Department:
Government Printing Works
REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

Code Specification on Competency Certificates

Accredited training providers are required to annotate certificates to clearly identify the machine category, code number and description. The description only where it significantly differs from the basic code description.

Special Cases

1. It is a pre-requisite that the operator of specialised equipment will be certificated in a basic category applicable to the special machine in question.

This gazette is also available free online at **www.gpwonline.co.za**

APPENDIX 2: GENERAL EXPLANATORY NOTES

These form part of the provisions of the Code

This appendix contains explanatory notes, which should be taken into account when additional clarity maybe required.

1. Accreditation of accredited training providers will remain valid whilst no non-conformances are recorded during annual audits. If any non-conformances are recorded the accredited training provider will have 30 days of the audit date to correct and provide any explanations, which may be required.

2. The responsibility of the accredited training provider shall go beyond simply carrying out training and assessments but shall include applying measures to ensure that the standards of training and assessments are maintained at all times.

3. An accredited training provider may operate as a training organisation on a client's premises. The registered facilitator shall ensure that sufficient equipment and facilities are available at the client's premises to undertake and complete the training programme to ensure the required level of competence. In all cases a record must be kept of the facilities and equipment used at the premises for inspection during audits. Any special circumstances such as the absence of suitable equipment to perform the practical tests required should be recorded and the certificate issued may require limitation endorsements.

4. Copies of all assessment papers and practical test marking sheets are required to be kept for each certificate of competence issued for audit purposes.

5. A composite organisation involved in the direct sale of equipment and which has sufficient staff to perform accredited training provider functions shall obtain accreditation and shall be required to demonstrate the following:

    a. That adequate safeguards are in place to isolate certification staff from those involved in the other aspects of the organisation to ensure that no pressures are brought to bare which may influence registered facilitator's and assessor's judgement.

    b. The organisation has a clearly defined policy for the resolution of conflict that may arise;

6. Accredited training providers requiring registered facilitators to use alternative course material, to their own proprietary material, must be able to demonstrate to the authorised body that they are conversant with the material and able to use it effectively.

This gazette is also available free online at **www.gpwonline.co.za**

7. An organisation applying for accreditation, as an accredited training provider must provide written approval for the use of the course material submitted unless it is clearly entirely of its own origination

8. Where conditions and/or equipment are insufficient to be able to assess an operator's performance under all types of situation then any certificate must be limited accordingly.

9. In the case of the client's only requirement is for the operator to load and off load road vehicles then the certificate of competence must be limited in either of the following manner:

    a. "Whilst in the employment of the Client"; or
    b. "For loading and off-loading road vehicles only"

The second alternative is preferred, as this will adequately represent the operator's competency if the certificate of competence is presented to another employer.

7. PARLIAMENTARY PROCEDURE

7.1 The Committee proposes that the Bill must be dealt with in accordance with the procedure established by section 75 of the Constitution of the Republic of South Africa, 1996, since it does not contain any provisions to which the procedures set out in section 74 or 76 of the Constitution apply.

7.2 The Committee is of the opinion that it is not necessary to refer this Bill to the National House of Traditional and Khoisan Leaders in terms of section 39(1)(*a*) of the Traditional and Khoi-San Leadership Act, 2019 (Act No. 3 of 2019), since it does not contain provisions pertaining to customary law or customs of traditional and Khoi-San communities.

2.2. the legal status of a non-binding advisory opinion; and

2.3. the fees payable for a non-binding advisory opinion.

REQUEST FOR A NON-BINDING ADVISORY OPINION

3. A request for a non-binding advisory opinion must be made in writing to the Commission.

4. The request for a non-binding advisory opinion must include, *inter alia*, the following:

4.1. the name of requesting party;

4.2. market(s) in which the requesting party operates (if any);

4.3. reason(s) why a non-binding advisory opinion is sought from the Commission;

take into account, amongst others, the complexity of the matter in respect of which a non-binding advisory opinion is sought and the resources required to provide it.

LEGAL STATUS OF A NON-BINDING ADVISORY OPINION

11. The objective of the non-binding advisory opinion is to assist firms to comply with the provisions of the Act and to provide firms with non-binding guidance on compliance with the Act.

12. A non-binding advisory opinion does not constitute a decision or a finding of the Commission in terms of the Act and does not fetter the Commission's discretion in the exercise of its functions in terms of the Act. A non-binding advisory opinion is issued based on information submitted to the Commission by the requesting party.

13. A non-binding advisory opinion contemplated in section 79A has no binding legal effect on the Commission, the Competition Tribunal, the Competition Appeal Court, and the requesting party but any person interpreting or applying the Act may take it into account when doing so.

14. The Commission may, in the exercise of its reasonable discretion, at any time review, revise or withdraw its non-binding advisory opinion, with reasons, if the advisory opinion is likely to undermine the objectives of the Act after having given the requesting party reasonable notice thereof.

15. Should the facts and information submitted to the Commission in the request for a non-binding advisory opinion change in any way, the non-binding advisory opinion issued by the Commission will not apply to such changed facts.

OUTCOME OF REQUEST FOR ADVISORY OPINION

16. Upon receipt of a request for a non-binding advisory opinion, the Commission may, in its reasonable discretion:

    16.1. issue a non-binding advisory opinion to the requesting party within thirty (30) business days after receiving the request, and in the event that the matter is more complex, the period may be extended for a further period not exceeding thirty (30) business days;

    16.2. inform the requesting party in writing within a reasonable time after receiving the request that it declines to issue a non-binding advisory opinion and thereafter

without delay refund the fee paid by the requesting party, if it appears from the facts that the issues set out in the request for a non-binding advisory opinion do not fall within its jurisdiction or the issuing of a non-binding advisory opinion is likely to undermine the objectives of the Act; or

16.3. inform the requesting party in writing within a reasonable time after receiving the request that it has determined, in the exercise of its reasonable discretion, that the issues set out in the request for a non-binding advisory opinion should be dealt with in an investigation or any other appropriate process in terms of the Act, as indicated by the Commission, and thereafter refund without delay the fee paid by the requesting party.
