government printing
Department:
Government Printing Works
REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

Any incidents of corruption, fraud, theft and misuse of government property in the *Government Printing Works* can be reported to:

Supply Chain Management: Ms. Anna Marie Du Toit, Tel. (012) 748 6292.

The pricing structure for National and Provincial notices which are submitted as **Extra ordinary submissions** will be charged at R**3026.32** per page.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

The **Government Printing Works** (**GPW**) has established rules for submitting notices in line with its electronic notice processing system, which requires the use of electronic *Adobe* Forms. Please ensure that you adhere to these guidelines when completing and submitting your notice submission.

Closing Times for Acceptance of Notices

1. The *Government Gazette* and *Government Tender Bulletin* are weekly publications that are published on Fridays and the closing time for the acceptance of notices is strictly applied according to the scheduled time for each gazette.

2. Please refer to the Submission Notice Deadline schedule in the table below. This schedule is also published online on the Government Printing works website www.gpwonline.co.za

   All re-submissions will be subject to the standard cut-off times.
   All notices received after the closing time will be rejected.

Government Gazette Type	Publication Frequency	Publication Date	Submission Deadline	Cancellations Deadline
National Gazette	Weekly	Friday	Friday 15h00 for next Friday	Tuesday, 15h00 - 3 working days prior to publication
Regulation Gazette	Weekly	Friday	Friday 15h00 for next Friday	Tuesday, 15h00 - 3 working days prior to publication

EXTRAORDINARY GAZETTES

3. *Extraordinary Gazettes* can have only one publication date. If multiple publications of an *Extraordinary Gazette* are required, a separate Z95/Z95Prov *Adobe* Forms for each publication date must be submitted.

NOTICE SUBMISSION PROCESS

4. Download the latest *Adobe* form, for the relevant notice to be placed, from the **Government Printing Works** website www.gpwonline.co.za.

5. The *Adobe* form needs to be completed electronically using *Adobe Acrobat* / *Acrobat Reader*. Only electronically completed *Adobe* forms will be accepted. No printed, handwritten and/or scanned *Adobe* forms will be accepted.

6. The completed electronic *Adobe* form has to be submitted via email to submit.egazette@gpw.gov.za. The form needs to be submitted in its original electronic *Adobe* format to enable the system to extract the completed information from the form for placement in the publication.

7. Every notice submitted **must** be accompanied by an official **GPW** quotation. This must be obtained from the *eGazette* Contact Centre.

8. Each notice submission should be sent as a single email. The email **must** contain **all documentation relating to a particular notice submission**.

   8.1. Each of the following documents must be attached to the email as a separate attachment:

      8.1.1. An electronically completed *Adobe* form, specific to the type of notice that is to be placed.

         8.1.1.1. For National *Government Gazette* or *Provincial Gazette* notices, the notices must be accompanied by an electronic Z95 or Z95Prov *Adobe* form

         8.1.1.2. The notice content (body copy) **MUST** be a separate attachment.

      8.1.2. A copy of the official **Government Printing Works** quotation you received for your notice. *(Please see Quotation section below for further details)*

      8.1.3. A valid and legible Proof of Payment / Purchase Order: **Government Printing Works** account customer must include a copy of their Purchase Order**. Non-Government Printing Works** account customer needs to submit the proof of payment for the notice

      8.1.4. Where separate notice content is applicable (Z95, Z95 Prov and TForm 3, it should **also** be attached as a separate attachment. *(Please see the Copy Section below, for the specifications)*.

      8.1.5. Any additional notice information if applicable.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

9. The electronic *Adobe* form will be taken as the primary source for the notice information to be published. Instructions that are on the email body or covering letter that contradicts the notice form content will not be considered. The information submitted on the electronic *Adobe* form will be published as-is.

10. To avoid duplicated publication of the same notice and double billing, Please submit your notice **ONLY ONCE.**

11. Notices brought to **GPW** by "walk-in" customers on electronic media can only be submitted in *Adobe* electronic form format. All "walk-in" customers with notices that are not on electronic *Adobe* forms will be routed to the Contact Centre where they will be assisted to complete the forms in the required format.

12. Should a customer submit a bulk submission of hard copy notices delivered by a messenger on behalf of any organisation e.g. newspaper publisher, the messenger will be referred back to the sender as the submission does not adhere to the submission rules.

QUOTATIONS

13. Quotations are valid until the next tariff change.

    13.1. ***Take note:*** **GPW**'s annual tariff increase takes place on ***1 April*** therefore any quotations issued, accepted and submitted for publication up to ***31 March*** will keep the old tariff. For notices to be published from 1 April, a quotation must be obtained from **GPW** with the new tariffs. Where a tariff increase is implemented during the year, **GPW** endeavours to provide customers with 30 days' notice of such changes.

14. Each quotation has a unique number.

15. Form Content notices must be emailed to the *eGazette* Contact Centre for a quotation.

    15.1. The *Adobe* form supplied is uploaded by the Contact Centre Agent and the system automatically calculates the cost of your notice based on the layout/format of the content supplied.

    15.2. It is critical that these *Adobe* Forms are completed correctly and adhere to the guidelines as stipulated by **GPW**.

16. **APPLICABLE ONLY TO GPW ACCOUNT HOLDERS**:

    16.1. **GPW** Account Customers must provide a valid **GPW** account number to obtain a quotation.

    16.2. Accounts for **GPW** account customers **must** be active with sufficient credit to transact with **GPW** to submit notices.

        16.2.1. If you are unsure about or need to resolve the status of your account, please contact the **GPW** Finance Department prior to submitting your notices. (If the account status is not resolved prior to submission of your notice, the notice will be failed during the process).

17. **APPLICABLE ONLY TO CASH CUSTOMERS:**

    17.1. Cash customers doing **bulk payments** must use a **single email address** in order to use the **same proof of payment** for submitting multiple notices.

18. The responsibility lies with you, the customer, to ensure that the payment made for your notice(s) to be published is sufficient to cover the cost of the notice(s).

19. Each quotation will be associated with one proof of payment / purchase order / cash receipt.

    19.1. This means that **the quotation number can only be used once to make a payment.**

GOVERNMENT PRINTING WORKS - BUSINESS RULES

COPY (SEPARATE NOTICE CONTENT DOCUMENT)

20. Where the copy is part of a separate attachment document for Z95, Z95Prov and TForm03

20.1. Copy of notices must be supplied in a separate document and may not constitute part of any covering letter, purchase order, proof of payment or other attached documents.

The content document should contain only one notice. (You may include the different translations of the same notice in the same document).

20.2. The notice should be set on an A4 page, with margins and fonts set as follows:

Page size = A4 Portrait with page margins: Top = 40mm, LH/RH = 16mm, Bottom = 40mm; Use font size: Arial or Helvetica 10pt with 11pt line spacing;

Page size = A4 Landscape with page margins: Top = 16mm, LH/RH = 40mm, Bottom = 16mm; Use font size: Arial or Helvetica 10pt with 11pt line spacing;

CANCELLATIONS

21. Cancellation of notice submissions are accepted by **GPW** according to the deadlines stated in the table above in point 2. Non-compliance to these deadlines will result in your request being failed. Please pay special attention to the different deadlines for each gazette. Please note that any notices cancelled after the cancellation deadline will be published and charged at full cost.

22. Requests for cancellation must be sent by the original sender of the notice and must accompanied by the relevant notice reference number (N-) in the email body.

AMENDMENTS TO NOTICES

23. With effect from 01 October 2015, **GPW** will not longer accept amendments to notices. The cancellation process will need to be followed according to the deadline and a new notice submitted thereafter for the next available publication date.

REJECTIONS

24. All notices not meeting the submission rules will be rejected to the customer to be corrected and resubmitted. Assistance will be available through the Contact Centre should help be required when completing the forms. (012-748 6200 or email info.egazette@gpw.gov.za). Reasons for rejections include the following:

24.1. Incorrectly completed forms and notices submitted in the wrong format, will be rejected.

24.2. Any notice submissions not on the correct *Adobe* electronic form, will be rejected.

24.3. Any notice submissions not accompanied by the proof of payment / purchase order will be rejected and the notice will not be processed.

24.4. Any submissions or re-submissions that miss the submission cut-off times will be rejected to the customer. The Notice needs to be re-submitted with a new publication date.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

APPROVAL OF NOTICES

25. Any notices other than legal notices are subject to the approval of the Government Printer, who may refuse acceptance or further publication of any notice.

26. No amendments will be accepted in respect to separate notice content that was sent with a Z95 or Z95Prov notice submissions. The copy of notice in layout format (previously known as proof-out) is only provided where requested, for Advertiser to see the notice in final Gazette layout. Should they find that the information submitted was incorrect, they should request for a notice cancellation and resubmit the corrected notice, subject to standard submission deadlines. The cancellation is also subject to the stages in the publishing process, i.e. If cancellation is received when production (printing process) has commenced, then the notice cannot be cancelled.

GOVERNMENT PRINTER INDEMNIFIED AGAINST LIABILITY

27. The Government Printer will assume no liability in respect of—

27.1. any delay in the publication of a notice or publication of such notice on any date other than that stipulated by the advertiser;

27.2. erroneous classification of a notice, or the placement of such notice in any section or under any heading other than the section or heading stipulated by the advertiser;

27.3. any editing, revision, omission, typographical errors or errors resulting from faint or indistinct copy.

LIABILITY OF ADVERTISER

28. Advertisers will be held liable for any compensation and costs arising from any action which may be instituted against the Government Printer in consequence of the publication of any notice.

CUSTOMER INQUIRIES

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While **GPW** deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.
GPW has a 2-working day turnaround time for processing notices received according to the business rules and deadline submissions.
Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

29. Requests for information, quotations and inquiries must be sent to the Contact Centre ONLY.

30. Requests for Quotations (RFQs) should be received by the Contact Centre at least **2 working days** before the submission deadline for that specific publication.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

Payment of cost

31. The Request for Quotation for placement of the notice should be sent to the Gazette Contact Centre as indicated above, prior to submission of notice for advertising.

32. Payment should then be made, or Purchase Order prepared based on the received quotation, prior to the submission of the notice for advertising as these documents i.e. proof of payment or Purchase order will be required as part of the notice submission, as indicated earlier.

33. Every proof of payment must have a valid **GPW** quotation number as a reference on the proof of payment document.

34. Where there is any doubt about the cost of publication of a notice, and in the case of copy, an enquiry, accompanied by the relevant copy, should be addressed to the Gazette Contact Centre, **Government Printing Works**, Private Bag X85, Pretoria, 0001 email: info.egazette@gpw.gov.za before publication.

35. Overpayment resulting from miscalculation on the part of the advertiser of the cost of publication of a notice will not be refunded, unless the advertiser furnishes adequate reasons why such miscalculation occurred. In the event of underpayments, the difference will be recovered from the advertiser, and future notice(s) will not be published until such time as the full cost of such publication has been duly paid in cash or electronic funds transfer into the **Government Printing Works** banking account.

36. In the event of a notice being cancelled, a refund will be made only if no cost regarding the placing of the notice has been incurred by the **Government Printing Works**.

37. The **Government Printing Works** reserves the right to levy an additional charge in cases where notices, the cost of which has been calculated in accordance with the List of Fixed Tariff Rates, are subsequently found to be excessively lengthy or to contain overmuch or complicated tabulation.

Proof of publication

38. Copies of any of the *Government Gazette* or *Provincial Gazette* can be downloaded from the **Government Printing Works** website www.gpwonline.co.za free of charge, should a proof of publication be required.

39. Printed copies may be ordered from the Publications department at the ruling price. The **Government Printing Works** will assume no liability for any failure to post or for any delay in despatching of such *Government Gazette*(s)

EXECUTIVE OFFICER: AGRICULTURAL PRODUCT STANDARDS

DEPARTMENT OF SPORTS, ARTS AND CULTURE

NO. 7170 **27 February 2026**

AN AGENCY OF THE DEPARTMENT OF SPORTS, ARTS AND CULTURE

SOUTH AFRICAN HERITAGE RESOURCES AGENCY

DECLARATION OF THE GRAVE OF SOLOMON LINDA; DOORNKOP CEMETERY; SOWETO, JOHANNESBURG, GAUTENG AS A NATIONAL HERITAGE SITE

By virtue of the powers vested in the South African Heritage Resources Agency (SAHRA), in terms of section 27 (5) of the National Heritage Resources Act (No. 25 of 1999), SAHRA hereby declares the grave of Solomon Popoli Linda; grave number 4875, located at the Doornkop Cemetery, Soweto, Johannesburg, Gauteng Province as a National Heritage Site.

Statement of Significance

"The grave of Solomon Linda is of pivotal cultural significance to South Africa as it encapsulates the broader impact of colonialism, particularly its theft and exploitation of African people's cultural heritage without recognition. Linda, a musician whose rendition of the Imbube in the 1930s became a major success in South Africa and gained popularity in other parts of the world, especially in the United Statesof America. Despite Linda's success in South Africa, the socio-political context of the 1930s granted Africans menial rights; thus, depriving them of economic benefit from their talents. As notes, "Black South Africans had no legal rights in the 1930s and while alive Solomon Linda was not aware of what royalties were…" This forced Linda to sell rights for his song for 10 shillings, leaving him destitute to the time of his death in 1960. Furthermore, both he and his descendants did not receive royalties for his creative work, despite the reworking and popularisation of his work. In fact, others claimed royalties while refusing to acknowledge Linda's role. As Peter Alegi & Chris Bolsmann have noted in their book, Africa's World Cup: Critical Reflections on Play, Patriotism, Spectatorship, and Space, "The most memorable example of the theft of intellectual rights of an African artist is that of Solomon Linda who in 1939 wrote the song Mbube and received 10 shillings (less than $2) for his effort.

In addressing the nation on 24 September 2022, President Cyril Ramaphosa stated, "The tragedy that befell Solomon Linda, the great injustice that was done to him, must never again visit any of our artists…In today's modern age, this exploitation has taken new forms such as plagiarism, cultural and intellectual property appropriation and copyright theft. Struggling artists are taken advantage of and strong-armed into giving up their rights and their royalties." Linda's grave therefore captures broadly the discontinuities and continuities of cultural appropriation of creative talent for profit without due acknowledgement of its creator. Its significance speaks to a practice that prevails with the Arts and Culture sector post the democratic dispensation."

Schedule

The demarcation of the sites is as follows:

Site Name	Grave No	Cemetery	Erf No / Farm	Province	Nearest Town	Municipality
The grave of Solomon Popoli Linda	4875	Doornkop Cemetery	16/239 Soweto 387 IQ	Gauteng	Soweto	City of Johannesburg

END

SOUTH AFRICAN REVENUE SERVICE

NO. 7174 **27 February 2026**

DETERMINATION OF THE DAILY AMOUNT IN RESPECT OF MEALS AND INCIDENTAL COSTS FOR PURPOSES OF SECTION 8(1) OF THE INCOME TAX ACT, 1962 (ACT NO. 58 OF 1962)

By virtue of the powers vested in me by section 8(1)*(c)*(ii) of the Income Tax Act, 1962 (Act No. 58 of 1962), I, Edward Christian Kieswetter, Commissioner for the South African Revenue Service, hereby determine in the Schedule hereto the amounts which shall be deemed to have been actually expended by a person in respect of meals and incidental costs for the purposes of section 8(1)*(a)*(i)*(bb)* of that Act.

The amounts determined in this notice apply in respect of years of assessment commencing on or after 1 March 2026.

EC KIESWETTER
COMMISSIONER FOR THE SOUTH AFRICAN REVENUE SERVICE

SCHEDULE

1. Unless the context otherwise indicates, any word or expression to which a meaning has been assigned in the Income Tax Act, 1962, bears the meaning so assigned.

2. The following amounts will be deemed to have been actually expended by a recipient to whom an allowance or advance has been granted or paid—

(a) where the accommodation, to which that allowance or advance relates, is in the Republic and that allowance or advance is paid or granted to defray—

(i) incidental costs only, an amount equal to R184 per day; or

(ii) the cost of meals and incidental costs, an amount equal to R595 per day; or

(b) where the accommodation, to which that allowance or advance relates, is outside the Republic and that allowance or advance is paid or granted to defray the cost of meals and incidental costs, an amount per day determined in accordance with the following table for the country in which that accommodation is located—

SUID-AFRIKAANSE INKOMSTEDIENS

NO. 7174 **27 February 2026**

BEPALING VAN DAGTOELAE TEN OPSIGTE VAN ETES EN TOEVALLIGE UITGAWES VIR DOELEINDES VAN ARTIKEL 8(1) VAN DIE INKOMSTEBELASTINGWET, 1962 (WET NO. 58 VAN 1962)

Kragtens die bevoegdheid aan my verleen deur artikel 8(1)*(c)*(ii) van die Inkomstebelastingwet, 1962 (Wet No. 58 van 1962), bepaal ek, Edward Christian Kieswetter, Kommissaris van die Suid-Afrikaanse Inkomstediens, hiermee in die Bylae hierby, die bedrae wat geag word werklik deur ’n persoon aangegaan te gewees het ten opsigte van etes en toevallige uitgawes by die toepassing van artikel 8(1)*(a)*(i)*(bb)* van daardie Wet.

Die bedrae in hierdie kennisgewing bepaal is van toepassing ten opsigte van jare van aanslag wat op of na 1 Maart 2026 begin.

EC KIESWETTER
KOMMISSARIS VAN DIE SUID-AFRIKAANSE INKOMSTEDIENS

BYLAE

1. Tensy uit die samehang anders blyk, dra enige woord of uitdrukking waaraan ‘n betekenis in die Inkomstebelastingwet, 1962, toegeskryf is die betekenis aldus daaraan toegeskryf.

2. Die volgende bedrae word geag werklik deur ’n ontvanger aan wie ’n toelae of voorskot toegestaan of betaal is, aangegaan te wees—

(a) waar die verblyf waarop die toelae of voorskot betrekking het in die Republiek is en daardie toelae of voorskot betaal of toegestaan is—

(i) om slegs toevallige uitgawes te bestry, ’n bedrag gelyk aan R184 per dag; of

(ii) om die koste van etes en toevallige uitgawes te delg, ’n bedrag gelyk aan R595 per dag; of

(b) waar die huisvesting waarop daardie toelae of voorskot betrekking het, buite die Republiek is en daardie toelae of voorskot betaal of toegestaan word om die koste van etes en toevallige uitgawes te bestry, ’n bedrag per dag bepaal ooreenkomstig die volgende tabel vir die land waarbinne daardie akkommodasie geleë is:

Tabel: Daaglikse bedrag vir reise buite die Republiek

DEPARTMENT OF TRANSPORT

NO. 7176 **27 February 2026**

AMENDMENTS OF THE SECOND SCHEDULE TO THE MERCHANT SHIPPING ACT 57 OF 1951

In terms of section *356bis(1)* of the Merchant Shipping Act 57 of 1951 as amended, the provisions of the International Convention for the Safety of Life at Sea 1974, have the force of law in the Republic.

In terms of section 356*bis*(2) of the Merchant Shipping Act, 57 of 1951, the Minister shall, as soon as practicable after the entry into force for the Republic of any amendment to the Safety Convention, by notice in the Gazette amend the Second Schedule to reflect such amendments.

Empowered by section *356bis(2)* of the Merchant Shipping Act, 57 of 1951, the Minister of Transport intends to amend the Second Schedule of the Merchant Shipping Act, 57 of 1951, to reflect the updated version of the Safety Convention.

Therefore, interested persons are hereby invited to submit their written comments on the proposed draft Amendments to the Second Schedule of the Merchant Shipping Act 57 of 1951, within 30 days from the date of publication of this notice in the Government Gazette.

The proposed draft Amendments to the Second schedule are available on the Department of Transport website https://www.transport.gov.za/wp-content/uploads/2023/02/MerchantShipping_ActSecondSchedule.pdf

All written comments on the draft Amendments to the Second Schedule of the Act must be submitted to the Director General of the Department of Transport for the attention of Mr Chuma Mpahlwa.

NO. 7177 **27 February 2026**

TRANSFORMATION OF SMARTT IRRIGATION BOARD INTO BO-KAROO WATER USER ASSOCIATION IN TERMS OF SECTION 98(6) OF THE NATIONAL WATER ACT (NO. 36 OF 1998)

I, Pemmy Majodina, the Minister of Water and Sanitation, hereby declare in terms of section 98(6) of the National Water Act, 1998 (Act No. 36 of 1998) that –

(a) The Bo-Karoo Water User Association is established.

(b) The Association's name is the Bo-karoo Water User Association.

The Bo-Karoo WUA would operate in the current area of operation of the transforming Smartt Irrigation Board. The area is in the Vaal-Orange water management area in the drainage area number D62A-J (Sub-Area 1) and D62A-M (Sub-Area 3) on the Orange River in the Emthanjeni local municipality proximate to Britstown Town. The area of operation commences from Richmond on the Southerly border and Victoria West on the South Westerly border then from Vosburg on the western border. Strydenburg on the Northern border, De Aar on the eastern border with Britstown in the center.(Sub Area 2) will comprise the old Smartt Irrigation board borders, which are from Doorskuilen 100 and Nieu Nietgedatch no 166 upstream from the dam wall and downstream it will include Giesenskraal on the west, portion 4 of Rosedale in the east and Tygerpoort A no 102 in the north, and has 1800 ha of registers water user for irrigation.

(c) Any other water resource(s) and/or waterworks situated outside the area described in paragraph (c) above, the Department of Water and Sanitation or the responsible authority may request the Water User Association to control, which are situated under Water Management Area number 4 in the National Water Resource Strategy 3 (NWRS3) in the Province of the Northern Cape, and

(d) Delegation of powers and functions of the Water User Association is per the delegations of 31 March 2023 which will be provided to the Water User Association.

(e) The constitution of the Bo-Karoo Water User Association has been approved.

MISS PEMMY C.P. MAJODINA, MP
MINISTER OF WATER AND SANITATION
DATE: 13 - 01 - 2026

GENERAL NOTICES • ALGEMENE KENNISGEWINGS

DEPARTMENT OF AGRICULTURE, LAND REFORM AND RURAL DEVELOPMENT

NOTICE 3795 OF 2026

GENERAL NOTICE IN TERMS OF THE RESTITUTION OF LAND RIGHTS ACT, 1994 (ACT NO. 22 OF 1994)

Notice is hereby given in terms of Section 11 (1) of the Restitution of Land Rights Act, 1994 (Act No. 22 of 1994) that a claim for the restitution of land rights on the following properties have been lodged with the Regional Land Claims Commissioner: KwaZulu-Natal and that the Commission on Restitution of Land Rights will further investigate the claim in terms of provisions of the Act in due course:

Property	:	**Portion 0 (Remaining Extent) of the farm Chaka's Kraal No. 865**
Extent of property	:	**30, 2368 hectares**
District Municipality	:	**Ilembe District Municipality**
Local Municipality	:	**KwaDukuza Local Municipality**
Administrative District	:	**KwaZulu-Natal**
Current Title Deed No.	:	**T28856/1998**
Current Owner	:	**Kwa-Dukuza Municipality**
Bonds & Restrictive Conditions (Interdicts)	:	**I-183/2024LA; I1211/2023LG: I3318/2008LG; VA2787/2008**
Claimant	:	**Zeme Bernard Shange**
Date claim lodged	:	**16 April 1998**
Reference number	:	**KRN6/2/2/E/20/0/0/21**

Any party/parties who have an interest in the above-mentioned properties is hereby invited to submit, within **30 days** from the date of publication of this notice, any representations and/ or information which shall assist the Commissioner in proving or disproving this claim.

Should no information and/ or representations from the affected party/ parties be forthcoming within the stipulated period, the affected party/parties shall be *ipso facto* barred from further doing so and the Commission shall continue with the subsequent processes towards completion of the investigation.

Any comments and information should be submitted to:

The Regional Land Claims Commissioner: KwaZulu-Natal
Private Bag X9120
Pietermaritzburg 3200

Tel: (033) 355 - 8400
Fax: (033) 342 - 3409

Submissions may also be delivered to Second Floor, African Life Building, 200 Church Street, Pietermaritzburg.

STANDARDS ACT, 2008
STANDARDS MATTERS

In terms of the Standards Act, 2008 (Act No. 8 of 2008), the Board of the South African Bureau of Standards has acted in regard to standards in the manner set out in the Schedules to this notice.

SCHEDULE A: DRAFTS FOR COMMENTS

The following draft standards are hereby issued for public comments in compliance with the norm for the development of the South Africa National standards in terms of section 23(2)(a) (ii) of the Standards Act.

Draft Standard No. and Edition	Title, scope and purport	Closing Date
SANS 3001-CO2-1:202x Ed 1	Civil engineering test methods - Part CO2-1: Dimensions, tolerances and uses of cast test specimens. *This standard specifies a method of ensuring that the nominal dimensions and shape of cast concrete test specimens in the form of cubes, cylinders, or rectangular prisms of square crosssection are suitable for their intended use.*	**2026-04-28**
SANS 3001-CO2-3:202x Ed 1	Civil engineering test methods - Part CO2-3: Compressive strength of hardened concrete*. This standard specifies a method of determining the compressive strength of test specimens of hardened concrete. The test specimens may consist of cubes or cylinders, or cubes cut from half prisms that have been used for the determination of flexural strength (see SANS 5864).*	**2026-04-28**
SANS 3001-CO2-6:20xx Ed 1	Civil engineering test methods Part CO2-6: Tensile splitting strength of hardened concrete*. This standard describes a method of determining the tensile splitting strength of cylindrical,cubical, and prismatic test specimens of hardened concrete.*	**2026-04-28**
SANS 3001-CO2-7:202x Ed 1	Civil engineering test methods Part CO2-7: Initial drying shrinkage and wetting expansion of concrete. *This standard specifies a method of determining the initial drying shrinkage and wetting expansion of specimens of freshly cast concrete. It is not applicable to matured or hardened concrete or to concrete that contains expansion-inducing agents or to precast concrete products*.	**2026-04-28**
SANS 3001-CO2-8:202x Ed 1	Civil engineering test methods Part CO2-8: Density of hardened concrete*. This standard specifies a method of determining the density of hardened concrete. The method is applicable to all types of as-received, saturated and oven-dried concrete.*	**2026-04-28**
SANS 3001-CO2-9:202x Ed 1	Civil engineering test methods Part CO2-9: Mortar tests - Compressive strength of mortar. *This standard specifies a method of determining the compressive strength of freshly mixed mortar and cast mortar specimens prepared either on site from mortar being used in practice or from mortar prepared in the laboratory with materials and in the proportions intended to be used.* *NOTE The term mortar includes masonry mortar, mortar for plaster, and mortar used for plastic floor screeds.*	**2026-04-28**
SANS 6946:20xx Ed 2	Building components and building elements - Thermal resistance and thermal transmittance - Calculation method. *This document provides the method of calculation of the thermal resistance and thermal transmittance of building components and building elements, excluding doors, windows and other glazed units, curtain walling, components which involve heat transfer to the ground, and components through which air is designed to permeate.*	**2026-04-28**
SANS 14520-5:XXXX Ed 3	Gaseous fire-extinguishing systems - Physical properties and system design Part 5: FK-5-1-12 extinguishant. Contains specific requirements for gaseous fire-	**2026-04-28**

This gazette is also available free online at **www.gpwonline.co.za**

	extinguishing systems, with respect to FK-5-1-12 extinguishant. It includes details of physical properties, specifications, usage and safety aspects. This document is applicable only to systems operating at nominal pressures of 25 bar, 34,5 bar, 42 bar and 50 bar1) with nitrogen propellant.	
SANS 14520-10:XXXX Ed 4	Gaseous fire-extinguishing systems - Physical properties and system design Part 10: HFC 23 extinguishant. *Contains specific requirements for gaseous fire-extinguishing systems, with respect to the HFC 23 extinguishant. It includes details of physical properties, specifications, usage and safety aspects. It is applicable to systems operating at a nominal pressure of 41 bar without nitrogen superpressurization and 70 bar superpressurized with nitrogen.*	**2026-04-28**
SATS 16422-3:20xx Ed 1	Pipes and joints made of oriented unplasticized poly(vinyl chloride)(PVC-O) for the conveyance of water under pressure - Part 3:Fittings. *Specifies the characteristics of solid-wall oriented unplasticized poly(vinyl chloride)(PVC-O) fittings for piping systems intended to be used underground or above ground where protected from direct sunlight, for water supply, buried drainage, sewerage, treated wastewater and irrigation under pressure.*	**2026-04-28**
SANS 2503:XXXX Ed 2	Gas welding equipment - Pressure regulators for gas cylinders used in welding, cutting and allied processes up to 300 bar. *Specifies requirements for single or two-stage pressure regulators without flow metering devices for connection to gas cylinders used for* *? compressed gases up to 300 bar 1) (30 MPa),* *? dissolved acetylene,* *? liquefied petroleum gases (LPG),* *? methylacetylene-propadiene mixtures (MPS), and* *? carbon dioxide (CO2), for use in welding, cutting and allied processes. It does not cover pressure regulators having a nominal outlet pressure p2 > 20 bar.*	**2026-04-28**
SANS 60364-1:20xx Ed 1	Low-voltage electrical installations - Part 1: Fundamental principles, assessment of general characteristics, definitions. *Specifies the rules for the design, erection, and verification of low-voltage electrical installations.*	**2026-04-28**
SANS 60364-4-44:20XX Ed 1	Low-voltage electrical installations - Part 4-44: Protection for safety - Protection against voltage disturbances and electromagnetic disturbances. *This part of IEC 60364 provides requirements for the safety of electrical installations in the event of voltage disturbances and electromagnetic disturbances generated for different specified reasons.* *The requirements of this document are not intended to apply to systems for distribution of energy to the public, or power generation and transmission for such systems (see the scope of IEC 60364-1) although such disturbances can be conducted into or between electrical installations via these supply systems.*	**2026-04-28**
SANS 60364-5-57:20XX Ed 1	Low-voltage electrical installations - Part 5-57: Selection and erection of electrical equipment - Erection of stationary secondary batteries. *This part of IEC 60364 provides requirements and recommendations for the design, erection,correct use and protection of installations with secondary stationary batteries as prime storage medium, hereinafter referred to as "stationary secondary batteries".* *This document is not applicable to products such as batteries and to systems design (including batteries) which are already covered by their own IEC standard.*	**2026-04-28**
SANS 60364-6:20XX Ed 1	Low voltage electrical installations - Part 6: Verification. *This part of IEC 60364 provides requirements for initial and periodic verification of an electrical installation. Clause 6.4 provides requirements for initial verification, by inspection and testing, of an electrical installation to determine, as far as reasonably practicable, whether the requirements of the other parts of IEC 60364 have been met and requirements for the reporting of the results of the initial verification. The initial verification takes place upon the completion of a new installation or completion of an addition or an alteration to an existing installation. Clause 6.5 provides requirements for periodic verification of an electrical installation to determine, as far as reasonably practicable, whether the installation and all its constituent equipment are in a satisfactory condition for use and requirements for the reporting of the results of the periodic verification.*	**2026-04-28**
SANS 60364-7-718:20xx	Low-voltage electrical installations - Part 7-718: Requirements for special	**2026-04-28**

This gazette is also available free online at **www.gpwonline.co.za**

Ed 1	installations or locations - Communal facilities and workplaces. *This part of IEC 60364 provides additional requirements for electrical installations applicable* *to communal facilities and workplaces.* *Typical examples of communal facilities and workplaces are listed below:* *– assembly halls, assembly rooms;* *– exhibition halls;* *– theatres, cinemas;* *– sports arenas;* *– sales areas;* *– restaurants;* *– hotels, guest houses, residential care homes;* *– schools;* *– enclosed car parks;* *– meeting places, swimming halls, airports, railway stations, high-rise buildings;* *– workshops, factories and industrial plants.* *Access routes and escape routes are part of the above-mentioned examples.* *The necessity of providing safety services in special buildings and areas may be governed by national regulations which may contain more stringent requirements.*	
SANS 60364-7-712:20xx Ed	Low voltage electrical installations - Part 7-712: Requirements for special installations or locations - Solar photovoltaic (PV) power supply systems. *Applies to the electrical installation of PV systems intended to supply all or part of an installation.*	**2026-04-28**
SATR 33023: XXXXXX Ed 1	Information technology - Process assessment - Application of ISO/IEC TS 33073 processes to the ISO/IEC 33020 process capability measurement scale. *Provides a specification for associating the processes of ISO/IEC TS 33073 with the process attribute outcomes of ISO/IEC 33020 with the intent of demonstrating support for levels 1 to 3 of the process capability measurement scale defined in ISO/IEC 33020.*	**2026-04-28**
SANS 22002-2: XXXX Ed 1	Prerequisite programmes on food safety - Part 2: Catering. *Specifies, in conjunction with ISO 22002-100, requirements for establishing, implementing and maintaining prerequisite programmes (PRPs) to control food safety hazards in transport and storage in the food chain, including cross-docking and transshipment activities. It is applicable to all organizations, regardless of size or complexity, and does not apply to live animals except when intended for direct consumption (e.g. molluscs, crustaceans and live fish).*	**2026-04-28**
SANS 20022: XXXX Ed 3	Uniform provisions concerning the approval of protective helmets and of their visors for drivers and passengers of motor cycles and mopeds. *Applies to protective helmets for drivers and passengers of mopeds and of motor cycles with or without a side-car and to the visors fitted to such helmets or intended to be added to them.*	**2026-04-28**
SANS 53697:20xx Ed 2	Chemical disinfectants and antiseptics - Quantitative non-porous surface test for the evaluation of bactericidal and/or fungicidal activity of chemical disinfectants used in food, industrial, domestic and institutional areas - Test method and requirements without mechanical action (phase 2/step 2). *Specifies a test method (phase 2/step 2) and the minimum requirements for bactericidal and yeasticidal and/or fungicidal activity of chemical disinfectants that form a homogeneous physically stable preparation in hard water or - in the case of ready-to-use products - with water in food, industrial, domestic and institutional areas, excluding areas and situations where disinfection is medically indicated and excluding products used on living tissues.*	**2026-04-28**
SANS 62642-2-2: XXXX Ed 1	Alarm systems - Intrusion and hold-up systems - Part 2-2: Intrusion detectors - Passive infrared detectors. *Covers passive infrared detectors installed in buildings and provides for security grades 1 to 4, specific or non-specific wired or wire-free detectors, and uses environmental classes I to IV.*	**2026-04-28**
SANS 61643-41:20xx Ed 1	Low-voltage surge protective devices - Part 41: Surge protective devices connected to DC low-voltage power systems - Requirements and test methods. *Applicable to devices for surge protection against indirect and direct effects of lightning or other transient overvoltages.*	**2026-04-28**
SATR 60099-10:20xx	Surge arresters - Part 10: Rationale for tests specified by IEC 60099-4:2014.	**2026-04-28**

This gazette is also available free online at **www.gpwonline.co.za**

Ed 1	*This part of IEC 60099, which is a Technical Report, is applicable to all tests and arrester types included in IEC 60099-4:2014 and explains the rationale behind each test specified in that document.* *This document does not contain requirements and is not intended to replace any clauses of IEC 60099-4:2014.*	
SANS 61869-20:20xx Ed 1	Instrument transformers - Part 20: Safety requirements of instrument transformers for high voltage applications. *Specifies the requirements for safe design and operation, and tests for the safety of instrument transformers whose highest voltage for equipment is higher than 1 kV AC or 1,5 kV DC.*	**2026-04-28**
SANS 2570:20xx Ed 2	Pesticides and other agrochemicals - Principles for the selection of common names. *Gives principles for creating common names for pesticides and other agrochemicals. These principles are defined for the guidance of proposers of such common names. The procedure for the establishment of common names is given in the Terms of Reference of the Maintenance Agency for ISO 1750, Pesticides and other agrochemicals - Common names.*	**2026-04-28**

SCHEDULE A.1: AMENDMENT OF EXISTING STANDARDS

The following draft amendments are hereby issued for public comments in compliance with the norm for the development of the South African National Standards in terms of section 23(2)(a) (ii) of the Standards Act.

Draft Standard No. and Edition	Title	**Scope of amendment**	**Closing Date**
SANS 1006: XXXXXXX Ed 1.3	Plastic floats for ball valves	Amended to delete the appendix on notes to purchasers.	**2026-04-28**
SANS 1263-3:20xx Ed 1.4	Safety and security glazing materials for buildings Part 3: Bullet-resistant glazing materials	Amended to delete the appendix on notes to purchasers.	**2026-04-28**
SANS 1750:20XX Ed 1.1	*Servicing valves for domestic terminal water fittings or appliances*	Amended to delete the annex on notes to purchasers.	**2026-04-28**
SANS 1808-24:20XX Ed 1.3	*Water supply and distribution system components Part 24: Gas-operated water heaters*	Amended to delete the appendix on notes to purchasers.	**2026-04-28**
SANS 10137:XXXX Ed 4.1	*The installation of glazing in buildings*	Amended to remove to referenced standards on the Normative references, clause 5.2.3, clause 5.8.3 and to also remove the specification to the competent person (in the scope, definition, clause 5.1.5.3, 5.1.5.4.2, 5.1.5.5, 5.2.3, 5.4, 5.5, 5.10.1, 5.10.2.1, 6.9.2.3, 6.9.2.4, & 6.9.3).	**2026-04-28**
SANS 10260-1:202x Ed 2.1	*Industrial gas pipelines Part 1: Design, Construction, Installation, Operation, Examination and Maintenance (Excluding Acetylene)*	Amended to update table 3, figure 9, the requirements on routing in ducts, and the clause on use of the pressure system.	**2026-04-28**
SANS 1529-3:20XX Ed 1.2	*Water meters for cold potable water Part 3: Physical dimensions*	Amended to delete reference to the certification mark and the legislation in the foreword, and to delete the annex on notes to purchasers.	**2026-04-28**
SANS 1808-18:20XX Ed 1.3	*Water supply and distribution system components Part 18: PVC-U gate valves*	Amended to update the list of parts in the foreword, to update referenced standards, and to modify the design requirements.	**2026-04-28**
SANS 1402-1:20xx Ed 1.3	*Acrylic sanitary ware Part 1: Baths*	Amended to delete the appendix on notes to purchasers.	**2026-04-28**

This gazette is also available free online at **www.gpwonline.co.za**

SECTION B: ISSUING OF THE SOUTH AFRICAN NATIONAL STANDARDS

SCHEDULE B.1: NEW STANDARDS

The following standards have been issued in terms of section 24(1)(a) of the Standards Act.

Standard No. and year	Title, scope and purport
SANS 3233-1:2026 Ed 1	Paints and varnishes - Determination of the percentage volume of non-volatile matter - Part 1: Method using a coated test panel to determine non-volatile matter and to determine dry film density by the Archimedes – principle. *Specifies a method for determining the non-volatile matter by volume (NVV) of coating materials and related products by measuring the density of a dried coating for any specified temperature range and period of drying or curing*.
SANS 6503:2025 Ed 1	Paints and varnishes - Determination of total lead - Flame atomic absorption spectrometric method. *Describes a flame absorption spectrometric method for the determination of total lead in paints and related products.*
SATR 7052:2025 Ed 1	Software engineering - Controlling frequently occurring risks during development and maintenance of custom software. *Describes frequently occurring risks during development and maintenance of custom software, possible controls for frequently occurring risks, activities, facilities and roles typically used for these controls, properties of products and processes, standards, measurements, testing and assessment of the properties of products and processes*.
SANS 8006-2:2025 Ed 1	Code of practice for strengthened/reinforced soils - Soil nail design. *Gives recommendations and guidance for stabilizing soil slopes and faces using soil nails.*
SANS 9351:2026 Ed 1	Galvanic anodes for cathodic protection in seawater and saline sediments. *Defines requirements and gives recommendations for the chemical composition, electrochemical properties, physical tolerances and test and inspection procedures for cast galvanic anodes of aluminium, magnesium and zinc-based alloys for cathodic protection in seawater, saline sediment and brackish water.*
SANS 14002-2:2025 Ed 1	Environmental management systems - Guidelines for using ISO 14001 to address environmental aspects and conditions within an environmental topic area Part 2: Water. *Gives general guidelines for organizations seeking to address water-related environmental aspects, environmental impacts, environmental conditions, and the associated risks and opportunities within an environmental management system in accordance with ISO 14001 (published in South Africa as an identical adoption under the designation SANS 1400).*
SANS 14071:2025 Ed 1	Environmental management - Life cycle assessment - Critical review processes and reviewer competencies. *Specifies requirements and gives guidance for conducting a critical review of any type of life cycle assessment (LCA) study and the competencies required for the review.*
SANS 14072:2025 Ed 1	Environmental management - Life cycle assessment - Requirements and guidance for organizational life cycle assessment. *Specifies additional requirements and gives guidance for an effective application of ISO 14040:2006 and ISO 14044:2006(published in South Africa as an identical adoption under the designation SANS 14040 and SANS 14044) to organizations.*
SANS 14075:2025 Ed 1	Environmental management - Principles and framework for social life cycle assessment. *Establishes principles and framework, specifies requirements and gives guidance for the social life cycle assessment (S-LCA) of a product.*
SANS 14093:2025 Ed 1	Mechanism for financing local adaptation to climate change - Performance-based climate resilience grants - Requirements and guidelines. *Establishes an approach and methodology for a country-based mechanism to channel climate finance to subnational authorities to support climate change adaptation and to increase local resilience thereby contributing to the achievement of the goals of the 2015 Paris Agreement of the United Nations Framework Convention on Climate Change (UNFCCC) and the UN Sustainable Development Goals (SDGs).*
SANS 15257:2026 Ed 1	Cathodic protection - Competence levels of cathodic protection persons - Basis for a certification scheme. *Defines five levels of competence (detailed in clause 4) for persons working in the field of cathodic protection (CP), including survey, design, installation, testing, aintenance and advancing the science of cathodic protection.*

This gazette is also available free online at **www.gpwonline.co.za**

Standard No. and year	Title, scope and purport
SATR 19167:2026 Ed 1	Application of ubiquitous public access to-geographic information to an air quality information service. *Facilitates an understanding of the Ubiquitous Public Access (UPA) context information model, as defined in ISO 19154 (published in South Africa as an identical adoption under the designation SANS 19154), to establish a UPA-to-Geographic Information (GI) environment.*
SANS 24641:2025 Ed 1	Systems and Software engineering - Methods and tools for model-based systems and software engineering. *Document deals with the tool capabilities and methods for model-based systems and software engineering (MBSSE)*
SANS 24748-1:2025 Ed 1	Systems and software engineering - Life cycle management Part 1: Guidelines for life cycle management.*Provides guidance for the life cycle management of systems and software, complementing the processes described in ISO/IEC/IEEE 15288 and ISO/IEC/IEEE 12207.*
SATR 33402:2026 Ed 1	Good practice in reference material preparation. *Gives general in prepaformation on the key steps for the preparation of candidate matrix reference materials(RMs)including the material specification,sourcing and selection of bulk material, and the processing of the material, which are important steps for the production of matrix RMs.*
SANS 59014:2025 Ed 1	Environmental management and circular economy - Sustainability and traceability of the recovery of secondary materials - Principles, requirements and guidance. *Provides principles, requirements and guidance for organizations in fostering the sustainability and traceability of activities and processes for the recovery of secondary materials.*
SATS 62898-3-4:2025 Ed 1	Microgrids -Part 3-4: Technical requirements - Microgrid monitoring and control systems. Provide technical requirements for the monitoring and control of microgrids.*Applies to non-isolated or isolated microgrids integrated with distributed energy resources.Describes the specific recommendations for low-voltage (LV) and medium-voltage (MV) microgrids. Focuses on standardization of the architecture, functions, and operation of microgrid monitoring and control systems (MMCS).*
SATS 62898-3-3:2025 Ed 1	Microgrids - Part 3-3: Technical requirements - Self-regulation of dispatchable loads. *Deals with frequency and voltage stabilization of AC microgrids by dispatchable loads, which react autonomously on variations of frequency and voltage with a change in active power consumption.*
SATS 62898-3-1:2025 Ed 1	Microgrids -Part 3-1: Technical requirements - Protection and dynamic control.*Provide guidelines for the specification of fault protection and dynamic control in microgrids.*
SATS 62898-3-2:2025 Ed 1	Microgrids - Part 3-2: Technical requirements - Energy management systems. *Provide technical requirements for the operation of energy management systems of microgrids.*
SATS 62840-1:2025 Ed 1	Electric vehicle battery swap system -Part 1: General and guidance. *Gives the general overview for battery swap systems, for the purposes of swapping batteries of electric road vehicles (EVs) when the vehicle powertrain is turned off and when the battery swap system is connected to the supply network at standard supply voltages according to IEC 60038 with a rated voltage up to 1 000 V AC and up to 1 500 V DC.*
SATR 61643-03:2025 Ed 1	Low-voltage surge protective devices - Part 03: SPD Testing Guide. *Applies to SPD testing in accordance with the IEC 61643-x1 series and for SPD coordination and system level immunity purposes. Provide guidance and helpful information for correct test execution and accurate interpretation of measurement results. Intended to further enhance repeatability and comparability throughout different test laboratories and to establish an acceptable accuracy level for the test results obtained.*
SANS 61643-01:2025 Ed 1	Low-voltage surge protective devices - Part 01: General requirements and test methods. *Applies to devices for surge protection against indirect and direct effects of lightning or other transient overvoltages, hereafter referred to as Surge Protective Devices (SPDs).*

SCHEDULE B.2: AMENDED STANDARDS

The following standards have been amended in terms of section 24(1)(a) of the Standards Act.

This gazette is also available free online at **www.gpwonline.co.za**

Standard No. and year	Title, scope and purport
SANS 62-1:2024 Ed 3.04	Steel pipes Part 1: Pipes suitable for threading and of nominal size not exceeding 150 mm. *Covers the requirements for two classes (medium and heavy-based on wall thickness) of welded and seamless steel pipes with screwed or plain ends and of nominal size in the range 8 mm to 150 mm.*
SANS 142:2025 Ed 2.05	Narrow elastic fabrics and strip. *Specifies performance requirements for narrow woven, knitted and braided elastic fabrics and for narrow elastic in strip form.*
SANS 227:2025 Ed 4.05	Burnt clay masonry units. *Covers burnt clay masonry units for use in masonry walling.*
SANS 347:2026 Ed 3.02	Categorization and conformity assessment criteria for all pressure equipment..*Specifies the criteria to be used for the categorization and conformity assessment of pressure equipment (metallic and non-metallic) for use by but not limited to the manufacturer, users, certification bodies, approved inspection authorities, importers and assemblers.*
SANS 419:2026 Ed 2.02	E glass fibre chopped strand mat for reinforcement of polyester and other liquid laminating systems. *Specifies requirements for E glass fibre chopped strand mat, the strands being laid at random and held together with a binder, for the reinforcement of liquid resin systems.*
SANS 534-2:2024 Ed 1.02	Vehicle security - Whole-of-vehicle marking Part 2: Microdot systems - MID requirements. *Describes the characteristics of unique identification carriers, called microdots, designed for fitment to vehicles and the processes required to ensure the integrity, authenticity and confidentiality of the entire microdot production, supply and storage systems*
SANS 534-4:2024 Ed 1.01	Vehicle security - Whole-of-vehicle marking Part 4: Microdot systems - Fitment post OEM control. *Describes method of fitment of unique identification carriers, called microdots, to vehicles where the fitment is post original equipment manufacturer (OEM) control.*
SANS 580:2026 Ed 1.03	Chloroprene rubber sheet (for waterproofing). *Covers chloroprene rubber sheet supplied in rolls and used for all waterproofing applications (other than the collection, conveyance, and storage of potable water) where resistance to weather and water is essential.*
SANS 581:2026 Ed 3.03	Semi-flexible vinyl floor tiles. *Specifies the characteristics of smooth-surfaced semi-flexible vinyl floor tiles, of six types based on tile thickness. The tiles may be marbled or mottled throughout their thickness.*
SANS 713:2026 Ed 2.03	Unsaturated polyester (UP) resin systems. *Provides a basis for specifying unsaturated polyester (UP) resin systems for use in the manufacture of reinforced laminates, mouldings, and non-reinforced thermoset products.*
SANS 907:2026 Ed 2.02	Stainless steel sinks for institutional use. *Covers material, dimensional, and constructional requirements for stainless steel crockery sinks with draining boards and stainless steel pot sinks, for use in institutions.*
SANS 966-1:2024 Ed 3.09	Components of pressure pipe systems Part 1: Unplasticized poly(vinyl chloride) (PVC-U) pressure pipe systems. *Specifies requirements for unplasticized poly(vinyl chloride) (PVC-U) pipes and injection-moulded fittings that are intended for above-ground and below-ground pressure applications for the conveyance of potable water in reticulation systems and for other applications, including the conveyance of treated effluent, in which continuous temperatures in excess of 25 °C are not encountered.*
SANS 974-2:2025 Ed 1.02	Rubber joint rings (non-cellular) Part 2: Joint rings for use in the dairy industry. *Covers the requirements for five classes (based on hardness) of non-cellular vulcanized rubber joint rings for use in vessels and pipelines used for the storage and conveyance of dairy products.*
SANS 975:2026 Ed 1.08	Prestressed concrete pipes. *Covers prestressed concrete non-cylinder pipes (and joints) intended primarily for the conveyance of water and sewage under pressure, but does not cover the fittings for these pipes.*
SANS 986:2026 Ed 3.04	Precast reinforced concrete culverts. *Covers precast reinforced concrete culverts of different strength classes according to the span of the culvert and intended primarily for conveying water that is not under pressure.*

This gazette is also available free online at **www.gpwonline.co.za**

SANS 999:2026 Ed 3.03	Anodized coatings on aluminium (for architectural applications). *Covers three grades of anodized coating that are used to impart protective, decorative or functional properties to the surfaces of aluminium alloys and that are commonly used for artchitectural applications*.
SANS 1022:2025 Ed 2.04	Metal roofing tiles. *Covers the requirements for metal roofing tiles (coated or uncoated) supplied in the form of carbon steel sheets, aluminium alloy sheets or stainless steel sheets (each comprising a series of simulated tile units), and for trim sections (of the same materials) designed for use in conjunction with tile units of the same material and of appropriate profile.*
SANS 1292:2025 Ed 1.03	Castors for furniture. *Covers dimensional, constructional, and performance requirements for castors for use on furniture.*
SANS 1351:2026 Ed 2.01	Canvas tentage and tarpaulin webbing. *Specifies requirements for fourteen types of seam reinforcement webbing, one type of wall-support webbing and one type of wall brace webbing, suitable for use in the manufacture of canvas tentage and tarpaulins*.
SANS 1424:2026 Ed 1.03	Filters for use in air-conditioning and general ventilation. *Covers requirements for disposable pocket and disposable panel filters that are intended for use in air-conditioning and general ventilation systems in order to remove particulate matter from the air, and that have air flow rates of at least 0,236 m3/s (850 m3/h).*
SANS 1444 SET:2026 Ed 2.04	Schoolwear fabrics Parts 1 - 8, bound together, loose leaf, binder extra. *Covers the definitions, basic requirements, requirements for packing, labelling, marking, and the inspection and testing of fabrics that are suitable for use in the manufacture of school clothing.*
SANS 1460:2025 Ed 1.06	Laminated timber (glulam). *Covers the general requirements for softwood and hardwood laminated members that consist of laminations glued or otherwise bonded together with the general fibre direction parallel to the longitudinal or curved axis of each member.*
SANS 1465-1:2026 Ed 1.03	Steel castings for general engineering applications Part 1: Carbon and low alloy steel castings. *Covers 18 grades of steel castings for general engineering applications.*
SANS 1602:2026 Ed 1.03	Electrodeposited coatings of copper and copper alloys. *Specifies the requirements and methods of test for electrodeposited coatings of copper and copper alloys that are applied to ferrous and non-ferrous metals.*
SANS 1626:2026 Ed 1.03	Electrodeposited coatings of silver and silver alloys for decorative and protective purposes. *Specifies requirements and methods of test for electrodeposited coatings of silver and silver alloys on metallic and non-metallic materials, for decorative or protective purposes (or both).*
SANS 1627:2026 Ed 1.03	Electrodeposited coatings of gold and gold alloys for decorative and protective purposes. *Specifies requirements and methods of test for electrodeposited coastings (single-layer, double-layer and multilayer) of gold and gold alloys on metallic and non-metallic materials, for decorative or protective purposes (or both).*
SANS 1910:2025 Ed 2.01	Portable refillable fire extinguishers. *Specifies requirements for the safety, reliability and performance of portable, stored pressure, refillable type fire extinguishers suitable for use on fires of classes A, B C, D and F. Specifies requirements for water-based (including foam type) and dry chemical powder, wet chemical and clean agent type fire extinguishers.*
SANS 3001-AG1:2026 Ed 1.03	Civil engineering test methods Part AG1: Particle size analysis of aggregates by sieving. *Applies to coarse and fine aggregates and describes a method to prepare a test sample and determine the particle size distribution of particles of diameter retained on the 75 um sieve.*
SANS 3001-AG2:2026 Ed 1.01	Civil engineering test methods Part AG2: Determination of the average least dimension of aggregates by direct measurement. *Describes a method to determine the average least dimension (ALD) of aggregate by direct measurement*.
SANS 10019:2025 Ed 9.02	Transportable pressure receptacles for compressed, dissolved and liquefied gases - Basic design, manufacture, use and maintenance. *Covers the minimum requirements for the design, manufacture, use and maintenance of refillable and non-refillable pressure receptacles of water capacity 0,5 L to 3 000 L and cartridges of water capacity greater than 0,5 L, and includes requirements over and above those contained in the pressure receptacles design and manufacturing standards (see table 1 and annex A).*

This gazette is also available free online at **www.gpwonline.co.za**

SANS 10111-1:2026 Ed 3.03	Engineering drawings Part 1: General principles. *Gives the general principles of mechanical engineering drawing and includes the preparation, dimensioning and tolerancing of drawings of mechanical parts used in the fields of mechanical, civil and electrical engineering. Does not include geometric tolerancing.*
SANS 10237:2026 Ed 2.01	The design, testing and installation of self-supporting metal cladding. *Covers the requirements for the design, testing and installation of self-supporting longitudinally profiled sheet metal cladding systems for the external cladding of roofs and sides of buildings, spanning at least 600 mm between supports.*
SANS 60317-15:2025 Ed 1.01	Specifications for particular types of winding wires -Part 15: Polyesterimide enamelled round aluminium wire, class 180. *Specifies the requirements of enamelled round aluminium winding wire of class 180 with a sole coating based on polyesterimide resin, which may be modified providing it retains the chemical identity of the original resin and meets all specified wire requirements.*
SANS 60317-8:2025 Ed 2.01	Specifications for particular types of winding wires Part 8: Polyesterimide enamelled round copper wire, class 180. *Specifies the requirements of enamelled round copper winding wires of class 180 with a sole coating based on polyesterimide resin, which may be modified provided it retains the chemical identity of the original resin and meets all specified wire requirements.*
SANS 60811-501:2025 Ed 1.02	Electric and optical fibre cables - Test methods for non-metallic materials - Part 501: Mechanical tests - Tests for determining the mechanical properties of insulating and sheathing compounds. *Gives the procedure for determining mechanical properties, and which typically applies to cross-linked and thermoplastic compounds used for insulating and sheathing materials.*

SCHEDULE B.3: Revised STANDARDS

The following standards have been revised in terms of section 24(1)(a) of the Standards Act.

Standard No. and year	Title, scope and purport
SATR 61850-7-6:2026 Ed 2	Communication networks and systems for power utility automation -Part 7-6: Guideline for definition of Basic Application Profiles (BAPs) using IEC 61850. *Focuses on building application / function profiles and specifies a methodology to define Basic Application Profiles (BAPs), in textual documents (edition 1, 2019) or in a machine processable SCL format (current edition).*
SANS 61131-2:2025 Ed 3	Industrial-process measurement and control - Programmable controllers - Part 2: Equipment requirements and tests. *Specifies functional and electromagnetic compatibility requirements and related verification tests for industrial control equipment of the following types:-programmable controllers (PLC);-programmable automation controller (PAC);-remote I/O;-programming and debugging tools (PADTs);-industrial PC (computers) and industrial panel PC;-displays and human-machine Interfaces (HMI) for industrial use;-distributed control system (DCS), and DCS components that are listed here in the scope-any product where the primary purpose is performing the function of industrial control equipment, including PLC and/or PAC, and/or their associated peripherals which have as their intended use the control and command of machines, automated manufacturing and industrial processes, e.g. discrete, batch and continuous control.*
SANS 60730-1:2026 Ed 5	Automatic electrical controls - Part 1: General requirements. *Specifies the requirements for construction, operation and testing of automatic electrical controls used in, on, or in association with an equipment.*
SANS 60332-3-24:2025 Ed 2	Tests on electric and optical fibre cables under fire conditions Part 3-24: Test for vertical flame spread of vertically-mounted bunched wires or cables - Category C. *Specifies methods of test for the assessment of vertical flame spread of vertically-mounted bunched wires or cables, electrical or optical, under defined conditions.*

This gazette is also available free online at **www.gpwonline.co.za**

SANS 16649-1:2025 Ed 2	Microbiology of food and animal feeding stuffs - Horizontal method for the enumeration of beta-glucuronidase-positive Escherichia coli - Part 1: Colony-count technique at 44 degrees Celcius using membranes and 5-bromo-4-chloro-3-indolyl beta-D-glucuronide. *Specifies a horizontal method for the enumeration of beta-glucuronidase-positive Escherichia coli by colony-count technique after resuscitation using membranes and incubation at 44 °C on a solid medium containing a chromogenic ingredient for detection of the enzyme beta-glucuronidase.*
SANS 11623:2025 Ed 3	Gas cylinders - Composite construction - Periodic inspection and testing. Specifies the requirements for periodic inspection and testing to verify the integrity for further service of hoop-wrapped and fully-wrapped composite transportable gas cylinders and tubes, with aluminium-alloy, steel or non-metallic liners or of linerless construction (Types 2, 3, 4, and 5),intended for compressed, liquefied or dissolved gases under pressure, of water capacity from 0,5 l up to 3 000 l.
SANS 8825-4:2025 Ed 2	Information technology - ASN.1 encoding rules - Part 4: XML Encoding Rules (XER). *Specifies XML Encoding Rules (XER) for abstract syntax notation one (ASN.1) values.*
SANS 8825-3:2025 Ed 2	Information technology - ASN.1 encoding rules - Part 3: Specification of Encoding Control Notation (ECN). *Defines a notation for specifying encodings of ASN.1 types or of parts of types.*
SANS 8825-1:2025 Ed 2	Information technology - ASN.1 encoding rules - Part 1: Specification of Basic Encoding Rules (BER), Canonical Encoding Rules (CER) and Distinguished Encoding Rules (DER). *Specifies a set of basic encoding rules that may be used to derive the specification of a transfer syntax for values of types defined using the notation specified in Rec. ITU-T X.680 | ISO/IEC 8824-1, Rec. ITU-T X.681 | ISO/IEC 8824-2, Rec. ITU-T X.682 | ISO/IEC 8824-3, and Rec. ITU-T X.683 | ISO/IEC 8824-4, collectively referred to as Abstract Syntax Notation One orASN.1.*
SANS 7218:2025 Ed 3	Microbiology of the food chain - General requirements and guidance for microbiological examinations. *Specifies general requirements and gives guidance on microbiological examinations.*
SANS 4624:2026 Ed 2	Paints and varnishes - Pull-off test for adhesion. *Describes methods for determining the adhesion by carrying out a pull-off test on a single coating or a multi-coat system of paint, varnish or related product.*
SANS 3859:2026 Ed 2	Standard test methods for selenium in water. *Covers the determination of dissolved and total recoverable selenium in the range from 1 µg /L to 20 µg /L. The range may be extended by decreasing the sample size or diluting the original sample*.
SANS 2811-1:2026 Ed 2	Paints and varnishes - Determination of density - Part 1: Pycnometer method. *Specifies a method for determining the density of paints, varnishes and related products using a metal or Gay-Lussac pycnometer. The method is limited to materials of low or medium viscosity at the temperature of test. The Hubbard pycnometer (see ISO 3507) can be used for highly viscous materials.*
SANS 1784:2025 Ed 2	Geosynthetics - Identification on site. *Specifies the information accompanying geotextiles and geotextile-related products to enable the user on site to identify the goods as being identical to the goods ordered. The positive identification, eg of unwrapped or rolled-out geotextiles, is an important aim of this standard*.

SCHEDULE 4: GENERAL

Members of the public are hereby notified of the extension of the target date for the following documents, which were contained in gazette number 53873 and 54047

Draft Standard No. and Edition	Original closing date	Revised closing date
SATS 60364-8-3 Ed 1	**2026-02-18**	**2026-02-28**
SANS 60364-7-702 Ed 1	**2026-02-18**	**2026-02-28**
SANS 22373 Ed 1	**2026-03-01**	**2026-04-01**
SANS 22378 Ed 1	**2026-03-01**	**2026-04-01**
SANS 22381 Ed 1	**2026-03-01**	**2026-04-01**
SANS 22382 Ed 1	**2026-03-01**	**2026-04-01**

The following draft documents, which were contained in gazette number 53873, have been withdrawn and replaced by the latest edition with the revised target date

Draft Standard No.	Original closing date	Revised closing date

BOARD NOTICE 884 OF 2026

THE SA COUNCIL FOR THE QUANTITY SURVEYING PROFESSION

Established in terms of the Quantity Surveying Profession Act 2000 (Act No 49 of 2000)

THE SOUTH AFRICAN COUNCIL FOR THE QUANTITY SURVEYIG PROFESSION

QUANTITY SURVEYING PROFESSION ACT 2000 (ACT NO 49 OF 2000) ("SACQSP")

CALL FOR COMMENTS ON REVISED POLICIES AND CODE OF PROFESSIONAL CONDUCT

Through an open process of public participation: The Council hereby invites registered persons, members of the Association of South African Quantity Surveyors, educational institutions, the State, and the public to submit comments on the following revised documents within 30 days of the publication of this notice in the Government Gazette:

1. Code of Professional Conduct
2. Sanctions and penalties

The old and new versions have been uploaded on the SACQSP website; www.sacqsp.org.za

Comments must be submitted to the Legal Department of the SACQSP for the attention of Ms Zimkhitha Mbhekeni, at the following email address, disciplinary@sacqsp.co.za.

Mr Mfezeko Gwazube
REGISTRAR – SACQSP

BOARD NOTICE 885 OF 2026

The notice that was published on 30 January 2026 in the Gazette 54036, Notice number 875 OF 2026. is hereby replaced by this notice.

Board Notice

Guideline for Professional Fees in terms of Section 34 (2) of the Architectural Profession Act, 2000 Act 44 of 2000 ("the Act")

The guidelines for professional fees indicated in Tables 1, 2, 3, and 4 below must be read in the context of the Framework Guideline for Professional Fees. These guidelines for professionals' fees repeal the Board Notice 672 of 2024 guideline fees. The guidelines for professional fees describe the two methods of fee calculation: project cost-based and time-based. Both methods use the definitions of the complexity of the project type derived from the SACAP Identification of Work (IDoW) published under Board Notice 27 of 2021, as set out below:

1) **"Low complexity projects"** means simple buildings or groups of buildings in an uncomplicated grouping with low impact on the environment:

   These are structures with low-performance requirements. Structures of simple utilitarian character, design, and detail. The structures are constructed utilizing standard low-technology building methods. They require a minimum of mechanical and electrical services or equipment, and basic civil works infrastructure.

2) **"Medium complexity projects"** means buildings or groups of buildings in a relatively uncomplicated grouping with a medium impact on their environs:

   These are structures with medium performance requirements. The structures are of average character and design or detail. The structures require non-complex structural and civil works and an average level of mechanical or electrical equipment, as could normally be handled by design-supply specialist contractors.

3) **"High complexity projects"** means a building or buildings in a large or complicated grouping with a significant impact on its environs:

   These are structures with high-performance requirements and demanding a sophisticated level of design and detailed content to respond to specialized requirements. Complex buildings will usually incorporate comparatively large or specialized mechanical, electrical, and other specialist installations, or be of complex structural or civil design.

4) Further to the complexity ratings of Building Types as listed in Schedule 1 of the IDoW, the levels of complexity must be measured on a project-by-project basis.

METHOD 1: Project Cost-Based Fee

The project cost-based fee in Tables 1-3 is based on the full scope of standard services provided.

Table 1: Low Complexity

LOW COMPLEXITY					
Cost Bracket	Value of works		Primary Fee	Plus, a secondary fee	
	From	To		Add %	On balance over
	A	B	C	D	E
1.	1	200 000,00	9 073,48	14,02%	1
2.	200 001,00	650 000,00	37 121,34	11,73%	200 001,00
3.	650 001,00	2 000 000,00	89 897,22	11,58%	650 001,00
4.	2 000 001,00	4 000 000,00	246 281,11	10,40%	2 000 001,00
5.	4 000 001,00	6 500 000,00	454 281,00	10,24%	4 000 001,00
6.	6 500 001,00	13 000 000,00	710 280,90	9,20%	6 500 001,00
7.	13 000 001,00	40 000 000,00	1 308 280,81	8,62%	13 000 001,00
8.	40 000 001,00	130 000 000,00	3 636 760,72	8,36%	40 000 001,00
9.	130 000 001,00	260 000 000,00	11 160 760,64	8,10%	130 000 001,00
10.	260 000 001,00	520 000 000,00	21 685 560,56	7,48%	260 000 001,00

Method of Fee Calculation

- Primary Fee (C) for the applicable Cost Bracket of Value of Works.
- Secondary Fee (D) for the applicable Cost Bracket of Value of Works.
- Calculated as (Applicable Value of Works minus Column E) X% in terms of Column D.

Example: Fee Calculations – From tables above.

Complexity	Low Complexity	Medium Complexity	High Complexity
Value of Works	R3,000,000	R3,000,000	R3,000,000
Primary Fee	R246,281.11	R307,851.38	R369,421.66
Secondary Fee	(R 3 000 000 - R 2 000 001) x 10,4%	(R 3 000 000 - R 2 000 001) x 13,00%	(R 3 000 000 - R 2 000 001) x 15,6%
	R 999 999 x 10.4%	R 999 999 x 13%	R 999 999 x 15,6%
	R103,999.90	R129,999.87	R155,999.84
Professional Fee	Primary Fee + Secondary Fee	Primary Fee + Secondary Fee	Primary Fee + Secondary Fee
	R246 284.11 + R103 999.90	R307 851,38 + R129 999.87	R369 421.66 + R155 999.84
	R350,281.00	R437,851.25	R525,421.50

METHOD 1: Time-Based Fee

Description – Estimate the number of hours needed to carry out the agreed scope of work using the table below and the preferred method.

Table 4: Hourly Rates Table

Principal/Staff Category	Experience/Work Context	Rate Per Hour (excluding VAT)	Rate per hour (excluding VAT)	Rate Per Hour (excluding VAT)
		Method 1 - Gross Annual Remuneration	Method 2 - Guideline Rate Calculated by SACAP	Method 3 - DPSA Hourly Fee Rates for Consultants
1 Principals	Specialist	22.5% per R100.00 or part thereof of the total annual cost of employment	R3 313	Commensurate with Level 14, 15, and 16 salary bands
	More than 10 years of experience	20% per R 100.00 or part thereof of the total annual cost of employment	R2 663	Commensurate with Level 14, 15, and 16 salary bands
	Less than 10 years of experience	18.5% per R100.00 or part thereof of the total annual cost of employment	R1 991	Commensurate with Level 12, 13, and 14 salary bands.
2a. Salaried Staff	Associates and managers	17.5% per R100.00 or part thereof of the total annual cost of employment	R1 420	Commensurate with Level 11, 12, and 13 salary bands
2b. Salaried Staff	Registered architectural professionals performing work of an architectural nature and carrying direct responsibilities for activities related to a project.	16.5% per R100.00 or part thereof of the total annual cost of employment	R960	Commensurate with Level 9, 10, 11, 12 salary bands
2c. Salaried Staff	Registered architectural professionals performing work of an architectural nature under direction and control.	15% per R 100.00 or part thereof of the total annual cost of employment	R571	Commensurate with Level 7, 8, 9, 10 salary bands
2d. Salaried Staff	Staff performing work under direction and control to support architectural work outputs.	12.5% per R100.00 or part thereof of the total annual cost of employment	R408	Commensurate with Level 6, 7, and 8 salary bands

South African Council for the Architectural Profession

Example of Time-Based Fee Calculation

Total Annual Cost of Employment			
Divided by R100,00			
Multiply by the guideline percentage.			
Example: Time-based Fee Calculations – From tables above.			
	1. Principal with more than 10 years of experience	2b. Salaried Staff	2d Salaried Staff
Monthly Cost of Employment	R80 000	R40 000	R15 000
Annual Cost of Employment	R960 000,00	R480 000,00	R180 000,00
R100 or part thereof (Annual cost divided by R100.00)	R9 600,00	R4 800,00	R1 800,00
	x	x	x
Percentage to be applied	20%	16,50%	12,50%
Hourly Rate	R1 920,00	R792,00	R225,00

Guidelines for reimbursement of expenses

Disbursement Expense Item	Guiding Principle for Disbursement Expenses
Specialized Professional and other services	
Payments are made on behalf of a client for fees and other charges for specialized professional and other services.	At cost plus, a minimum of 10% for attendance where a project cost-based fee applies, and/or where there is no time-based reimbursement for attendance.
Travel	
Travel time	For a time-based fee, rates are issued by the National Department of Public Works & Infrastructure, or similar.
	For a project cost-based fee, 100% of an hourly rate for travel greater than 30 minutes and 50km per trip (being 1 hour and 100km per return trip) or as negotiated between the client and the architectural professional.
Travel mileage	Rates for reimbursable expenses issued by the National Department of Public Works and

Removal, portable data storage medium with project-related information	
Special Quotes	
Maps	At cost, plus a minimum of 10% for attendance where a project cost-based fee applies and/or where there is no time-based reimbursement for attendance.
Models	
Presentation materials	
Photography	
Artwork	
Other	
Any other disbursement requested by and/or agreed to by the client.	At cost, plus a minimum of 10% for attendance where a project cost-based fee applies and/or where there is no time-based reimbursement for attendance.

Framework for guidelines for professional fees in respect of architectural services rendered by the registered architectural professionals, published in terms of section 34 (2) of the Act

1. **Introduction**

a) In terms of section 34 (2) of the Act, the South African Council for the Architectural Profession, hereafter referred to as SACAP, must annually, after consultation with the Voluntary Associations, determine guidelines for professional fees and publish those fees in the *Gazette.*

b) The Guidelines for professional fees shall be in line with the principles referred to in section 4*(k)*(v) of the Council for the Built Environment Act 43 of 2000, which stipulate that "the principles upon which Council must base guidelines for professional fees should be per any legislation relating to the promotion of competition".

c) The guideline for professional fees is published annually in the Government Gazette as a guideline only and does not amount to direct or indirect price fixing. The guideline professional fees are deemed as a guide to provide fair and reasonable remuneration to the architectural professional to provide for an appropriate level and quality of service in terms of the Standard of Service.

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

2. Purpose

a) The Council of the Built Environment (CBE) Policy Framework on the determination and review of guidelines for professional fees for built environment professions stipulates that the guidelines for professional fees are determined and published as a guide only and not as prescribed fees that registered professionals are entitled to charge.

b) Guideline for professional fees is, for guidance required to promote market efficiency and redress consumers and the public information deficit, relative to the professional's knowledge and expertise. The guideline for professional fees is not prescribed or set as maximum or minimum mandatory fees to be charged for professional services rendered, but serves as a guideline.

3. Principles

a) The guideline for professional fees is based on the cost of works as per the fee survey undertaken by SACAP, the Building Costs Index, and the inflation rate. As per the CBE Policy Framework on determination and review of guidelines for professional fees for built environment professions, the guideline for professional fees takes into consideration a reasonable rate of return on investment, intellectual capital, effort, and, most importantly, risk.

b) The guideline for professional fees tables has been split into 3 complexities to align with the Identification of Work policy Board Notice 27 of 2021.

c) The guideline for professional fee tables represents the fees for full service by a hypothetical average-sized architectural practice, practicing responsibly and sustainably. This means that the tables are not meant to fit any one specific project perfectly and, in almost all cases, should be adjusted up or down concerning specific project conditions.

d) Unless otherwise agreed, in writing, by the architectural professional, the information produced about a single project is authorized for use only on that project and may not be used for another project, in whole or in part.

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

e) The guideline for professional fees is expressly not suitable for use in a basket of professional fees calculation, where all professional fees are reduced to fit a required overall fee basket. Reduction of fees in this manner, without due regard to a concurrent agreed reduction of service, is strongly discouraged because the quality of service will be impacted negatively to the detriment of the client.

4. General provisions

The guideline for professional fees published under Gazette No. 51352 Board Notice 672 of 2024 is hereby repealed. The new board notice shall apply once it is published in the Gazette in terms of section 34 (2) of the Act.

5. Definitions and interpretations

In this document, unless the context otherwise indicates, an expression or word hereunder shall mean:

SACAP means the South African Council for the Architectural Profession.

Act means the Architectural Profession Act 44 of 2000;

An agreement means a written agreement between a client and the registered professional.

Alteration in terms of Clause 23 means a change in a building or facility that affects or could affect the usability of a building or facility or portion thereof;

In terms of Clause 24 means projects that increase, expand, or extend a facility's gross floor area or height of a facility are considered additions.

Registered Person means a person registered in one of the categories of professionals and candidates referred to in section 18 of the Act;

Architectural professional means a person registered in one of the categories of professionals referred to in section 19(2)(a) and (b);

Architectural Practice means a juristic person appointed to provide the architectural service for the project.

Board notice means the notice containing the guidelines for professional fees which, in terms of section 34(2) of the Act, is published annually by SACAP in the Government Gazette;

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

Budget means the anticipated cost of the project and/or works, provided that estimates on which the budget is based shall be deemed to be valid for a period not exceeding 3 months.

Building contract means the Joint Building Contracts Committee (JBCC) Principal Building Agreement or any other building contract entered into between the client and the contractor.

Client means the party appointing the architectural professional or practice to perform the services or any part thereof referred to in this document.

Consultant means a professional person/s or entity/entities appointed by the client to provide services in respect of the project;

Construction documentation means graphic representations, plans, sections, elevations, site plans, specifications, construction details, service coordination information, schedules, and such other details and descriptions as are within the reasonable competence of an architectural professional, which are sufficient to indicate the scope of the works.

Contract means an agreement entered into by the client with a contractor for the execution of the works or part thereof; it may also be referred to as the building contract.

Contractor means the entity or entities contracting with the client for the execution of the works or part thereof;

Inspection means such periodic visits to, or in connection with the works, by the architectural professional as are necessary to establish the conformity of the work to the contract documentation and quality in terms of the acceptable industry standards, and to provide on-site clarification and further information during the progress of the work. **Inspect** shall carry the same meaning;

Practical completion means the stage of completion where the works or a section thereof are certified by the principal agent as substantially complete, free of patent defects other than minor defects, and can effectively be used for the purpose intended.

Principal Agent means the person appointed and authorized to fulfill the obligations of the principal agent in the agreed form of the construction contract;

Principal consultant means the person appointed and authorized by the client to lead the consultants in all matters, including design and technical coordination.

This gazette is also available free online at **www.gpwonline.co.za**

Project means the development for which the architectural professional and consultants are appointed and may not be limited to the works.

Specialist means an architectural professional highly skilled in a specific and restricted field.

Principal means the proprietor, partner, director, or member who bears the risks of practice and takes full responsibility for the potential liabilities of practice.

Works means all work executed or intended to be executed according to the building contract.

6. Interpretation

The hourly rates shall be deemed to include establishment charges and charges for time expended by clerical staff.

The words "advise", "appoint', "approve", "authorize", "certify", "consent', "decide", "delegate", "designate", "instruct', "issue", "notify", "object, "reply", "request', and "specify" shall indicate an act required to be carried out in writing;

All monetary amounts exclude VAT, which shall be added to any amounts that become due and payable, provided the service provider is registered for VAT.

Notice in terms of service agreements shall be deemed to have been duly received when delivered by hand on the day of the delivery; sent by registered post 7 (seven) days after posting, and sent by e-mail on delivery/read receipt confirmation or 3 (three) days after transmission.

7. The Architectural professional service

7.1 A client appoints an architectural professional to provide a service for a project as contemplated by the Architectural Profession Act, the National Building Regulations and Building Standards Act 103 of 1977 as amended, and the South African National Standards SANS 10 400 and other applicable statutory legislation.

7.2 The architectural professional accepts the appointment to exercise reasonable professional skill, care, and diligence in the performance of obligations, for a fee as defined in a written agreement.

7.3 Registered persons may be appointed for a standard service as architectural professionals, principal consultants, and principal agents. Furthermore, services in

This gazette is also available free online at www.gpwonline.co.za

addition to the standard service may be included, and these non-exhaustive additional services may be included as the parties may deem appropriate.

8. Fee description

The calculation of fees based on a percentage of project cost is the standard basis for determining professional fees and represents the accepted basis by the Built Environment Professions for remuneration of professional services. Such fees are referred to as project cost-based fees.

An alternative to project cost-based fees can be negotiated; for example, time-based fees or cost-per-building area fees.

9. Project cost-based fee

9.1 A project cost-based fee is appropriate when there is a well-defined scope of service for the architectural professional. Such a fee is based on a budget for the works for fee calculation purposes and shall be adjusted on the final cost of the works.

9.2 The project cost-based fee results in a sliding scale, which arises from the series of percentages related to the value of the works and its complexity, low, medium, or high, as defined in the guideline profession fees board notice. The primary fee is stated as an appropriate value to smooth the sliding scale.

9.3 The adjustment provided in the guidelines for professional fees is based on the reduced aggregate of the value of the works and/or projects from which the budget for the works for fee purposes is derived. This arises from the provision that fees for architectural services are calculated on the total value of the works and represent an average over all elements of the works and/or project.

9.4 Where a fee is calculated as a project cost-based fee, the fee consists of a primary fee (Column C) plus a secondary fee. The secondary fee is calculated as a percentage (Column D) of the value of the works per cost bracket indicated in Column E. *Refer to the guidelines for professional fees.*

9.5 Whenever the project cost base fee structure is revised and published as a Board Notice in a gazette, the new rates shall apply to work performed after the effective date of the new annual guidelines for professional fees. Alternatively, in terms of a written agreement between the architectural professional and the client.

This gazette is also available free online at **www.gpwonline.co.za**

South African Council for the Architectural Profession

9.6 The formula and examples thereof are in the guidelines for professional fees.

9.7 Where an architectural professional has undertaken work to change the agreed design and the fee is not covered by an increase in fees relative to the construction cost, a time-based fee may be agreed for this change.

10. Time-based fee

10.1 Where the scope of service is not clearly defined, or the service relates to small-scale projects, or the service is of an unusual or specialized nature, a time-based fee is recommended to be used as the basis of remuneration. Where fees for architectural professional services are time-based, such fees may be based on an hourly rate as set out in the guidelines for professional fee board notice.

10.2 Where an architectural professional has undertaken work to change the agreed design and the fee is not covered by the agreed time-based fee, additional fees may be agreed upon.

10.3 Where the Architectural Professional is required to redo or alter work already completed to give effect to a cost saving, there shall be an additional fee for this work calculated on a time charge basis. This additional fee shall be agreed upon before the work is carried out of the work.

11. The Standard Service is generally divided into 6 work stages.

The essential functions of each work stage relevant to the service are identified hereafter as follows:

Stage 1: Inception

a) Receive, appraise, and report on the client's requirements about the client's brief;
b) Determine the site and rights, and constraints;
c) Determine budgetary constraints;
d) Determine the need for consultants;
e) Determine indicative project timelines;
f) Determine methods of contracting; and
g) whether other statutory authority applications are required or desirable.

Stage 2: Concept and viability (concept design)

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

a) Prepare an initial design concept and advise on:
    i the intended space provisions and planning relationships;
    ii proposed materials and intended building services; and
    iii the technical and functional characteristics of the design.
b) Check for conformity of the concept with the rights to the use of the land.
c) Consult with local and statutory authorities.
d) Review the anticipated costs of the project.
e) Review the project programme.

Stage 3: Design Development

a) Develop all aspects of the design from concept to full development, including, but not limited to, construction systems, materials, fittings, and finishes selections;
b) Review the programme and budget with the client, principal consultant, or other consultants;
c) Coordinate other consultants' designs into the building design;
d) Prepare design development drawings, including drafting technical details and material specifications;
e) Discuss and agree on the building plan application and approval requirements with the local authority;

Stage 4: Documentation and Procurement

Stage 4.1

a) Prepare documentation required for local authority building plan application submission;
b) Co-ordinate technical documentation with the consultants and complete primary co-ordination sufficient to support building plan submission;
c) Review the costing and programme with the consultants;
d) Obtain the client's authority and submit documents for approval at the local authority.

Stage 4.2

a) Prepare specifications for the works;
b) Complete technical documentation sufficient for tender;
c) Obtain offers for the execution of the works;
d) Evaluate offers and recommend a successful tenderer for appointment;
e) Prepare the contract documentation and arrange the signing of the building contract by the client and the successful tenderer;

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

f) Complete all remaining technical and construction documentation and coordinate the same with the consultants;

Stage 5: Construction

a) Administer the building contract;
b) Give possession of the site to the contractor;
c) Issue construction documentation;
d) Review sub-contractor designs, shop drawings, and documentation for conformity of design intent;
e) Inspect the works for conformity with the contract documentation and acceptable quality in terms of industry standards;
f) Administer and perform the duties and obligations assigned to the principal agent in the building contract;
g) Manage the completion process of the project;
h) Assist the client in obtaining the required documentation necessary for the client to obtain the occupation certificate.

Stage 6: Close-out

a) Facilitate the project close-out, including the collation of the necessary documentation to effect completion, handover, and operational manual of the project.
b) When the contractor's obligations to the building contract have been fulfilled, the architectural professional shall issue the certificates related to the contract completion.
c) Provide the client with construction record documentation and the relevant technical and contractual undertakings by the contractor and subcontractors.

12. Partial services and additional services

a) The Act provides for the appointment of various architectural professionals to fulfil each or any stage of a standard service or parts thereof.
b) Partial and additional services may be agreed on, and the options most regularly utilized are the following:
    i. Appointment as architectural professional and principal consultant (not as principal agent);
    ii. Appointment as a design architectural professional (design only);
    iii. Appointment as an architectural professional of record (design by others, can be a principal-agent);

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

iv. Appointment as principal agent only; and
v. Appointment to perform additional services.
vi. Any combination of the above appointments may also be agreed upon.

13. Additional services

The following non-exhaustive services are in addition to the standard service and qualify for additional fees. These services may be added individually or in varying combinations, and shall be provided by prior agreement between the client and the architectural professional:

13.1 Special Design Services

The preparation of special designs within, or concerning, the facilities which are contemplated in a standard service, may include the following:

i. Rational design and Green Star design; participation in the preparation of rational designs and Green Star design, and document format conversion of other consultants' designs;
ii. Town-planning and/or urban design, including participation in the application for the establishment and/or amendment of regional and local town-planning and urban design schemes and the amendment of title conditions, negotiations with interest groups and authorities;
iii. Sectional titles plans, submissions, alterations, and registration;
iv. Master planning — defining and planning the layout of future development of buildings and/or services on the same site;
v. Landscape design — participation in landscape planning and construction;
vi. Interior design — the design of interiors and the selection of furnishings, fixtures, and special finishes;
vii. Specialized equipment layout and consequential coordination requirements;
viii. Liaison with special designers and specialist consultants;
ix. Purpose-made items: the design and documentation of purpose-made items;
x. Promotional material, artwork, and immersive digital experiences, participation in the preparation of promotional material;
xi. Plant operation and production layouts, participation in the definition of plant operation layouts;

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

xii. Building Information Modelling (BIM) services beyond design and construction documentation. This includes BIM services intended for asset maintenance and/or facilities management.

xiii. Submit documents for approval to the local authority, attend to referrals, if any, and resubmit.

13.2 Special Management Services

a) Elaboration of architectural professionals' services, including inter alia:
   i. The preparation of broad project parameters;
   ii. Project scope statements;
   iii. project milestones;
   iv. Budget and cash-flow forecasts;
   v. tender inquiry documentation;
   vi. Contractor and supplier selection;
   vii. adjudication and tender awards;
   viii. progress status monitoring;
   ix. variations management;
   x. quality management over and above the industry norms;
   xi. communication management;
   xii. payment processing and
   xiii. final account close-outs.

b) *Cost and valuation services*: participation in the administration of costs and payments where a quantity surveyor has not been appointed.

c) *Special inspections*: more intensive inspections and assessment of the works than the norm for assessing compliance with specifications and design intent.

d) *Special Project Management Functions*: more extensive project management of the works than the norm for complex projects, including the preparation of the BIM protocol document and the management thereof.

13.3 Special studies

a) *Preparation of the client's brief* — assist the client in the preparation of his requirements about the purpose, scope, use, and operation of the project;

b) *Site selection* —research the suitability and location of a site for a proposed project;

c) *Feasibility studies* — participation in technical and/or economic feasibility studies;

d) *Environmental studies* —participation in environmental studies;

This gazette is also available free online at www.gpwonline.co.za

e) *Energy analysis, studies, and planning* – Green Star Ratings;
f) *Market surveys* — participation in market surveys;
g) *Traffic studies* — participation in traffic-flow studies.
h) *Drone studies*; specialised photography for technical application and marketing material.
i) *Specialist survey*- Point Cloud and Liddar Survey
j) *As-built measured survey*- required for verification of portions of construction undertaken during the works

13.4 Special Submissions to Statutory Authorities

a) Land Use;
b) Environment;
c) Heritage;
d) Trading Licences/Liquor Licences, etc.

13.5 Work on existing premises

a) *Surveys and inspections* — inspect, survey, measure, and prepare documentation of existing premises, with other consultants as needed;
b) *Restorations and renovations* — services in connection with work on existing buildings;
c) *Heritage sites* — services in connection with work on heritage buildings, structures, and sites;
d) Services in connection with demolition permits of existing buildings and structures.

13.6 Other services

a) Participation in litigation and dispute resolution (where a concurrent service is provided;
b) Additional services as may be mutually agreed on.

14. Basis of the Fees agreement

a) The client agrees to pay the architectural professional the fees for the services as recorded in the formal agreement entered into by the parties;
b) Where a project cost-based fee is applied, the final fee is calculated on the final cost of the works. The initial fee is based on a budget for the works for fee calculation purposes and shall be adjusted on the final cost of the works.

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

c) Where a project time-based fee is applied, the fee is based on an estimate of the skills, hours, and resources necessary to complete the work. Accurate costing is to be kept and reported on.

15. Project cost-based fees for standard and partial services

a) The architectural professional shall refer to the annexure on the guidelines for professional fees to determine whether a project is of low, medium, or high complexity. Different fee scales apply to different complexities of a project.

b) These are derived from bracketed project values and are determined annually by SACAP and published in the Government Gazette.

c) For a partial service, assuming the fee is a project cost-based fee, the percentage of the fee for each complete work stage to be performed is as set out under clause 21. Where the work stage is only partially completed, the percentage of the fee shall be agreed upon between the parties.

d) The construction budget for fee purposes excludes VAT, contingencies, fees for other consultants and specialists, as well as the escalation provision.

16. Project cost-based fees for a reduced service

a) Where the architectural professional is not the principal agent, a reduction of the fee for the work not exceeding 10% of the fee for stages 5 and 6 may be considered.

b) Where the architectural professional is not the principal consultant, a reduction of the fee for the work not exceeding 10% of the fee for stages 1 to 4 may be considered.

17. Apportionment of fees between work stages and interim payments.

a) The fee applicable to each work stage is apportioned according to the table below and may be adjusted by agreement.

b) The architectural professional is entitled to render interim fee accounts during stages as agreed between the parties.

c) The fees payable for stage 5 are related to the duration of the contract period and not the performance of the contractor. Interim claims during this stage will be contract time lapsed and no progress made by the contractor.

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

Work stages 1 to 6	Proportion of the fee	Cumulative total
1	2%	2%
2	15%	17%
3	20%	37%
4.1	10%	47%
4.2	20%	67%
5	30%	97%
6	3%	100%

18. Guideline for professional fees for additional services;

Unless otherwise agreed, the fee for additional services is time-based, and it is based on hourly rates as in the current guideline for professional fees.

19. Time-based fees

Where fees for architectural professional services are time-based fees, the hourly rates as set out in the guideline for professional fees may apply. Whenever these rates are revised, the new rates may apply to work performed after the effective date of such revision.

20. Guideline for professional fees for alterations

The fee for work that includes alterations is based on the total project cost and increased for that portion of the work comprising or affected by alterations by 30% (130% of the fee).

21. Guideline for professional fees for additions

The fee for work associated with an addition to an existing building may not attract additional fees, except for that portion of the work associated with the parts of the addition that interface with the existing building. The fee for this latter work is increased by 30% (130% of the fee). Should it be necessary that the architectural professional survey, assess, and/or prepare documentation for the existing building, the cost of this shall be charged on a time basis.

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

22. Guideline for professional fees for services provided for the restoration of buildings subject to heritage legislation

The fee for work that includes restoration of buildings subject to heritage legislation is based on the total project cost and increased for that portion of the work comprising or affected by heritage considerations by 40% (140% of the fee).

23. Guideline for professional fees for a project that includes repeated buildings

For a project consisting of several repeated buildings erected under a single building contract for a single client, the fee may be adjusted by agreement, subject to the architectural professional being retained for full service and the repeated buildings being built on one site or a series of adjoining or closely related sites.

a) either entirely apart from each other or linked with screen walls, common walls, or other similar means; and repetitions of one or more prototype designs for units, blocks, or elements, and built from the repeated use of one or more sets of drawings and related documents with nominal or no modification for each re-use. This does not apply to similar floors or divisions in a multi-story building.

b) The guideline for professional fees for repeated buildings provides for a full fee applicable to the origination of the first building/s, referred to hereafter as prototypes. Thereafter, the fee adjustment is applied to each of the repeated prototypes.

c) The adjusted fee applies to work stages 1 to 4 inclusive. The adjusted fee apportionment is 35% of the guideline professional fee for stages 1 to 4 inclusive.

d) The adjusted fee does not apply to work stages 5 and 6. The full guideline professional fee for these stages shall apply.

24. Guideline for professional fees for buildings repeated under separate building contracts.

An architectural professional is entitled to be paid full fees on the original building designs. Unless otherwise agreed, where repeated buildings are erected under separate building contracts and the drawings and related documents for a project are reused for subsequent projects with nominal or no modification, the fee may be adjusted.

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

25. Guideline for professional fees for an appointment where the architectural professional takes over the work of another professional

The stage of completion shall be agreed upon, and an appropriate budget for the works agreed upon, and the fee for the work stages or the stage in which the service is commencing may be subject to an increase of 25%.

26. Guideline for professional fees for deployment of employees

Where an employee of the architectural professional is deployed on-site for extended inspection or other agreed purposes, the amount of the reimbursement shall be the total cost of employment plus 30%.

27. Payment of fees

The payment of fees for stages 1 to 4.2 shall be in line with deliverables as set out in the stages of work. The payment of fees for stage 5 shall be in equal monthly instalments in line with the initial construction duration.

Example

Stage 5 cost	R100 000.00
Initial construction duration	12 months
R100 000.00/12	R 8.333,33
Monthly invoice	R 8.333,33

28. Extended initial contractual period

a) If the initial construction period is exceeded by more than 10% through no fault of the architectural professional, the architectural professional shall be remunerated for all additional work resulting from the extension of time at hourly rates according to the guidelines for professional fees, together with related reimbursable expenses. The architectural professional shall inform the client in writing that the allocated period for providing professional services has been exceeded by 10% and therefore the services shall be charged at the hourly rates according to the current guidelines for professional fees, together with related reimbursable expenses.

b) The fee for the services of the architectural professional during the contract period shall not be linked to a contractor's performance or progress. The fees shall be assessed entirely independently.

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

29. Adjustment of guidelines for professional fees and disbursements

a) The guidelines for professional fees and disbursements are based on the following parameters:
   i. Scope of services;
   ii. Scope of the project/works;
   iii. Project programme;
   iv. Cost of the works;
   v. Cost of the project;
   vi. Appointment of other consultants;
   vii. Appointment of contractors.

b) Should any material variation to the parameters as stated occur, the guideline professional fees and disbursements shall be adjusted.

30. Fast Tracking

a) Adjustment to the project programme, commonly known as 'fast-tracking', that requires the application of additional resources by the architectural professional, may attract an additional fee. The architectural professional shall motivate the client to the additional resources needed to complete the project within the allocated time and shall be at the total cost of additional resources plus 30%.

31. Travelling time

a) Where the fee is a project cost-based fee, time charges shall apply at 100% of the hourly rate for travel greater than 1 hour and 50 km per trip (being 2 hours and 100 km per return trip) or as negotiated between the client and the architectural professional.

b) Where the fee is on a time basis, time charges shall apply to the full round trip regardless of distance.

32. Guideline for professional fees on termination by the client

a) Where the agreement between the client and the architectural professional is terminated, the client shall pay for that portion of the service that has been executed by the architectural professional.

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

b) Termination of the project shall attract an additional fee equal to 20% of the remaining fee that would have been payable had the project not been terminated.

33. Guideline for professional fees for dispute resolution services

a) For acting as an expert witness, adjudicator, mediator, or arbitrator, the fee shall be in line with specialists' fees charged at the hourly rates published in the guideline for professional fees.

b) Where a project is referred to dispute resolution, architectural professionals retained on that project are to be reimbursed for the additional service required about the dispute resolution processes according to the hourly rates published in the board notice as necessary.

34. Payment of professional accounts

a) The architectural professional's accounts are due and payable on presentation. The architectural professional shall be entitled to render interim accounts. Fee and reimbursement invoices may be invoiced separately.

35. Reimbursement of expenses

a) In addition to the fees set out in this schedule, the client shall reimburse the architectural professional for all reasonable disbursements properly incurred and accounted for.

b) The expenses contemplated may include the following:

i specialized in professional and other services;

ii Payments made on behalf of a client for fees, submission fees for local authority and other statutory approvals, as well as other charges for specialized professional and other services.

iii **Travel**

- Travel mileage;
- Parking;
- Toll fees;
- Car hire;
- Airfare;
- Train;
- Bus;
- Taxi;
- Uber/Bolt or the likes

iv **Subsistence**

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

- Accommodation;
- Subsistence allowance;
- Special daily allowance;

v **Postage**

- Special postage;
- Postage
- Courier;

vi **Documentation**

- Typing of original/master per A4;
- Duplication in white paper (A3 & A4 sizes);
- Duplicating in coloured paper (A3 & A4 sizes);
- Duplication in colour (A3 & A4 sizes;
- Document binding;
- Scanning of drawings and documents;
- Duplicating of drawings (A3 to A4);
- Plotting on 80g plain paper (A3 to A0);
- Plotting on 80g plain paper in colour (A3 to A0);
- Plotting on quality paper (A3 to A0;
- Plotting on quality paper in colour (A3 to A0);
- Purchase of documents and research material required for the project;
- CD with project-related information;

vii **Special quotes**

- Maps;
- Models;
- Presentation;
- Photography;
- Artwork

viii **Specialised computer software**

ix **Time-limited software subscriptions incurred specifically for the project**

x **Other**

- Any other disbursement requested by and/or agreed to by the client.

c) A relevant guideline rate may be applied. Refer to the Guidelines for professional fees.

This gazette is also available free online at **www.gpwonline.co.za**

South African Council for the Architectural Profession

d) A minimum of 10% of the cost of the disbursement may also be claimed for attendance where a project cost-based fee applies and/or where there is no time-based reimbursement for attendance.

36. Claims to be separate and not set off

c) Should a client allege a claim against the architectural professional, a contractor, or any other party involved in the project, such claim shall be dealt with on its own merits.

d) A client is not entitled to withhold payment of fees or disbursements or part thereof due to the architectural professional. Based on the claim, the client shall make payment without any set-off and waives all rights to any such set-off.

e) Should a professional error, omission, and/or negligence be implied, dispute resolution or litigation shall be used to claim from the architectural professional.

f) No penalties shall be applied to professional service agreement contracts.

37. Regular invoicing

Invoicing in line with the completed work stages as required by the Value-Added Tax Act, 1991 (Act No. 89 of 1991) is accepted as good practice and is deemed to be the basis of the agreement between the client and the architectural professional. Additionally, regular invoicing as agreed with the client may be considered.

38. Engagement of architectural professionals

a) A professional service is deemed to be subject to an appropriate formal written agreement in which the rights and obligations of the parties and the terms and conditions of service are recorded.

b) The specific service is agreed on, and the basis for the calculation of professional fees is recorded.

c) The parties shall also agree on the following:

- the agreed service to be provided;
- authority of the architectural professional;
- the architectural professional's ownership of the intellectual property or copyright;
- limits to responsibility;
- limit professional liability to a term of five (5) years;

This gazette is also available free online at www.gpwonline.co.za

South African Council for the Architectural Profession

- payment of invoices;
- interest on overdue invoices;
- disputed invoices;
- suspension or deferment;
- termination of engagement;
- damage to or destruction of the works and
- dispute resolution provisions.

d) The expectation is that the agreed fees are based on a budget for the works to ensure that the fees are calculated on the anticipated final project cost. A realistic value of the work has to be determined to determine fees.

e) Where a Professional Architect registered with SACAP is employed in a standard service, such Professional Architect shall be appointed to fulfill architectural services, principal consultant, and principal agent services. The services shall be described as a 'full service', partial, and/or additional services as may be agreed.

f) Where an architectural professional other than a Professional Architect is employed in a project. The services and functions to be provided should be in line with the Identification of Work. Such an appointment may be for a standard service. Partial and/or additional services may be agreed upon.

This gazette is also available free online at www.gpwonline.co.za

BOARD NOTICE 886 OF 2026

DEFINING OF PRODUCTION AREA: SHAW'S MOUNTAIN

The Wine Certification Authority, acting under section 6 of the Wine of Origin Scheme published by Government Notice No. R. 1434 of 29 June 1990 hereby –

defines the area specified in the Schedule as a production area (ward) under the name Shaw's Mountain.

OLIVIA POONAH
EXECUTIVE MANAGER: WINE CERTIFICATION AUTHORITY

SCHEDULE

DEFINING OF PRODUCTION AREA: SHAW'S MOUNTAIN

That portion of land situates within the following boundaries:

This proposed ward is located to the east of the existing Hemel-and-Aarde Ridge Ward. It is bordered to the northern side by Shaw's Mountain. The ward Shaw's Mountain shares the western boundary of the first mentioned ward to the northern corner of the farm Morgen Rood. From there it stretches east along the northern boundary of the farm Langhuis and the peaks of Shaw's Mountain to where it reaches the valley between Shaw's Mountain and Steenboksberg, underneath the Shaw's Mountain Pass. From there the boundary follows a generally southwestern direction on the Hartbeest River until it reaches the eastern boundary of the existing Hemel-en-Aarde Ridge Ward, the point of beginning mentioned above.

BOARD NOTICE 887 OF 2026

DEFINING OF PRODUCTION AREA: GOUKOU RIVER VALLEY

The Wine Certification Authority, acting under section 6 of the Wine of Origin Scheme published by Government Notice No. R. 1434 of 29 June 1990 hereby –

defines the area specified in the Schedule as a production area (ward) under the name Goukou River Valley.

OLIVIA POONAH
EXECUTIVE MANAGER: WINE CERTIFICATION AUTHORITY

SCHEDULE

DEFINING OF PRODUCTION AREA: GOUKOU RIVER VALLEY

That portion of land situates within the following boundaries:

In the lower region of the Goukou River, 16 km before Still Bay, lies a series of elevated calcarenite hills that extends towards the ocean. The Goukou River Ward is a narrow valley (1-3 km wide) on both sides of the last 16 km of the Goukou River. The Goukou River Valley stops before the mouth of the river where the built-up areas begin, approximately 3km from the mouth of the river.
