Government Printing Works
REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

DECLARATION OF STATUTORY BODY IN TERMS OF THE SUBDIVISION OF AGRICULTURAL LAND ACT, ACT NO. 70 OF 1970

NOTICE FOR PUBLIC

I, John Henry Steenhuisen, Minister for Agriculture has in terms of the power vested on me by section 1 (V) (C) of the Subdivision of Agricultural Land Act (SALA), Act No. 70 of 1970, declare the Eskom National Transmission Company of South Africa (NTCSA) as a statutory body for the purpose of the said Act as from the date of publication hereof.

These conditions must apply:

1. The Eskom NTCSA is exempted as statutory body as prescribed in Section 1 (c) of SALA. However, should the property in question at any given time, be transferred into private ownership, the prescripts of SALA will apply.
2. The Department acknowledges the role of Eskom NTCSA of enabling the transmission of electricity across the country including agriculture. However, the inclusion of substation as a transmission activity in the application is not supported due to its direct and indirect impact on the productive agricultural land i.e loss of productive land. Hence, applicable law to assess the magnitude of such impact are crucial to guide the development. Therefore, no substation must be in the Protected Agricultural Areas (PAA) without been subjected to its applications in terms of SALA on each basis due to its implications to spatial footprint with cumulative negative impacts and permanent land sealing and loss of finite land resource.
3. Transmission lines must be located within a registered servitude area, granting access for construction and maintenance.

This gazette is also available free online at www.gpwonline.co.za

4. Clearing vegetation within a specified radius around towers is mandatory, including removal of trees that could potentially come into contact with conductors.
5. Tower positioning is carefully planned to minimize environmental impacts, often using micro-positioning techniques to avoid sensitive areas.
6. Consultation with landowners and local communities is necessary to address concerns and reach agreements regarding the transmission line route.
7. Construction and operation of transmission lines must adhere to the "Standard for the Development and Expansion of Electricity Transmission and Distribution Power Lines" which outlines detailed requirements.

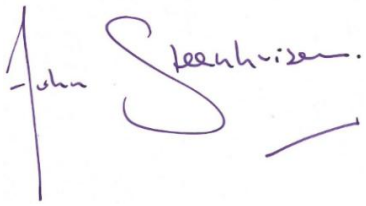

For more information, please contact the Executive Officer for Subdivision of Agricultural Land Act (SALA), Act No. 70 of 1970, using the details below:

FRUIT INDUSTRY

REQUEST FOR A PER HECTARE STATUTORY LEVY TO FUND THE AREA WIDE FRUIT FLY CONTROL PROGRAMME - SPECIFICALLY FOR THE ELGIN/GRABOUW AND VYEBOOM (INCLUDING EERSTEHOOP) AREAS

NAMC REQUESTING COMMENTS FROM INDUSTRY ROLE PLAYERS

On 9 July 2025, the Minister of Agriculture received a request from FruitFly Africa (Pty) Ltd (FFA), on behalf of the fruit industry, for the implementation of a Rand per hectare (R p/ha) statutory levy to continue the funding of the Area-Wide Integrated Pest Management Programme (AW-IPMP), in selected production regions, for a new three (3) year period, namely 2025/26 - 2027/28. This three (3) year period is specifically to bring the region in line with other areas where such statutory levies have already been approved in 2024 (expiring 26 September 2028).

If approved this will be a separate and differentiated levy, meaning that the other existing statutory levies in the fruit industry (financing research and development, information, transformation etc.) will remain unchanged. It is proposed that the differentiated levy be introduced, in the following two production regions namely, Elgin/Grabouw and Vyeboom (including Eerstehoop), based on the needs and unique requirements in terms of international best practice and tailor-made strategies for these two areas.

The AW-IPMP is managed in conjunction with the Department of Agriculture (DOA) which co-fund the operational expenses *via* a Public Private Partnership arrangement between the Department and the participating producers for the past 17 years. Producers are represented by area coordinating committees and the various national deciduous fruit industry commodity organisations.

FFA's current geographical footprint covers ±50% of the pome- and stone fruit industries and ±86% of table- and dried grape plantings in South Africa. It also follows the multi-insect risk mitigation approach to pro-actively adapt to the ever-changing global phytosanitary landscape of the fruit industry. FFA also contributes towards the direct cost of emerging producers participating in the

programmes (more than R4 million over a four-year term for all the regions making use of statutory levies).

It is proposed that the differentiated levy be introduced in the respective production regions based on the needs and unique requirements in terms of international best practice and tailor-made strategies for such areas. The proposed strategy includes the Sterile Insect Technique at various stages of implementation as agreed with the producers in such areas. The 2025/26 financial year will cover the period from October 2025 to September 2026.

The areas that agreed to be included during this levy cycle, of the envisaged ultimate industry-wide roll of the programme, are:	**2025/26**	**2026/27**	**2027/28**
Elgin-Grabouw R p/ha	1 974	2 112	2 260
Vyeboom (including Eerstehoop) R p/ha	1 910	2 044	2 187

The business plan and overall contributions from the DOA and producers (*via* a statutory levy and user-pay services) can be summarized as follows:

Period	**DOA contribution**		**Producer's contribution**		**Annual Total**
2025/26	R17 000 000	17,34%	R81 062 339	82,66%	R98 062 339
2026/27	R17 000 000	16,38%	R86 793 191	83,62%	R103 793 191
2027/28	Not available yet		R92 932 648		

The NAMC believes that the proposed statutory levies requested are consistent with the objectives of the MAP Act (as set out in section 2 of the Act).

The NAMC believes that the application by FruitFly Africa for the implementation of the proposed statutory levies in the relevant regions are consistent with the objectives of the MAP Act (as set out in section 2 of the Act).

Directly affected groups (e.g. producers, packers and exporters) in the fruit industry are kindly requested to submit any comments, in writing, regarding the proposed fruit fly statutory levies, to Mathilda van der Walt (mathildavdw@namc.co.za) on or before 15 August 2025, to enable the NAMC to finalise its recommendation to the Minister in this regard.

PARLIAMENT OF THE REPUBLIC OF SOUTH AFRICA

NOTICE 3385 OF 2025

MR ROLAND ATHOL PRICE TROLLIP, MP

NOTICE OF INTENTION TO INTRODUCE A PRIVATE MEMBER'S BILL AND INVITATION FOR COMMENT ON THE DRAFT CONSTITUTION TWENTY-SECOND* AMENDMENT BILL, 2025

Mr Roland Athol Price Trollip, MP., acting in accordance with section 73(2) of the Constitution of the Republic of South Africa, 1996 ("Constitution"), intends to introduce the Constitution Twenty-Second Amendment Bill, 2025 ("draft Bill"), in Parliament. An explanatory summary of the draft Bill is hereby published in accordance with section 74(5) of the Constitution, read with Rule 295(1) and (2) of the Rules of the National Assembly (9th Edition).

South Africa's excessively large Executive places an unnecessary financial strain on the fiscus. The office of Deputy Minister is superfluous as it primarily serves as an instrument of political patronage rather than an essential governance role. Furthermore, the President currently has unfettered discretion in appointing Ministers, with no parliamentary oversight or prior vetting process that needs to be followed in such appointments, resulting in questionable appointments, often to the detriment of service delivery. This undermines transparency and erodes public trust in government. In addition, the President currently has the sole discretion to dismiss a Minister, with no parliamentary power to institute a motion of no confidence in a Minister.

The draft Bill aims to improve government efficiency, protect public finances, and enhance democratic accountability in line with best practices in global governance by amending the Constitution in the following respects:

(a) abolishing the office of Deputy Minister. The potential loss of external expertise is addressed by increasing the number of Ministers that may be selected from outside the National Assembly;
(b) providing for meaningful proactive oversight over ministerial appointments, with a view to ensure that Ministers are fit for purpose before they assume office; and
(c) empowering the National Assembly to pass a motion of no confidence in a Minister.

* This is a temporary number. The number of the Constitution Amendment Bill will be confirmed upon introduction of the Bill.

Interested parties and institutions are invited to submit written representations on the proposed content of the draft Bill to the Speaker of the National Assembly within 30 days of the publication of this notice. Representations can be delivered to the Speaker, New Assembly Building, Parliament Street, Cape Town; mailed to the Speaker, PO Box 15, Cape Town, 8000; or emailed to speaker@parliament.gov.za and copied to parliament@actionsa.org.za.

Copies of the draft Bill may be accessed at this link https://www.actionsa.org.za/cut-the-cabinet/.

INTERNATIONAL TRADE ADMINISTRATION COMMISSION

CUSTOMS TARIFF APPLICATIONS

LIST 07/2025

The International Trade Administration Commission (herein after referred to as ITAC or the Commission) has received the following application concerning the Customs Tariff. Any objection to or comment on this representation should be submitted to the Chief Commissioner, ITAC, Private Bag X753, Pretoria, 0001. Attention is drawn to the fact that the rate of duty mentioned in this application is that requested by the applicant and that the Commission may, depending on its findings, recommend a lower or higher rate of duty.

CONFIDENTIAL INFORMATION

The submission of confidential information to the Commission in connection with customs tariff applications is governed by section 3 of the Tariff Investigations Regulations, which regulations can be found on ITAC's website at http://www.itac.org.za/documents/R.397.pdf. These regulations require that if any information is considered to be confidential, then a non-confidential version of the information must be submitted, simultaneously with the confidential version. In submitting a non-confidential version the regulations are strictly applicable and require parties to indicate:

- *Each instance where confidential information has been omitted and the reasons for confidentiality;*
- *A summary of the confidential information which permits other interested parties a reasonable understanding of the substance of the confidential information; and*
- *In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.*

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless clearly indicated to be confidential, will be made available to other interested parties.

The Commission will disregard any information indicated to be confidential that is not accompanied by a proper non-confidential summary or the aforementioned reasons.
If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due).
Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

APPLICATION FOR AN INCREASE IN THE RATE OF CUSTOMS DUTY ON:

Peanut butter, classifiable under tariff subheading 2008.11.1 from 0.99c/kg to 25 per cent *ad valorem*.

Applicant:
RCL Group Services (Pty) Ltd
The Boulevard
Westway Office Park
Westville
3629

Note: Comments must be provided in the format of a questionnaire obtainable on ITAC's website at www.itac.org.za, link: **Services - Tariff investigations - Government Gazette Notices – Other publication notices**

Background and reasons for application:

During the 2020/21 period, the International Trade Administration Commission of South Africa ("ITAC or the Commission") considered an application by RCL Group Services (Pty) Ltd for an increase in the rate of customs duty on peanut butter, classifiable under tariff subheading 2008.11.1 from 0.99c/kg to 25 per cent *ad valorem*. An investigation was subsequently initiated on 15 January 2021 through a publication in the Government Gazette (Notice 44075 Notice 08 of 2021) for interested parties to comment.

The Commission made a recommendation to the then Minister of Trade, Industry and Competition (the "former Minister") on the subject application. The former Minister then referred the Commission's recommendation for further investigation and consideration. In the referral, the Minister requested that ITAC consider: *"the price raising effect, industrial capacity, competition in the market and the value chain.".* The former Minister's concerns were based on the price raising effects of a staple product for poor households, namely peanut butter.

Considering the above, the Commission requested the submission of an updated Application as well as updated market, trade, and financial data from the Applicant. The Commission is in receipt of a fully updated application from RCL Foods, wherein the Applicant has reiterated, amongst others, the following reasons for its application:

- *"A 10% custom duty on groundnuts (HS 1202.41 and 1202.42) was implemented on October 21, 2003.*
- *Importers are circumventing this duty by importing peanut butter, leading to a 24% increase in imports from 2023 to 2024.*
- *Imported peanut butter prices are 19.3% lower than local production costs, causing distress in the SACU industry.*
- *RCL has sacrificed volumes to maintain margins, resulting in a decline in market share.*
- *Without relief, local manufacturers may exit the market, leading to increased prices for imported peanut butter."*

On 07 June 2024, the International Trade Administration Commission of South Africa ("the Commission") notified interested parties through Notice No. 2550 of 2024 in Government Gazette No. 50772, that unless a substantiated request is made indicating that the expiry of the anti-dumping duties against imports of clear float glass originating in or imported from Egypt would likely lead to the continuation or recurrence of dumping and injury, the anti-dumping duties on clear float glass originating in or imported from Egypt will expire on 13 August 2025.

THE APPLICANT

The application was lodged by PFG Building Glass Pty Ltd, a division of PG Group

(Pty)Ltd ("the Applicant"), being the only producer of the subject product in the Southern African Customs Union ("SACU") thus the application can be regarded as "made by or on behalf" of the SACU Industry.

The Applicant alleges that the expiry of the anti-dumping duties would likely lead to the recurrence of dumping and the recurrence of material injury. The Applicant submitted sufficient evidence and established a *prima facie* case to enable the Commission to arrive at a reasonable conclusion that a sunset review investigation of the anti-dumping duties on clear float glass originating in or imported from Egypt, should be initiated.

THE PRODUCT

The anti-dumping duties subject to this sunset review is applicable to on clear float glass originating in or imported from originating in or imported from Egypt, classifiable under tariff subheadings 7005.29.17, 7005.29.23, 7005.29.25 and 7005.29.35.

THE ALLEGATION OF THE LIKELIHOOD OF RECURRENCE OF DUMPING

The allegation of the likelihood of the recurrence of dumping is based on the comparison between the normal values and the export prices should the anti-dumping duties expire.

EGYPT

Normal value

In calculating the normal values for Egypt, the Applicant provided a quotation for the domestic selling prices of clear float glass in thicknesses of 4 mm, 5 mm, and 6 mm. For the 3 mm thickness, the normal value was determined using the average price per mm which was calculated from prices of 4 mm, 5 mm and 6 mm clear float glass products. No adjustments were made as the prices are at ex-factory level.

Export price

In calculating the export price, the Commission normally uses official South African Revenue Service ("SARS") statistics. However, due to the existing anti-dumping duties imposed on the subject products from Egypt, the SARS import statistics indicated that there were no imports of the subject products in the 3 mm, 4 mm, 5 mm and 6 mm categories for the years 2022, 2023 and 2024 investigation periods.

To determine the export prices, export sales from Egypt to Australia for 2024 were used. The export prices were at FOB level.

Adjustment

An adjustment for transport cost of 5 percent was made to arrive at the ex-factory export prices.

Dumping margins

The following dumping margins for Egypt were calculated:

Product	Sub-tariff heading	Dumping margin percentage
3mm	7005.29.17	29.04%
4mm	7005.29.23	34.64%
5mm	7005.29.25	14.34%
6mm	7005.29.35	38.16%

On this basis, the Commission found that there was *prima facie* proof of the likelihood of recurrence of dumping.

THE ALLEGATION OF THE LIKELIHOOD OF RECURRENCE OF MATERIAL INJURY

The Applicant alleged and submitted sufficient evidence to show that the expiry of the

anti-dumping duties on the subject products originating in or imported from Egypt would likely lead to the recurrence of material injury to the SACU industry.

On this basis, the Commission found that there was *prima facie* proof of the likelihood of the recurrence of material injury if the duties expire.

PERIOD OF INVESTIGATION

The investigation period for determination of the likelihood of the recurrence of dumping will be the period 1 December 2023 - 30 November 2024 in a forward-looking analysis, as the application is brought on the recurrence of dumping. The investigation period for determination of the likelihood of the recurrence of material injury is from 1 December 2021 to 30 November 2024, and estimates for 1 December 2024 - 30 November 2025 in the event the anti-dumping duties expire.

PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of an investigation, the Commission has begun an investigation in terms of section 16 of the International Trade Administration Act, 2002 ("the ITA Act"). The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act, the World Trade Organisation Agreement on Implementation of Article VI of the GATT 1994 ("the Anti-Dumping Agreement") and the Anti-Dumping Regulations of the International Trade Administration Commission of South Africa ("ADR"). Both the ITA Act and the ADR are available on the Commission's website (www.itac.org.za) or from the Trade Remedies section, on request.

To obtain the information, it deems necessary for its investigation, the Commission will send non-confidential versions of the application and questionnaires to all known importers and exporters and known representative associations. The trade representative

of the country of origin has also been notified. Importers and other interested parties are invited to contact the Commission as soon as possible to determine whether they have been listed and were furnished with the relevant documentation. If not, they should immediately ensure that they are sent copies. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version, the following rules are strictly applicable and parties must indicate:

- X where confidential information has been omitted and the nature of such information;
- X reasons for such confidentiality;
- X a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- X in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper

administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

Section 2.3 of the ADR provides as follows:

"The following list indicates "information that is by nature confidential" as per section 33(1)(a) of the Main Act, read with section 36 of the Promotion of Access to Information Act (Act 2 of 2000):

(a) management accounts;
(b) financial accounts of a private company;
(c) actual and individual sales prices;
(d) actual costs, including cost of production and importation cost;
(e) actual sales volumes;
(f) individual sales prices;
(g) information, the release of which could have serious consequences for the person that provided such information; and
(h) information that would be of significant competitive advantage to a competitor;

Provided that a party submitting such information indicates it to be confidential

PROCEDURES AND TIME LIMITS

The Senior Manager: Trade Remedies I, should receive all responses, including non-confidential copies of the responses, not later than 30 days from the date hereof, or from the date on which the letter accompanying the abovementioned questionnaire was received. The said letter shall be deemed to have been received seven days after the day of its dispatch.

Late submissions will not be accepted except with the prior written consent of the Commission. The Commission will give due consideration to written requests for an extension of not more than 14 days on good cause shown (properly motivated and substantiated), if received prior to the expiry of the original 30-day period. Merely citing insufficient time is not an acceptable reason for an extension. Please note that the Commission will not consider requests for extension by the Embassy on behalf of foreign producers.

The information submitted by any party may need to be verified by the Investigating Officers in order for the Commission to take such information into consideration. The Commission may verify the information at the premises of the party submitting the information, within a short period after the submission of the information to the Commission. Parties should therefore ensure that the information submitted would subsequently be available for verification. Specifically, it is planned to verify the information submitted by the foreign producers within three to five weeks subsequent to the submission of the information. This period will only be extended if it is not feasible for the Commission to do it within this time period or upon good cause shown, and with the

prior written consent of the Commission, which should be requested at the time of the submission. It should be noted that unavailability of, or inconvenience to appointed representatives, will not be considered to be good cause.

Parties should also ensure when they engage representatives that they will be available at the requisite times, to ensure compliance with the above time frames. Parties should also ensure that all the information requested in the applicable questionnaire is provided in the specified detail and format. The questionnaires are designed to ensure that the Commission is provided with all the information required to make a determination in accordance with the ITA Act and the ADR. The Commission may therefore refuse to verify information that is incomplete or does not comply with the format in the questionnaire, unless the Commission has agreed in writing to a deviation from the required format. A failure to submit a non-confidential version of the response that complies with the rules set out above under the heading *Confidential Information* will be regarded as an incomplete submission.

Parties, who experience difficulty in furnishing the information required, or submitting information in the format required, are urged to make written applications to the Commission at an early stage for permission to deviate from the questionnaire or provide the information in an alternative format that can satisfy the Commission's requirements. The Commission will give due consideration to such a request on good cause shown.

Any interested party may request an oral hearing at any stage of the investigation in accordance with Section 5 of the ADR, provided that the party indicates reasons for not relying on written submissions only. The Commission may refuse an oral hearing if granting such hearing will unduly delay the finalisation of a determination. Parties requesting an oral hearing must provide the Commission with a detailed agenda for, and a detailed version, including a non-confidential version, of the information to be discussed at the oral hearing at the time of the request.

If the required information is not received in a satisfactory form within the time limit

specified above, or if verification of the information cannot take place, the Commission may disregard the information submitted and make a finding on the basis of the facts available to it.

NOTICE 3389 OF 2025

INTERNATIONAL TRADE ADMINISTRATION COMMISSION

NOTICE OF AN INITIATION OF THE INVESTIGATION FOR REMEDIAL ACTION IN THE FORM OF A SAFEGUARD MEASURE AGAINST THE INCREASED IMPORTS OF FLAT-ROLLED PRODUCTS OF IRON OR NON-ALLOY STEEL, OF A WIDTH OF 600 MM OR MORE, CLAD, PLATED OR COATED, WITH ALUMINIUM-ZINC ALLOYS, OF A THICKNESS OF 0.45MM OR MORE, CLASSIFIABLE IN TARIFF SUBHEADINGS 7210.61.40 AND 7210.61.90 AND FLAT-ROLLED PRODUCTS OF NON-ALLOY OR OTHER ALLOY STEEL, OF A WIDTH OF 600 MM OR MORE, OTHERWISE PLATED OR COATED WITH ZINC, OF A THICKNESS OF 0.45MM OR MORE, CLASSIFIABLE IN TARIFF SUBHEADINGS 7210.49.40, 7210.49.50, 7210.49.90, 7225.92.45, 7225.92.55 AND 7225.92.90

The International Trade Administration Commission of South Africa ("the Commission") decided to proceed with an investigation for remedial action in the form of a safeguard measure against the increased imports of flat-rolled products of iron or non-alloy steel, of a width of 600 mm or more, clad, plated or coated, with aluminium-zinc alloys, of a thickness of 0.45mm or more, classifiable in tariff subheadings 7210.61.40 and 7210.61.90 and flat-rolled products of non-alloy or other alloy steel, of a width of 600 mm or more, otherwise plated or coated with zinc, of a thickness of 0.45mm or more, classifiable in tariff subheadings 7210.49.40, 7210.49.50, 7210.49.90, 7225.92.45, 7225.92.55 and 7225.92.90 ("corrosion resistant thick steel coil" or "the subject product")

Based on the information submitted, the Commission decided that the Applicant submitted *prima facie* evidence to indicate that the events cited can be regarded as unforeseen developments and these unforeseen developments and the effect of the obligations incurred under the GATT 1994 led to the increased volume of imports in absolute and relative terms, the surge in the volume of imports is recent, sharp, significant, and sudden enough, the SACU industry is experiencing serious injury; and this is causally linked to the surge in imports.

THE APPLICANT

The application is brought by ArcelorMittal South Africa Limited ("AMSA or "the Applicant"), being the major producer of the subject product in the Southern African Customs Union (SACU). The application is supported by SAFAL, a manufacturer of the subject product.

A non-confidential version of the application is available for inspection at the Commission's offices.

DESCRIPTION OF THE SUBJECT PRODUCT

The subject product is described as flat-rolled products of iron or non-alloy steel, of a width of 600 mm or more, clad, plated or coated, with aluminium-zinc alloys, of a thickness of 0.45mm or more, classifiable in tariff subheadings 7210.61.40 and 7210.61.90 and flat-rolled products of non-alloy or other alloy steel, of a width of 600 mm or more, otherwise plated or coated with zinc, of a thickness of 0.45mm or more, classifiable in tariff subheadings 7210.49.40, 7210.49.50, 7210.49.90, 7225.92.45, 7225.92.55 and 7225.92.90

UNFORESEEN DEVELOPMENTS

The Applicant stated that a confluence of events forms the basis of the unforeseen development that supports this application, which is, ultimately the considerable oversupply of steel, and consequently the oversupply of corrosion resistant steel coil products in the world today causing a surge in the volume of imports of the subject product into the SACU.

The Applicant stated that during the Uruguay Round negotiations in 1986-1994, South Africa did not foresee the following events:

- The decision to split the subject product into two main HS categories, namely

non-alloy steel (HS7208) and alloy steel (HS7225) resulting in a tug and pull effect, whereby the increase in duties payable on one tariff sub-heading leads to a direct increase in the import volumes for the other due to their interchangeability in function;

- The implementation of the EU's Carbon Border Adjustment Mechanism (CBAM) and similar measures by other developed countries, which disproportionately affect developing countries like South Africa that rely on coal-based electricity for steel production;
- Domestic energy challenges, including load shedding and electricity price increases far exceeding inflation; and
- The considerable over supply of the subject product in the world today causing a surge in imports into the SACU, which the Applicant broke down into four main issues, namely:

    - Studies show that China did not become a fully-fledged market economy as it assured World Trade Organisation Members it would during negotiations;
    - Chinese economic activity has consistently declined since 1994 and large steel producers follow aggressive export strategies, fuelled by an oversupply of steel products;
    - China's extraordinary economic growth is slowing down dramatically and the Chinese domestic market for steel is retracting, as a result of all of the above factors, Chinese producers have to increase their exports further, at reduced prices, to rid themselves of excess stocks; and
    - Worldwide, countries are taking urgent action to raise tariffs and impose trade remedies to protect their domestic steel industries; and it is expected that the surge in imports that the SACU has been experiencing will be augmented by the recent economic slowdown in China and by the fact that China's export markets are contracting rapidly.

The Commission decided that the Applicant submitted *prima facie* information indicating

that events cited by the Applicant are regarded as unforeseen developments which, with the effects of the obligations incurred under GATT 1994, led to the alleged surge of imports of the subject product, as per the provisions of Article XIX of GATT 1994.

ALLEGATION OF SERIOUS INJURY AND CAUSAL LINK

The period of investigation for data evaluation for the purposes of determining the allegation of serious injury is from 01 December 2021 to 30 November 2024. Furthermore, this application contains information with regard to increased quantities of imports and the related serious injury for the surge period, being (01 December 2021 - 30 November 2022) to (01 December 2022 - 30 November 2023).

The injury analysis relates to information submitted by AMSA being the major producer of the subject product in the SACU.

The Applicant alleged and submitted *prima facie* evidence indicating that it is experiencing serious injury in the form of a decline in net profit, market share and an increase in price depression, price suppression and cash flow during the period of surge, being (01 December 2021 - 30 November 2022) to (01 December 2022 - 30 November 2023).

Furthermore, an analysis for the period of investigation from 01 May 2021 to 30 April 2024, indicates that the Applicant has experienced serious injury in the form of a decline in net profit, market share, price suppression, price depression and negative cash flow.

On this basis, the Commission found that *prima facie* evidence was submitted to indicate that the SACU industry was experiencing serious injury which could be causally linked to the recent, sudden, serious, and significant surge in imports of the subject products.

LEGAL FRAMEWORK

This investigation will be conducted in accordance with the International Trade Administration Act, 2002 ("ITA Act") and the International Trade Administration Commission Safeguard Regulations ("SGR") read with the World Trade Organization Agreement on Safeguards ("the Safeguard Agreement").

Please note that if any information is considered to be confidential, a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version, the following rules are strictly applicable, and parties must indicate:

- where confidential information has been omitted and the nature of such information;
- reasons for such confidentiality;
- a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the

requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made, setting out reasons why it is impossible to comply with these requirements.
