REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

DEPARTMENT OF TRADE, INDUSTRY AND COMPETITION

NOTICE 2658 OF 2024

INTERNATIONAL TRADE ADMINISTRATION COMMISSION

NOTICE OF INITIATION OF AN INVESTIGATION INTO THE ALLEGED DUMPING OF OTHER SCREWS FULLY THREADED WITH HEXAGON HEADS AND OTHER BOLTS WITH HEXAGON HEADS, EXCLUDING BOLT ENDS, SCREW STUDS, AND SCREW STUDDING CLASSIFIABLE UNDER TARIFF SUBHEADINGS 7318.15.39 AND 7318.15.43 ORIGINATING IN OR IMPORTED FROM THE PEOPLE'S REPUBLIC OF CHINA

The International Trade Administration Commission of South Africa ("the Commission") accepted an application alleging that other Screws fully threaded with hexagon heads and other Bolts with hexagon heads excluding bolt ends, screw studs and screw studding originating in or imported from the People's Republic of China ("PRC") are being dumped into the Southern African Customs Union ("SACU") market and are thereby threatening to cause material injury to the SACU industry concerned.

THE APPLICANT

The application was lodged by the South African Fastener Manufacturers' Association **("**SAFMA") ("the Applicant"), an industry body or trade association of the SACU industry. The SAFMA members CBC Fasteners (Pty) Ltd ("CBC"), Transvaal Pressed Nuts, Bolts and Rivets (Pty) Ltd ("TPN"), Impala Bolt and Nut (Pty) Ltd (Impala) and Tel-Screw Products (Pty) Ltd ("Tel-Screw") together constitute 100% of the domestic production of the subject products in SACU. CBC and Impala provided injury information in this regard, constituting a major proportion of the total SACU production.

The Applicant submitted sufficient evidence and established a *prima facie* case to enable the Commission to arrive at a reasonable conclusion that an investigation should be initiated on the basis of dumping, threat of material injury, and causality.

THE PRODUCT

The product allegedly being dumped is other Screws, fully threaded with hexagon heads and other Bolts with hexagon heads (excluding Bolt ends, Screw studs and Screw studding) classifiable under tariff subheadings 7318.15.39 and 7318.15.43 originating in or imported from the PRC.

THE ALLEGATION OF DUMPING

The dumping allegation is based on comparing the normal values and the export prices from the PRC. The normal values were determined based on export prices to an appropriate third country. The Applicant provided exports from the PRC to the United States of America ("USA"). The export prices were based on official import statistics from the South African Revenue Service ("SARS").

On this basis, the Commission found that there was *prima facie* proof of dumping of the subject products originating in or imported from the PRC.

THE ALLEGATION OF INJURY

The Applicant submitted *prima facie* evidence that imports of the subject products originating in or imported from the PRC have increased significantly in absolute terms and in terms of market share indicating the likelihood of substantially increased imports. Additionally, the Applicant alleges that imports from the PRC are entering the SACU market at prices that will have depressing and suppressing effects on SACU prices and are likely to increase demand for further imports.

Furthermore, the Applicant provided information showing that the setting up of factories, implementation of technological advancements, and global exports from China suggest that exporters in China have an imminent and substantial increase in disposable capacity. The Applicant also alleged that imports from the PRC are likely to increase due to the imminent expiry of the safeguard duties on the subject products in August and December 2024.

This gazette is also available free online at **www.gpwonline.co.za**

Additionally, the Applicant alleged imports will increase due to trade defence mechanisms enacted on imports of fasteners in the European Union (EU), Canada, and the USA. This then can lead to a redirection of PRC exports from these markets to the SACU market.

The Applicant alleges that the change in circumstances outlined above is clearly foreseeable and imminent and would create a situation in which the dumping of the subject products from the PRC would cause material injury to the SACU industry.

On this basis the Commission found that there was *prima facie* proof of a threat of material injury.

CAUSAL LINK

On this basis, the Commission found that there was prima *facie proof* of an imminent threat of material injury to the SACU industry, and that there is a causal link between the alleged dumped imports and the threat of material injury to the SACU industry.

PERIOD OF INVESTIGATION

The period of investigation for purpose of determining the dumping margin is from 01 February 2023 to 31 January 2024. The period of investigation for purposes of determining material injury is from 01 February 2021 to 31 January 2024.

LEGAL PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of an anti-dumping investigation, the Commission has begun an investigation in terms of section 16 of the International Trade Administration Act, 2002 (the ITA Act). The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act and the Anti-Dumping Regulations of the International Trade Administration Commission (ADR). Both the ITA Act and the ADR are available on the Commission's website (www.itac.org.za) or from the Trade Remedies section, on request.

This gazette is also available free online at **www.gpwonline.co.za**

PROCEDURES AND TIME FRAMES

In order to obtain the information, it deems necessary for its investigation, the Commission will send non-confidential versions of the application and questionnaires to all known importers and exporters and known representative associations. The trade representatives of the exporting country have also been notified. Importers and other interested parties are invited to contact the Commission as soon as possible in order to determine whether they have been listed and were furnished with the relevant documentation. If not, they should immediately ensure that they are sent the necessary documents. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

The Senior Manager: Trade Remedies II, should receive all responses, including non - confidential copies of the responses, not later than 30 days from the date hereof, or from the date on which the letter accompanying the abovementioned questionnaire was received.

Late submissions will not be accepted except with the prior written consent of the Commission. The Commission will give due consideration to written requests for an extension of not more than 14 days on good cause shown (properly motivated and substantiated), if received prior to the expiry of the original 30-days period. Merely citing insufficient time is not an acceptable reason for extension. Please note that the Commission will not consider requests for extension by the Embassy on behalf of exporters.

The information submitted by any party may need to be verified by the Investigating officers in order for the Commission to take such information into consideration. The Commission may verify the information at the premises of the party submitting the information, within a short period after the submission of the information to the Commission. Parties should therefore ensure that the information submitted would subsequently be available for verification.

This gazette is also available free online at **www.gpwonline.co.za**

It is planned to do the verification of the information submitted by the exporters within three to five weeks subsequent to submission of the information. This period will only be extended if it is not feasible for the Commission to do it within this time period or upon good cause shown, and with the prior written consent of the Commission, which should be requested at the time of the submission. It should be noted that unavailability of, or inconvenience to consultants will not be considered to be good cause.

Parties should also ensure when they engage consultants that they will be available at the requisite times, to ensure compliance with the above time frames. Parties should also ensure that all the information requested in the applicable questionnaire is provided in the specified detail and format. The questionnaires are designed to ensure that the Commission is provided with all the information required to make a determination in accordance with the rules of the Anti-Dumping Agreement. The Commission may therefore refuse to verify information that is incomplete or does not comply with the format in the questionnaire, unless the Commission has agreed in writing to a deviation from the required format. Failure to submit an adequate non-confidential version of the response that complies with the rules set out under the heading ***Confidential Information*** and in the questionnaire will be regarded as an incomplete submission.

Parties who experience difficulty in furnishing the information required, or submitting in the format required, are therefore urged to make written applications to the Commission at an early stage for permission to deviate from the questionnaire or provide the information in an alternative format that can satisfy the Commission's requirements. The Commission will give due consideration to such a request on good cause shown.

Any interested party may request an oral hearing at any stage of the investigation in accordance with Section 5 of the ADR, provided that the party indicates reasons for not relying on written submissions only. The Commission may refuse an oral hearing if granting such hearing will unduly delay the finalisation of a determination.

This gazette is also available free online at **www.gpwonline.co.za**

Parties requesting an oral hearing shall provide the Commission with a detailed agenda for, and a detailed version, including a non-confidential version, of the information to be discussed at the oral hearing at the time of the request.

If the required information and arguments are not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Commission may disregard the information submitted and make a finding on the basis of the facts available to it.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version, the following rules are strictly applicable, and parties must indicate:

- where confidential information has been omitted and the nature of such information;
- reasons for such confidentiality;
- a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file, and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted

This gazette is also available free online at **www.gpwonline.co.za**

to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

Section 2.3 of the ADR provides as follows:

BOARD NOTICE 642 OF 2024

ROAD ACCIDENT FUND

ADJUSTMENT OF STATUTORY LIMIT IN RESPECT OF CLAIMS FOR LOSS OF INCOME AND LOSS OF SUPPORT

The Road Accident Fund hereby, in accordance with section 17(4A)(a) of the Road Accident Fund Act, No. 56 of 1996, adjusts and makes known that the amounts referred to in subsection 17(4)(c) are hereby adjusted to **R365 814.00**, with effect from **31 July 2024**, to counter the effects of CPI inflation.

Note: The CPI index based on the new "basket and weights" was used to calculate this adjustment, **effective from 31 July 2024** (with base year December 2021 = 100). The CPI index for May 2008 was 50.43 due to the December 2021 rebasing. The CPI index for May 2024 was 115.3. This adjustment was calculated by multiplying the R 160 000 limit by 115.3/50.43.

RAADSKENNISGEWING 642 VAN 2023

PADONGELUKFONDS

AANPASSING VAN STATUTÊRE LIMIET TEN OPSIGTE VAN EISE VIR VERLIES AAN INKOMSTE EN ONDERHOUD

Die Padongelukfonds maak ooreenkomstig artikel 17(4A)(a) van die Padongelukfondswet, No. 56 van 1996 bekend dat, met effek vanaf **31 Julie 2024**, die bedrae waarna verwys word in subartikel 17(4)(c) aangepas word tot **R365 814.00**, ten einde die uitwerking van VPI inflasie teen te werk.

Neem kennis: Die VPI indeks gebasseer op die nuwe "mandjie en gewigte" is gebruik om hierdie aanpassing, **effektief vanaf 31 Julie 2024**, te bereken (met basisjaar Desember 2021 = 100). Die heraangepaste VPI indeks vir Mei 2008 is 50.43 as gevolg van die Desember 2021 aanpassing. Die VPI indeks vir Mei 2024 was 115.3. Hierdie aanpassing was bereken deur die R 160 000 limiet te vermenigvuldig met 115.3/50.43.
