologiese stasie ontstaan.

(2) Meteorologiese bulletins wat bedryf meteorologiese inligting bevat, sal deur 'n lugvaartkundige vaste diens of openbare internet versend word.

(3) Slegs nie-kritieke meteorologiese inligting sal op openbare internet versend word.

(4) Meteorologiese bulletins wat bedryf meteorologiese inligting bevat wat deur 'n lugvaartkundige vaste diens versend moet word, sal aan die relevante prioriteite en prioriteit aanwysers toegeken word.

Rooster puntdata vir LVD en lugdiens operateur

174.06.6 (1) Wanneer bolug data vir rooster punte in digitale vorm beskikbaar gestel word vir gebruik deur lugverkeersdienste rekenaars, sal die transmissie reëlings wees soos ooreengekom tussen die weerkundige diensverskaffer en 'n toepaslike LNDV.

(2) Wanneer bolug data vir rooster punte in digitale vorm aan 'n lugdiens operateur vir vlug beplanning per rekenaar beskikbaar gestel word, sal die transmissie reëlings wees soos ooreengekom tussen 'n betrokke wêreld gebied voorspelling sentrum, die meteorologiese diensverskaffer en 'n betrokke lugdiens operateur.

Gebruik van lugvaartkundige mobiele diens kommunikasie

174.06.7 (1) 'n Lugverkeer diensverskaffer moet 'n geskikte kommunikasiediens daarstel om meteorologiese inligting na 'n lugvaartuig oor te dra en of meteorologiese inligting van 'n lugvaartuig te ontvang.

(2) Die inhoud en formaat van meteorologiese inligting wat na vliegtuie en deur vliegtuie oorgedra word, moet ooreenstem met die vereistes wat in Dokument SA-BLTS 174 voorgeskryf word.

This gazette is also available free online at www.gpwonline.co.za

Gebruik van lugvaart data skakeldiens

174.06.8 (1) 'n LNDV sal meteorologiese inligting na 'n lugvaartuig se vlug deur middel van Digitale VOLMET-uitsending waar van toepassing, oordra.

(2) Meteorologiese inligting wat by die Digitale VOLMET-uitsending ingesluit moet word, sal bestaan uit METVV, SPECI, en waar van toepassing 'n tendens voorspelling.

Gebruik van lugvaart uitsaaidiens

174.06.9 (1) 'n LNDV sal, waar van toepassing, meteorologiese inligting aan lugvaartuie in vlug verskaf deur deurlopende en geskeduleerde VOLMET-uitsendings op baie hoë frekwensies en op hoë frekwensie.

(2) Die inhoud van 'n deurlopende VOLMET-uitsending op baie hoë frekwensie sal huidige METVV en SPECI bevat, tesame met tendens voorspelling.

(3) Die inhoud van 'n geskeduleerde VOLMET-uitsending op hoë frekwensie sal huidige METVV en SPECI bevat, tesame met tendens voorspelling sowel as TAF en BEDMET.".

RAILWAY SAFETY REGULATOR
RAIL SAFETY ON THE RIGHT TRACK

1. INTRODUCTION/ BACKGROUND

Safety critical grades and functions are defined as "*functions and/or activities directly related to the authorization and control of rolling stock movements, and to the execution of the movement of rolling stock"* (SANS 3000-1: 2016 pp11). In the Railway Industry of South Africa, this includes, but is not limited to: train drivers, train control officers, yard officials and marshals or any other similar grades in a Railway Operator. Examples of direct supervision of persons undertaking these functions and activities would include section managers, yard superintendents/ supervisors, and train control coordinators who directly supervise train control officers.

By virtue of the role that they play in railway operations, the performance of safety critical persons is thus inextricably linked with the safety of railway operations. Given the safety-sensitive nature of the work that safety critical grades persons do, ensuring that they are fit to perform safety critical work is crucial. In this regard, fitness encompasses an array of requirements including technical and practical competence, in which training and development is an integral part.

The National Qualification Framework Act, no 67 of 2008, and the Skills Development Act no 97 of 1988 provides overall guidance on matters related to the management of training, accreditation of training institutions, skills development and overall competence of workers, including those in safety critical grades. Railway industry-specific requirements for training and certification of safety critical grades for the Railway Industry are stipulated in Clause 6 of SANS 3000-4:2011, Human Factors Management (HFM) Standard which provides for the management of persons undertaking safety related work. The requirements stipulated in this standard highlight that training should be accredited, and in compliance of the National qualification Framework.

The HFM standard further stipulates that the employee undergoing theoretical and practical training and must be assessed on theoretical knowledge and

This gazette is also available free online at **www.gpwonline.co.za**

practical skills. The HFM standard further stipulates that employees who undertake safety-related work shall be in possession of the following:

a) a valid certificate of competence,

b) a qualification, and

c) a valid license, where relevant.

In line with this requirement, valid certificates of competence are issued to safety critical persons by the QCTO-accredited training institutions/ Operators after completing and successfully meeting QCTO aligned qualifications and training. Additionally, accredited training institutions are listed in a QCTO or TETA databases. However, the issuing of licenses has not yet commenced by the Regulator. Consequently, the management of competence and licensing of safety critical grades is not standardised across the industry. Part of the reason for this can be traced back to a lack of a comprehensive industry framework for the accreditation of training service providers or the licensing of safety critical grades persons in the South African railway industry. To this end, the White paper on the National Rail Policy, and the Bill mandates the Regulator to develop a safety critical grades framework for licensing safety critical grades persons, and registering training institutions that provide safety critical grades training.

This document outlines the safety critical grades framework, which will form the foundation upon which the Safety Critical Grades Policy, Regulations, and Standards will be developed, and will serve as another tool that can assist the railway industry in managing risks linked to safety critical grades competencies across the life cycle phases of railway operators' safety management systems.

RAILWAY SAFETY REGULATOR
RAIL SAFETY ON THE RIGHT TRACK

2. FRAMEWORK PURPOSE

The purpose of the SCG Framework is to provide guidance on the governance structures and practical considerations that need to be in place to facilitate the practical implementation of the safety critical grades requirements set out in National Rail Policy, the Bill and the *Act*.

3. LEGAL BASIS

The legal basis for the development and implementation of the safety critical grades framework is the Railway Safety Bill (The *Bill*) and the National Railway Regulator Act (Act 16 of 2002 as amended), which provides for, amongst other regulatory requirements, railway safety permits; licensing of railway safety critical grades and safety management systems.

The Act empowers the Railway Safety Regulator (the Regulator) to monitor, promote, and enforce compliance with *The Act* to ensure safety in all aspects of railway operations, including the safe transportation of dangerous goods by rail (Section 7(1)(d) of The Bill). The National Rail Policy shares the strategic intent of improving rail safety through ensuring that safety critical grades are licensed. By making provision for the licensing of safety critical grades persons and accrediting/registering training institutions, *The Act* therefore supports and promotes compliance with the National Railway Policy as directed in Section 7(1)(c) of The Bill.

With regards to safety critical grades, *The Act* directs the Regulator to oversee a framework for ensuring competence of safety critical grades by:

- Developing guidelines for safe railway and railway operations
- Developing and monitoring the implementation of registration & licensing policies and processes for approval by Board.
- Granting safety critical grades licenses

This gazette is also available free online at **www.gpwonline.co.za**

- Collaborate with relevant institutions on the evaluation and licensing of the relevant safety critical grade positions
- Evaluating and registering appropriate training institutions in order to monitor the licensing of persons employed in safety critical grades
- Regulating and enforcing safety standards in the railway industry, including the registration of safety critical grades (SCG) training providers.
- Ensuring that the railway industry comply with the requirements of the relevant standards and regulations related to SCG licensing.

The Act further indicates that the Regulator must cooperate with its counterparts in the Southern African Development Community (SADC) region to promote the harmonisation of the safe railways or railway operations regulatory framework of the Republic with the objectives and requirements of the SADC (Section 7(1)(h) of The Bill, which would also include safety critical grades related matters.

4. FRAMEWORK SCOPE

The safety critical grades framework is applicable to safety critical grade persons and railway stakeholders who have a role to play in developing, educating, and managing safety critical grades in railway operations and safety management systems. This includes, but is not limited to the following:

- RSR
- Railway operators that employ SCG persons and have been issued a safety permit by the Regulator
- SCG training institutions and assessment centres registered with the RSR
- SCG Trainers (curriculum developers, facilitators, assessors, moderators)

RAIL SAFETY ON THE RIGHT TRACK

5. FRAMEWORK CONTENT AND REQUIREMENTS

The Bill mandates the Regulator to oversee the management and execution of the prescribed framework for safety critical grade positions. To execute the safety critical grades framework envisaged in *The Bill*, the Regulator must first develop the safety critical grades framework and provide guidance on the accreditation/ registration of training institutions that capacitate SCG persons and licensing of safety critical grades persons. This document therefore sets out the following:

- The governance structure for managing and overseeing SCG persons and related training institutions.
- The roles, responsibilities and high-level functions of the stakeholders involved in SCG related matters.
- The regulatory tools, including regulations, standards, and policies, that are required for managing SCG processes.
- An outline of the SCG related processes and procedures that need to be in place to effectively implement the SCG requirements envisaged in The Bill.

5.1 SCG Governance Structure, Roles and Responsibilities

The governance structure that is required to execute the safety critical grades framework is managed/ driven by the Regulator and supported by related organs of state, inter and intra-governmental stakeholders, and multiple railway partners including, but not limited to, railway operators, safety critical grade persons, training institutions and assessment centres. The key role players for the implementation of the safety critical grades framework are listed below and presented in Figure 1.

This gazette is also available free online at www.gpwonline.co.za

A. **National Department of Transport (NDOT**) is a custodian of railway transport industry and the Regulator. With regards to the safety critical grades framework, NDOT is responsible for ensuring that it supports the railway industry by providing enabling safety critical grades legislation that will improve safety in the industry and to empower the Regulator, railway operators, and safety critical grades persons to execute their mandate.

NDOT is also responsible for facilitating regional integration and harmonisation of safety critical grades qualifications and licensing requirements through the Southern African Developmental Community structures and processes.

B. **Southern African Development Community (SADC)** is the regional organisation representing the interests of various member states in the SADC region (including South Africa) and responsible also for developing and overseeing the implementation of the SADC Qualifications Framework and ensuring effective integration and harmonisation of qualifications across member states. This is especially important to facilitate Interoperability requirements within the region.

C. **The Railway Safety Regulator (RSR)** is the railway safety oversight and regulatory entity delegated by the NDOT to, among other functions, issue safety permits to railway operators, oversee safe railway operations which includes monitoring the implementation of the operator's safety management systems and the effective management of the safety critical grades framework. The Regulator is also responsible for registering safety critical grades training institutions and issuing of licenses to safety critical grades persons who meet the competency requirements.

The Regulator is furthermore responsible for establishing, maintaining, and managing an up-to-date database of safety critical grades registered

This gazette is also available free online at **www.gpwonline.co.za**

institutions and licensed persons. In addition to overseeing the management of the safety critical grades framework, the Regulator must also participate in curriculum development and ensure harmonisation with SADC in so far as safety critical grades curricula and qualifications are concerned.

D. **Railway Industry Bodies / Collaboration Entities (e.g. QCTO, TETA, Training Institutions etc.)** are organisation that are specialists in, or are involved in curriculum development, capacity building and competence maintenance of persons. The role of railway industry bodies and collaboration entities such as QCTO and TETA that are already involved in the development of safety critical grades curricula, or make input into this process, is to work with the Regulator to develop curricula for training, evaluation, and licensing of safety critical grades persons.

E. **Railway Associations** are industry bodies that may be recognised by the Regulator as key role-players in the railway industry – these could include Professional Bodies and Voluntry Associations. The Regulator may collaborate with any railway industry association in respect of any safety critical grades related functions that the Regulator is authorised to perform.

F. **The Transport Appeals Tribunal** is the final layer in the safety critical grades appeal management process that can be approached by appellants who have exhausted the Regulator appeal processes.

G. **Registered Safety Critical Grades Training Institutions** are training institutions that provide safety critical grades capacity building programs, and must be accredited by a recognised qualifications authority (e.g. QCTO). Accredited training institutions who meet the requirements set by the Regulator must apply to be registered by the RSR to provide training for SCG persons and issue applicable certificates to qualifying SCG applicants

This gazette is also available free online at www.gpwonline.co.za

to be considered for licensing by the RSR. Training institutions may also make input into the curriculum development and review processes.

H. **Railway Operators** are safety permit holders (issued by RSR) with a safety management system that have railway operations and employ SCG persons who must be licensed. Railway operators also ensure that SCG persons are licensed and maintain their competence while working within the safety management system, evidence of which must be provided to the RSR in the format prescribed by the RSR upon request.

I. **Safety Critical Grades Persons** are individuals who work in, or wish to work in safety critical functions in the railway industry. SCG persons are required to comply with all relevant legislation that governs safety critical grades and railway operations, and must have a license issued by the RSR to be permitted to perform their SCG functions.

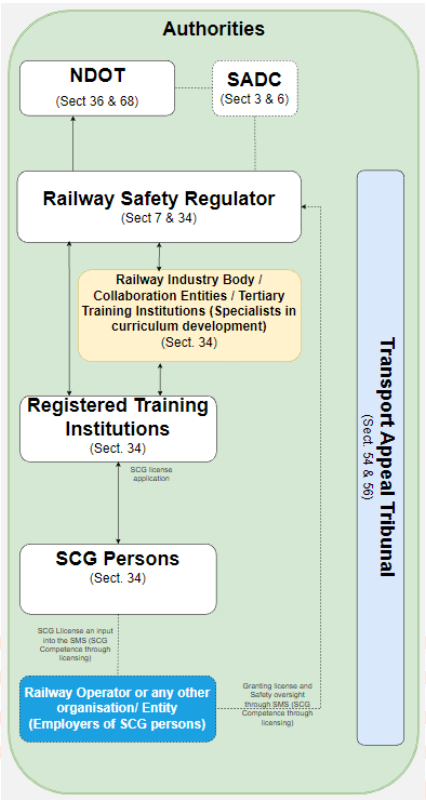

Figure 1: Overview of the safety critical grades framework key role players.

5.2 SCG Role-players Roles and Responsibilities

5.2.1 Role of the National Department of Transport

The National Department of Transport, through the Minister, empowers the Regulator to develop a framework for overseeing and managing safety critical grades. To realise the SCG provisions that are stipulated in *The Act*, the NDOT must:

- Enable and support the Regulator to implement the provisions of The Act by approving and gazetting the SCG framework and other relevant regulatory tools necessary for implementing the SCG framework.

This gazette is also available free online at www.gpwonline.co.za

- Liaise, coordinate and cooperate with relevant government departments and its SADC counterparts in SCG matters that may interface with the existing qualifications legislation and frameworks.
- Review the effectiveness of the Regulator in implementing the SCG requirements set out in *The Act*.

5.2.2 Role and Requirements of the Regulator

To effectively oversee and manage SCG persons in the railway industry, the Regulator must:

A. Develop the SCG framework and establish the governance structure to:
   a) Implement and monitor the SCG framework.
   b) Manage and oversee the SCG licensing functions in accordance with the SCG requirements that the Regulator has set.
   c) Propose and develop SCG regulations and standards.
   d) Collaborating with relevant institutions on the development of appropriate curricula for the training, evaluation and licensing of the relevant safety critical grade positions;
   e) Cooperate with international counterparts, particularly within the SADC to promote the harmonisation of the safe railways or railway operations regulatory framework of the Republic of South Africa with the objectives and requirements of the SADC.

B. Evaluate and register appropriate training institutions, as contemplated in section 35 of the Bill, in order to monitor the licensing of persons employed in safety critical grades;

C. Grant safety critical grade licenses as contemplated in section 34(2) of the Bill;

D. Establish, manage, and maintain a database on all matters relevant to the prescribed framework for safety critical grade positions, which includes:
   a) To establish, and keep updated, a database for documenting and reviewing SCG personnel that have been licensed and SCG training

This gazette is also available free online at www.gpwonline.co.za

institutions that have been registered through the processes and procedures set out through the SCG council/ department, and the SCG training institution registration and licensing bodies

b) To ensure alignment between SCG database and railway operator safety management system through the RSR safety oversight activities

E. Monitoring, evaluation & reporting

a) Monitor RSR internal and industry-wide SCG-related functions and enforce the implementation of SCG requirements as envisaged through *The Act*, the safety critical grades framework and other relevant legislation.

F. Manage appeals brought forward by SCG persons, SCG training institutions, SCG assessment centres, railway operators and related stakeholders. This must include, but is not limited to, the following:

a) To stablish an appeals process and procedure to manage SCG training institutions and persons whose applications are denied by the registration and licensing bodies;

b) To oversee appeals that occur within the delegated authority structures and functions;

c) To handle appeals that are escalated from the delegates authorities

d) Refer unresolved appeals to an external authority; and

e) Review and update the appeals processes and procedures to ensure that fairness and impartiality are maintained and to protect against potential conflicts of interest that may arise.

G. The Regulator must also monitor the implementation of the safety critical grades policy to ensure compliance with The Act and the safety critical grades framework.

5.2.3 Role of the Transport Appeals Tribunal

The Transport Appeals Tribunal is the final layer in the safety critical grades appeal management process that can be approached by appellants who have

This gazette is also available free online at www.gpwonline.co.za

exhausted the Regulator appeal processes, including the appeals to the CEO and the Board of the Regulator. The Regulator must ensure that the relevant documents and relationships are established and formalised to facilitate the appellant's ability to access the Transport Appeals Tribunal where required.

5.2.4 Role of the Recognised Railway Associations

Railway Associations are industry bodies or organisations that may be recognised by the Regulator (e.g. Professional Bodies and Voluntry Associations). The Regulator may collaborate with any railway industry association in respect of any safety critical grades related functions that the Regulator is authorised to perform.

5.2.5 Role and Requirements of Training Institutions and Assessment Centres

Training institutions are responsible for training SCG persons on qualifications, and technical and non-technical skills that are aligned to established unit standards and qualifications. Railway operators who provide training to SCG persons can thus also be regarded as training institutions and are thus required to meet the requirements set out in *The Act* and other related legislation. Training institutions and assessment centres must:

A. Register with the Regulator in order to become recognized as a registered training institution and/or SCG assessment centres.
B. Provide SCG training for persons who wish to be licensed and documented in the Regulator's SCG database.
C. Ensure that the SCG training that they provide is a recognised SCG qualification or unit standards in accordance with the NQF Act and based on eligibility criteria/ competence requirements as set out by the Regulator. Safety critical grades training programs should incorporate the following:
    a) Theoretical training
    b) Practical Training

This gazette is also available free online at www.gpwonline.co.za

c) Examinations and Assessments
d) Simulator Training (where applicable)
e) Safety and Emergency Procedures (where applicable)

D. Ensure that the assessment of SCG persons that have completed the training are assessed according to recognised SCG qualifications or unit standards in accordance with the NQF Act.
E. Continuously monitor and review the SCG training programs to ensure alignment with the requirements as set by the Regulator and in accordance with the NQF Act.
F. Ensure that their registration qualifying criteria are maintained during the period of registration.
G. Renew their registration with the Regulator for a period of no longer than 5 years (and as prescribed by the Regulator).

5.2.6 Railway Industry Body / Collaboration Entities / Tertiary Training Institutions

The RSR shall establish and formalise relationships with relevant parties that are involved in the development of SCG curricula. The RSR shall collaborate with relevant institutions in developing curricula for SCG persons including:

- Training;
- Evaluating (assessing);
- Licensing

5.2.7 Role and Requirements of Railway Operators (Employers of SCG persons)

Railway operators must comply with all relevant legislation for managing SCG personnel that are delegated SCG functions within the safety management system/ railway operations. Operators must ensure that safety critical grades persons that are delegated SCG functions/ tasks have the relevant training, certification and licensing issued by the Regulator, prior to assigning them SCG

This gazette is also available free online at www.gpwonline.co.za

functions/ tasks. Operators must further ensure that SCG persons maintain their competency and continue to meet the required standards over time and in line with their safety critical grades license conditions and job-specific competence requirements.

Railway operator safety critical grades competence maintenance programs must be tailored to each SCG job function and requirements and must incorporate the following:

a) Theoretical (Operator rules, standard operating procedures, applied technology, etc.)
b) Practical Training (e.g. rolling stock types, route knowledge)
c) Experiential learning (task observations)
d) Examinations and Assessments to confirm competence for local conditions
e) Simulator Training where necessary
f) Non-technical skills
g) Health and safety skills (e.g. HFMS, OSH Act, MHSA, etc.)
h) Fitness for duty (medical, psychological)
i) Safety and Emergency Procedures

Railway operators must provide evidence to the Regulator on how the SCG persons that have delegated responsibilities within their safety management system are competent and continuously meet the SCG requirements set out by the Regulator and standards per the NQF Act.

An operator who has been accredited and registered as a training institution may offer training services to its own employees, but those employees may not receive any benefits, privileges, or advantages that are not available to participants who are not employees of that training institution.

RAILWAY SAFETY REGULATOR
RAIL SAFETY ON THE RIGHT TRACK

5.2.8 Role and Requirements of SCG Professionals

Safety critical grades persons must ensure that they continuously meet the licensing requirements set out in The Act, the safety critical grades framework, and other railway and NQF legislation that is relevant to safety critical grades persons. This includes subjecting themselves to any safety critical grades assessments and monitoring that is relevant for licensing purposes.

Safety critical grades persons must ensure that they are licensed by the Regulator before performing any safety critical functions or tasks. Safety critical grades persons must further ensure that they maintain their safety critical grades competencies through training and development, continued education, and by meeting any license conditions prescribed by the Regulator and the railway operator that has delegated them to perform any safety critical grades functions or tasks.

6. REGULATIONS AND STANDARDS

The Minister may, by notice in the Gazette, make regulations to provide for the licensing of persons employed in safety critical grade positions, including provisions on:

a) railway safety standards to be met for obtaining safety critical grade licences.
b) the posts or job descriptions of persons who must be licensed.
c) the registration of training institutions.
d) criteria to be taken into account by the Regulator when considering applications for the registration of a training institution.
e) information to be supplied in respect of the database contemplated in section 34(1)(c) of The Act.

The Regulator or an operator may also propose railway safety critical grades standards for safe railway operations to the Minister.

The Minister may determine by notice in the Gazette, application fees that must be paid by safety critical training institutions that apply for registration as well as safety critical grades persons that apply for licensing. Applicable registration and license maintenance fees may also be determined by the Minister.

7. POLICY

The Board of the Regulator must develop a safety critical grades policy that provides for processes and procedures for managing SCG training institutions and SCG licensing including but not limited to safety critical grades (also presented graphically in Figure 3):

A. Applications
B. Appeals

This gazette is also available free online at www.gpwonline.co.za

C. Audits
D. Renewals
E. Surrender and suspension

The safety critical grades policy shall be binding to all stakeholders that are within the scope of the safety critical grades framework as stipulated in The Bill and Section 4 of the Safety critical grades Framework document. The contents of the Policy shall take into account all relevant factors, including

a. The nature and level of training required for individual safety critical grades.
b. Qualifications already recognised within the national qualification framework or similar systems applicable to individual safety critical grades.
c. The nature of assessment and evaluation.
d. The need for on-going training and re-training.
e. The availability of potential service providers in a specific geographical area to provide the required services.
f. The impact on the availability of human resources if requirements are excessive.
g. The financial implications for employees and employers.
h. The business processes required for a potential applicant to successfully and sustainably render all services required over the full period of registration.
i. Reporting requirements by a registered service provider
j. The circumstances under which a registration may be suspended or revoked.
k. The regulator's capacity and requirements to monitor and evaluate a registered service provider continuously and effectively.

This gazette is also available free online at www.gpwonline.co.za

The CEO of the Regulator must ensure that all strategic documents or policies are prepared and submitted for approval to the board.

The Regulator must publish the safety critical grades policy on its website.

The Regulator must monitor the implementation of the safety critical grades policy to ensure compliance with *The Act* and the safety critical grades framework. The Board of the Regulator must ensure that the safety critical grades framework policy is reviewed at least once every two (2) years.

8. RECORD KEEPING AND INFORMATION DISSEMINATION

The Regulator must establish, manage, and maintain a database on all matters relevant to the prescribed framework for safety critical grade positions and persons. The database must, as a minimum, include the following:

a) The names and identity numbers of persons who have been issued with a safety critical grade license by a registered training institution.
b) The type and period of validity of the safety critical grade license held by such persons.
c) The frequency of refresher courses or additional training to be undergone by holders of a safety critical grade license.
d) Any license conditions that must be met by the licensed safety critical grades persons to maintain their competencies.

The database must also include the details of the registered safety critical grades training institutions including, but not limited to, the following:

a) The company details of training institutions that have been registered by the Regulator.
b) The type of training programs that the training institution is accredited for and registered against.
c) The period of validity of the registration held by such safety critical grades training institutions.
d) Any conditions that must be met and maintained by the registered safety critical grades training institution.

9. FRAMEWORK COMMENCEMENT, REVIEW AND UPDATES

The Regulator must, consistent with section 34 of The Bill, by notice in the Gazette, publish the Framework together with its effective date, and the applicable implementation requirements including transitional arrangements where appliable. The Regulator must ensure that the safety critical grades framework is reviewed at least once every five (5) years.

10. FRAMEWORK DOCUMENT ISSUING

The safety critical grades Framework document issued in good faith by the Regulator and is valid, unless evidence to the contrary proves otherwise. The Regulator may, subject to the Promotion of Administrative Justice Act, 2000 (Act No. 3 of 2000), and the provisions of sections 32 and 33, rectify or withdraw this Framework document if it is issued incorrectly or without authority, but only if such rectification or withdrawal does not or is not likely to unduly prejudice any person or jeopardise the effective discharge of any of the Regulator's functions.

NON-GOVERNMENTAL ORGANIZATION

NOTICE 2605 OF 2024

NOTIFICATION REGARDING OPPORTUNITY TO PARTICIPATE IN THE ENVIRONMENTAL APPLICATION PROCESSES FOR THE PROPOSED HARMONY NOOITGEDACHT TAILINGS STORAGE FACILITY PROJECT AND ASSOCIATED PIPELINES, IN MATHJABENG LOCAL MUNICIPALITY, FREE STATE, SOUTH AFRICA.

Harmony Gold Mining Company Limited (hereafter referred to as the applicant) has appointed Environmental Impact Management Services (Pty) Ltd (EIMS) as the Environmental Assessment Practitioner (EAP) to undertake the necessary environmental authorisation and associated consultation processes. EIMS will compile and submit the required documentation in support of applications for:

- Integrated Environmental Authorisation (EA) and Waste Management License (WML) in accordance with the National Environmental Management Act – NEMA (Act 107 of 1998) as well as the National Environmental Management: Waste Act – NEMWA (Act 59 of 2008; and
- Water Use Licence (WUL) for various water uses in accordance with the National Water Act – NWA (Act 36 of 1998).

The exact activities to be applied for will be confirmed during the process. A full Scoping and Environmental Impact Assessment application process will be followed.

The applicant owns and operates a number of Gold Mines and plants in the Welkom region in the Free State and currently deposits tailings onto the Free State South 2 Tailings Storage Facility (TSF), St. Helena 4 TSF, St. Helena 123 TSF, Dam 23 TSF, Brand D TSF and Target 1&2 TSF. The current planned Life of Mine (LOM) of the Free State operations exceed the available deposition capacity of these TSFs and the applicant is therefore proposing to construct the proposed Nooitgedacht TSF to cater for this additional capacity. The TSF will cover an area of approximately 8.95 km^2. The proposed TSF will be located on Farm portions Mijannie 66 Ptn 0/RE, Goedgedacht 53 Ptn 0, Nooitgedacht 50 Ptn 0, Jacobsdal 37 Ptn 0 and Rheedersdam 31 Ptn 0.

In addition, three new pipelines are required to be constructed:

- Two 10km long slurry lines from Harmony One Plant to the St Helena Booster Pump Station;
- One 16km long slurry line from Brand A TSF to the St Helena Booster Pump Station; and
- One 17km slurry line from the St Helena Booster Pump Station to FSN 1 TSF.

The pipelines will be flanged steel pipelines of over 0,36m in diameter and installed above-ground on pre-cast concrete plinths and a 3.5m wide access road, adjacent to the pipelines, will be cleared/graded to provide access for construction, maintenance and inspections.

The proposed pipelines traverse the following farm portions: Vlakplaats 125 Ptn 3, 4 and 5; Mijannie RE/66 Ptn 0; Toronto RE/115 Ptn 7 and 0; Rietpan 17 Ptn 0; Rietkuil 28 Ptn 0; Rheeders Dam 31 Ptn 0; Farm 41 Ptn 20; Ouders Gift 48 Ptn 0; Nooitgedacht 50 Ptn 0; Goedgedacht 53 Ptn 0; Theronia 71 Ptn 1 and 7; Jacobsrust 118 Ptn 0; St Helena 42 Ptn 2 and 3, Farm 80 Ptn 0, Stuirmanship 92 Ptn 1, 7 and 0, Saaiplaas 690 Ptn 1, 11, 15 and 0; Klippan 14 Ptn 1, 2 and 15, Marmageli 20 Ptn 0 and 157 Ptn 0.

EIMS will be following the procedures defined in the Environmental Impact Assessment (EIA) Regulations (GRN982 of 2014, as amended) and in the Water Use Licence Application and Appeals Regulations, 2017 (GNR 267 of 24 March 2017) for undertaking a Scoping and Environmental Impact Assessment (EIA) and WULA process. In accordance with Chapter 6 of the EIA Regulations Section 41 of the NWA, a public participation process will be undertaken. You are hereby invited to register and comment on the proposed project and application/s. In order to ensure that you are identified and registered as an I&AP and that your comments are captured, please submit your name, contact details, the reason for your interest or any, in writing or telephonically, to EIMS within 30 days of the publication of this notice. Please note that only registered I&AP's will be informed of future project information and opportunities for participation.

By registering as an interested and affected party you consent to the collection and processing of your personal information as per the EIMS Privacy Notice available at www.eims.co.za/public-participation. In order to avoid missing out on opportunities for public participation please submit I&AP registrations, or any queries, comments, or concerns with regards to this application, as soon as possible to EIMS at:

NIE-REGERINGSORGANISASIE

KENNISGEWING 2605 VAN 2024

2605 Environmental Impact Management Services: Kennisgewing met betrekking tot geleentheid om aan die Omgewingsaansoekprosesse te neem vir die

ENVIRONMENTAL IMPACT MANAGEMENT SERVICES

KENNISGEWING MET BETREKKING TOT GELEENTHEID OM AAN DIE OMGEWINGSAANSOEKPROSESSE TE NEEM TE NEEM VIR DIE VOORGESTELDE HARMONY NOOITGEDACHT TAILINGS STORINGSFASILITEITSPROJEK EN GEASSOSIEERDE PYPLYNE, IN MATHJABENG PLAASLIKE MUNISIPALITEIT, VRYSTAAT, SUID-AFRIKA.

Harmony Gold Mining Company Limited (hierna na verwys as die aansoeker) het Environmental Impact Management Services (Edms) Bpk (EIMS) as die Omgewingsevaluerings praktisyn (EAP) aangestel om die nodige omgewingsmagtiging en gepaardgaande konsultasie prosesse te onderneem. EIMS sal die vereiste dokumentasie saamstel en indien ter ondersteuning van aansoeke vir:

- Geïntegreerde Omgewingsmagtiging (EA) en Afval bestuurslisensie (WML) in ooreenstemming met die Nasionale Omgewingsbestuurswet – NEMA (Wet 107 van 1998) asook die Nasionale Omgewingsbestuur: Afvalwet – NEMWA (Wet 59 van 2008); en
- Watergebruiklisensie (WUL) vir verskeie watergebruike in ooreenstemming met die Nasionale Waterwet – NWA (Wet 36 van 1998).

Die presiese aktiwiteite waarvoor aansoek gedoen moet word, sal tydens die proses bevestig word. 'n Volledige Omvang- en Omgewingsimpakstudie aansoekproses sal gevolg word.

Die applikant besit en bedryf 'n aantal Goudmyne en aanlegte in die Welkom-streek in die Vrystaat en deponeer tans uitskot op die Vrystaat Suid 2 Uitskot Stoorfasiliteit (TSF), St. Helena 4 TSF, St. Helena 123 TSF, Dam 23 TSF, Brand D TSF en Target 1&2 TSF. Die huidige beplande Life of Mine (LOM) van die Vrystaatse bedrywighede oorskry die beskikbare afsettingskapasiteit van hierdie TSF's en die aansoeker stel dus voor om die voorgestelde Nooitgedacht TSF te bou om vir hierdie bykomende kapasiteit voorsiening te maak. Die TSF sal 'n gebied van ongeveer 8,95 km^2 dek. Die voorgestelde TSF sal geleë wees op Plaasgedeeltes Mijannie 66 Ptn 0/RE, Goedgedacht 53 Ptn 0, Nooitgedacht 50 Ptn 0, Jacobsdal 37 Ptn 0 en Rheedersdam 31 Ptn 0.

Daarbenewens moet drie nuwe pypleidings gebou word:

- Twee 10 km lange uitskot pyplyne vanaf Harmony One Plant na die St Helena Booster Pompstasie;
- Een 16km lang uitskot pyplyn vanaf Brand A TSF na die St Helena Booster Pompstasie; en
- Een 17 km-uitskot pyplyn vanaf die St Helena Booster-pompstasie na FSN 1 TSF.

Die pypleidings sal staal pypleidings van meer as 0,36m in deursnee wees met flens en bogronds op voorgegote beton plinte geïnstalleer word en 'n 3,5m breë toegangspad, aangrensend aan die pypleidings, sal skoongemaak/gegradeer word om toegang te bied vir konstruksie, instandhouding en inspeksies.

Die voorgestelde pypleidings deurkruis die volgende plaasgedeeltes: Vlakplaats 125 Ptn 3, 4 en 5; Mijannie RE/66 Ptn 0; Toronto RE/115 Ptn 7 en 0; Rietpan 17 Ptn 0; Rietkuil 28 Ptn 0; Rheedersdam 31 Ptn 0; Plaas 41 Ptn 20; Ouders Gift 48 Ptn 0; Nooitgedacht 50 Ptn 0; Goedgedacht 53 Ptn 0; Theronia 71 Ptn 1 en 7; Jacobsrust 118 Ptn 0; St Helena 42 Ptn 2 en 3, Plaas 80 Ptn 0, Stuirmanship 92 Ptn 1, 7 en 0, Saaiplaas 690 Ptn 1, 11, 15 en 0; Klippan 14 Ptn 1, 2 en 15, Marmageli 20 Ptn 0 en 157 Ptn 0.

EIMS sal die prosedures volg soos omskryf in die Omgewingsimpakbepaling (OIB) Regulasies (GRN982 van 2014, soos gewysig) en in die Watergebruiklisensie Aansoek (WULA) en Appèlregulasies, 2017 (GNR 267 van 24 Maart 2017) vir die onderneem van Omvang- en Omgewingsimpakstudie en WULA proses. In ooreenstemming met Hoofstuk 6 van die OIB-regulasies en Artikel 41 van die NWA, sal 'n openbare deelnameproses onderneem word. U word hiermee uitgenooi om te registreer en kommentaar te lewer op die voorgestelde projek en aansoek/s. Om te verseker dat jy geïdentifiseer en geregistreer word as 'n B&GP en dat jou kommentaar vasgelê word, dien asseblief jou naam, kontakbesonderhede, die rede vir jou belangstelling of enige kommentaar, skriftelik of telefonies, by EIMS binne 30 dae vanaf die publikasie van hierdie kennisgewing. Neem asseblief kennis dat slegs geregistreerde B&GPe ingelig sal word oor toekomstige projekinligting en geleenthede vir deelname.

Deur as 'n B&GP te registreer, stem jy in tot die versameling en verwerking van jou persoonlike inligting soos per die EIMS Privaatheidskennisgewing beskikbaar by www.eims.co.za/public-participation . Om te verhoed dat geleenthede vir publieke deelname misgeloop word, dien asseblief B&GP-registrasies, of enige navrae, kommentaar of bekommernisse met betrekking tot hierdie aansoek, so gou moontlik in by EIMS by:

BOARD NOTICE 637 OF 2024

NATIONAL HOME BUILDERS REGISTRATION COUNCIL

THE WITHDRAWAL OF REGISTRATION OF A HOME BUILDER IN TERMS OF THE HOUSING CONSUMERS PROTECTION MEASURES ACT 1998 (ACT NO. 95 OF 1998)

In terms of Section 11(1) of the Housing Consumers Protection Measures Act No. 95 of 1998 ("the Act"), the National Home Builders Registration Council ("NHBRC") may withdraw the registration of a home builder where the home builder has been found guilty by the Disciplinary Committee.

Further, in terms of Regulation 6(6) of the Regulations Regarding NHBRC Disciplinary Proceedings No. 1409, the NHBRC must publish the name of a home builder whose registration has been withdrawn by the Disciplinary Committee in terms of section 11(1) of the Act, the names and identity numbers of the directors, members, trustees, or partners and the reasons for the withdrawal of registration. In light of the Protection of Personal Information Act No. 4 of 2013 (“POPI Act”), the names and identity numbers of the directors, members, trustees, or partners of the home builders have been withheld to protect the personal information of the said persons.

Therefore, the NHBRC hereby publish the particulars of home builders whose registration have been withdrawn by the Disciplinary Committee as stated in the Schedule hereto.
