government printing
Department:
Government Printing Works
REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

Extraordinary Gazettes

3. *Extraordinary Gazettes* can have only one publication date. If multiple publications of an *Extraordinary Gazette* are required, a separate Z95/Z95Prov *Adobe* Forms for each publication date must be submitted.

Notice Submission Process

4. Download the latest *Adobe* form, for the relevant notice to be placed, from the **Government Printing Works** website www.gpwonline.co.za.

5. The *Adobe* form needs to be completed electronically using *Adobe Acrobat* / *Acrobat Reader*. Only electronically completed *Adobe* forms will be accepted. No printed, handwritten and/or scanned *Adobe* forms will be accepted.

6. The completed electronic *Adobe* form has to be submitted via email to submit.egazette@gpw.gov.za. The form needs to be submitted in its original electronic *Adobe* format to enable the system to extract the completed information from the form for placement in the publication.

7. Every notice submitted **must** be accompanied by an official **GPW** quotation. This must be obtained from the *eGazette* Contact Centre.

8. Each notice submission should be sent as a single email. The email **must** contain **all documentation relating to a particular notice submission**.

   8.1. Each of the following documents must be attached to the email as a separate attachment:

      8.1.1. An electronically completed *Adobe* form, specific to the type of notice that is to be placed.

         8.1.1.1. For National *Government Gazette* or *Provincial Gazette* notices, the notices must be accompanied by an electronic Z95 or Z95Prov *Adobe* form

         8.1.1.2. The notice content (body copy) **MUST** be a separate attachment.

      8.1.2. A copy of the official **Government Printing Works** quotation you received for your notice. *(Please see Quotation section below for further details)*

      8.1.3. A valid and legible Proof of Payment / Purchase Order: **Government Printing Works** account customer must include a copy of their Purchase Order**. Non-Government Printing Works** account customer needs to submit the proof of payment for the notice

      8.1.4. Where separate notice content is applicable (Z95, Z95 Prov and TForm 3, it should **also** be attached as a separate attachment. *(Please see the Copy Section below, for the specifications)*.

      8.1.5. Any additional notice information if applicable.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

9. The electronic *Adobe* form will be taken as the primary source for the notice information to be published. Instructions that are on the email body or covering letter that contradicts the notice form content will not be considered. The information submitted on the electronic *Adobe* form will be published as-is.

10. To avoid duplicated publication of the same notice and double billing, Please submit your notice **ONLY ONCE.**

11. Notices brought to **GPW** by "walk-in" customers on electronic media can only be submitted in *Adobe* electronic form format. All "walk-in" customers with notices that are not on electronic *Adobe* forms will be routed to the Contact Centre where they will be assisted to complete the forms in the required format.

12. Should a customer submit a bulk submission of hard copy notices delivered by a messenger on behalf of any organisation e.g. newspaper publisher, the messenger will be referred back to the sender as the submission does not adhere to the submission rules.

QUOTATIONS

13. Quotations are valid until the next tariff change.

    13.1. ***Take note:*** **GPW**'s annual tariff increase takes place on ***1 April*** therefore any quotations issued, accepted and submitted for publication up to ***31 March*** will keep the old tariff. For notices to be published from 1 April, a quotation must be obtained from **GPW** with the new tariffs. Where a tariff increase is implemented during the year, **GPW** endeavours to provide customers with 30 days' notice of such changes.

14. Each quotation has a unique number.

15. Form Content notices must be emailed to the *eGazette* Contact Centre for a quotation.

    15.1. The *Adobe* form supplied is uploaded by the Contact Centre Agent and the system automatically calculates the cost of your notice based on the layout/format of the content supplied.

    15.2. It is critical that these *Adobe* Forms are completed correctly and adhere to the guidelines as stipulated by **GPW**.

16. **APPLICABLE ONLY TO GPW ACCOUNT HOLDERS**:

    16.1. **GPW** Account Customers must provide a valid **GPW** account number to obtain a quotation.

    16.2. Accounts for **GPW** account customers **must** be active with sufficient credit to transact with **GPW** to submit notices.

        16.2.1. If you are unsure about or need to resolve the status of your account, please contact the **GPW** Finance Department prior to submitting your notices. (If the account status is not resolved prior to submission of your notice, the notice will be failed during the process).

17. **APPLICABLE ONLY TO CASH CUSTOMERS:**

    17.1. Cash customers doing **bulk payments** must use a **single email address** in order to use the **same proof of payment** for submitting multiple notices.

18. The responsibility lies with you, the customer, to ensure that the payment made for your notice(s) to be published is sufficient to cover the cost of the notice(s).

19. Each quotation will be associated with one proof of payment / purchase order / cash receipt.

    19.1. This means that **the quotation number can only be used once to make a payment.**

GOVERNMENT PRINTING WORKS - BUSINESS RULES

COPY (SEPARATE NOTICE CONTENT DOCUMENT)

20. Where the copy is part of a separate attachment document for Z95, Z95Prov and TForm03

20.1. Copy of notices must be supplied in a separate document and may not constitute part of any covering letter, purchase order, proof of payment or other attached documents.

The content document should contain only one notice. (You may include the different translations of the same notice in the same document).

20.2. The notice should be set on an A4 page, with margins and fonts set as follows:

Page size = A4 Portrait with page margins: Top = 40mm, LH/RH = 16mm, Bottom = 40mm; Use font size: Arial or Helvetica 10pt with 11pt line spacing;

Page size = A4 Landscape with page margins: Top = 16mm, LH/RH = 40mm, Bottom = 16mm; Use font size: Arial or Helvetica 10pt with 11pt line spacing;

CANCELLATIONS

21. Cancellation of notice submissions are accepted by **GPW** according to the deadlines stated in the table above in point 2. Non-compliance to these deadlines will result in your request being failed. Please pay special attention to the different deadlines for each gazette. Please note that any notices cancelled after the cancellation deadline will be published and charged at full cost.

22. Requests for cancellation must be sent by the original sender of the notice and must accompanied by the relevant notice reference number (N-) in the email body.

AMENDMENTS TO NOTICES

23. With effect from 01 October 2015, **GPW** will not longer accept amendments to notices. The cancellation process will need to be followed according to the deadline and a new notice submitted thereafter for the next available publication date.

REJECTIONS

24. All notices not meeting the submission rules will be rejected to the customer to be corrected and resubmitted. Assistance will be available through the Contact Centre should help be required when completing the forms. (012-748 6200 or email info.egazette@gpw.gov.za). Reasons for rejections include the following:

24.1. Incorrectly completed forms and notices submitted in the wrong format, will be rejected.

24.2. Any notice submissions not on the correct *Adobe* electronic form, will be rejected.

24.3. Any notice submissions not accompanied by the proof of payment / purchase order will be rejected and the notice will not be processed.

24.4. Any submissions or re-submissions that miss the submission cut-off times will be rejected to the customer. The Notice needs to be re-submitted with a new publication date.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

APPROVAL OF NOTICES

25. Any notices other than legal notices are subject to the approval of the Government Printer, who may refuse acceptance or further publication of any notice.

26. No amendments will be accepted in respect to separate notice content that was sent with a Z95 or Z95Prov notice submissions. The copy of notice in layout format (previously known as proof-out) is only provided where requested, for Advertiser to see the notice in final Gazette layout. Should they find that the information submitted was incorrect, they should request for a notice cancellation and resubmit the corrected notice, subject to standard submission deadlines. The cancellation is also subject to the stages in the publishing process, i.e. If cancellation is received when production (printing process) has commenced, then the notice cannot be cancelled.

GOVERNMENT PRINTER INDEMNIFIED AGAINST LIABILITY

27. The Government Printer will assume no liability in respect of—

27.1. any delay in the publication of a notice or publication of such notice on any date other than that stipulated by the advertiser;

27.2. erroneous classification of a notice, or the placement of such notice in any section or under any heading other than the section or heading stipulated by the advertiser;

27.3. any editing, revision, omission, typographical errors or errors resulting from faint or indistinct copy.

LIABILITY OF ADVERTISER

28. Advertisers will be held liable for any compensation and costs arising from any action which may be instituted against the Government Printer in consequence of the publication of any notice.

CUSTOMER INQUIRIES

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While **GPW** deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.
GPW has a 2-working day turnaround time for processing notices received according to the business rules and deadline submissions.
Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

29. Requests for information, quotations and inquiries must be sent to the Contact Centre ONLY.

30. Requests for Quotations (RFQs) should be received by the Contact Centre at least **2 working days** before the submission deadline for that specific publication.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

Payment of cost

31. The Request for Quotation for placement of the notice should be sent to the Gazette Contact Centre as indicated above, prior to submission of notice for advertising.

32. Payment should then be made, or Purchase Order prepared based on the received quotation, prior to the submission of the notice for advertising as these documents i.e. proof of payment or Purchase order will be required as part of the notice submission, as indicated earlier.

33. Every proof of payment must have a valid **GPW** quotation number as a reference on the proof of payment document.

34. Where there is any doubt about the cost of publication of a notice, and in the case of copy, an enquiry, accompanied by the relevant copy, should be addressed to the Gazette Contact Centre, **Government Printing Works**, Private Bag X85, Pretoria, 0001 email: info.egazette@gpw.gov.za before publication.

35. Overpayment resulting from miscalculation on the part of the advertiser of the cost of publication of a notice will not be refunded, unless the advertiser furnishes adequate reasons why such miscalculation occurred. In the event of underpayments, the difference will be recovered from the advertiser, and future notice(s) will not be published until such time as the full cost of such publication has been duly paid in cash or electronic funds transfer into the **Government Printing Works** banking account.

36. In the event of a notice being cancelled, a refund will be made only if no cost regarding the placing of the notice has been incurred by the **Government Printing Works**.

37. The **Government Printing Works** reserves the right to levy an additional charge in cases where notices, the cost of which has been calculated in accordance with the List of Fixed Tariff Rates, are subsequently found to be excessively lengthy or to contain overmuch or complicated tabulation.

Proof of publication

38. Copies of any of the *Government Gazette* or *Provincial Gazette* can be downloaded from the **Government Printing Works** website www.gpwonline.co.za free of charge, should a proof of publication be required.

39. Printed copies may be ordered from the Publications department at the ruling price. The **Government Printing Works** will assume no liability for any failure to post or for any delay in despatching of such *Government Gazette*(s)

Financial Intelligence Centre

CONSULTATION NOTE

Relating to the draft Directive 10 on information pertaining to geographic locations to be provided with registration in accordance with section 43B of the Financial Intelligence Centre Act, 2001 (Act No. 38 of 2001)

December 2025

FOR CONSULTATION PURPOSES ONLY

INTRODUCTION

1. The Financial Intelligence Centre (Centre) has prepared for consultation draft Directive 10 in terms of section 43A(1) of the Financial Intelligence Centre Act, 2001 (Act No. 38 of 2001) (FIC Act).

2. The draft Directive 10 is available on the Centre's website at www.fic.gov.za

3. The draft Directive requires accountable institutions, as part of the registration process, to provide information regarding the head office, branches and subsidiaries in the Republic and outside the Republic to determine the geographic location for group structures.

4. The geographic location will assist the Centre and supervisory bodies to understand the group structure of an accountable institution and to accordingly apply risk-based supervision in a more informed manner in relation to group-wide compliance.

5. The information requested in the draft Directive is not intended to require accountable institutions to register branches and subsidiaries as a separate accountable institution to the head office, nor to regard such registered branches and subsidiaries as accountable institutions (if they are not a separate legal entity).

CONSULTATION

6. Commentators are invited to comment on the draft directive using the online consultation comments form only, link: https://forms.office.com/Pages/ResponsePage.aspx?id=szVSHGOkAUqWp9wmNLKqdFeqGu3LQAtHhSNWTYCyu29UOFFLTTNaNUk5SEFIODNVUklTV1ZPQldQOS4u.
Commentators may submit questions regarding the consultation of Draft Directive 10 to the Centre by email at: consult@fic.gov.za.

7. Submissions on the draft directive will be received until the close of business on Friday, 13 February 2026.

STANDARDS ACT, 2008
STANDARDS MATTERS

In terms of the Standards Act, 2008 (Act No. 8 of 2008), the Board of the South African Bureau of Standards has acted in regard to standards in the manner set out in the Schedules to this notice.

SCHEDULE A: DRAFTS FOR COMMENTS

The following draft standards are hereby issued for public comments in compliance with the norm for the development of the South Africa National standards in terms of section 23(2)(a) (ii) of the Standards Act.

Draft Standard No. and Edition	Title, scope and purport	Closing Date
SANS 8429:20xx Ed 1	Standard Test Method for Legionella pneumophila in Water Samples Using Legiolert 1,2. *This standard describes a simple procedure for the detection of Legionella pneumophila (L. pneumophila) in potable water and non-potable waters (cooling towers, for example).*	**2026-02-18**
SANS 8825-2:20XX Ed 2	Information technology - ASN.1 encoding rules - Part 2: Specification of Packed Encoding Rules (PER). *This standard specifies a set of Packed Encoding Rules that may be used to derive a transfer syntax for values of types defined in Rec. ITU-T X.680 | ISO/IEC 8824-1. These Packed Encoding Rules are also to be applied for decoding such a transfer syntax in order to identify the data values being transferred.*	**2026-02-18**
SANS 13253:20xx Ed 3	Ducted air-conditioners and air-to-air heat pumps - Testing and rating for performance. *This document specifies performance testing, the standard conditions and the test methods for determining the capacity and efficiency ratings of air-cooled, air-conditioners and air-to-air heat pumps.* *This document is applicable to the following equipment:* *— ducted air-cooled air conditioners and ducted air to air heat pumps.* *This document is limited to* *— residential, commercial and industrial single-package, and split-system air conditioners and heat pumps,* *— factory-made, electrically driven and use mechanical compression,* *— utilizing single, multiple and variable capacity components, and* *— multiple split-system utilizing one or more refrigeration systems, one outdoor unit and one or more indoor units, controlled by a single thermostat/controller.* *The requirements of testing and rating contained in this document are based on the use of matched assemblies.* *This document is not applicable to the rating and testing of the following:* *a) water-source heat pumps or water-cooled air-conditioners;* *b) multi-split-system air-conditioners and air-to-air heat pumps (see ISO 15042 for testing of such equipment);* *c) mobile (windowless) units having a condenser exhaust duct;* *d) individual assemblies not constituting a complete refrigeration system;* *e) equipment using the absorption refrigeration cycle;* *f) non-ducted equipment (see ISO 5151 for testing of such equipment);* *g) ducted air conditioners and/or ducted heat pumps, rated at less than 8 kW and intended to operate at external static pressures of less than 25 Pa, controlled by a single thermostat/controller (refer to ISO 5151).* *This document does not cover the determination of seasonal efficiencies, which can be required in some countries because they provide a better indication of efficiency under actual operating conditions.* *NOTE Throughout this document, the terms "equipment" and "systems" mean "air-conditioners" and/or "heat pumps".*	**2026-02-18**
SANS 17020:20XX Ed 3	Conformity assessment - Requirements for bodies performing inspection. *This standard contains requirements for the competence of bodies performing inspection and for the impartiality and consistency of their inspection activities.*	**2026-02-18**
SANS 19785-1:20XX Ed 2	Information technology - Common Biometric Exchange Formats Framework Part 1: Data element specification. *This standard describes methods to define CBEFF patron formats using CBEFF data elements to specify the structure of BIRs, including the standard biometric headers (SBHs).*	**2026-02-18**

This gazette is also available free online at **www.gpwonline.co.za**

SANS 22989:20xx Ed 1	Information technology - Artificial intelligence - Artificial intelligence concepts and terminology. *This standard establishes terminology for AI and describes concepts in the field of AI.*	**2026-02-18**
SANS 24709-1 Ed 2	Information technology - Conformance testing for the biometric application programming interface (BioAPI) Part 1: Methods and procedures. *This standard specifies the concepts, framework, test methods, and criteria required to test conformity of biometric products claiming conformance to BioAPI (see ISO/IEC 19784-1).*	**2026-02-18**
SANS 42001:20xx Ed 1	Information technology - Artificial intelligence - management system. *This standard specifies requirements for establishing, implementing, maintaining, and continually improving an Artificial Intelligence Management System (AIMS) within organizations.*	**2026-02-18**
SANS 42005:20XX Ed 1	Information technology - Artificial intelligence (AI) - AI system impact assessment. *This standard provides guidance for organisations conducting AI system impact assessments*.	**2026-02-18**
SANS 42006:20xx Ed 1	Information technology - Artificial intelligence - Requirements for bodies providing audit and certification of artificial intelligence management systems. *This standard specifies additional requirements for ISO/IEC 17021-1 in order to enable accredited and or peer assessed certification bodies to reliably audit the management system for organizations that develop or use AI systems or both according to ISO/IEC 42001 and to make an evaluation and decision for certification*	**2026-02-18**
SANS 60364-7-702:20xx Ed 1	Low-voltage electrical installations - Part 7-702: Requirements for special installations or locations - Swimming pools and fountains. *The particular requirements of this part of IEC 60364 apply to electrical installations of:* *– basins of swimming pools and paddling pools and their surrounding zones;* *– areas in natural waters, lakes in gravel pits and coastal and similar areas, specially intended to be occupied by persons for swimming, paddling and similar purposes, and their surrounding zones. Such areas in natural waters, lakes in gravel pits and coastal and similar areas, are considered as swimming pools;* *– basins of fountains and their surrounding zones.* *NOTE In these areas, in normal use, the effect of an electric shock is increased by a reduction in body resistance and contact of the body with earth potential.* *For swimming pools for medical use, special requirements may apply.* *This standard does not cover the use of mobile equipment, e.g. pool cleaning equipment.*	**2026-02-18**
SANS 60364-5-55:20xx Ed 1	Electrical installations of buildings - Part 5-55: Selection and erection of electrical equipment - Other equipment. *This standard Specifies requirements and recommendations for the selection and erection of low-voltage electric equipment not covered by other parts of IEC 60364-5, intended to be part of the fixed installation*	**2026-02-18**
SANS 60364-5-56:20xx Ed 1	Low-voltage electrical installations - Part 5-56: Selection and erection of electrical equipment - Safety services. *This standard covers general requirements for safety services, selection and erection of electrical supply systems for safety services and the electrical source for safety services.*	**2026-02-18**
SANS 60364-7-701:20xx Ed 1	Low-voltage electrical installations - Part 7-701: Requirements for special installations or locations - Locations containing a bath or shower. *The particular requirements of this part of IEC 60364 apply to electrical installations in indoor or outdoor locations where a bath tub and/or a shower is intended to be permanently placed in a specific location.* *The extent of the location containing a bath tub and/or a shower is limited by:* *– the lowest finished floor level;* *– a horizontal plane 3 m above the lowest finished floor level;* *– a vertical circumscribing virtual surface at a distance of 4 m from the fixed water outlet for the bath tub or shower; and* *– the volume within the walls, floor and ceiling that border the location containing a bath or shower, measured to a depth of 6 cm.* *NOTE 1 Where the shower head and flexible hose are detachable, the fixed water outlet is taken to be at the supply end of the flexible hose.* *The requirements of this document also apply to fixed electrical installations in mobile applications, for example caravans, mobile homes, shower containers.*	**2026-02-18**

This gazette is also available free online at **www.gpwonline.co.za**

	This document does not apply to emergency facilities, for example emergency showers used in industrial areas or laboratories. *NOTE 2 For locations containing a bath or shower for medical treatment, special requirements can be necessary.* *NOTE 3 For prefabricated bath and/or shower units, see also IEC 60335-2-105.*	
SANS 60364-7-703:XXXX Ed 1	Electrical installations of buildings - Part 7-703: Requirements for special installations or locations - Rooms and cabins containing sauna heaters. *The particular requirements of this part of IEC 60364 apply to:* *– sauna cabins erected on site, e.g. in a location or in a room;* *– the room where the sauna heater is, or the sauna heating appliances are installed. In this case the whole room is considered as the sauna.* *They do not apply to prefabricated sauna cabins complying with a relevant equipment standard. Where facilities like cold water basins or showers, etc. are installed, the requirements of Part 7-701 also apply.*	**2026-02-18**
SANS 60364-7-704:XXXX Ed 1	Low-voltage electrical installations - Part 7-704: Requirements for special installations or locations - Construction and demolition site installations. *The requirements o f this part of IEC 60364 apply to installations for construction and demolition sites for use during the period of the construction or demolition work which are intended to be taken out of service upon completion of the works. Examples include the following:* *• construction work of new buildings;* *• repair, alteration, extension or demolition of existing buildings or parts of existing buildings;* *• engineering works;* *• earthworks;* *• work of similar nature.* *The requirements apply to fixed or moveable installations.* *The requirements do not apply to installations in administrative locations of construction sites (e.g. offices, cloakrooms, meeting rooms, canteens, restaurants, dormitories, toilets).*	**2026-02-18**
SANS 60364-7-705:XXXX. Ed 1	Low-voltage electrical installations - Part 7-705: Requirements for special installations or locations - Agricultural and horticultural premises. *The requirements of this part of IEC 60364 apply to fixed electrical installations inside and outdoors of agricultural and horticultural premises. Some of the requirements are also applicable to other locations that are in common buildings belonging to the agricultural and horticultural premises.* *Rooms, locations and areas for household applications and similar are not covered by this standard.* *If some of the special requirements of Part 705 are also applicable for residences and other locations in such common buildings this is stated in the normative text.*	**2026-02-18**
SANS 60364-7-712:20xx Ed 3	Low voltage electrical installations - Part 7-712: Requirements for special installations or locations - Solar photovoltaic (PV) power supply systems. *This standard applies to the electrical installation of PV systems intended to supply all or part of an installation.*	**2026-02-18**
SANS 60364-7-713:20xx Ed 1	Low-voltage electrical installations - Part 7-713: Requirements for special installations or locations – Furniture. *The particular requirements of this part of IEC 60364 apply to the wiring system of furniture (and similar fitments) which is connected to the electrical installation.* *Examples are beds, cupboards, desks and shop display cases, in which electrical equipment such as luminaires, installation couplers according to IEC 61535, socket-outlets, switching devices and wiring systems are installed.* *The requirements of this part apply to all kinds of furniture, regardless of the connection to the electrical installation of the building, as long as the furniture together with its electrical installation is not the subject of another IEC publication. The requirements of this part apply to electrical equipment of furniture connected to a supply with a nominal voltage UO not exceeding 230 V and a total load current not exceeding 32 A.* *These requirements do not apply to electrical appliances and equipment specifically designed for installation in furniture and which are the subject of*	**2026-02-18**

	other IEC standards, for example radios, TV receivers, refrigerators and laboratory tables, installed in the furniture and ready for connection to the electrical installations of buildings via plugs and socket-outlets. For special locations, other specific requirements may apply, for example see IEC 60364-7-701.	
SANS 60364-8-82:20xx Ed 1	Low-voltage electrical installations - Part 8-82: Functional aspects - Prosumer's low-voltage electrical installations. *This standard provides requirements and recommendations that apply to low-voltage electrical installations connected or not to a distribution network able to operate: with local power supplies, and/or with local storage units, and that monitors and controls the energy from the locally connected sources delivering it to: current-using equipment, and/or local storage units, and/or distribution networks*.	**2026-02-18**
SANS 60436:20XX Ed 3	Electric dishwashers for household use - Methods for measuring the performance. *This document applies to electric dishwashers (3.1.1) for household and similar use that are supplied with hot and/or cold water.* *The object of this document is to state and define the principal performance characteristics of electric dishwashers (3.1.1) for household and similar use and to describe the standard methods of measuring these characteristics.* *This document is concerned neither with safety nor with minimum performance requirements.*	**2026-02-18**
SANS 62282-3-400:XXXX Ed 1	Fuel cell technologies - Part 3-400: Stationary fuel cell power systems - Small stationary fuel cell power system with combined heat and power output. *This document applies to small stationary fuel cell power systems serving as a heating appliance providing both electric power and useful heat with or without a supplementary heat generator providing peak load function. This standard applies to fuel cell power systems that are intended to be permanently connected to the electrical system of the customer (end user). Direct connection to the mains (parallel operation) is also within the scope of this standard.*	**2026-02-18**
SATS 60364-8-3:20xx Ed 1	Low-voltage electrical installations - Part 8-3 : Functional aspects - Operation of prosumer's electrical installations. *This standard specifies requirements and recommendations for the safe and proper functioning of prosumers' electrical installations.*	**2026-02-18**
SATS 17021-8:XXXX Ed 1	Conformity assessment - Requirements for bodies providing audit and certification of management systems - Part 8: Competence requirements for auditing and certification of management systems for sustainable development in communities. *This standard specifies additional competence requirements for personnel involved in the audit and certification process of a management system for sustainable development in communities and complements the existing requirements of ISO/IEC 17021-1.*	**2026-02-18**
SATS 17021-9:XXXX Ed 1	Conformity assessment - Requirements for bodies providing audit and certification of management systems Part 9: Competence requirements for auditing and certification of anti-bribery management systems. *This standard complements the existing requirements of ISO/IEC 17021-1 and includes specific competence requirements for personnel involved in the certification process for anti-bribery management systems (ABMS).*	**2026-02-18**
SATS 17021-11:XXXX Ed 1	Conformity assessment - Requirements for bodies providing audit and certification of management systems Part 11: Competence requirements for auditing and certification of facility management (FM) management systems. *This standard specifies additional competence requirements for personnel involved in the audit and certification process of a facility management (FM) management system and complements the existing requirements of ISO/IEC 17021-1.*	**2026-02-18**
SATS 17033:20xx Ed 1	Ethical claims and supporting information - Principles and requirements. *This standard contains principles and requirements for developing and declaring ethical claims and for providing supporting information, where specific standards have not been developed, or to supplement existing standards.*	**2026-02-18**
SANS 68:20xx Ed 3	Single-use sterile rubber surgical gloves – Specification. *This document specifies requirements for packaged sterile rubber gloves intended for use in surgical procedures to protect the patient and the user from cross-contamination.* *This document is applicable to single-use gloves that are worn once and then discarded. It does not apply to examination or procedure gloves.*	**2026-02-18**

	test methods. *This document specifies test methods and values for sealable pouches and reels manufactured from porous materials complying with either EN 868 part 2, 3, 6, 7, 9 or 10 and plastic film complying with Clause 4. These sealable pouches and reels are used as sterile barrier systems and/or packaging systems that are intended to maintain sterility of terminally sterilized medical devices to the point of use.* *Other than the general requirements as specified in EN ISO 11607-1 and EN ISO 11607-2 this part of EN 868 specifies materials, test methods and values that are specific to the products covered by this document.* *The materials specified in this part of EN 868 are intended for single use only.*	
SANS 10406:20xx Ed 3	Transport of dangerous goods - The reprocessing of previously certified packaging. *This standard covers the procedures to follow for the reprocessing of previously certified packaging to ensure that the reprocessed packaging meets quality standards and that the safe transport of goods packaged in such reprocessed packaging is not compromised, and to promote the health and safety of employees, the public, and the environment. In alignment with national, provincial and local requirements, this standard is intended to ensure that reprocessed packaging conforms to the highest standards as well as demonstrates extended procedure responsibility.*	**2026-02-18**
SANS 11200:20xx Ed 2 and ISO amdt 1	Acoustics - Noise emitted by machinery and equipment - Guidelines for the use of basic standards for the determination of emission sound pressure levels at a work station and at other specified positions. *This International Standard is the frame standard introducing the basic group, ISO 11201, ISO 11202, ISO 11203, ISO 11204 and ISO 11205, on the determination of emission sound pressure levels at work stations and other specified positions. It gives guidance for:* *— facilitating the writing of noise test codes;* *— providing physical explanations of this noise emission quantity compared to other noise quantities (see 4.1 to 4.3);* *— comparing the different measurement methods offered by the group (see Table 1);* *— facilitating the choice of the most appropriate method(s) in typical practical situations (Clause 6).* *This International Standard is largely based on flow charts and tables. Case studies are described.The guidance given applies to airborne sound only. It is for use in noise testing, in general, and in the preparation of noise test codes, in particular. A standardized noise test code is intended to select standards from the ISO 11201, ISO 11202, ISO 11203, ISO 11204 and ISO 11205 group, which are the most appropriate to the machinery family it covers, and which give detailed requirements on mounting and operating conditions for the particular family, as well as the location of the work station(s) and other specified positions as prescribed in these International Standards.* *The data so obtained can be used for the declaration and verification of emission sound pressure levels, e.g. as specified in ISO 4871.[3]*	**2026-02-18**
SANS 52619:20xx Ed 1	Stationary source emissions - Determination of the mass concentration of total gaseous organic carbon - Continuous flame ionisation detector method. *This standard specifies a flame ionisation detector (FID) method.*	**2026-02-18**
SANS 60601-2-33:20xx Ed 2	Medical electrical equipment Part 2-33: Particular requirements for the basic safety and essential performance of magnetic resonance equipment for medical diagnosis. *This standard applies to the basic safety and essential performance of magnetic resonance (MR) equipment and magnetic resonance (MR) systems.*	**2026-02-18**
SANS 60437:20xx Ed 1	Radio interference test on high-voltage insulators. *This standard specifies the procedure for a radio interference (RI) test carried out in a laboratory on clean and dry insulators at a frequency of 0,5 MHz or 1 MHz or, alternatively, at other frequencies between 0,5 MHz and 2 MHz. This document applies to insulators for use on AC or DC overhead power lines and overhead traction lines with a nominal voltage greater than 1 000 V.*	**2026-02-18**
SANS 62512:20xx Ed 1	Electric clothes washer-dryers for household use - Methods for measuring the performance. *This document specifies the test methods for the testing of household combined washer-dryers in their function to wash and dry textiles. It does not apply for testing individual washing or drying functions. The object is to state and define the principal performance characteristics of household*	**2026-02-18**

	electric washer-dryers of interest to users and to describe standard methods for measuring these characteristics.	
SANS 60086-6:20XX Ed 1	Primary batteries - Part 6: Guidance on environmental aspects. *This standard applies to all chemistries of portable primary cells and batteries standardized in the 60086 series.*	**2026-02-18**
SANS 60227-1:20XX Ed 2	Polyvinyl chloride insulated cables of rated voltages up to and including 450/750 V Part 1: General requirements. *This part of IEC 60227 applies to rigid and flexible cables with insulation, and sheath if any, based on polyvinyl chloride, of rated voltages Uo/U up to and including 450/750 V used in power installations of nominal voltage not exceeding 450/750 V AC. NOTE For some types of flexible cables the term "cord" is used. The particular types of cables are specified in IEC 60227-3, IEC 60227-4, IEC 60227-5, IEC 60227-6 and IEC 60227-7. The code designations of these types of cables are provided in this document. The test methods specified in this document, IEC 60227-3, IEC 60227-4, IEC 60227-5, IEC 60227-6 and IEC 60227-7 are given in IEC 63294, IEC 60332-1-2 and in the relevant parts of the IEC 60811 series.*	**2026-02-18**
SANS 13253:20xx Ed 3	Ducted air-conditioners and air-to-air heat pumps - Testing and rating for performance. t specifies performance testing, the standard conditions and the test methods for determining the capacity and efficiency ratings of air-cooled, air-conditioners and air-to-air heat pumps. *This document is applicable to the following equipment: — ducted air-cooled air conditioners and ducted air to air heat pumps. This document is limited to — residential, commercial and industrial single-package, and split-system air conditioners and heat pumps, — factory-made, electrically driven and use mechanical compression, — utilizing single, multiple and variable capacity components, and — multiple split-system utilizing one or more refrigeration systems, one outdoor unit and one or more indoor units, controlled by a single thermostat/controller. The requirements of testing and rating contained in this document are based on the use of matched assemblies. This document is not applicable to the rating and testing of the following: a) water-source heat pumps or water-cooled air-conditioners; b) multi-split-system air-conditioners and air-to-air heat pumps (see ISO 15042 for testing of such equipment); c) mobile (windowless) units having a condenser exhaust duct; d) individual assemblies not constituting a complete refrigeration system; e) equipment using the absorption refrigeration cycle; f) non-ducted equipment (see ISO 5151 for testing of such equipment); g) ducted air conditioners and/or ducted heat pumps, rated at less than 8 kW and intended to operate at external static pressures of less than 25 Pa, controlled by a single thermostat/controller (refer to ISO 5151). This document does not cover the determination of seasonal efficiencies, which can be required in some countries because they provide a better indication of efficiency under actual operating "conditions. NOTE Throughout this document, the terms "equipment " and "systems" mean "air-conditioners" and/or "heat pumps"*	**2026-02-18**

SCHEDULE A.1: AMENDMENT OF EXISTING STANDARDS

SECTION B: ISSUING OF THE SOUTH AFRICAN NATIONAL STANDARDS

SCHEDULE B.1: NEW STANDARDS

The following standards have been issued in terms of section 24(1)(a) of the Standards Act.

Standard No. and year	Title, scope and purport
SANS 62933-5-1:2025 ED 1	Electrical energy storage (EES) systems Part 5-1: Safety considerations for grid□integrated EES systems — General specification. *Specifies safety considerations (e.g. hazards identification, risk assessment, risk mitigation) applicable to EES systems integrated with the electrical grid. Provides criteria to enable the safe application and use of electrical energy storage systems of any type or size intended for grid-integrated applications. Can be applied to all EESS technologies, but for requirements specific to electrochemical EES systems, reference is also made to IEC 62933-5-2.*
SANS 60884-2-8:2025 ED 1	Plugs and socket-outlets for household and similar purposesPart 2-8: Particular requirements for socket-outlets for furniture. *Applies to socket-outlets for furniture for AC only, with or without earthing contact, with or without supply cable, with a rated voltage greater than 50 V but not exceeding 440 V and a rated current not exceeding 32 A, intended for household and similar purposes, either indoors or outdoors. Covers socket-outlets for furniture which are intended to be built into or fixed into furniture and are not intended to be moved from one place to another without removing the fixing means..*
SANS 8233:2025 ED 1	Standard Guide for Packaging and Labeling of Consumer Resin Cannabis Products for Sale to Adult Consumers, Legally Authorized Medical Users, and Caregivers in a Business-to-Consumer Retail Environment (Retailers). *This guide is for the packaging and labeling of cannabis flowers, resins, and preparations derived therefrom for sale to adult consumers, legally authorized medical users, and care givers in a business-to-consumer/patient/caregiver retail envi ronment and other legal distribution channels. This includes labeling of products, regardless of packaging format, that will be purchased by adults in retail dispensaries, pharmacies, or other distribution methods (for example, postal shipment).*
SANS 15118-9:2025 ED 1	Road vehicles - Vehicle to grid communication interface - Part 9: Physical and data link layer conformance test for wireless communication*. This standard specifies conformance tests in the form of an abstract test suite (ATS) for a system under test (SUT) implementing an electric-vehicle or supply-equipment communication controller (EVCC orSECC) with support for WLAN-based high-level communication (HLC) according to ISO 15118-8 (published in South Africa as an identical adoption under the designation SANS 15118-8) and against the background of ISO 15118-1 (published in South Africa as an identical adoption under the designation SANS 15118-1).*
SANS 61980-2:2025 ED 1	Electric vehicle wireless power transfer (WPT) systems -Part 2: Specific requirements for MF-PT system communication and activities. This standard addresses communication and activities of magnetic field wireless power transfer (MF-WPT) systems.

This gazette is also available free online at **www.gpwonline.co.za**

Standard No. and year	Title, scope and purport
SANS 61980-3:2025 ED 1	Electric vehicle wireless power transfer (WPT) systems -Part 3: Specific requirements for magnetic field wireless power transfer systems. *This standard applies to the off-board supply equipment for wireless power transfer via magnetic field (MF-WPT) to electric road vehicles for purposes of supplying electric energy to the RESS (rechargeable energy storage system) and/or other on-board electrical systems. The MF-WPT system operates at standard supply voltage ratings per IEC 60038 up to 1 000 V AC and up to 1 500 V DC from the supply network. The power transfer takes place while the electric vehicle (EV) is stationary. Off-board supply equipment fulfilling the requirements in this document are intended to operate with EV devices fulfilling the requirements described in ISO 19363. The aspects covered in this document include the characteristics and operating conditions, the required level of electrical safety, requirements for basic communication for safety and process matters if required by a MF-WPT system, requirements for positioning to assure efficient and safe MF-WPT power transfer, and specific EMC requirements for MF-WPT systems.*
SANS 62840-2:2025 ED 1	Electric vehicle battery swap system -Part 2: Safety requirements. *This standard provides the safety requirements for a battery swap system, for the purposes of swapping swappable battery system (SBS)of electric vehicles.*
SANS 62840-3:2025 ED 1	Electric vehicle battery swap system - Part 3: Particular safety and interoperability requirements for battery swap systems operating with removable RESS/battery systems. *This standard applies to battery swap systems for removable RESS of electric road vehicle when connected to the supply network, with a rated supply voltage up to 480 V AC or up to 400 V DC, for battery systems with a rated voltage up to 120 V DC. This document applies to battery swap systems for removable RESS/EV where the removable RESS/EV is stored for the purpose of transfer power between the battery swap station and removable RESS/EV. Requirements for bidirectional energy transfer DC to AC are under consideration and are not part of this document. This document applies to: battery swap systems supplied from on-site storage systems (for example buffer batteries etc); manual, mechanically assisted and automatic systems; battery swap systems intended to supply removable battery systems having communication allowing to identify the battery system characteristics; battery swap systems intended to be installed at an altitude of up to 2 000 m.*
SANS 63110-1:2025 ED 1	Protocol for management of electric vehicles charging and discharging infrastructures -Part 1: Basic definitions, use cases and architectures. *This standard covers the definitions, use cases and architecture for the management of electric vehicle charging and discharging infrastructures.*
SANS 63119-2:2025 ED 1	Information exchange for electric vehicle charging roaming service -Part 2: Use cases. *This standard Specifies roaming use cases of information exchange between EV charging service providers (CSP), charging station operators (CSOs) and clearing house platforms through roaming endpoints.*
SANS 17575-1:2025 ED 1	Electronic fee collection - Application interface definition for autonomous systems Part 1: Charging. *This standard defines the format and semantics of the data exchange between a Front End (OBE plus optional proxy) and corresponding Back Ends in autonomous toll schemes. Defines the data elements that are used to generate charge reports containing information about the road usage of a vehicle for certain time intervals, sent from the Front End to the Back End. Defines the data that can be used to re-configure the ongoing process of gathering charge relevant information in the Front End.*

SCHEDULE B.2: AMENDED STANDARDS

The following standards have been amended in terms of section 24(1)(a) of the Standards Act.

Standard No. and year	Title, scope and purport

This gazette is also available free online at **www.gpwonline.co.za**

SANS 10400-B:2025 ED 4.1	The application of the National Building Regulations Part B: Structural design. *Provides deemed-to-satisfy requirements for compliance with part B (Structural Design) of the National Building Regulations. Amended to update definitions, to delete specific references in terms of a competent person, to update referenced standards, and to incorporate the figure on test fitting for lightweight and medium□weight fittings.*
SANS 10400-A:2025 ED 4.1	The application of the National Building Regulations Part A: General principles and requirements. *Establishes general requirements for satisfying the National Building Regulations issued in terms of the National Building Regulations and Building Standards Act, 1977 (Act No. 103 of 1977) and requirements that are deemed to satisfy the following parts of such Regulations: Amended to update "The National Building Regulations" reproduced in this part of SANS 10400 by updating the definitions and the table on occupancy or building classification to align the National Building Regulations (NBRs) with the 2011 version.*
SANS 61084-2-3:2025 ED 1.1	Cable trunking systems and cable ducting systems for electrical installations Part 2-3: Particular requirements— Slotted cable trunking systems intended for installation in cabinets. *Specifies requirements and tests for cable trunking systems (CTS) and cable ducting systems (CDS) intended for the accommodation, and where necessary for the electrically protective separation, of insulated conductors, cables and possibly other electrical equipment in electrical and/or communication systems installations. The maximum voltage of these installations is 1 000 V AC and 1 500 V DC. Amended to update a referenced standard, to modify requirements for mechanical properties, electromagnetic compatibility, and an annex for CTS/CDS IK code.*
SANS 1329-3:2025 ED 2.5	Retro-reflective and fluorescent warning signs for road vehicles Part 3: Signs other than triangles, chevron signs and abnormal load vehicle signs. *Covers requirements for signs, including decals, that are retro-reflective and fluorescent, and that are intended to indicate* *a) the maximum permissible speed;* *b) the width of motor vehicles operating on public roads; and* *c) identification of emergency vehicles* *Amended to delete the appendix on notes to purchasers.*
SANS 1920:2025 ED 1.3	Mixtures of copper azole compounds for timber preservation. *Specifies the requirements for a concentrated mixture of copper azole compounds (in a liquid form) that, when diluted, is intended for use as a timber preservative. Amended to update referenced standards.*
SANS 1318:2025 ED 1.2	Scholastic stationery. *Covers several types of books and sheets of paper intended for scholastic and related uses. It specifies the covers, the bindings, the grades of paper and the types of ruling. Amended to update the clauses on materials and on general requirements for books*
SANS 1522:2025 ED 2.3	Fire extinguishing powders. *Covers the requirements for fire extinguishing powders for fires of class A, class B and class C. Does not cover the assessment of the performance of an extinguishing powder in a particular piece of equipment, other than the standard test extinguishers used in certain of the tests. Amended to update the clauses on requirements and on inspection and methods of test.*
SANS 2084:2025 ED 1.1	Menstrual cups. *Covers the materials, design, performance, packing and marking requirements for menstrual cups. Amended to change the title of the standard and the requirements for biocompatibility.*
SANS 1385:2025 Ed 1.6	Kitchen cupboards: Built-in and free-standing. This standard covers eight types of kitchen unit cupboards of sheet steel, composite board, or solid timber.

SCHEDULE B.3: Revised STANDARDS

The following standards have been revised in terms of section 24(1)(a) of the Standards Act.

PROCLAMATION 303 OF 2025

by the
PRESIDENT of the REPUBLIC of SOUTH AFRICA

SPECIAL INVESTIGATING UNITS AND SPECIAL TRIBUNALS ACT, 1996 (ACT NO. 74 OF 1996): AMENDMENT OF PROCLAMATION NO. R.2 OF 2020

Under section 2(4) of the Special Investigating Units and Special Tribunals Act, 1996 (Act No. 74 of 1996), I hereby amend Proclamation No. R.2 of 2020, as published in *Gazette* No. 42979 dated 31 January 2020 (hereinafter referred to as "the original Proclamation")—

(a) by the substitution for paragraph 1 of the original Proclamation of the following paragraph:

"WHEREAS allegations as contemplated in section 2(2) of the Special Investigating Units and Special Tribunals Act, 1996 (Act No. 74 of 1996) (hereinafter referred to as "the Act"), have been made in respect of the affairs of South African Airways SOC Limited and South African Airways Technical SOC Limited (hereinafter collectively referred to as "the Institutions");

(b) by the substitution for the words "the SAA" wherever they appear in the original Proclamation and the Schedule to the original Proclamation, of the words "the Institution";

(c) by the extension of the date mentioned in the fourth paragraph of the body of the original Proclamation to date of publication of this amendment Proclamation;

(d) by the substitution for paragraph 1(b) of the Schedule to the original Proclamation of the following paragraph:

"*(b)* maintenance, repair and operations services, including the provisioning of aircraft and avionic components, spare parts, landing gear, support services, consumables, workshop instruments, oxygen generators, battery cells, modifications and inspections;";

(e) by the deletion in paragraph 1 of the word "and" at the end of paragraph *(c)*;

(f) by the deletion in paragraph 1 of the comma at the end of paragraph *(d)* and the substitution thereof with the expression "; and";

(g) by the insertion of the following paragraph in paragraph 1 of the Schedule to the original Proclamation after paragraph *(d)*:

"*(e)* supply of transportation services for cabin crew members at various outstations in terms of RFQ-GSM167/2018.";

(h) by the substitution for paragraph 3 of the Schedule to the original Proclamation of the following paragraph:

"3. Any undisclosed or unauthorised interests which board members, employees, officials and agents of the Institutions may have had in—

(a) bidders, vendors, suppliers, service providers, contractors or their agents;

(b) bidders, buyers, deal brokers, actual or potential investors or shareholders or their agents; or

(c) any other person or entity,

in relation to the allegations set out in paragraphs 1 and 2 of this Schedule, and the extent of any actual or potential benefits derived directly or indirectly by them from such undisclosed or unauthorised interests."; and

(i) by the addition of the following paragraph in the Schedule to the Proclamation:

"4. Any irregular, improper or unlawful conduct by—

(a) board members, officials, employees or agents of the Institutions;

(b) bidders, vendors, suppliers, service providers, contractors or their agents;

(c) buyers, deal brokers, actual or potential investors or shareholders or their agents; or

(d) any other person or entity,

in relation to the allegations set out in paragraphs 1 to 3 of this Schedule.".

Given under my Hand and the Seal of the Republic of South Africa at CAPE TOWN this 12TH day of NOVEMBER Two thousand and twenty-five.

President
Mr Matamela Cyril Ramaphosa
