Government Printing Works
REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

NOTICE IN TERMS OF SECTION 62 (7) OF THE LABOUR RELATIONS ACT 66 OF 1995 AS AMENDED (THE LRA)

PLEASE TAKE NOTICE THAT: -

1. **KK Advisors cc & Benchmark Management Services (Pty) Ltd** has applied to the CCMA in terms of section 62(1) of the Labour Relations Act 66 of 1995 as amended (the LRA) for a demarcation order to the effect that the activities of the applicant do not fall within the registered scope and jurisdiction of the **National Bargaining Council for the Road Freight and Logistics Industry (NBCRFLI)** (the respondent).
2. The main thrust and ambit of employers' operational activities, for all intents and purposes, are not related primarily to transport, but that transport forms a simple component thereof, ancillary to the fundamental business requirements being that of sale.
3. The respondent has served a compliance order on the applicant, necessitating this application for demarcation in terms of which the applicant shall argue that its activities and scope do not fall under the jurisdiction of the Bargaining Council.
4. The CCMA believes that the question raised by this demarcation application is potentially of substantial importance. Of relevance is the fact that the applicant believes there are other similar businesses that perform the same activities as it and which have not had compliance orders served on it by the respondent.
5. It is therefore apparent that there may be other businesses or entities that could potentially be affected by the outcome of this application. Such entities should have the right to make representations to the CCMA.

NO. 7455 **8 May 2026**

SOUTH AFRICAN RESERVE BANK

VARIATION NOTICE

Variation by the Governor of the South African Reserve Bank in terms of section 6(3)(b) of the National Payment System Act 78 of 1998:

Second variation of the conditions of the designation of Efficacy Payments (Pty) Limited as a designated clearing system participant

1. Introduction

1.1. The South African Reserve Bank (SARB) is empowered to vary and revoke any designation of a clearing system participant in terms of the National Payment System Act 78 of 1998 (NPS Act), as amended. In terms of section 6(3)(b) of the NPS Act, the SARB may vary or revoke any designation by:

1.1.1 amending or revoking any condition to which the designation is subject; or

1.1.2 making the designation subject to a new condition(s).

1.2. Section 6(3)(c) of the NPS Act provides that, in determining whether or not to vary or revoke a designation, the SARB may have regard to any or all of the following:

1.2.1 any failure to comply with any condition to which the designation is subject;

1.2.2 whether or not the designated clearing system participant (DCSP) has knowingly furnished information or documents which are false or misleading in any material respect to the SARB in connection with the designation;

1.2.3 whether or not it is in the interest of the public to revoke the designation; and

1.2.4 any other matters that the SARB considers appropriate.

2. Background to the variation of the designation

2.1. The SARB designated Efficacy Payments (Pty) Limited (Efficacy) as a DCSP in terms of section 6(3)(a) of the NPS Act. The designation was published in Government Notice 519 in Government Gazette 44701 of 11 June 2021 (Designation Notice).

2.2. The SARB subsequently issued a notice published in Government Notice 6675 in Government Gazette 53426 of 26 September 2025 (first Variation Notice) to vary the conditions of the Designation Notice of Efficacy as a DCSP, following the receipt of the first request from Efficacy to replace Nedbank Limited as Efficacy's Reserve Bank settlement system participant with Standard Bank.

2.3. The SARB received a second request from Efficacy to participate as an acquirer in the following Payment Clearing Houses (PCHs), and to add these PCHs to the Designation Notice:

2.3.1 American Express Card;
2.3.2 Diners Club Card; and
2.3.3 Fleet Card.

3. Variation

3.1 The SARB considered the request and deems it necessary to vary the conditions of Efficacy's designation as a DCSP as contained in the Designation Notice. The variation is in the interest of the safety and efficiency of the national payment system.

3.2 Therefore, I, Mr E L Kganyago, Governor of the SARB, in terms of section 6(3)(b) of the NPS Act and with effect from the date of publication in the

Government Gazette, hereby:

3.2.1 Vary paragraph 4.1.5 of the Designation Notice by adding the PCHs listed in paragraph 2.3 above, subject to the conditions in the Designation Notice and the first Variation Notice.

3.3 The conditions listed under paragraph 4 of the Designation Notice and the conditions of the first Variation Notice apply exclusively to the designation of Efficacy and may be varied or revoked, and new conditions may be imposed, by the SARB by way of a notice in the Government Gazette.

Signed at **Pretoria** on this 01... day of **April 2026**.
