HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

EXTRAORDINARY GAZETTES

3. *Extraordinary Gazettes* can have only one publication date. If multiple publications of an *Extraordinary Gazette* are required, a separate Z95/Z95Prov *Adobe* Forms for each publication date must be submitted.

NOTICE SUBMISSION PROCESS

4. Download the latest *Adobe* form, for the relevant notice to be placed, from the **Government Printing Works** website www.gpwonline.co.za.

5. The *Adobe* form needs to be completed electronically using *Adobe Acrobat* / *Acrobat Reader*. Only electronically completed *Adobe* forms will be accepted. No printed, handwritten and/or scanned *Adobe* forms will be accepted.

6. The completed electronic *Adobe* form has to be submitted via email to submit.egazette@gpw.gov.za. The form needs to be submitted in its original electronic *Adobe* format to enable the system to extract the completed information from the form for placement in the publication.

7. Every notice submitted **must** be accompanied by an official **GPW** quotation. This must be obtained from the *eGazette* Contact Centre.

8. Each notice submission should be sent as a single email. The email **must** contain **all documentation relating to a particular notice submission**.

   8.1. Each of the following documents must be attached to the email as a separate attachment:

      8.1.1. An electronically completed *Adobe* form, specific to the type of notice that is to be placed.

         8.1.1.1. For National *Government Gazette* or *Provincial Gazette* notices, the notices must be accompanied by an electronic Z95 or Z95Prov *Adobe* form

         8.1.1.2. The notice content (body copy) **MUST** be a separate attachment.

      8.1.2. A copy of the official **Government Printing Works** quotation you received for your notice. *(Please see Quotation section below for further details)*

      8.1.3. A valid and legible Proof of Payment / Purchase Order: **Government Printing Works** account customer must include a copy of their Purchase Order**. Non-Government Printing Works** account customer needs to submit the proof of payment for the notice

      8.1.4. Where separate notice content is applicable (Z95, Z95 Prov and TForm 3, it should **also** be attached as a separate attachment. *(Please see the Copy Section below, for the specifications)*.

      8.1.5. Any additional notice information if applicable.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

9. The electronic *Adobe* form will be taken as the primary source for the notice information to be published. Instructions that are on the email body or covering letter that contradicts the notice form content will not be considered. The information submitted on the electronic *Adobe* form will be published as-is.

10. To avoid duplicated publication of the same notice and double billing, Please submit your notice **ONLY ONCE.**

11. Notices brought to **GPW** by "walk-in" customers on electronic media can only be submitted in *Adobe* electronic form format. All "walk-in" customers with notices that are not on electronic *Adobe* forms will be routed to the Contact Centre where they will be assisted to complete the forms in the required format.

12. Should a customer submit a bulk submission of hard copy notices delivered by a messenger on behalf of any organisation e.g. newspaper publisher, the messenger will be referred back to the sender as the submission does not adhere to the submission rules.

QUOTATIONS

13. Quotations are valid until the next tariff change.

    13.1. ***Take note:*** **GPW**'s annual tariff increase takes place on ***1 April*** therefore any quotations issued, accepted and submitted for publication up to ***31 March*** will keep the old tariff. For notices to be published from 1 April, a quotation must be obtained from **GPW** with the new tariffs. Where a tariff increase is implemented during the year, **GPW** endeavours to provide customers with 30 days' notice of such changes.

14. Each quotation has a unique number.

15. Form Content notices must be emailed to the *eGazette* Contact Centre for a quotation.

    15.1. The *Adobe* form supplied is uploaded by the Contact Centre Agent and the system automatically calculates the cost of your notice based on the layout/format of the content supplied.

    15.2. It is critical that these *Adobe* Forms are completed correctly and adhere to the guidelines as stipulated by **GPW**.

16. **APPLICABLE ONLY TO GPW ACCOUNT HOLDERS**:

    16.1. **GPW** Account Customers must provide a valid **GPW** account number to obtain a quotation.

    16.2. Accounts for **GPW** account customers **must** be active with sufficient credit to transact with **GPW** to submit notices.

        16.2.1. If you are unsure about or need to resolve the status of your account, please contact the **GPW** Finance Department prior to submitting your notices. (If the account status is not resolved prior to submission of your notice, the notice will be failed during the process).

17. **APPLICABLE ONLY TO CASH CUSTOMERS:**

    17.1. Cash customers doing **bulk payments** must use a **single email address** in order to use the **same proof of payment** for submitting multiple notices.

18. The responsibility lies with you, the customer, to ensure that the payment made for your notice(s) to be published is sufficient to cover the cost of the notice(s).

19. Each quotation will be associated with one proof of payment / purchase order / cash receipt.

    19.1. This means that **the quotation number can only be used once to make a payment.**

GOVERNMENT PRINTING WORKS - BUSINESS RULES

COPY (SEPARATE NOTICE CONTENT DOCUMENT)

20. Where the copy is part of a separate attachment document for Z95, Z95Prov and TForm03

20.1. Copy of notices must be supplied in a separate document and may not constitute part of any covering letter, purchase order, proof of payment or other attached documents.

The content document should contain only one notice. (You may include the different translations of the same notice in the same document).

20.2. The notice should be set on an A4 page, with margins and fonts set as follows:

Page size = A4 Portrait with page margins: Top = 40mm, LH/RH = 16mm, Bottom = 40mm; Use font size: Arial or Helvetica 10pt with 11pt line spacing;

Page size = A4 Landscape with page margins: Top = 16mm, LH/RH = 40mm, Bottom = 16mm; Use font size: Arial or Helvetica 10pt with 11pt line spacing;

CANCELLATIONS

21. Cancellation of notice submissions are accepted by **GPW** according to the deadlines stated in the table above in point 2. Non-compliance to these deadlines will result in your request being failed. Please pay special attention to the different deadlines for each gazette. Please note that any notices cancelled after the cancellation deadline will be published and charged at full cost.

22. Requests for cancellation must be sent by the original sender of the notice and must accompanied by the relevant notice reference number (N-) in the email body.

AMENDMENTS TO NOTICES

23. With effect from 01 October 2015, **GPW** will not longer accept amendments to notices. The cancellation process will need to be followed according to the deadline and a new notice submitted thereafter for the next available publication date.

REJECTIONS

24. All notices not meeting the submission rules will be rejected to the customer to be corrected and resubmitted. Assistance will be available through the Contact Centre should help be required when completing the forms. (012-748 6200 or email info.egazette@gpw.gov.za). Reasons for rejections include the following:

24.1. Incorrectly completed forms and notices submitted in the wrong format, will be rejected.

24.2. Any notice submissions not on the correct *Adobe* electronic form, will be rejected.

24.3. Any notice submissions not accompanied by the proof of payment / purchase order will be rejected and the notice will not be processed.

24.4. Any submissions or re-submissions that miss the submission cut-off times will be rejected to the customer. The Notice needs to be re-submitted with a new publication date.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

Approval of notices

25. Any notices other than legal notices are subject to the approval of the Government Printer, who may refuse acceptance or further publication of any notice.

26. No amendments will be accepted in respect to separate notice content that was sent with a Z95 or Z95Prov notice submissions. The copy of notice in layout format (previously known as proof-out) is only provided where requested, for Advertiser to see the notice in final Gazette layout. Should they find that the information submitted was incorrect, they should request for a notice cancellation and resubmit the corrected notice, subject to standard submission deadlines. The cancellation is also subject to the stages in the publishing process, i.e. If cancellation is received when production (printing process) has commenced, then the notice cannot be cancelled.

Government Printer Indemnified Against Liability

27. The Government Printer will assume no liability in respect of—

27.1. any delay in the publication of a notice or publication of such notice on any date other than that stipulated by the advertiser;

27.2. erroneous classification of a notice, or the placement of such notice in any section or under any heading other than the section or heading stipulated by the advertiser;

27.3. any editing, revision, omission, typographical errors or errors resulting from faint or indistinct copy.

Liability of advertiser

28. Advertisers will be held liable for any compensation and costs arising from any action which may be instituted against the Government Printer in consequence of the publication of any notice.

Customer inquiries

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While **GPW** deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.
GPW has a 2-working day turnaround time for processing notices received according to the business rules and deadline submissions.
Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

29. Requests for information, quotations and inquiries must be sent to the Contact Centre ONLY.

30. Requests for Quotations (RFQs) should be received by the Contact Centre at least **2 working days** before the submission deadline for that specific publication.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

PAYMENT OF COST

31. The Request for Quotation for placement of the notice should be sent to the Gazette Contact Centre as indicated above, prior to submission of notice for advertising.

32. Payment should then be made, or Purchase Order prepared based on the received quotation, prior to the submission of the notice for advertising as these documents i.e. proof of payment or Purchase order will be required as part of the notice submission, as indicated earlier.

33. Every proof of payment must have a valid **GPW** quotation number as a reference on the proof of payment document.

34. Where there is any doubt about the cost of publication of a notice, and in the case of copy, an enquiry, accompanied by the relevant copy, should be addressed to the Gazette Contact Centre, **Government Printing Works**, Private Bag X85, Pretoria, 0001 email: info.egazette@gpw.gov.za before publication.

35. Overpayment resulting from miscalculation on the part of the advertiser of the cost of publication of a notice will not be refunded, unless the advertiser furnishes adequate reasons why such miscalculation occurred. In the event of underpayments, the difference will be recovered from the advertiser, and future notice(s) will not be published until such time as the full cost of such publication has been duly paid in cash or electronic funds transfer into the **Government Printing Works** banking account.

36. In the event of a notice being cancelled, a refund will be made only if no cost regarding the placing of the notice has been incurred by the **Government Printing Works**.

37. The **Government Printing Works** reserves the right to levy an additional charge in cases where notices, the cost of which has been calculated in accordance with the List of Fixed Tariff Rates, are subsequently found to be excessively lengthy or to contain overmuch or complicated tabulation.

PROOF OF PUBLICATION

38. Copies of any of the *Government Gazette* or *Provincial Gazette* can be downloaded from the **Government Printing Works** website www.gpwonline.co.za free of charge, should a proof of publication be required.

39. Printed copies may be ordered from the Publications department at the ruling price. The **Government Printing Works** will assume no liability for any failure to post or for any delay in despatching of such *Government Gazette*(s)

NO. 7355 **10 April 2026**

NOTICE IN TERMS OF SECTION 62 (7) OF THE LABOUR RELATIONS ACT 66 OF 1995 AS AMENDED (THE LRA)

PLEASE TAKE NOTICE THAT: -

1. THE OYSTER BOX HOTEL has applied to the CCMA in terms of section 62(1) of the Labour Relations Act 66 of 1995 as amended (the LRA) for a demarcation order to the effect that the activities of the applicant do not fall within the registered scope and jurisdiction of the Bargaining Council for the HAIRDRESSING, COSMETOLOGY, BEAUTY and SKINCARE INDUSTRY (the respondent).
2. The applicant's business is involved in the hospitality industry.
3. The respondent has served a compliance order on the applicant, necessitating this application for demarcation in terms of which the applicant shall argue that its activities and scope do not fall under the jurisdiction of the Bargaining Council.
4. The CCMA believes that the question raised by this demarcation application is potentially of substantial importance. Of relevance is the fact that the applicant believes there are other similar businesses that perform the same activities as it and which have not had compliance orders served on it by the respondent.
5. It is therefore apparent that there may be other businesses or entities that could potentially be affected by the outcome of this application. Such entities should have the right to make representations to the CCMA.
6. Written representations may be made within 21 calendar days of the date of publication of this notice, and should be clearly marked with reference number KNDB9848-25 and directed to: -

DEPARTMENT OF FORESTRY, FISHERIES AND THE ENVIRONMENT

NO. 7357 **10 April 2026**

NATIONAL ENVIRONMENTAL MANAGEMENT: INTEGRATED COASTAL MANAGEMENT ACT, 2008 (ACT NO. 24 OF 2008)

APPLICATION FOR PRE-APPROVAL FOR RECLAMATION IN TERMS OF SECTION 7B (1) OF THE NATIONAL ENVIRONMENTAL MANAGEMENT: INTEGRATED COASTAL MANAGEMENT ACT, 2008 (ACT NO. 24 OF 2008) AND REGULATIONS 2 AND 3 OF THE RECLAMATION OF LAND FROM COASTAL WATERS REGULATIONS, 2018: PROPOSED RECLAMATION BY TRANSNET NATIONAL PORTS AUTHORITY – PORT OF DURBAN

I, Willem Abraham Stephanus Aucamp, the Minister of Forestry, Fisheries and the Environment, hereby invite the public to comment on the pre-approval application for the reclamation of land from coastal waters in terms of section 7B(3)(c) of the National Environmental Management: Integrated Coastal Management Act, 2008 (Act No. 24 of 2008), (ICM Act) and regulations 2 and 3 of the Reclamation of Land from Coastal Waters Regulations, 2018 (GN R206 of 9 March 2018).

Reclamation of land from the sea involves the creation of new land in the sea. The ICM Act defines it as *"the process of artificially creating new land within coastal waters, and includes the creation of an island or peninsula, but excludes beach replenishment by sand pumping for maintenance purposes*". The Act requires that, as the responsible Minister, I undertake a public consultation process to obtain the public's comments on the proposed reclamation. As part of that process, I am required to follow the public participation consultation and public participation process described in section 7B(3)(c) of the ICM Act. The reclamation application and approval process in the ICM Act does not remove the need for an environmental authorisation in terms of Environmental Impact Assessment Regulations, 2014 under the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA).

The Transnet National Ports Authority (TNPA) has submitted a pre-approval for the reclamation of land from the coastal waters of the Port of Durban. As part of the proposed development, land will be reclaimed between the existing Point multi-purpose terminal quay wall and the new Point Container Terminal quay wall, providing the expanded footprint required for the increased container capacity. The infill area will require 4 million m^3 of infill material covering an area of 22.4 hectares (ha). Infill material will be sourced from the authorised sandwinning site located offshore, near the entrance to the Port. Should additional material be required, either the existing authorised site will be extended, or a new, alternative site will be used.

Figure 1: Map depicting Durban Port expansion in the proposed area for reclamation

Figure 2: Proposed reclamation area in relation to sandwinning and dredging sites

TNPA operates eight ports across South Africa, playing a vital role in the country's logistics. TNPA aims to expand port capacity ahead of demand and reduce business costs to keep South Africa's economy competitive. To facilitate this, TNPA has developed the KZN Ports Master Plan. The plan focuses on reconfiguring the Port of Durban and the Port of Richards Bay to establish the Port of Durban as a Container Hub Port for international container traffic, benefiting both South Africa and Southern Africa. As part of this plan, TNPA proposes to convert areas D-G in the Port of Durban's Point Precinct into a single container terminal referred to as Point Container Terminal.

TNPA wishes to expand the Durban Port and position it as a premier container hub port in the region with the aim of increasing capacity to between 10 and 11 million twenty-foot equivalent units (TEU). The TNPA aim to upgrade the existing Port of Durban infrastructure, including deepening berths, expanding container terminals, and improving the rail links to the Port. The land reclamation process would involve dredging and infilling activities, which may affect benthic sediments and increase turbidity. Fish stocks entering the harbour may be temporarily impacted.

If successful, the reclaimed land will be used for developing the following:

- a new quay wall, berthing for container vessels;

- infrastructure that accommodates ultra-large container ships (ULCS);
- operating harbour cranes;
- stacking containers (meaning more land for stacking containers on top of each other in blocks grouped by imports, exports etc); and
- the availability of land and water areas for future expansion.

This would, in turn, improve container handling capacity at the Port of Durban, reducing logistical costs and creating new economic opportunities for the country while also boosting trade competitiveness. The upgrades will increase port capacity and efficiency without the need for developing a new port.

As opposed to the EIA process undertaken in terms of NEMA, the primary purpose of the reclamation authorisations process under the ICM Act is to assess and to provide in-principle approval for the reclamation. In this assessment, the application will be assessed to ensure that the sea, which is coastal public property, is not utilised in a manner that undermines the objectives of the ICM Act, which is to ensure integrated and sustainable coastal development and to secure equitable access to the opportunities and benefits of coastal public property.

TNPA is therefore requesting my in-principle approval for the reclamation of land from the coastal waters in the Port of Durban in terms of section 7B(1) and section 7B(3)(b) of the ICM Act. A copy of the pre-approval application can be accessed and downloaded from the following webpage: **www.dffe.gov.za/gazetted_notices_transnet.durbanharbour_landreclamation** or can be obtained electronically upon request by email to **reclamation@dffe.gov.za**. A hard copy can also be obtained from the Department's offices at the address indicated below by prior arrangement with the person indicated for enquiries.

Members of the public are invited to submit written representations on the pre-approval application within 60 days after publication of this notice in the Gazette or publication of a notification in the newspaper, whichever is the later date. Written representations received after 60 days may be disregarded.

All representations must be submitted in writing to the Department.

Definitions

1. In these Regulations any word or expression to which a meaning has been assigned in the Act, has the meaning so assigned and, unless the context indicates otherwise-

"calendar year" means a year commencing on 1 January and ending on the 31 December;

"data provider" means the data provider contemplated in regulation 3;

"Department" means the Department of Electricity and Energy;

"**energy baseline"** means a quantitative reference providing a basis for comparison of energy performance over a specific period of time and is used for calculation of energy efficiency savings as a reference before and after implementation of energy performance improvement actions;

"energy efficiency savings" means the difference between the actual amount of energy used in the carrying out of any activity or trade in a specific period, and the amount of energy that would have been used in the carrying out of the same activity, or trade during the same period, under the same conditions, if the energy savings measure was not implemented;

"energy management plan" means a plan as contemplated under regulation 6;

"MPRDA" means the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002);

"primary energy commodities" means energy commodities that are either extracted or captured directly from natural resources;

"registration" means registration in terms of regulation 4 to assist in the manner and form in which data and information is collected by the Department;

"SIC" means the Standard Industrial Classification used by Statistics South Africa to classify economic activities of industries contemplated in the Standard Industrial Classification (SIC) of all Economic Activities, 5th edition; and

"the Act" means the National Energy Act, 2008 (Act No. 34 of 2008).

Application and objectives of Regulations

2. (1) These Regulations apply to the categories of data providers contemplated in regulation 3.

(2) The objectives of these Regulations are to-

(a) enable the Department to collect, collate and publish quality energy data and information in an effective and efficient manner; and

(b) provide for the type, manner and form of energy data and information that must be provided by any data provider.

Classification of data providers

3. (1) For purposes of these Regulations, data providers are classified according to the following categories:

(a) Category A refers to an entity that holds an exploration right issued in terms of section 80 of the MPRDA, or holds a mining right issued in terms of section 23 of the MPRDA, or holds a mining permit issued in terms of section 27 of the MPRDA, to carry out activities related to-

(i) exploration of primary energy commodities; or

(ii) mining of primary energy commodities;

(b) Category B refers to an entity that holds a production right issued in terms of section 84 of the MPRDA to carry out the-

(i) production of primary energy commodities; or

(ii) import and export of primary energy commodities;

(c) Category C refers to an entity that carries out-

(i) electricity generation and holds a licence issued by the National Energy Regulator of South Africa in terms of section 13, read with section 4, of the Electricity Regulation Act, 2006 (Act No.4 of 2006);

(ii) petroleum production and holds a licence issued in terms of section 28 of the Petroleum Products Act, 1977 (Act No. 20 of 1977); or

(iii) gas liquefaction or regasification and holds a licence issued in terms of section 19, read with section 4, of the Gas Act, 2001 (Act No. 48 of 2001);

(d) Category D refers to an entity that is responsible for the transportation, transmission or distribution of any form of energy in accordance with a licence issued by the National Energy Regulator of South Africa in terms of-

(i) section 13, read with section 4, of the Electricity Regulation Act, 2006;

(ii) section 19, read with section 4, of the Petroleum Pipelines Act, 2003 (Act No. 60 of 2003); or

(iii) section 19, read with section 4, of the Gas Act, 2001;

(e) Category E refers to an industry association representing a collective of entities operating within the same industry;

(f) Category F refers to an end user of energy, which includes an entity which carries out economic activities as classified according to the SIC;

(g) Category G refers to an organ of state, a research institution or an academic institution; and

(h) Category H refers to an entity operating in the Industry Group 363 for Household Appliances under the SIC Code 36.

(2) Notwithstanding the provisions of sub-regulation (1), the Department may identify additional data sources and request data from such sources.

Compulsory registration of data providers and changes to registration details

4. (1) The following data providers in regulation 3(1) must register with the department for the electronic submission of information within 90 days of the coming into operation of these Regulations:

(a) Category A,
(b) Category B,
(c) Category C,
(d) Category D,
(e) Category E,
(f) Category H, and
(g) a data provider in Category F whose annual energy consumption exceeds 160 terajoules (TJ).

(2) A data provider registered in terms of sub-regulation (1) must notify the Department, in writing, of –

(a) any changes in the data provider's registration details;
(b) the transfer of ownership or operational control of the legal entity; or
(c) the discontinuation of an activity,

within 30 days of the date of such change, transfer of ownership or operational control, or the discontinuation of the activity, as the case may be.

(3) The Department may de-register a data provider registered in terms of this regulation.

Reporting requirements for mandatory provision of energy data

5. (1) Subject to sub-regulations (2) and (3), a data provider contemplated in regulation 3(1) must, upon a written request from the Department, in accordance with sub-regulation (4), make available to the Department or a representative of the Department-

(a) the energy data and information as classified in the Table contained in **Annexure D** to these Regulations; and

(b) any other data related to energy that the Department may request.

(2) A data provider in Category F, whose total annual energy consumption exceeds 160 terajoules (TJ), must -

(a) measure and collect the energy consumption data for the energy carriers as prescribed in **Annexure B;** and

(b) submit the data contemplated in paragraph (a), for the preceding calendar year, to the Department within 90 days of the coming into operation of these Regulations, where after the energy consumption data must be submitted within 90 days of the end of each calendar year.

(3) A data provider in Category H, must –

(a) determine the quantity and energy consumption of household appliances introduced to the South African market as prescribed in **Annexure C**; and

(b) submit the data contemplated in paragraph *(a)*, for the preceding calendar year, to the Department or a representative of the Department within 90 days of the coming into operation of these Regulations, where after the data shall be submitted within 90 days of the end of each calendar year.

(4) A written request by the Department contemplated in sub-regulation (1) shall include:

(a) The type of data to be provided;

(b) the definitions and classification of variables for which data is being requested, as well as their units of measurement;

(c) the reference period for which the data must be collected;

(d) the format and manner in which the data must be submitted; and

(e) the date and time by which the data must be submitted

(5) The data in terms of these Regulations may be periodically collected by the Department or a representative of the Department, and this shall be through:- .

(a) a standardised form and questionnaire;

(b) targeted surveys or studies; or

(c) any other appropriate and generally accepted data collection methods.

(6) In the case of the Department appointing a representative to collect data, the Department shall notify data providers in writing.

(7) Where data required by the Department is already collected by an organ of state, a research institution or an academic institution, classified as a data provider in Category G, the Department may collect such data from that organ of state, research institution or academic institution, instead of requesting it from the data provider.

(8) Failure to submit data requested in terms of these Regulations is an offence in contravention of the Act.

Reporting requirements for mandatory provision energy management plan

6. (1) A data provider in Category F whose total annual energy consumption exceeds 400 terajoules (TJ) must, in addition to complying with regulation 5(2), submit to the Department an energy audit and an energy management plan within 12 months of the coming into operation of these Regulations, and thereafter at regular intervals for a period of five years.

(2) The energy audit and the energy management plan contemplated in sub-regulation (1) must be applicable for a period of five years from the date of submission to the Department and must include—

(a) an energy baseline;

(b) the areas of energy efficiency savings potential;

(c) energy performance indicators for monitoring and measuring energy performance;

(d) a list of measures to achieve the energy efficiency savings potential, which are technically viable, cost effective and within the financial means of the data provider, and are to be implemented over the five-year period;

(e) timelines for the implementation of the measures in paragraph *(d)*, and the period for the review of the energy management plan.

(3) An implementation report must be submitted to the Department within 90 days of the end of each calendar year on the implementation of the energy management plan, and the report must at least include—

(a) annual energy efficiency savings achieved;

(b) energy efficiency measures implemented; and

(c) any barriers encountered in trying to achieve the performance improvement anticipated.

Integrity and verification of information and data submitted

7. (1) A data provider must ensure that the data submitted to the Department is true and correct.

(2) The Department may for the purposes of verification of information submitted request supporting documentation from a data provider.

Record Keeping

8. A data provider must keep a record of the information submitted to the Department in terms of these Regulations for a minimum period of five years and must, on request, be made available to the Department.

Publishing data and information

9. In the instance where data collected by the Department is at a very low level of disaggregation, the Department may only place such data and information in the public domain if-

(a) it is at a level of disaggregation which does not promote unfair competition;

(b) it does not contravene section 36 of the Promotion of Access to Information Act, 2000 (Act No. 2 of 2000); and

(c) it does not contravene section 17 of the Statistics Act, 1999 (Act No. 6 of 1999).

Repeal

10. The Regulations on the Mandatory Provision of Energy Data, 2012 published under Government Notice No. R142 of 24 February 2012 is hereby repealed.

Short title and commencement

11. These Regulations are called Regulations on the Mandatory Provision of Energy Data, 2025, and will come into operation on the date of promulgation in the *Gazette*.

DATA SUBMISSION MECHANISM

Data should be submitted through the Energy Efficiency Monitoring System web portal at http://www.eems.gov.za/ which will come live when the regulations come into effect.

SCHEDULE OF SECTORS AND DESCRIPTION OF DATA REQUIRED

Data is to be provided by legal entities where a facility exceeds the above- threshold contained in the Regulations and operating in the following sub-sectors: all ferrous and non-ferrous metals, cement, lime and plaster, mining, iron & steel, paper & pulp, basic chemicals, other industrial enterprises.

Types of data required are:

1. Details of the responding legal entity, site & contact information.
2. The period over which the energy consumption and activity data (3-5) have been incurred (must be between 1st January and 31st December of any given year).
3. Annual energy consumption per carrier.
4. Quantities of physical output (in the case of manufacturing) of the given entity
5. Main energy consuming activities undertaken on the site.

For all sub-sectors, one (or more) of the following questionnaires will be completed via the online portal. For each facility that exceeds the threshold, a separate questionnaire must be

Annexure to the Regulations

Annexure C:

Major Group - SIC Code 36: Manufacture of electronic and other electrical equipment and components (Except Computer Equipment)

SIC Code	Industry Group 363: Household Appliances
3631	Household Cooking Equipment
3632	Household Refrigerators and Freezers
3633	Household Laundry Equipment
3634	Electric Housewares and Fans
3635	Household Vacuum cleaners
3639	Household Appliances, Not Elsewhere Classified

List of household appliances applicable to these Regulations:

1. Air Conditioners (not exceeding 5 kw)
2. Washing machines
3. Washer-dryer combination
4. Tumble dryers
5. Electric lamps
6. Electric water heaters (geysers)
7. Dish washers
8. Refrigerators
9. Fridge freezers
10. Freezers (upright & chest freezers)
11. Audio & video equipment
12. Electric ovens

Annexure C:

REPORTING ON HOUSEHOLD APPLPIANCE CONSUMPTION DATA

INTRODUCTION

The comments listed below are in support of energy data collection for the Standards and Labelling (S&L) Project. The objective of the S&L Project is to reduce the energy consumption of household appliances by increasing the number of energy efficient in the SA market through the introduction of Minimum Energy Performance Standards (MEPS). The project's measure of success will thus be determined by the total amount of energy savings derived from the number of appliances in the market that comply with the set MEPS.

WHO IS REQUIRED TO PROVIDE HOUSEHOLD APPLPIANCE DATA

All legal entities that operate in the Industry Group 363 for Household Appliances under SIC Code 36; and that manufacture and or imports household appliances listed in Annexure C.

DEADLINE SUBMISSION DATE

The data contemplated shall be submitted, for the preceding financial year, to the Department within 90 days of the coming into operation of these Regulations, where after the data shall be submitted within 60 days of the end of each financial year.

FREQUENCY OF SUBMISSION OF DATA

Annually

PERIOD COVERED BY DATA

1st January to 31st December of relevant year

DATA SUBMISSION MECHANISM

Data should be submitted through the Energy Efficiency Monitoring System web portal at http://www.eems.gov.za

TYPES OF DATA REQUIRED

1. Details of the responding legal entity, site & contact information.
2. The period over which the energy data have been captured (must be between 1st January and 31st December of any given year).

3. Appliance annual energy use.

4. Quantities of appliances introduced into the South African market.

Data providers for household appliance data are required to complete the questionnaire below and depending on the type of appliances manufactured, each manufacturer will complete one or more of the tables listed under segment 3 of the questionnaire:

QUESTIONNAIRE 1-363

Sector	**Manufacturing of Electric and Other Equipment and Components**		
Sub-Sector	**Household Appliances (SIC Code 363)**		
SIC Code	**3631 - 3639**	**Version**	**Jul-2015-v1**

1. RESPONDENT DETAILS

Please provide details in the table below of the manufacturer for which this response is being made:

Name of company	
Contact details	Name:
	E-mail:
	Telephone:
Appliance(s) manufactured/imported	

2. REPORTING PERIOD

Please specify which twelve-month period this response relates to:

Calendar Year ☐

3. REQUIRED DATA FOR MANUFACTURER SUBMISSION

Please enter required data below:

a. Televisions

Attributes	Input	Notes
Model number		Manufacturer part number
Year Manufactured		
Brand Name		Consumer brand
Type		Plasma/LCD /LED
Screen size (in)		32’/42’/55’, etc.
Energy Use (kWh/yr)		Annual consumption
Operating Power (W)		On mode power
Standby Power (W)		Standby/Sleep power
Energy Class		Verified energy class

Annual Sales		Units introduced into SA market
MSRP		Manufacturer Suggested Retail Price

b. Refrigerators and Fridge-Freezers

Attributes	Input	Notes
Model number		Manufacturer part number
Year Manufactured		
Brand Name		Consumer brand
Fridge volume (L)		
Freezer volume (L)		
Energy Use (kWh/yr)		Annual consumption
Energy Class		Verified energy class
Annual Sales		Units introduced into SA market
MSRP		Manufacturer Suggested Retail Price

c. Freezers

Attributes	Input	Notes
Model number		Manufacturer part number
Year Manufactured		
Brand Name		Consumer brand
Type		Chest/upright
Volume (L)		
Energy Use (kWh/yr)		Annual consumption
Energy Class		Verified energy class
Annual Sales		Units introduced into SA market
MSRP		Manufacturer Suggested Retail Price

d. Electric Ovens

Attributes	Input	Notes
Model number		Manufacturer part number
Year Manufactured		
Brand Name		Consumer brand
Type		Built-in/freestanding
Capacity (L)		
Operating Power (W)		On mode power
Energy Class		Verified energy class
Annual Sales		Units introduced into SA market
MSRP		Manufacturer Suggested Retail Price

e. Dishwashers

Attributes	Input	Notes
Model number		Manufacturer part number
Year Manufactured		
Brand Name		Consumer brand
Installation type		Built-in/freestanding
Capacity (kg)		Max. washing load per cycle

Height (cm)		
Width (cm)		
Depth (cm)		
Energy Use (kWh/yr)		Annual consumption
Noise level (db)		Machine noise level
Annual water use (L/yr)		Water used for washing dishes
Energy Class		Verified energy class
Annual Sales		Units introduced into SA market
MSRP		Manufacturer Suggested Retail Price

f. Room Air Conditioners

Attributes	Input	Notes
Model number		Manufacturer part number
Year Manufactured		
Brand Name		Consumer brand
Type		Portable/split
Cooling capacity (BTU/hr)		Consumption
Operating Power (W)		On mode power
Noise level (db)		Air conditioner noise level
Energy Class		Verified energy class
Annual Sales		Units introduced into SA market
MSRP		Manufacturer Suggested Retail Price

g. Clothes Washers

Attributes	Input	Notes
Model number		Manufacturer part number
Year Manufactured		
Brand Name		Consumer brand
Installation type		Built-in/freestanding
Capacity (kg)		Max. washing load per cycle
Energy Use (kWh/yr)		Annual consumption
Noise level (db)		Machine noise level
Annual water use (L/yr)		Water used for washing clothes
Energy Class		Verified energy class
Annual Sales		Units introduced into SA market
MSRP		Manufacturer Suggested Retail Price

h. Clothes Dryers

Attributes	Input	Notes
Model number		Manufacturer part number
Year Manufactured		
Brand Name		Consumer brand
Installation type		Built-in/freestanding
Capacity (kg)		Max. washing load per cycle
Energy Use (kWh/yr)		Annual consumption
Noise level (db)		Machine noise level

Energy Class		Verified energy class
Annual Sales		Units introduced into SA market
MSRP		Manufacturer Suggested Retail Price

i. Clothes Washer-Dryers

Attributes	Input	Notes
Model number		Manufacturer part number
Year Manufactured		
Brand Name		Consumer brand
Installation type		Built-in/freestanding
Capacity (kg)		Max. washing load per cycle
Energy Use (kWh/yr)		Annual consumption
Noise level (db)		Machine noise level
Annual water use (L/yr)		Water used washing clothes
Energy Class		Verified energy class
Annual Sales		Units introduced into SA market
MSRP		Manufacturer Suggested Retail Price

j. Electric Geysers

Attributes	Input	Notes
Model number		Manufacturer part number
Year Manufactured		
Brand Name		Consumer brand
Type		Vertical/Horizontal
Volume (L)		100L/150L/200L
Energy Use (kWh/yr)		Annual consumption
Operating Power (W)		On mode power
Energy Class		Verified energy class
Annual Sales		Units introduced into SA market
MSRP		Manufacturer Suggested Retail Price

k. Lamps

Attributes	Input	Notes
Model number		Manufacturer part number
Year Manufactured		
Brand Name		Consumer brand
Type		Incandescent/CFL /LED
Energy Use (kWh/yr)		Annual consumption
Operating Power (W)		On mode power
Energy Class		Verified energy class
Annual Sales		Units introduced into SA market
MSRP		Manufacturer Suggested Retail Price
