HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

COMPETITION COMMISSION

NOTICE IN TERMS OF SECTION 10(7) OF THE COMPETITION ACT 89 OF 1998 (AS AMENDED): SOUTH AFRICAN PETROLEUM INDUSTRY ASSOCIATION GRANTED CONDITIONAL EXEMPTION

On 28 October 2019, the South African Petroleum Industry Association ("SAPIA") and its members applied to the Competition Commission of South Africa ("Commission") in terms of section 10(1)(b) of the Competition Act 89 of 1998, as amended ("the Act") to be exempted from certain provisions of section 4 of the Act ("2020 Exemption Application").[1]

Notice is hereby given in terms of section 10(7) of the Act that the Commission has granted SAPIA a conditional exemption in respect of its 2020 Exemption Application for a period of twenty-three (23) months from 01 August 2024 up to and including 30 June 2026, which is expiry date is in line with the designation status granted by the Minister of Trade, Industry and Competition granted to the South African petroleum industry.[2]

The exemption granted by the Commission covers a wide range of agreements and practices which, according to SAPIA, are required to ensure the continuity and stability of liquid fuels supply to various sectors and geographic locations of the South African economy. In particular, the exemption covers agreements and practices in the petroleum and refinery industry which are considered by the Commission to be in contravention of sections 4(1)(a) and (b) of the Act. SAPIA based its application on the premise that the aforesaid agreements and practices are required to obtain the objective set out under section 10(3)(b)(iv) of the Act.

The exemption is granted on the terms and conditions out in the Annexure attached hereto.
SAPIA or any other person with substantial financial interest affected by this decision may appeal it to the Competition Tribunal in the prescribed manner in terms of section 10(8) of the Act.

Further queries should be directed to Mr. Marlon Dasarath at MarlonD@compcom.co.za.

Preamble

The conditions below only apply for the purpose and duration of the exemption application. The exemption application relates to the cooperation agreements and/or practices between SAPIA and its members at the following stages of the liquid fuels supply chain: **inbound logistics; primary distribution; terminal and depot operation and the specific shared services such as the airport fuelling services and the port joint bunkering services**.

Whereas the scope of the Exemption also covers interactions between firms in the Petroleum Industry which are aimed at monitoring, preventing and mitigating Liquid Fuel supply emergencies, as well as participation in meetings requested by the DMRE in respect of government policy initiatives relating to security of Strategic Stocks, Biofuels and Cleaner Fuels, this exemption does not extend to the wholesale, commercial and retail trade of the supply chain.

1. This conditional exemption is granted and aligned with the period for which the Minister of the Department of Trade, Industry and Competition has granted designation status to the South African petroleum industry i.e. until 30 June 2026.

2. The exemption is granted on the basis of the facts and the existing agreements and practices described in the application. Should the facts and existing agreements and practices change materially, including any change caused by the proposed addition of a new participant to an exempt agreement or practice or the conclusion of a new agreement, the Commission should be notified of such change. Any new agreement which affects the agreements and practices described in the exemption application, or any amendment or addendum to agreements contained in the application shall not be of force or effect until approved by the Commission.

3. For the avoidance of doubt, the Commission grants exemption to SAPIA, subject to the conditions contained in this document, only for –

    (i) SAPIA participation and involvement in regular bi-monthly meetings of the Heads of Supply ("**HOS**") Committee, which is chaired and controlled by the DMRE. It is understood that the HOS forum aims is to monitor developments in the national liquid fuels supply position to anticipate and prevent potential disruptions and emergencies. The issues typically covered

by an HOS meeting include –

a. Sharing and updating the refinery shutdown schedule;
b. Sharing information regarding any unexpected events at individual refineries that could develop into threats to supply security;
c. General feedback from Transnet on the status of pipeline, rail and port infrastructure, highlighting any potential issues that could threaten supply;
d. Specific feedback from Transnet on the status of liquid fuel transport infrastructure at ORTIA, and
e. Feedback from Transnet on any on-going infrastructure developments that may have an impact on security of supply.

(ii) SAPIA participation and involvement in the meetings of the Logistics Planning Team (**"LPT**") Committee, which is chaired by the DMRE where it plays a coordinating and controlling role to address specific issues that threaten or disrupt supply or have already caused a supply problem and require remedial action. That is, when a serious threat to security of supply arises, urgent meetings of the LPT are convened by DMRE, which can occur on ***a daily basis***. It is understood that may be requested by the DMRE include –

a. Current and forecasted demand;
b. Product sourcing plans (import and production plans);
c. Transportation capabilities and performance;
d. Stock holdings at key points;
e. Planned and unplanned refinery shutdowns;
f. Logistics constraints, and
g. Other operational issues.

(iii) SAPIA engagements and involvement in its Security of Supply Committee ("**SOC**") meetings on the basis that the SOC meetings are conducted on the same principles as the HOS forum, with the same objectives and same level of transparency and competition law compliance observed in the HOS i.e. with no information about prices, customers or competitive strategy being disclosed;

(iv) SAPIA attendance and participation in meetings requested and chaired by the DMRE only

for the purposes of developing and implementing government policies in respect of Biofuels, Cleaner Fuels and Strategic Stocks; and

(v) SAPIA interactions relating to **"Day-to-day Activities"** previously exempted by the Commission around the operation of -

a. Co-loading and co-freighting;
b. The Single Buoy Mooring facility located south of Durban;
c. Southern Tank Farm located in Durban;
d. Durban Port Operations;
e. Cape Town Port Operations;
f. Mossel Bay Port Operations;
g. East London Port Operations;
h. PE Port Operations;
i. Coastal shipping;
j. Pipelines;
k. Depots;
l. OR Tambo International Airport;
m. Cape Town International Airport; and
n. Joint bunkering services.

4. SAPIA and its members and any other approved participants in exemption agreements and practices may not share competitively sensitive information, except for the purposes described in the exemption application.

5. If:

5.1. a party to an agreement or practice at any stage of the liquid fuels supply chain also acts as an operator of the infrastructure or coordinates the joint use of a facility to which that agreement or practice relates; and

5.2. it is necessary for that operating party to be provided with disaggregated volume information of other participants, or any other information which may lead to a substantial lessening or prevention of competition;

5.3. then the operating party must not share that information with the other participants, unless sharing the information is necessary to ensure security, stability and continuity of liquid fuels supply, or is necessary for strictly operational purposes.

5.4. The employees of any operating party who receive such information shall ensure that the information is held, maintained and used separately, confidentially and on a need to know basis only.

6. SAPIA and its members may not share information relating to setting of margins, imposition of levies and / or approval of tariffs, unless required to do so by the DMRE, Port Regulator or National Energy Regulator of South Africa.

7. SAPIA and its members and any other approved participants are required to comply in all material respects with all statutes, regulations and policies which have the force of law, and which directly relate to competition in the petroleum refining and marketing industry in South Africa. These industry regulations include but are not limited to: the Petroleum Products Amendment Act (58 of 2005), the Petroleum Pipelines Act (60 of 2003), the National Ports Act (12 of 2005), and Regulations in terms of the Petroleum Pipelines Act and the National Ports Regulations.

8. It is specifically recorded that the exemption granted by the Commission does not preclude any firm from participating in any exempt activities, and applies equitably to all industry players to ensure security of supply of liquid fuels in South Africa. Participation in the industry by small, medium and micro enterprises and firms owned or controlled by historically disadvantaged persons shall not be inhibited by the exempt conduct.

9. SAPIA must continue to open up its membership to accommodate both existing and potential marketers in the petroleum and refinery market on fair, reasonable and transparent grounds.

10. SAPIA shall keep agendas and minutes of all meetings held in respect of conduct exempted by the Commission which, for the avoidance of doubt, includes the HOS, LPT and SOC discussions and meetings that were requested, convened, initiated, chaired etc. by the DMRE and held in respect of proposed government's Cleaner Fuels, Strategic Stocks and Biofuels policies.

11. SAPIA shall submit reports on a six (06) monthly basis to the Commission from the granting of this Exemption, confirming and explaining compliance with these Conditions.

11.1. Each report shall be submitted to the Commission by no later than a calendar month after the six (06) month anniversary of the granting of this Exemption and shall relate to compliance with each aspect of these condition for the preceding six (06) month period.

11.2. For the sake of clarity, the first report will be due on 28 February 2025, and shall cover the period from 01 August 2024 up to and including 31 January 2025. The second report will be due on 31 August 2025, and will cover the period 01 February 2025 to 31 July 2025.

12. The reports contemplated within this clause shall include in particular (but not limited to) -

12.1. description of the nature, purpose, use and frequency of the Commercially Sensitive Information that was exchanged between the Applicants during the period that the report relates;

12.2. a description of the nature, purpose, use and frequency of the Commercially Sensitive Information that was exchanged between the Applicants and the appointed independent third party(s) during the period that the report relates;

12.3. A description of any emergencies that occurred during the period that the report relates that triggered the need for special or extraordinary HOS and LPT meetings to be convened. This description shall include the type of information that was exchanged, and what actions were taken, to mitigate those emergencies, if any; and

12.4. all agendas and minutes described in clause 10 above which are relevant to meetings that took place during the period that the report relates.

NO. 5161 **30 August 2024**

NOTICE IN TERMS OF SECTION 10 OF THE COMPETITION ACT NO 89 OF 1998 (AS AMENDED)

THE COMPETTION COMMISSION OF SOUTH AFRICA

APPLICATION FOR AN EXEMPTION BY THE SOUTH AFRICAN SOCIETY OF PHYSIOTHERAPY- 2024JUL0037

1. Notice is hereby given in terms of section 10(6)(a) of the Competition Act, No. 89 of 1998, as amended ("the Competition Act") that the South African Society of Physiotherapy ("SASP") has on behalf of all its members, applied to the Competition Commission ("the Commission") in terms of section 10(1) of the Competition Act, for exemption from certain provisions of Chapter 2 of the Competition Act in order to engage in conduct that would be in contravention of the Competition Act. The exemption requested is for a period of five (5) years.

2. The SASP is a voluntary professional membership association registered as a non-profit organisation under the Nonprofit Organisations Act of 1997 and a public benefit organisation under the Income Tax Act of 1962. It is the representative body of physiotherapist members, registered and regulated by the Health Professions Council of South Africa ("**HPCSA**") and exclusively constituted by physiotherapists.

3. The SASP applied to the Commission for its members to collectively engage with medical schemes, medical scheme administrators, state and private hospitals, suppliers and other service providers in:

    3.1. coding arrangements;
    3.2. collusion on setting price/tariffs in the form of RVUs;
    3.3. global-fee negotiations; and
    3.4. engaging in centralised procurement; a process where the SASP, on behalf of its members, negotiates and purchases goods and services in bulk, potentially leading to cost savings and improved efficiency.

4. The SASP submits that its application is a response by independent physiotherapists under the SASP grouping to not only collectively ensure that access to healthcare is practically realised, but also to protect the interests of physiotherapists which exercise absolutely no bargaining power in determining both price and non-price factors in their practices.

5. The SAPS further submits that physiotherapists are predominantly price-takers in their dealings with medical schemes and medical scheme administrators which actually control the manner and method of reimbursement for professional services rendered.

6. The exemption application is two-pronged. First, the application is bought in terms of section 10(3)(b)(ii) of the Competition Act. Secondly, and in the alternative, the exemption application is brought on grounds under section 10(3)(b)(v) of the Competition Act. The Commission is urged to exempt from Chapter 2 of the Competition Act the 'agreement(s)' or 'practice(s)' contemplated in the exemption application, which the SASP believes and anticipates will contribute to the:

    6.1. promotion of the effective entry, participation or expansion of small and medium businesses, or firms controlled or owned by historically disadvantaged persons in the private healthcare services market; and

    6.2. objectives of competitiveness and efficiency gains that promote employment or industrial expansion.

7. The SASP members are competitors or potential competitors in the market for provision of physiotherapy services. Accordingly, the conduct(s) set out in the exemption application may constitute a prohibited practice and contravention of section 4(1)(b)(i) of the Competition Act, which is a per se contravention of the Competition Act and, therefore, with no defence on efficiency, technological or pro-competitive grounds.

8. Notice is hereby given in terms of section 10(6)(b) of the Competition Act to allow interested parties twenty (20) business days from the date of the publication of this notice, to make written representations to the Commission as to why the exemption should, or should not, be granted.
