Government Printing Works
REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

NOTICE SUBMISSION PROCESS

4. Download the latest *Adobe* form, for the relevant notice to be placed, from the **Government Printing Works** website www.gpwonline.co.za.

5. The *Adobe* form needs to be completed electronically using *Adobe Acrobat* / *Acrobat Reader*. Only electronically completed *Adobe* forms will be accepted. No printed, handwritten and/or scanned *Adobe* forms will be accepted.

6. The completed electronic *Adobe* form has to be submitted via email to submit.egazette@gpw.gov.za. The form needs to be submitted in its original electronic *Adobe* format to enable the system to extract the completed information from the form for placement in the publication.

7. Every notice submitted **must** be accompanied by an official **GPW** quotation. This must be obtained from the *eGazette* Contact Centre.

8. Each notice submission should be sent as a single email. The email **must** contain **all documentation relating to a particular notice submission**.

   8.1. Each of the following documents must be attached to the email as a separate attachment:

      8.1.1. An electronically completed *Adobe* form, specific to the type of notice that is to be placed.

         8.1.1.1. For National *Government Gazette* or *Provincial Gazette* notices, the notices must be accompanied by an electronic Z95 or Z95Prov *Adobe* form

         8.1.1.2. The notice content (body copy) **MUST** be a separate attachment.

      8.1.2. A copy of the official **Government Printing Works** quotation you received for your notice. *(Please see Quotation section below for further details)*

      8.1.3. A valid and legible Proof of Payment / Purchase Order: **Government Printing Works** account customer must include a copy of their Purchase Order**. Non-Government Printing Works** account customer needs to submit the proof of payment for the notice

      8.1.4. Where separate notice content is applicable (Z95, Z95 Prov and TForm 3, it should **also** be attached as a separate attachment. *(Please see the Copy Section below, for the specifications)*.

      8.1.5. Any additional notice information if applicable.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

9. The electronic *Adobe* form will be taken as the primary source for the notice information to be published. Instructions that are on the email body or covering letter that contradicts the notice form content will not be considered. The information submitted on the electronic *Adobe* form will be published as-is.

10. To avoid duplicated publication of the same notice and double billing, Please submit your notice **ONLY ONCE.**

11. Notices brought to **GPW** by "walk-in" customers on electronic media can only be submitted in *Adobe* electronic form format. All "walk-in" customers with notices that are not on electronic *Adobe* forms will be routed to the Contact Centre where they will be assisted to complete the forms in the required format.

12. Should a customer submit a bulk submission of hard copy notices delivered by a messenger on behalf of any organisation e.g. newspaper publisher, the messenger will be referred back to the sender as the submission does not adhere to the submission rules.

QUOTATIONS

13. Quotations are valid until the next tariff change.

    13.1. ***Take note:*** **GPW**'s annual tariff increase takes place on ***1 April*** therefore any quotations issued, accepted and submitted for publication up to ***31 March*** will keep the old tariff. For notices to be published from 1 April, a quotation must be obtained from **GPW** with the new tariffs. Where a tariff increase is implemented during the year, **GPW** endeavours to provide customers with 30 days' notice of such changes.

14. Each quotation has a unique number.

15. Form Content notices must be emailed to the *eGazette* Contact Centre for a quotation.

    15.1. The *Adobe* form supplied is uploaded by the Contact Centre Agent and the system automatically calculates the cost of your notice based on the layout/format of the content supplied.

    15.2. It is critical that these *Adobe* Forms are completed correctly and adhere to the guidelines as stipulated by **GPW**.

16. **APPLICABLE ONLY TO GPW ACCOUNT HOLDERS**:

    16.1. **GPW** Account Customers must provide a valid **GPW** account number to obtain a quotation.

    16.2. Accounts for **GPW** account customers **must** be active with sufficient credit to transact with **GPW** to submit notices.

        16.2.1. If you are unsure about or need to resolve the status of your account, please contact the **GPW** Finance Department prior to submitting your notices. (If the account status is not resolved prior to submission of your notice, the notice will be failed during the process).

17. **APPLICABLE ONLY TO CASH CUSTOMERS:**

    17.1. Cash customers doing **bulk payments** must use a **single email address** in order to use the **same proof of payment** for submitting multiple notices.

18. The responsibility lies with you, the customer, to ensure that the payment made for your notice(s) to be published is sufficient to cover the cost of the notice(s).

19. Each quotation will be associated with one proof of payment / purchase order / cash receipt.

    19.1. This means that **the quotation number can only be used once to make a payment.**

GOVERNMENT PRINTING WORKS - BUSINESS RULES

COPY (SEPARATE NOTICE CONTENT DOCUMENT)

20. Where the copy is part of a separate attachment document for Z95, Z95Prov and TForm03

20.1. Copy of notices must be supplied in a separate document and may not constitute part of any covering letter, purchase order, proof of payment or other attached documents.

The content document should contain only one notice. (You may include the different translations of the same notice in the same document).

20.2. The notice should be set on an A4 page, with margins and fonts set as follows:

Page size = A4 Portrait with page margins: Top = 40mm, LH/RH = 16mm, Bottom = 40mm; Use font size: Arial or Helvetica 10pt with 11pt line spacing;

24.2. Any notice submissions not on the correct *Adobe* electronic form, will be rejected.

24.3. Any notice submissions not accompanied by the proof of payment / purchase order will be rejected and the notice will not be processed.

24.4. Any submissions or re-submissions that miss the submission cut-off times will be rejected to the customer. The Notice needs to be re-submitted with a new publication date.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

APPROVAL OF NOTICES

25. Any notices other than legal notices are subject to the approval of the Government Printer, who may refuse acceptance or further publication of any notice.

26. No amendments will be accepted in respect to separate notice content that was sent with a Z95 or Z95Prov notice submissions. The copy of notice in layout format (previously known as proof-out) is only provided where requested, for Advertiser to see the notice in final Gazette layout. Should they find that the information submitted was incorrect, they should request for a notice cancellation and resubmit the corrected notice, subject to standard submission deadlines. The cancellation is also subject to the stages in the publishing process, i.e. If cancellation is received when production (printing process) has commenced, then the notice cannot be cancelled.

GOVERNMENT PRINTER INDEMNIFIED AGAINST LIABILITY

27. The Government Printer will assume no liability in respect of—

27.1. any delay in the publication of a notice or publication of such notice on any date other than that stipulated by the advertiser;

27.2. erroneous classification of a notice, or the placement of such notice in any section or under any heading other than the section or heading stipulated by the advertiser;

27.3. any editing, revision, omission, typographical errors or errors resulting from faint or indistinct copy.

LIABILITY OF ADVERTISER

28. Advertisers will be held liable for any compensation and costs arising from any action which may be instituted against the Government Printer in consequence of the publication of any notice.

CUSTOMER INQUIRIES

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While **GPW** deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.
GPW has a 2-working day turnaround time for processing notices received according to the business rules and deadline submissions.
Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

29. Requests for information, quotations and inquiries must be sent to the Contact Centre ONLY.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

Payment of cost

31. The Request for Quotation for placement of the notice should be sent to the Gazette Contact Centre as indicated above, prior to submission of notice for advertising.

32. Payment should then be made, or Purchase Order prepared based on the received quotation, prior to the submission of the notice for advertising as these documents i.e. proof of payment or Purchase order will be required as part of the notice submission, as indicated earlier.

33. Every proof of payment must have a valid **GPW** quotation number as a reference on the proof of payment document.

34. Where there is any doubt about the cost of publication of a notice, and in the case of copy, an enquiry, accompanied by the relevant copy, should be addressed to the Gazette Contact Centre, **Government Printing Works**, Private Bag X85, Pretoria, 0001 email: info.egazette@gpw.gov.za before publication.

35. Overpayment resulting from miscalculation on the part of the advertiser of the cost of publication of a notice will not be refunded, unless the advertiser furnishes adequate reasons why such miscalculation occurred. In the event of underpayments, the difference will be recovered from the advertiser, and future notice(s) will not be published until such time as the full cost of such publication has been duly paid in cash or electronic funds transfer into the **Government Printing Works** banking account.

36. In the event of a notice being cancelled, a refund will be made only if no cost regarding the placing of the notice has been incurred by the **Government Printing Works**.

37. The **Government Printing Works** reserves the right to levy an additional charge in cases where notices, the cost of which has been calculated in accordance with the List of Fixed Tariff Rates, are subsequently found to be excessively lengthy or to contain overmuch or complicated tabulation.

NO. 5886 **21 February 2025**

NATIONAL ENVIRONMENTAL MANAGEMENT: INTEGRATED COASTAL MANAGEMENT ACT, 2008 (ACT NO. 24 OF 2008)

CONSULTATION ON THE DRAFT REGULATIONS FOR THE ENVIRONMENTAL MANAGEMENT OF OFFSHORE BUNKERING

I, Dr Dion Travers George, Minister of Forestry, Fisheries and the Environment, hereby publish draft regulations for the environmental management of offshore bunkering for public comment in terms of section 83(1) of the National Environmental Management: Integrated Coastal Management Act, 2008 (Act No. 24 of 2008). The draft regulations are set out in the schedule to this notice.

The draft regulations seek to create a regulatory framework to ensure that the actual impacts and potential impacts of offshore bunkering on the coastal environmental are mitigated and avoided, or where avoidance is not possible, are minimised and remedied.

Members of the public are invited to submit written comments, within 30 days from the date of the publication of this notice in the *Government Gazette* or newspaper advert, whichever date is later, to any of the following addresses:

Department of Forestry, Fisheries and the Environment
Attention: Directorate: Coastal Pollution Management, Ms. Lona Nondaka
By hand: 2nd floor, East Pier Building 2, East Pier Road, V and A Waterfront, Cape Town

CHAPTER 1
DEFINITIONS AND SCOPE

1. Definitions

In these Regulations, any word or expression to which a meaning has been assigned in the Act has the meaning so assigned, and unless the context indicates otherwise—

"aquaculture development zone" means sea space set aside for dedicated aquaculture use in terms of—

(a) an environmental authorisation; or

(b) a designation by the Minister responsible for aquaculture;

"bunkering" means the supply of fuel to a vessel at sea, and includes STS transfer;

"bunker operator" means the holder of an approval granted by the South African Maritime Safety Authority to undertake bunkering;

"critical biodiversity area" means an area that needs to be conserved in a natural or near-natural state in order to protect species and ecosystems and maintain ecosystem functioning and include areas—

(a) identified to meet national biodiversity targets; or

(b) which are important locations for biodiversity features or rare species;

"environmental management plan" means a plan referred to in regulation 11;

"harbour" means a port or harbour proclaimed in terms of any law and managed by an organ of State;

"marine protected area" has the meaning assigned to it in terms of section 1 of the National Environmental Management: Protected Areas Act, 2003 (Act No. 57 of 2003);

"National Oil Spill Contingency Plan" is an oil spill response and removal plan prepared by the Department of Transport and updated periodically that addresses controlling, containing, and recovering oil in the event of an oil spill;

"offshore bunkering" means bunkering outside an operational harbour area that has been physically modified from its original natural state;

"STS transfer" means the transfer of a vessel's cargo at sea, including the transfer of oil, petroleum products, liquified petroleum gas or liquified natural gas;

"the Act" means the National Environmental Management: Integrated Coastal Management Act, 2008 (Act No. 24 of 2008); and

"these Regulations" means the Regulations for the environmental management of offshore bunkering.

2. Scope

These Regulations prescribe environmental management measures for offshore bunkering.

CHAPTER 2
GENERAL

3. Prohibitions

(1) No person may undertake offshore bunkering within—

(a) a marine protected area;

(b) five nautical miles of the boundary of a marine protected area;

(c) a critical biodiversity area;

(d) five nautical miles of an aquaculture development zone; or

(e) five nautical miles of the high-water mark.

(2) No person may undertake bunkering between the hours of sunset and sunrise.

(3) No person involved in bunkering may release or discharge any substance from a vessel—

(a) when transiting through a marine protected area; or

(b) within a 20 kilometre radius of St Croix Island and Bird Island, Algoa Bay.

(4) The master of a vessel waiting to bunker may not traverse between Bird Island, Algoa Bay and the mainland.

(5) A maximum of 5 bunker operators may operate within Algoa Bay and each bunker operator may only operate one vessel within the bay.

4. Noise mitigation

(1) A bunker operator must ensure that the vessel it uses for bunkering complies with the design adaptations in the International Maritime Organisation Guidelines for the Reduction of Underwater Noise from Commercial Shipping to effectively reduce underwater noise.

(2) A bunker operator authorised at the time of commencement of these Regulations must comply with subregulation (1) within a period of two years of the commencement of these Regulations.

(3) The master of a vessel which intends to undertake bunkering must—

(a) reduce the vessel's speed to 8 knots or below when that vessel is 10 nautical miles from the intended bunkering site; and

(b) reduce the vessel's speed further prior to dropping anchor.

5. Wildlife monitoring and mitigation

(1) The master of a vessel who intends to undertake bunkering must appoint a person in writing, to keep a constant watch for marine mammals, penguins and turtles when that

vessel is 10 nautical miles from the intended bunkering site and for the duration of the bunkering.

(2) The bunker operator must appoint a person, in writing, to keep a constant watch for marine mammals, penguins and turtles for a period of thirty minutes prior to the intended commencement of bunkering and during bunkering.

(3) Where a marine mammal, penguin or turtle is in the path of a vessel, the master of that vessel must take the necessary steps to avoid contact with, or navigating the vessel over, the marine mammal, penguin or turtle.

(4) The master of a vessel must reduce the speed of the vessel when any turtle, penguin or marine mammal is present within a 1 kilometer distance of the vessel.

(5) The bunker operator must, in writing, report any sightings of a marine mammal, penguin and turtle to the Department on a weekly basis.

(6) A bunker operator must, prior to commencing bunkering operations, install a sonobuoy system which alerts vessels to the presence of marine mammals.

(7) A bunker operator may not commence with bunkering if a marine mammal, penguin or turtle is sighted within 500 meters of the intended bunkering site or detected through the sonobuoy system.

(8) A bunker operator and a master of the vessel who is undertaking bunkering must immediately report the following to the Department in writing:

(a) any collision with a marine mammal, turtle or seabird and the extent of any injury to the animal as well as whether the animal is dead or alive;

(b) any entangled, oiled, injured or disorientated marine mammal, turtle or seabird; and

(c) any ringed, banded or tagged seabird.

(9) A bunker operator may not undertake bunkering unless an oil spill response vessel is present at the bunkering area and that vessel is equipped with gas detection equipment that is capable of sounding an alarm when the presence of flammable gas or vapour is detected.

(10) A bunker operator must, at its expense—

(a) collect and transport oiled seabirds to a facility which is authorised to accept the seabirds; or

(b) contact an authorised wildlife facility to collect and transport oiled seabirds,

if instructed to do so by the Department.

6. Weather conditions

(1) Bunkering may not commence unless a suitable weather window contemplated in subregulation (2) is available which covers the entire proposed bunkering operation including mooring and unmooring.

(2) Bunkering may only be undertaken where—

(a) the wind force is below 25 knots; and

(b) the average wave height is below 0.5 meters.

(3) The bunker operator must immediately cease bunkering until the next suitable weather window where the conditions change so that the requirements of subregulation (2) are no longer met.

7. Requirements to avoid or mitigate oil spills

The bunker operator must—

(a) deploy a static towing or a holdback tug to maintain heading control for the duration of bunkering;

(b) use drip trays to collect any fuel or other run-off from equipment that is not contained within a bunded area and direct the contents of those trays to a closed drainage system;

(c) implement suitable leak detection and repair programmes;

(d) only use low-toxicity biodegradable detergents for the cleaning of the deck and any spillages;

(e) ensure that an inflatable curtain boom is deployed prior to each bunkering operation;

(f) regularly monitor the inflatable curtain boom deployed in accordance with paragraph *(e)* throughout the duration of bunkering to ensure that the structural integrity of the boom has not been compromised; and

(g) ensure that secondary booms are kept on standby to reinforce existing booms in the event of boom failure occurring.

8. Training requirements

A bunker operator must ensure that all crew members receive environmental awareness training prior to participating in bunkering, and at least every three years thereafter, which training must include training on the following issues:

(a) marine wildlife awareness and avoidance;

(b) understanding the significant actual or potential environmental impacts related to bunkering;

(c) understanding the mitigation measures to be implemented during bunkering;

(d) emergency preparedness and response procedures;

(e) overview of the bunker operator's environmental management plan and each crew member's personal responsibility; and

(f) overview and understanding of all roles and responsibilities in terms of the National Oil Spill Contingency Plan and any relevant local oil spill contingency plan.

9. Environmental Management Plan

(1) A bunker operator may not undertake bunkering without an environmental management plan that has been—

(a) developed by an independent specialist; and

(b) approved by the Minister.

(2) An environmental management plan must include the following:

(a) identification of all a site-specific environmental and ecological risks determined by an independent specialist;

(b) an operational ocean forecast which must be undertaken as part of the risk assessment mentioned in paragraph (a) to model any potential oil spill and inform the response to such an incident within the specific area of operation;

(c) environmental management and mitigation measures to avoid or minimise the identified risks;

(d) an outline of the key role-players responsible for the implementation of measures identified in paragraph *(c)* above;

(e) incorporate a wildlife preparedness and response strategy based on the International Petroleum Industry Environmental Conservation Association's guidelines and a wildlife response program to be implemented by a reputable and experienced organisation;

(f) a contingency plan that includes a wildlife contingency plan which includes—

(i) a risk assessment which determines the risk of a spill and the expected consequences;

(ii) a strategic plan defining roles and responsibilities and a summary of the spill response policies and techniques and priorities for response;

(iii) operational protocols which establish procedures to be followed when a spill occurs; and

(iv) an information directory collating supporting data, including contact details of relevant authorities, inventory of response equipment, list of priority areas for protection, and storage and disposal sites;

(g) an underwater noise mitigation and management plan that includes the following:

(i) a range of noise reduction and mitigation options;

(ii) best practices for noise mitigation; and

(iii) operating procedures for both acute and chronic noise-generating activities including bunkering and commercial vessel transits;

(h) details of the oil spill response vessels and role players on site;

(i) emergency response procedure for the reporting and management of collisions with, and entanglements of, marine mammals, turtles or seabirds; and

(j) a monitoring programme to—

(i) measure parameters including surface currents, oil spills and noise; and

(ii) assess the impact of the operations on benthic and other fauna including oiled seabirds.

(3) The Minister may—

(a) approve the environmental management plan;

(b) refer the environmental management plan back to the bunker operator for review which may contain proposed amendments; or

(c) reject the environmental management plan.

(4) A bunker operator must submit any data, results and information obtained from implementing an environmental management plan approved in terms of subregulation (3) to the Department quarterly or as otherwise instructed by the Department.

(5) Despite subregulation (1), a bunker operator authorised to undertake bunkering when these regulations commence must submit an environmental management plan contemplated in subregulation (1) within six months of the date of commencement of these Regulations.

CHAPTER 3
ENFORCEMENT

10. Offences and penalties

(1) A person commits an offence if that person contravenes regulations 3, 4, 5, 6(1), 6(3), 7, 8, 9(1), 9(2), 9(4) or 9(5).

(2) A person who is convicted of an offence referred to in subregulation (1) may be sentenced to a maximum fine of two million Rand or to imprisonment for a maximum period of 5 years or to both a fine and imprisonment.

11. Transitional arrangements

Despite the prohibitions in regulation 3(1)*(b)* and *(d)*, a bunker operator that is authorised to undertake bunkering in Algoa Bay when these Regulations commence, may operate within anchorage areas 1 and 2 as detailed in Annexure 1 to these Regulations.

12. Short title and commencement

These Regulations are called the Regulations for the environmental management of offshore bunkering, 2025 and commence on the date of its publication in the *Gazette* for implementation.
