REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

PARLIAMENT OF THE REPUBLIC OF SOUTH AFRICA

NO. 5529 **8 November 2024**

MR GEORGE MICHALAKIS, MP

NOTICE OF INTENTION TO INTRODUCE A PRIVATE MEMBER'S BILL AND INVITATION FOR COMMENT, 2024

Mr George Michalakis, MP, acting in accordance with section 73(2) of the Constitution of the Republic of South Africa, 1996 ("the Constitution"), intends to introduce the Constitution Nineteenth Amendment Bill, 2024 ("the draft Bill"), in Parliament. An explanatory summary of the Bill is hereby published in accordance with section 74(5) of the Constitution, read with Rule 295(1) and (2) of the Rules of the National Assembly (9th Edition).

South Africa is currently in a transitionary phase where no one party any longer holds majorities in a number of metros or councils across the country. With the 2026 local government elections around the corner, coalition governments will be the "new norm". Parties and independent candidates will have to come together and form workable coalitions for the good of South Africa.

However, what we have witnessed at municipal level are continuous political attacks on coalition governments from opposition parties who politick smaller parties to cross the floor in exchange for valuable member of executive council positions should the incumbent government be successfully removed by way of a motion of no confidence. What we see in practice is motions of no confidence being used as a political tool, rather than for the mechanism it was originally intended, being a process to remove a speaker or mayor from office due to them not fulfilling their duties adequately. In fact, these motions are brought on spurious grounds only because the opposition coalition has 50% +1 of the votes to pass the motion. The result is that these motions make cities or municipalities ungovernable as a new executive is installed every other month, not allowing the incumbent government enough time to actually make a difference.

There can be no question that this practice will work its way up to both provincial and national governments when the time comes, which will have a disastrous impact on the stability of the country at-large. What needs to change is simple – there needs to be a limitation on the number of motions of no confidence that are allowed to be brought either at national or provincial spheres in a certain time frame. This will, at the very least, give the respective government an uninterrupted period in which to perform or steady the country.

The draft Bill therefore intends to limit the number of motions of no confidence to be brought against a president or premier to only one motion per every 12 month-period from the date of the last motion. However, as a safety mechanism, the draft Bill will propose that additional motions of no confidence may be brought in exceptional circumstances such as a violation of the Constitution or law, misconduct or the inability to perform the functions of office. The purpose of this provision is to safeguard against instances where a motion of no confidence is brought against the president or premier on frivolous political grounds but then shortly thereafter, there is a real and valid ground for their removal.

Interested parties and institutions are invited to submit written representations on the proposed content of the draft Bill to the Speaker of the National Assembly within 30 days of the publication of this notice. Representations can be delivered to the Speaker, New Assembly Building, Parliament Street, Cape Town; mailed to the Speaker, PO Box 15, Cape Town, 8000; or emailed to speaker@parliament.gov.za and copied to legislation@da.org.za

MEMORANDUM ON THE OBJECTS OF THE LOCAL GOVERNMENT: MUNICIPAL STRUCTURES AMENDMENT BILL, 2024

1. INTRODUCTION

1.1 South Africa is currently in a transitionary phase where the ruling party no longer holds majorities in a number of metros or councils across South Africa. With the 2026 local government elections around the corner, coalition governments will now be the "new norm". Parties and Independent Candidates will have to come together and form workable coalitions for the good of South Africa.

1.2 However, what we have witnessed at municipal level are continuous political attacks on coalition governments from opposition parties who politick smaller parties to cross the floor in exchange for valuable Mayoral Committee positions should the current government be successfully removed by way of a motion of no confidence. What we see in practice is motions of no confidence being used as a political tool, rather than for the mechanism it was originally intended, being a process to remove a speaker or mayor from office due to them not fulfilling their duties adequately. In fact, these motions are brought on spurious grounds only because the opposition coalition has 50% +1 of the votes to pass the motion. The result is that these motions make cities or municipalities ungovernable as a new Executive is installed every other month, not allowing the incumbent government enough time to actually make a difference.

1.3 There can be no question that this practice will continue which has, and will continue to have, a disastrous impact on the stability and running of a municipality. What needs to change is simple – there needs to be a limitation on the number of motions of no confidence that are allowed to be brought in a certain time frame. This will, at the very least, give the relevant government an uninterrupted period in which to perform or steady the province.

1.4 Local Government: Municipal Structures Amendment Bill, 2024 ("the Bill") therefore intends to limit the number of motions of no confidence in executive mayors, deputy executive mayors, speakers and whips, as the case may be, to only one motion per 12 month period from the date of the last motion. However, as a safety mechanism, the draft Bill will propose that additional motions of no confidence may be brought in exceptional circumstances where the grounds for removal are as a result of a violation of the Constitution

or the law; misconduct or the inability to perform the functions of office.

1.5 The purpose of this provision is to safeguard against instances where a motion of no confidence is brought on frivolous political grounds but then shortly thereafter, there is a real and valid ground for such removal.

2. OBJECTS OF THE BILL

2.1 The purpose of the Bill is to amend the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998) ("the Act"), so as to limit the frequency in which motions to remove a speaker, whip, executive mayor or deputy executive mayor, from office may be tabled, but to also provide for circumstances in which the tabling of a motion for the removal of a speaker, whip, executive mayor or deputy executive mayor, from office will not be limited. The Bill further provides for the speaker to appoint an independent panel to determine the validity of a motion to remove a speaker, whip, executive mayor or deputy executive mayor, from office and to provide for matters connected therewith.

3. CONTENTS OF THE BILL

3.1 Clause 1 amends the Act by amending section 40 to provide that a motion tabled for the removal of a speaker may only be brought once per every 12-month period. Clause 1 also provides that notwithstanding this limitation, a motion for the removal of a speaker may be brought at any time where particular grounds have been met. Upon tabling of such a motion, the speaker must refer the motion to an independent panel to establish the validity of said motion.

3.2 Clause 2 amends the Act by amending section 41E to provide that a motion tabled for the removal of a whip may only be brought once per every 12 month period. Clause 2 also provides that notwithstanding subclause (1), a motion for the removal of a whip may be brought at any time where grounds have been met. Upon tabling of such motion, the speaker must refer the motion to an independent panel to establish the validity of said motion.

3.3 Clause 3 amends the Act by amending section 58 to provide that a motion tabled for the removal of an executive mayor or deputy executive mayor may only be brought once per every 12-month period. Clause 3 also provides that notwithstanding this limitation a motion

for the removal of an executive mayor or deputy executive mayor may also be brought at any time where grounds have been met. Upon tabling of such a motion, the speaker must refer the motion to an independent panel to establish the validity of said motion.

3.4 Clause 4 provides for the short title and commencement of the Bill.

4. FINANCIAL IMPLICATIONS FOR THE STATE

A financial impact assessment may be completed upon introduction of the draft Bill.

6. PARLIAMENTARY PROCEDURE

6.1 The Member proposes that the Bill must be dealt with in accordance with theprocedure established by section 75 of the Constitution since it contains no provision to which the procedure set out in section 74 or 76 of the Constitution applies.

6.2 The Member is of the opinion that the Bill may be referred to the National House of Traditional and Khoi-San Leaders in terms of section 39(1)*(a)* of the Traditional and Khoi-San Leadership Act, 2019 (Act No. 3 of2019), as it contains provisions pertaining to a matter referred to in section 154(2) of the Constitution.

MS MICHÉLE CLARKE, MP

NOTICE OF INTENTION TO INTRODUCE A PRIVATE MEMBER'S BILL AND INVITATION FOR COMMENT ON THE DRAFT, NAMELY THE HEALTH PROFESSIONS AMENDMENT BILL, 2024

Ms Michéle Clarke, MP acting in accordance with section 73(2) of the Constitution of the Republic of South Africa, 1996, intends to introduce the Health Professions Amendment Bill, 2024 ("the draft Bill") in Parliament. An explanatory summary of the Bill is hereby published in accordance with Rule 276(1)*(c)* of the Rules of the National Assembly (9th Edition).

The non-placement by the National Department of Health ("Department") and the Internship and Community Service Placement (ICSP) of intern and community service medical practitioners has become a growing issue in South Africa due to insufficiently funded posts in public health facilities. To become a medical practitioner in South Africa, the Health Professions Act, 1974 (Act No. 56 of 1974) ("the Principal Act") provides that a medical practitioner must complete 1 year of community service at a public health facility, and in the case of doctors, the community service must be preceded by a two-year internship at a public health facility before they can become qualified.

This requires the Department to ensure there are positions and the necessary budget allocated for these medical practitioners in training to be placed in public health facilities. Yet every year, leading up to the January and July placements, many doctors, and other medical practitioners, like nurses, physiotherapists and radiologists are placed late, last minute, or not at all, into public health facilities.

If not placed in community service or internship, there are no real alternatives for these medical practitioners in training, and they are left without recourse or employment. With no authority in the principal Act, and no provision in the regulations, this lack of alternatives to place every person who has applied through the proper channels, causes a gap in the law, either delaying or preventing medical practitioners from becoming qualified and registered. If the government wishes to enforce strict requirements to qualify and register as a medical practitioner, every person who suitably qualifies must be given alternatives to secure an internship position.

The Health Professions Amendment Bill ("the Bill") seeks to provide an alternative means for the placement of interns through the assistance of private health facilities. The proposal is to provide options for all medical practitioners in training and who are suitably eligible, to be placed for internship or community service at private health facilities, in addition to public health facilities. Private health facilities would be included amongst the list of health facilities to which persons can apply to for placement. Should a person be placed at a private health facility, that facility will cover the cost of employment, rather than the Department of Health. With the addition of private health facilities, a strong private-public partnership will develop in the healthcare sector. It will allow private health facilities the opportunity to hire young,

junior staff with the possibility of future employment once they have completed their necessary training, leading to more job creation and reducing the skills deficit we see in this country. In essence, we will have more medical practitioners who can become accredited, benefitting both the public and private sectors where there is a shortage of medical practitioners.

PARLIAMENT OF THE REPUBLIC OF SOUTH AFRICA

NO. 5532 **8 November 2024**

MR ROGER WILLIAM TOBIAS CHANCE, MP

NOTICE OF INTENTION TO INTRODUCE A PRIVATE MEMBER'S BILL AND INVITATION FOR COMMENT ON THE DRAFT BILL, NAMELY THE REMOTE GAMBLING BILL, 2024

Mr Roger William Tobias Chance, MP, acting in accordance with section 73(2) of the Constitution of the Republic of South Africa, 1996, intends to introduce the Remote Gambling Bill, 2024 ("the draft Bill"), in the National Assembly of Parliament. An explanatory summary of the draft Bill is hereby published in accordance with Rule 276(1)(*c*) of the Rules of the National Assembly.

The National Gambling Act, 2004 (Act No. 7 of 2004) ("the Gambling Act"), was assented to on 6 August 2004 and came into operation on 1 November 2004. Item 5(5) of the Schedule to the Gambling Act, which sets out all the transitional provisions, provides that the Minister responsible for the administration of the Gambling Act must, within two years after the Gambling Act comes into operation, introduce legislation in Parliament to regulate interactive gambling within the Republic of South Africa.

On 10 July 2008, the National Gambling Amendment Act, 2008 (Act No. 10 of 2008) ("the Gambling Amendment Act"), was assented to. The purpose of the Gambling Amendment Act is to, *inter alia,* provide for the regulation of interactive gambling; provide for the registration of players and opening of player accounts; provide for the conditions applicable to interactive gambling licences; provide for the further protection of minors and other persons vulnerable to the negative effects of gambling; and to ensure that the gambling industry complies with the Financial Intelligence Centre Act, 2001 (Act No. 38 of 2001) ("FICA").

During 2009, the Department of Trade and Industry also published the Interactive Gambling Regulations for public comment.[1] These regulations were also tabled in Parliament and deliberated upon by the Portfolio Committee on Trade and Industry, during which various concerns were raised. However, to date, the Gambling Amendment Act regulating interactive gambling has not been brought into operation and nor have the regulations. Hence interactive gambling is currently not regulated in South Africa.

However, over the past 13 to 14 years the South African public has been exposed to and has participated in online and remote gambling. By not regulating this gambling activity, the erosion of the rule of law and criminal activity is being encouraged, while the public is not effectively protected. At the same time, a lack of regulation is resulting in revenue and jobs being lost to other gambling jurisdictions.

[1] See Government Gazette 31956 dated 27 February 2009.

The purpose of the draft Bill is to, *inter alia*, provide a legal basis for the regulation, licensing and control of all remote gambling activities; to preserve the integrity of the Republic of South Africa as a responsible global citizen by ensuring an efficient and effective remote gambling regulatory regime; to provide for the relevant provincial licensing authorities to issue remote gambling licences and to control remote gambling activities in their respective provinces and for the National Gambling Board to provide oversight, evaluation and monitoring functions; to promote the development of a responsible remote gambling industry in the Republic by providing uniform norms and standards; to provide for the application, renewal, suspension, cancellation and transfer processes for different categories of remote gambling licences; to provide for objection procedures relating to the issuing of licenses; to provide for the respective powers, responsibilities and functions of the provincial licensing authorities and the National Gambling Board in respect of remote gambling; to ensure that all remote gambling activities are conducted responsibly, fairly and honestly; to provide for licensing of key persons employed in the remote gambling industry; to provide for standards that remote gambling web-based platforms and equipment must comply with; to ensure that all players are treated fairly and that the privacy of a player is respected; to prevent minors and other vulnerable persons from being exposed to the negative effects of gambling; to ensure compliance with FICA and to prevent remote gambling from being a source of, or associated, with crime or disorder, or being used to support crime, disorder or money laundering.

Interested parties and institutions are invited to submit written representations on the proposed content of the draft Bill to the Speaker of the National Assembly within 30 days of the publication of this notice. Representations can be delivered to the Speaker, New Assembly Building, Parliament Street, Cape Town; mailed to the Speaker at PO Box 15, Cape Town 8000; or e-mailed to speaker@parliament.gov.za and copied to legislation@da.org.za
