government printing
Department:
Government Printing Works
REPUBLIC OF SOUTH AFRICA

HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

Extraordinary Gazettes

3. *Extraordinary Gazettes* can have only one publication date. If multiple publications of an *Extraordinary Gazette* are required, a separate Z95/Z95Prov *Adobe* Forms for each publication date must be submitted.

Notice Submission Process

4. Download the latest *Adobe* form, for the relevant notice to be placed, from the **Government Printing Works** website www.gpwonline.co.za.

5. The *Adobe* form needs to be completed electronically using *Adobe Acrobat* / *Acrobat Reader*. Only electronically completed *Adobe* forms will be accepted. No printed, handwritten and/or scanned *Adobe* forms will be accepted.

6. The completed electronic *Adobe* form has to be submitted via email to submit.egazette@gpw.gov.za. The form needs to be submitted in its original electronic *Adobe* format to enable the system to extract the completed information from the form for placement in the publication.

7. Every notice submitted **must** be accompanied by an official **GPW** quotation. This must be obtained from the *eGazette* Contact Centre.

8. Each notice submission should be sent as a single email. The email **must** contain **all documentation relating to a particular notice submission**.

   8.1. Each of the following documents must be attached to the email as a separate attachment:

      8.1.1. An electronically completed *Adobe* form, specific to the type of notice that is to be placed.

         8.1.1.1. For National *Government Gazette* or *Provincial Gazette* notices, the notices must be accompanied by an electronic Z95 or Z95Prov *Adobe* form

         8.1.1.2. The notice content (body copy) **MUST** be a separate attachment.

      8.1.2. A copy of the official **Government Printing Works** quotation you received for your notice. *(Please see Quotation section below for further details)*

      8.1.3. A valid and legible Proof of Payment / Purchase Order: **Government Printing Works** account customer must include a copy of their Purchase Order**. Non-Government Printing Works** account customer needs to submit the proof of payment for the notice

      8.1.4. Where separate notice content is applicable (Z95, Z95 Prov and TForm 3, it should **also** be attached as a separate attachment. *(Please see the Copy Section below, for the specifications)*.

      8.1.5. Any additional notice information if applicable.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

9. The electronic *Adobe* form will be taken as the primary source for the notice information to be published. Instructions that are on the email body or covering letter that contradicts the notice form content will not be considered. The information submitted on the electronic *Adobe* form will be published as-is.

10. To avoid duplicated publication of the same notice and double billing, Please submit your notice **ONLY ONCE.**

11. Notices brought to **GPW** by "walk-in" customers on electronic media can only be submitted in *Adobe* electronic form format. All "walk-in" customers with notices that are not on electronic *Adobe* forms will be routed to the Contact Centre where they will be assisted to complete the forms in the required format.

12. Should a customer submit a bulk submission of hard copy notices delivered by a messenger on behalf of any organisation e.g. newspaper publisher, the messenger will be referred back to the sender as the submission does not adhere to the submission rules.

QUOTATIONS

13. Quotations are valid until the next tariff change.

    13.1. ***Take note:*** **GPW**'s annual tariff increase takes place on ***1 April*** therefore any quotations issued, accepted and submitted for publication up to ***31 March*** will keep the old tariff. For notices to be published from 1 April, a quotation must be obtained from **GPW** with the new tariffs. Where a tariff increase is implemented during the year, **GPW** endeavours to provide customers with 30 days' notice of such changes.

14. Each quotation has a unique number.

15. Form Content notices must be emailed to the *eGazette* Contact Centre for a quotation.

    15.1. The *Adobe* form supplied is uploaded by the Contact Centre Agent and the system automatically calculates the cost of your notice based on the layout/format of the content supplied.

    15.2. It is critical that these *Adobe* Forms are completed correctly and adhere to the guidelines as stipulated by **GPW**.

16. **APPLICABLE ONLY TO GPW ACCOUNT HOLDERS**:

    16.1. **GPW** Account Customers must provide a valid **GPW** account number to obtain a quotation.

    16.2. Accounts for **GPW** account customers **must** be active with sufficient credit to transact with **GPW** to submit notices.

        16.2.1. If you are unsure about or need to resolve the status of your account, please contact the **GPW** Finance Department prior to submitting your notices. (If the account status is not resolved prior to submission of your notice, the notice will be failed during the process).

17. **APPLICABLE ONLY TO CASH CUSTOMERS:**

    17.1. Cash customers doing **bulk payments** must use a **single email address** in order to use the **same proof of payment** for submitting multiple notices.

18. The responsibility lies with you, the customer, to ensure that the payment made for your notice(s) to be published is sufficient to cover the cost of the notice(s).

19. Each quotation will be associated with one proof of payment / purchase order / cash receipt.

    19.1. This means that **the quotation number can only be used once to make a payment.**

GOVERNMENT PRINTING WORKS - BUSINESS RULES

COPY (SEPARATE NOTICE CONTENT DOCUMENT)

20. Where the copy is part of a separate attachment document for Z95, Z95Prov and TForm03

20.1. Copy of notices must be supplied in a separate document and may not constitute part of any covering letter, purchase order, proof of payment or other attached documents.

The content document should contain only one notice. (You may include the different translations of the same notice in the same document).

20.2. The notice should be set on an A4 page, with margins and fonts set as follows:

Page size = A4 Portrait with page margins: Top = 40mm, LH/RH = 16mm, Bottom = 40mm; Use font size: Arial or Helvetica 10pt with 11pt line spacing;

Page size = A4 Landscape with page margins: Top = 16mm, LH/RH = 40mm, Bottom = 16mm; Use font size: Arial or Helvetica 10pt with 11pt line spacing;

CANCELLATIONS

21. Cancellation of notice submissions are accepted by **GPW** according to the deadlines stated in the table above in point 2. Non-compliance to these deadlines will result in your request being failed. Please pay special attention to the different deadlines for each gazette. Please note that any notices cancelled after the cancellation deadline will be published and charged at full cost.

22. Requests for cancellation must be sent by the original sender of the notice and must accompanied by the relevant notice reference number (N-) in the email body.

AMENDMENTS TO NOTICES

23. With effect from 01 October 2015, **GPW** will not longer accept amendments to notices. The cancellation process will need to be followed according to the deadline and a new notice submitted thereafter for the next available publication date.

REJECTIONS

24. All notices not meeting the submission rules will be rejected to the customer to be corrected and resubmitted. Assistance will be available through the Contact Centre should help be required when completing the forms. (012-748 6200 or email info.egazette@gpw.gov.za). Reasons for rejections include the following:

24.1. Incorrectly completed forms and notices submitted in the wrong format, will be rejected.

24.2. Any notice submissions not on the correct *Adobe* electronic form, will be rejected.

24.3. Any notice submissions not accompanied by the proof of payment / purchase order will be rejected and the notice will not be processed.

24.4. Any submissions or re-submissions that miss the submission cut-off times will be rejected to the customer. The Notice needs to be re-submitted with a new publication date.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

APPROVAL OF NOTICES

25. Any notices other than legal notices are subject to the approval of the Government Printer, who may refuse acceptance or further publication of any notice.

26. No amendments will be accepted in respect to separate notice content that was sent with a Z95 or Z95Prov notice submissions. The copy of notice in layout format (previously known as proof-out) is only provided where requested, for Advertiser to see the notice in final Gazette layout. Should they find that the information submitted was incorrect, they should request for a notice cancellation and resubmit the corrected notice, subject to standard submission deadlines. The cancellation is also subject to the stages in the publishing process, i.e. If cancellation is received when production (printing process) has commenced, then the notice cannot be cancelled.

GOVERNMENT PRINTER INDEMNIFIED AGAINST LIABILITY

27. The Government Printer will assume no liability in respect of—

27.1. any delay in the publication of a notice or publication of such notice on any date other than that stipulated by the advertiser;

27.2. erroneous classification of a notice, or the placement of such notice in any section or under any heading other than the section or heading stipulated by the advertiser;

27.3. any editing, revision, omission, typographical errors or errors resulting from faint or indistinct copy.

LIABILITY OF ADVERTISER

28. Advertisers will be held liable for any compensation and costs arising from any action which may be instituted against the Government Printer in consequence of the publication of any notice.

CUSTOMER INQUIRIES

Many of our customers request immediate feedback/confirmation of notice placement in the gazette from our Contact Centre once they have submitted their notice – While **GPW** deems it one of their highest priorities and responsibilities to provide customers with this requested feedback and the best service at all times, we are only able to do so once we have started processing your notice submission.
GPW has a 2-working day turnaround time for processing notices received according to the business rules and deadline submissions.
Please keep this in mind when making inquiries about your notice submission at the Contact Centre.

29. Requests for information, quotations and inquiries must be sent to the Contact Centre ONLY.

30. Requests for Quotations (RFQs) should be received by the Contact Centre at least **2 working days** before the submission deadline for that specific publication.

GOVERNMENT PRINTING WORKS - BUSINESS RULES

PAYMENT OF COST

31. The Request for Quotation for placement of the notice should be sent to the Gazette Contact Centre as indicated above, prior to submission of notice for advertising.

32. Payment should then be made, or Purchase Order prepared based on the received quotation, prior to the submission of the notice for advertising as these documents i.e. proof of payment or Purchase order will be required as part of the notice submission, as indicated earlier.

33. Every proof of payment must have a valid **GPW** quotation number as a reference on the proof of payment document.

34. Where there is any doubt about the cost of publication of a notice, and in the case of copy, an enquiry, accompanied by the relevant copy, should be addressed to the Gazette Contact Centre, **Government Printing Works**, Private Bag X85, Pretoria, 0001 email: info.egazette@gpw.gov.za before publication.

35. Overpayment resulting from miscalculation on the part of the advertiser of the cost of publication of a notice will not be refunded, unless the advertiser furnishes adequate reasons why such miscalculation occurred. In the event of underpayments, the difference will be recovered from the advertiser, and future notice(s) will not be published until such time as the full cost of such publication has been duly paid in cash or electronic funds transfer into the **Government Printing Works** banking account.

36. In the event of a notice being cancelled, a refund will be made only if no cost regarding the placing of the notice has been incurred by the **Government Printing Works**.

37. The **Government Printing Works** reserves the right to levy an additional charge in cases where notices, the cost of which has been calculated in accordance with the List of Fixed Tariff Rates, are subsequently found to be excessively lengthy or to contain overmuch or complicated tabulation.

PROOF OF PUBLICATION

38. Copies of any of the *Government Gazette* or *Provincial Gazette* can be downloaded from the **Government Printing Works** website www.gpwonline.co.za free of charge, should a proof of publication be required.

39. Printed copies may be ordered from the Publications department at the ruling price. The **Government Printing Works** will assume no liability for any failure to post or for any delay in despatching of such *Government Gazette*(s)

INDEPENDENT COMMUNICATIONS AUTHORITY OF SOUTH AFRICA

NO. 7501 **22 May 2026**

REGULATIONS ON DYNAMIC SPECTRUM ACCESS AND OPPORTUNISTIC SPECTRUM MANAGEMENT IN THE INNOVATION SPECTRUM 3800 - 4200 MHz AND 5925 – 6425 MHz

1. The Independent Communications Authority of South Africa ("the Authority"), pursuant to section 4 read with section 31 (6) (a) and (b), section 32 (1) and 33 of the Electronic Communications Act, 2005 (Act No. 36 of 2005) and section 4(3)(j) of the Independent Communications Authority of South Africa Act, 2000 (“Act No. 13 of 2000”) hereby publishes the Regulations on the Dynamic Spectrum Access and Opportunistic Spectrum Management in the Innovation Spectrum Frequency Ranges 3800 - 4200 MHz and 5925 – 6425 MHz.

The Authority has, under section 4(3)(j) of the ICASA Act, 2000 (Act No. 13 of 2000), read with sections 4, 32(1) and 33 of the Electronic Communications Act, 2005 (Act No. 36 of 2005), made the regulations in the Schedule.

SCHEDULE

1. DEFINITIONS

In these Regulations, unless the context otherwise indicates, a word or expression to which meaning has been assigned in the Act, the meaning is so assigned:

"Act" means the Electronic Communications Act, 2005 (Act No. 36 of 2005), as amended.

"Altitude" means the vertical distance above mean sea level (AMSL) defined by WGS84.

"Antenna height" means the vertical distance above ground level (AGL) to the radiation centre of an antenna.

"Assignment" means the authorisation given by the Authority to use a radio frequency or radio frequency channel under specified conditions.

"Authentication" means the ability to verify that the claimed sender truly sent the message.

"Authority" means the Independent Communications Authority of South Africa (ICASA).

"C Band" means a segment of the radiofrequency (RF) spectrum within the range of 4000 MHz to 8000 MHz.

"**Client device**" means an ISD certified by the Authority to operate without an exclusive license in ISFR1 and ISFR2. It is not authorized to communicate with the USS to request operational parameters for itself but may receive such parameters from an associated Master device.

"Communication Protocol to Access Unified Spectrum Switch (CPAUSS)" means a secure machine-to-machine communication standard defined by the Council for Scientific and Industrial Research (CSIR), designed for ISDs to access USS services automatically.

"Contiguous channels" means a minimum of two (2) non-interleaved channels that the USS can assign to a certified Master device in the same location within the ISFR1 and ISFR2.

"Contiguous License Area (ConLA)" means a combined geographical area formed by a minimum of two (2) and a maximum of three (3) overlapping Minimum License Areas (MinLAs) of which a single network operator may be authorized by the Authority to provide network coverage within the ISFR1.

"Database Proxy (DbP)" means an entity engaging in communications with the Unified Spectrum Switch (USS) as an intermediary on behalf of a single or multiple ISDs or networks of ISDs. The Database Proxy can also provide a translational capability to interface legacy radio equipment in the Innovation Spectrum Frequency Ranges 1 and 2 (ISFR 1&2) with a USS to ensure compliance with these regulations.

"dBm" means a power value in decibels referenced to one milliwatt.

"Dedicated antenna" means a removable antenna that has been designed for use and supplied with the device.

"Dynamic Spectrum Assignment (DSA)" means a mechanism used to assign the unused spectrum within a frequency band of interest to secondary users. Secondary spectrum assignment is done in such a way that it does not cause harmful interference with the primary user or licensee.

"End User Equipment (EUE)" means a fixed, nomadic, or mobile wireless device certified by the Authority to operate without an exclusive license within ISFR 1 & 2, with the capability of communicating with an associated Master device.

"Equivalent Isotropic Radiated Power (EIRP)" means the product of the ISD transmit power in dBm supplied to an antenna and the absolute or isotropic antenna gain in a given direction relative to an isotropic antenna.

"EIRP Spectral density" means the EIRP in dBm over a desired frequency bandwidth.

"ETSI" is an acronym for the European Telecommunications Standards Institute.

"External geo-location source" means any device that is Type Approved by the Authority with the capability to determine its own geo-location coordinates and location uncertainty, as well as to remotely determine geo-location coordinates and location uncertainty of one or more devices externally connected to it.

"Fixed device" means an ISD that has an integral antenna, a dedicated antenna, or an external antenna and is intended to operate in a fixed location only.

"Function Virtualized Device (FVD)" means an ISD where key functions like signal processing and network management are implemented through software, allowing them to run on standard computing hardware instead of dedicated, specialized hardware.

Frequency - Agile Device" means a radio equipment capable of being tuned across the entire width of the ISFR1 or ISFR2 sub-bands.

"Geo-location capability" means the capability of an ISD to determine and report the latitude, longitude, and altitude coordinates of its antenna and its geo-location uncertainty.

"Geo-location uncertainty" means the potential positioning error in latitude and longitude defined by the maximum difference (in meters) between the point reported by the ISDs to the USS and the actual position of the ISD antenna.

"ICASA-ID" means a unique identifier assigned by the Authority to a specific ISD model upon receiving Type Approval certification in accordance with the Type Approval Regulations of 2013. This identifier must appear in the Authority's Equipment Authorisation Register (EAR).

"Innovation Spectrum (IS)" means the unused radiofrequencies (RF) within the 3800 MHz to 4200 MHz, and 5925 MHz to 6425 MHz sub-bands.

"Innovation Spectrum Customer's Premises Equipment Category 1 (IS-CPE Cat 1)" means a client device equipped with geo-location capability, permanently affixed to a structure certified by the Authority, and authorized to operate without an exclusive license in ISFR 1. This device is capable of communicating with an associated Master device.

"Innovation Spectrum Customer's Premises Equipment Category 2 (IS-CPE Cat 2)" means a client device equipped with geo-location capability, permanently affixed to a structure certified by

the Authority, and authorized to operate without an exclusive license in ISFR 2. This device is capable of obtaining Operational Parameters (OPs) from the Unified Spectrum Switch (USS) and communicating with an associated Master device.

"Innovation Spectrum Device (ISD)" means a wireless device authorized to operate within the ISFR 1 & 2 without an exclusive license.

"Innovation Spectrum Frequency Range 1 (ISFR 1)" means the unused radiofrequencies (RF) within the 3800 MHz to 4200 MHz sub-band.

"Innovation Spectrum Frequency Range 2 (ISFR 2)" means the unused radiofrequencies (RF) within the 5925 MHz to 6425 MHz sub-band.

"Integral antenna" means the antenna designed as a fixed part of the equipment, without the use of an external connector, which cannot be disconnected from the equipment by a user with the intent to connect another antenna. An integral antenna may be fitted internally or externally. In the case where the antenna is external, a non-detachable cable shall be used.

"Interference" means the undesired impact of energy from the summation of emissions, radiation, or induction generated by a radiocommunication system, causing degradation, misinterpretation, or loss of information in the reception of another system that would not occur without such energy;

"Licence" means a radio frequency spectrum licence.

"Licensee" means a person to whom a radio frequency spectrum licence has been issued, in terms of the Act;

"MaxEIRP" means the base station's maximum mean EIRP per carrier.

"Maximum Contiguous License Area (MaxConLA)" refers to a combination of three (3) contiguous Minimum License Areas (MinLAs). It represents the maximum geographical area within the ISFR1 for which a single network operator is authorized by the Authority to provide network coverage.

"MHz" means a radiofrequency value designated in megahertz;

"Minimum License Area (MinLA)" means a geographical area under network coverage by a single authorized ISD within the ISFR 1.

"Mobile device" means an ISD that has an integral antenna, or a dedicated antenna intended to operate continuously with full mobility within a coverage area.

"National Radio Frequency Plan" means a plan that allocates the radiofrequency (RF) spectrum to wireless services in the frequency bands between 8.3 kHz and 3000 GHz, contemplated in section 34 of the Act;

"Network initiation" means a process by which a Master device sends control signals to one or more Client devices and allows them to begin communications.

"Network Operator" means a person issued with an Electronic Communications Network Service licence in terms of section 5 of the Act or is licence exempt in terms of section 6 of the Act.

"Nomadic equipment" means an ISD that has an integral antenna or a dedicated antenna intended to operate continuously from a fixed location and can rapidly be relocated to another location within a limited coverage area.

"Operational Parameters (OP)" means the technical parameters generated by a USS in response to a request made by the Master device as set-forth in regulation 8.

"Out-of-band emissions" means the unwanted emissions that fall outside the ISFR 1 & 2.

"Out-of-block emissions" means emissions that occur outside the assigned frequency block or channel bandwidth allocated to a device or system but still within the broader frequency band.

"Primary basis" means a primary service has priority over all other users of a spectrum band of interest in the National Radio Frequency Plan (NRFP) and is entitled to protection from harmful interference by other services.

"Primary service" means the service to which a specific band in the NRFP is licensed;

"**Professional Installer**" means any competent person or entity registered with the professional body or have a relevant technical qualification from an accredited technical education institution to install and commission radio equipment;

"Radio Frequency Spectrum Planning" means the plan developed in accordance with regulation 3 of the Radio Frequency Spectrum Regulations, Government Gazette 38641 (Notice 279 of 2015);

"Registered Incumbents" means Fixed Satellite Services (FSS) and Fixed Service (FS) operators within the 3800–4200 MHz and 5925–6425 MHz sub-bands whose technical details are registered with the Authority to ensure protection from potential harmful interference caused by secondary users.

"Rural" means any area that is not classified as urban. Rural areas may comprise one or more of the following: tribal areas, commercial farms, and informal settlements.

"S Band" means a segment of the radio frequency (RF) spectrum within the range of 2000 MHz to 4000 MHz.

"Secondary user" means a secondary radiocommunications service allocated for use in a specific band in the NRFP that is assigned to a primary radiocommunications service with a condition that the secondary user shall operate without causing harmful interference to the primary radiocommunications service and that the secondary user shall not be entitled to protection from harmful interference by other users, including but not limited to the primary user.

"Sleep mode" means a mode in which the device is inactive but is not powered down.

"Spectral density" means power versus frequency and, when integrated across a given bandwidth, the function represents the mean power in such a bandwidth.

"Innovation Spectrum Access Point (IS-AP)" means a Master device with geo-location capability that operates without an exclusive license in the ISFR 2 by obtaining operational parameters from the USS.

"Standard-Power Devices (SPDs)" means an umbrella term that collectively describes ISDs, which are authorized to operate with increased power levels outdoors and indoors within the ISFR 2.

"Time validity" means the time period during which Operational Parameters (OPs) provided by the USS to a Master ISD are in force.

"Total Radiated Power (TRP)" means the total radiated power measured in all directions of the transmitting antenna.

"Transmitter power" means the power produced by an ISD, measured at the output of the transmitter to which the antenna is normally connected.

"Type Approval dataset" means a dataset containing unique Type Approval identifiers (ICASA-IDs) of specific ISD models as listed in the Authority's EAR. This dataset is under the sole custodianship of the Authority and is used by the USS to calculate ISD operational parameters.

"Unified Spectrum Switch (USS)" means a database system operated by an entity that has been authorized by the Authority to calculate and generate Operational Parameters for ISDs and to provide spectrum switch services to network operators within the ISFR 1 & 2.

"Unified Spectrum Switch Provider (USSP)" means an entity delegated or designated by the Authority to provide USS services.

"Urban" means a continuously built-up area with characteristics such as the type of economic activity and land use. Cities, towns, townships, suburbs, etc., are typical urban areas. An urban area is one which was proclaimed as such (i.e., in an urban municipality under the old demarcation) or classified as such during census demarcation by the Geography department of Stats SA, based on their observation of aerial photographs or other information.

"USS services" include the registration of primary users, IS network operators, the registration of ISDs, and the provision of operational parameters in response to spectrum requests from ISDs.

"Whitespaces" unused or underutilised spectrum.

2. Objective

The objective of the regulations is to:

(a) expand broadband access to the rural, underserved, remote communities;

(b) reduce barriers to entry and promote equitable access to spectrum, while encouraging broader participation from non-dominant players, small micro and medium enterprises and communities consistent with the Next-Generation Radio Frequency Spectrum for Economic Development policy[1];

(c) foster innovation in network deployment use cases, applications, and services;

(d) promote socio-economic development;

[1] https://www.gov.za/sites/default/files/gcis_document/202407/50725proc166.pdf

(e) establish a technology-agnostic regulatory framework through which the Authority may authorise the implementation of DSA approach for the use of the innovation spectrum on a geographical basis;
(f) encourage spectrum sharing in a dynamic and opportunistic manner; and
(g) establish a non-market-based, non-competitive Innovation Spectrum Authorisation framework to reduce barriers to entry and encourage participation by non-dominant players, SMMEs, and community network operators.

3. Purpose

The purpose of the regulations is to:
(a) facilitate the use of innovation spectrum by a secondary user; and
(b) mitigate against harmful interference between the registered incumbents and the secondary user in the innovation spectrum.

4. Access to IS Requirements

(1) The applicable radio frequency channel widths under these regulations are as follows:

(a) Innovation Spectrum Frequency Range 1 (ISFR 1): 10 MHz, 20 MHz, 30 MHz, and 40 MHz; and
(b) ISFR 2: 20 MHz, 40 MHz, 80 MHz, and 160 MHz.

(2) Network operators seeking to utilise the Innovation Spectrum must obtain the necessary licensing/or exemptions from the Authority.

(3) An ISD intended for use in the Innovation Spectrum must be type approved/authorised by the Authority.

(4) Electronic communications equipment deployed by the Network Operator must operate in the IS on a secondary basis and must not cause harmful interference to registered incumbent users.

(5) A Secondary User is permitted to operate in the Innovation Spectrum exclusively through the USS.

5. Innovation Spectrum Devices

(1) An ISD must be:

(a) A Frequency agile device capable to transmit or receive in the ISFR1 or ISFR 2;

(b) fixed device, nomadic device, mobile device, or function virtualized device (FVD); and

(c) master or client device.

(2) The Categories of ISDs:

(a) A Master ISD must be:

(i) a fixed device or FVD with a dedicated, integral or external antenna and internal Geo-Location capability and Internet access;

(ii) able to directly or through a database proxy (DbP) communicate with the USS) to request OPs for itself and on behalf of its associated client devices; and

(iii) able to transmit and receive within the ISFR1 and ISFR 2 under specific OP limitations.

(b) Types of Client ISD are:

(i) a fixed device, nomadic device, mobile device, or FVD with a dedicated, integral, or external antenna and with or without geo-location capability that does not have direct access to the USS; or

(ii) an innovation spectrum customer's premises equipment category 2 (IS-CPE Cat 2) with geo-location capability and can directly or through a DbP communicate with the USS.

(c) The Client ISD must be:

(i) able to obtain OPs from an associated Master device or through a DbP for use by one (or all) Client device(s) within an IS network served by that Master device; and

(ii) able to transmit and receive only when under the direction of a Master device, and only within the ISFR1 and ISFR 2 under specific OP limitations.

6. Registration of Network Operator and Spectrum Authorisation

(1) A Network Operator seeking to roll-out a network utilizing IS must submit an application to be registered with the USSP.

(2) The USSP shall provide a secure online form on the portal to facilitate registration of new applicants.

(3) During the application stage, a network Operator must submit on the online form of the USSP portal the:

(a) name of the company/operator;
(b) physical address of the operator's offices;
(c) name of the operator's contact person;
(d) email address of the contact person;
(e) landline telephone and cell phone numbers of the contact person;
(f) copy of ECNS and ECS licenses/or license exemption issued by the Authority;
(g) copy of the company registration certificate;
(h) type approval details of the specific ISD model to be used for network deployment;
(i) radio access technology (RAT) of the ISD to be deployed;
(j) geographical areas with location coordinates indicating where the ISD shall be deployed;
(k) proof of payment of the USS access fees to the USSP; and
(l) any other information that may be requested by the Authority.

(4) Upon receipt of the application in terms of sub-regulation (3) the USSP shall:

(a) authenticate model of the ISDs by confirming that the provided information about the Type Approval and owner contact matches details in the Authority's equipment authorisation register (EAR).
(b) verify the information submitted by the applicant, register the applicant, notify the applicant of the application outcome via email, and create an account for the applicant on the USSP portal.
(c) inform the applicant of the preliminary availability of the requested spectrum in the specified geographical area(s) of interest prior to network roll-out by issuing a digital spectrum availability certificate, valid for seven (7) working days.

(5) Upon receipt of information in sub-regulation 4(c), the Network Operator must submit the preliminary spectrum availability digital certificate obtained from the USSP and pay the required Innovation Spectrum fees, as published in a government gazette, to the Authority or obtain an exemption within 7 working days:

(a) for ISFR1, the applicant shall provide the USS provider with proof of payment or exemption of the spectrum license fees to be obtained from the Authority; and
(b) for ISFR2, the applicant is not required to pay spectrum license fees. consistent with the applicable radio regulations developed by the Authority.

(6) Upon receipt of information in terms of sub-regulation (5), the USSP shall activate the applicant's account on the USS platform enabling:

(a) registration of operator ISDs,
(b) commencement of network roll-out; and
(c) ISDs to access the USS to request for Operational Parameters (OPs).

7. USS Access Requirements for Innovation Spectrum Devices

(1) All communications between the USS and the following devices must comply with the latest version of the communication protocol for accessing the USS (CPAUSS):

(a) The Master device,
(b) IS-CPE Category 2 (IS-CPE Cat 2), and
(c) Database Proxy (DbP).

(2) The Master device, IS-CPE Cat 2 and DbP must send registration request to the USS.

(3) Upon receipt of the registration request in terms of sub-regulation (2), the USS shall acknowledge the registration request from the Master device, IS-CPE Cat 2 and DbP.

(4) The Master device, IS-CPE Cat 2 or DbP in registering with USS must provide:

(a) information specifying that it is a Master device or IS-CPE Cat 2;
(b) its manufacturer's serial number;
(c) its ICASA-ID;
(d) its antenna height above ground level (AGL) in metres, if applicable;
(e) its antenna azimuth;
(f) its antenna directivity;
(g) the geo-location of its antenna expressed in latitude and longitude coordinates;
(h) the geo-location uncertainty if applicable, (in metres) of its antenna corresponding to ninety five percent (95%) confidence level report to the USS; and
(i) adequate storage to maintain geo-location information, antenna specifications, and OPs received from the USS.

(5) When registering with the USS, in terms of sub-regulation (4), through the DbP, the DbP must provide the information in sub-regulation (4)(a) to (k) on behalf of its associated ISDs.

(6) Upon receipt of information in terms of sub-regulation (5), the USS shall:

(a) validate the accuracy and authenticity of the information; and
(b) decide on the registration of the Master device and IS-CPE Cat 2.

(7) The Master device, IS-CPE Cat 2 or DbP in requesting for the Ops from the USS, must provide:
(a) information specifying that it is a Master device or IS-CPE Cat 2;
(b) its manufacturer's serial number;
(c) its ICASA-ID;
(d) its antenna height AGL (in metres), if applicable;
(e) its antenna azimuth;
(f) its antenna directivity;
(g) the geo-location of its antenna expressed in latitude and longitude coordinates;
(h) the geo-location uncertainty (in metres) of its antenna corresponding to a ninety five percent (95%) confidence level report to the USS; and
(i) adequate storage to maintain geo-location information, antenna specifications, and OPs received from the USS.

(8) If the request in terms of sub-regulation (7) is through DbP, the DbP must provide the required information in sub-regulation (7)(a) to (i) on behalf of its associated ISDs.

(9) If requirements in sub-regulation (7)(d) are not communicated to the USS by the Master device, IS-CPE Cat 2 or DbP, the USS shall use the default technical parameter values set-forth in regulation 14.

(10) The USS, upon receipt of the request from the Master device, IS-CPE Cat 2, or DbP may provide OPs if requirements set forth in sub-regulations (1) to (9) have been met.

(11) Upon receipt of the OPs the Master device, IS-CPE Cat 2 or DbP must:

(a) communicate periodically with USS, its usage of IS channel(s);
(b) communicate periodically with USS, the usage of IS channel(s) on behalf of each of its associated clients; and
(c) communicate periodically with the USS to confirm the validity of the OPs.

(12) Upon receipt of OPs from the USS, through the DbP, the DbP must provide the required information in sub-regulations (11)(a) to (c) on behalf of its associated ISDs.

(13) When OPs are no longer valid:

(a) a master device must communicate an instruction to all its associated client devices to stop transmission immediately;

(b) a master device must cease transmission immediately;

(c) an IS-CPE Cat 2 must cease transmission immediately; and

(d) if DbP, it must inform all its associated ISDs to cease transmission immediately.

(e) a Master device must perform network initialisation with its associated Client devices using the IS channels obtained from the USS.

(14) In requesting OPs, the Client devices must communicate the following information to the USS through the Master device, DbP, or on its own, provided that a radiofrequency with its associated Master device has already been established:

(a) information specifying that it is a client device;

(b) manufacturer's serial number of its associated Master device;

(c) its manufacturer's serial number;

(d) its antenna height AGL (in metres), if applicable;

(e) the geo-location of its antenna expressed in latitude and longitude coordinates, if applicable; and

(f) the geo-location uncertainty, if applicable (in metres) of its antenna corresponding to ninety five percent (95%) confidence level, if applicable.

(15) If requirements in sub-regulation (15)(5) are not communicated, the USS shall use the default technical parameter values found in regulation 14.

(16) When OPs are no longer valid all ISDs must cease transmission immediately.

(17) The geo-location coordinates, and location uncertainty, if applicable, of the Master device must be communicated to the USS on behalf of its associated Client device that has no internal geo-location capability.

8. Innovation Spectrum Operational Parameters

IS operational parameters (OPs) shall include:

(a) The lower and upper boundaries of each channel within the ISFR 1 and 2 within which an ISD may transmit and receive;

(b) The maximum permitted EIRP (MaxEIRP) for each corresponding channel within which a ISD may transmit;

(c) The time period during which the OPs are valid if less than that set-forth under regulation 15;
(d) The geographic area within which the OPs are valid; and
(e) The duration (in seconds) within which a Master device and IS-CPE Cat 2 must regularly check with a USS that the OPs received are still valid.

9. Channel Assignment per License Area

(1) The minimum license area (MinLA) for which the USS may assign available channels in ISFR 1 shall consist of a single Master device.
(2) A single Master device operating in ISFR 1 shall be assigned a minimum of one 10 MHz channel per license area.
(3) The USS may assign to a single Master device operating in ISFR 1 a maximum of two (2) contiguous 10 MHz channels in urban license areas and maximum of four (4) contiguous 10 MHz channels in rural license areas.
(4) The USS shall assign the same channels in ISFR 1 to different Master devices belonging to the same network operator, provided that the operator has a contiguous license area (ConLA).
(5) The maximum contiguous license area (MaxConLA) for which the USS may assign the same channels in ISFR 1 to different Master devices belonging to the same network operator is limited to three (3) areas.
(6) The conditions in sub-regulations (1) to (4) above, do not apply to ISDs operating in ISFR 2, as they are license-exempt.

10. Maximum Permitted Transmit Power Levels of ISDs

(1) The permitted transmit power levels of ISDs per channel may vary depending on location-specific factors including:
  (a) terrain and clutter;
  (b) frequency offsets;
  (c) antenna elevation angles;
  (d) ISD deployment situation;
  (e) ISD density; and
  (f) out-of-band emission limits.

(2) The maximum permitted transmit power levels specified in ISFR 1 are:

Maximum permitted ISD transmit power levels in ISFR 1

ISD Deployment Area	Max Permitted Antenna Height AGL	Max Permitted Transmit Power
Urban outdoor	20 m	27 dBm/20 MHz EIRP per carrier
Rural outdoor	30 m	47 dBm/40 MHz EIRP per carrier
Indoor	10 m	28 dBm TRP

(3) The maximum permitted ISD transmit power levels in ISFR 2 are:

Maximum permitted ISD transmit power level in ISFR 2

ISD Deployment Area	Max Permitted Antenna Height AGL	Max Permitted Transmit Power
Urban outdoor	20 m	30 dBm
Rural outdoor	30 m	36 dBm

(4) An ISD must reduce its transmit power levels per channel below the thresholds specified in sub-regulations (2) and (3), if so, required by the USS, to ensure adherence to the protection thresholds of registered incumbent users.

(5) For ISDs operating indoors, an additional 14 dB in-building penetration loss2 for calculating transmit power levels is applicable.

11. Measures to Prevent Harmful Interference

(1) Any incumbent user operating in the IS seeking protection from harmful interference must register with the Authority.

(2) When registering in terms of sub-regulation (1), the incumbent user must submit accurate and up-to-date technical details of their facility to the Authority's online portal, including the following:

(a) company name;

(b) company physical address;

(c) name of the contact person;

(d) landline telephone/cellphone numbers of the contact person;

(e) site Name/call sign;

[2] https://www.itu.int/dms_pub/itu-r/opb/rep/R-REP-P.2346-3-2019-PDF-E.pdf

(f) service type;
(g) technology;
(h) location coordinates (longitude, latitude) in decimal degrees;
(i) antenna polarization;
(j) antenna elevation angle in degrees;
(k) azimuth;
(l) directivity;
(m) antenna heigh above ground level (AGL) in meters;
(n) transmit and receiving frequencies in MHz;
(o) transmit and receiving antenna gains dBi;
(p) satellite transmit power;
(q) satellite position;
(r) dish size;
(s) antenna sensitivity; and
(t) Any other information requested by the Authority.

(3) An ISD must be installed by a professional installer and must:
(a) not alter or interfere with the ISD's technical or operational settings;
(b) maintain the ISD's original characteristics without modification; and
(c) ensure the ISD aligns with the specifications outlined in its type approval certificate.

(4) The USSP shall calculate and assign OPs to ISDs subject to prior coordination on case-by-case basis, to eliminate or reduce harmful interference to the extent reasonably possible to registered incumbent users in compliance with:
(a) the Astronomy Geographic Advantage (AGA) Act 21 of 2007 as amended;
(b) the National Radio Frequency Plan 2021, as amended;
(c) the applicable International Telecommunication Union (ITU) recommendations; and
(d) applicable intergovernmental bilateral cross-border harmonization agreements.

(5) When calculating OPs, the USS shall:

(a) utilise the radio propagation model, terrain dataset and clutter dataset set-forth under regulation 15;
(b) ensure long-term protection of FSS receivers in ISFR 1;
(c) adhere to the protection criterion of I/N = -10.5 dB, not to be exceeded for 20% of the time, where I is the ISD interference power level and N is the FSS receiver's noise;

(d) include all FSS recievers within a predetermined coordination distance;
(e) only consider the cases where center-to-center frequency offset between the ISD and FSS receiver is less than 2.5 times the bandwidth;
(f) exclude all FSS receivers with larger frequency offsets;
(g) ensure long-term protection of FS receivers in ISFR 1, not to be exceeded for 20% of the time;
(h) adhere to the protection criterion of a ratio between the FS receiver's sensitivity threshold3 to ISD interference power level;
(i) include all FS receivers within a predetermined coordination distance;
(j) only consider the cases where the center-to-center frequency offset between the ISD and FS receiver is less than 2.5 times the bandwidth;
(k) exclude all FS receivers with larger frequency offsets;
(l) ensure the ISD's out-of-block power spectral density does not exceed the specified limits, consistent with CEPT Report 088;
(m) ensure long-term protection of FS receivers in ISFR 2 not to be exceeded for 20% of the time;
(n) adhere to the protection criterion of I/N = -10.5 dB, where I is the ISD interference power level and N is the FS receiver's noise;
(o) include all FS recievers within a predetermined coordination distance;
(p) only consider the cases where center-to-center frequency offset between the ISD and FSS receiver is less than 2.5 times the bandwidth;
(q) exclude all FSS receivers with larger frequency offsets; and
(r) ensure the ISD's out-of-block power spectral density does not exceed the specified limits.

(6) The ISD's must ensure that out-of-block power spectral density does not exceed the following limits:

Out-of-block emission limits

Frequency offset (df)	**Mean EIRP Spectral Density**
-5 to 0 MHz df^4_L, df^5_U 0 to 5 MHz	(MaxEIRP – 42 dBm)/5 MHz
-10 to-5 MHz df_L, df_U 5 to 10 MHz	(MaxEIRP – 45 dBm)/5 MHz
<-10 MHz dfL, df_U 10 MHz	(MaxEIRP – 45 dBm)/5 MHz

(7) The USS shall calculate OPs to coordinate operations among ISD networks to minimize the risk of harmful interference caused by Master devices to IS receivers by:

(a) applying a protection threshold of -88 dBm/20 MHz and;
(b) assuming a receiving antenna height of 1.5 meters.

(8) The USS shall protect services operating above 4200 MHz by:

(a) enforcing a 5 MHz guard band below 4200 MHz; and
(b) ensuring the ISD out-of-band power spectral density does not exceed the limits specified in sub-regulation (10).

(9) The USS shall protect services operating below 3800 MHz by:

(a) enforcing a 5 MHz guard band above 3800 MHz; and
(b) ensuring the ISD out-of-band spectral density does not exceed the limits specified in sub-regulation (10):

(10) The maximum out-of-band density is the following:

Out-of-band emission limits

Lower and Upper Band Edges of the ISFR1	**Mean EIRP Spectral Density**
3795 -3800 MHz	(MaxEIRP – 42 dBm)/5 MHz
4200-4205 MHz	(MaxEIRP – 42 dBm)/5 MHz

(11) The USS shall assign to ISDs only those channels that are adjacent to the frequencies occupied by registered incumbent users operating in the same geographical area.

(12) Geo-location coordinates, and geo-location uncertainty, if applicable, of Master device antenna and IS-CPE Cat 2 antenna must be determined automatically:

(a) using ISD internal geo-location capability prior to its registration with the USS at a given location; and
(b) each time the device is activated from a power-off condition; or
(c) has been relocated by 100 m or more.

(13) If the Master device or IS-CPE Cat 2 is located where its internal geo-location capability does not function, it may obtain its geo-location coordinates from a Type Approved

external geo-location source that must be located within 100 m and securely connected to the Master device.

(14) Only Master device or IS-CPE Cat 2 is permitted to communicate with the USS directly or through a DbP for purposes of:

(a) registration;
(b) in requesting for OPs for itself; and
(c) on behalf of Client devices associated to it.

(15) Client device is permitted to communicate with the USS directly provided that a radiofrequency link with its associated Master device has already been established.

(16) Operations of ISDs are permitted only on channels and at power levels that are determined by USS as being available for each ISD in a particular location.

(17) If the USS indicates that the channel is no longer available at the current operating level:
(a) operation on a channel must cease immediately; or
(b) power must be reduced to a permissible level.

(18) During operation, the Master device or IS-CPE Category 2 (IS-CPE Cat 2) must automatically query the USS and report its spectrum usage at least once every 24 hours.

(19) If the Master device or IS-CPE Cat 2 fails to notify the USS for seven (7) consecutive calendar days:
(a) it must cease operation immediately;
(b) within 60 seconds, it must provide to the USS its location information, ICASA-ID, antenna height and confirm spectrum use;
(c) failure of which, the USS may reassign the spectrum to another operator.

12. Interference Mitigation Protocol

(1) Affected registered incumbent users operating in the IS must report any incident of harmful interference on their network to the Authority for further investigation. Such report must be submitted only after confirming that the conditions outlined under Regulation 11(1) and (2) have been met.

(2) Upon identification or receiving a report of harmful interference, the USSP shall immediately suspend spectrum assignments to all ISDs associated with the secondary user operator found to be causing the interference.

(3) Any ISD identified or reported to be causing harmful interference to registered incumbent users must cease transmission within 60 seconds of receiving an instruction from the USS.

(4) Affected ISDs shall resume operation only after the Authority has completed its investigation and resolved the interference issue.

(5) The suspension shall remain in effect until the harmful interference is resolved.

(6) The incumbent user shall bear sole responsibility for resolving interference incidents if the conditions specified under regulation 11(1) and (2) have not been met.

13. Responsibilities of the Designated Unified Spectrum Switch Provider

(1) The Authority shall designate a USSP to provide USS services.

(2) The designated USSP(s) shall:

(a) maintain a secure database containing information about registered incumbent licensees requiring protection;

(b) establish a secure process for registering new IS network operators;

(c) establish a secure process for synchronizing and acquiring necessary technical information from the Authority's systems at least once a week, including updates on newly licensed facilities or changes to existing licensed facilities;

(d) implement propagation algorithms and interference parameters prescribed by the Authority to calculate and provide accurate OPs to ISDs;

(e) establish protocols and procedures to ensure that all communications and interactions between the USS, ISDs, and DbPs are accurate and secure;

(f) ensure that unauthorized parties cannot access or alter the database or the OPs;

(g) respond promptly to verify, correct, or remove incorrect data, and conduct system audits in the event that the Authority or another party raises concerns about inaccuracies in the USS;

(h) include functionality to indicate, upon request from the Authority, that no IS channels are available when queried by ISDs;

(i) refrain from providing service to ISDs until it receives confirmation from the designated contact person verifying their information. if the registration record is modified, the USSP must verify the new information before continuing to provide service to the ISDs;

(j) ensure non-discrimination between ISDs in providing the minimum required information levels; and

(k) have the discretion to provide additional information to specific classes of devices.

14. Default Values and Technical Parameters

(1) The default antenna height for a Master device must be recorded by the USS as 20 meters above ground level (AGL), unless the ISD provides alternative information to the USS.

(2) The default antenna height for an IS-CPE must be recorded by the USS as 10 meters AGL.

(3) The default antenna height for end-user equipment (EUE) must be recorded by the USS as 1.5 meters AGL.

(4) The default radio propagation model for protecting registered incumbent users is ITU-R P.452-18.

(5) The default digital terrain dataset resolution for use with the radio propagation model is 3 arc seconds.

(6) The default clutter dataset for use with the radio propagation model is the South African National Land Cover (SANLC).

15. ISD Operational Continuity Requirements

(1) The Master device and IS-CPE Cat 2 must not operate in excess of one hundred sixty-eight (168) hours after the last access to the USS, after which it must cease operation.

(2) The Master device and IS-CPE Cat 2, after having reached the maximum hours stipulated in sub-regulation (1), must re-establish contact with the USS and verify its OPs, as well as those of its associated client devices.

(3) The associated Client device must cease operation within ten (10) seconds if it fails to receive a contact verification signal from the associated Master device within sixty (60) seconds of the last contact.

(4) If not in sleep mode, the Client device must re-establish contact with the associated Master device within nine hundred (900) seconds of the last contact.

(5) The Client device must then receive the OPs from the associated Master device, as determined by the USS.

16. ISD Labelling Requirements

An ISD must display a label that adheres to the Equipment Authorization Regulations, 2022, as amended.

17. Display of Available Channels

A Master device and IS-CPE Cat 2 must have the capability to store and display a list of available channels provided by the USS, including the channels selected for use.

18. Innovation Spectrum License Validity and Renewal

(1) The IS spectrum license shall be valid for a maximum duration of three (3) years.

(2) The license shall only be valid for use within the locality specified by the applicant during the application process.

(3) The license may be renewed, subject to spectrum availability in the designated geographical location.

19. Commence of operations

The IS licensee must commence operations within thirty (30) calendar days from the date of issue of the license.

20. Innovation Spectrum License Fees and Pricing Principles

(1) A Network Operator must pay the IS license fees to the Authority for access to the IS, if applicable.

(2) The requirement to obtain spectrum licenses applies solely to the operation of ISDs within the ISFR 1 consistent with regulation 6 (5)(a).

(3) Operation of ISDs in the ISFR 2 band is license-exempt, consistent with the applicable radio regulations developed by the Authority.

21. USS Access Fees

The USSP shall impose reasonable and non-discriminatory access fees on network operators for the use of USS services.

22. Revocation of Innovation Spectrum License

Failure to comply with regulation 19 will result in the revocation of the IS licence.

23. Offences and Penalties

Any person that contravenes regulation 4 of these Regulations is guilty of an offence and is liable, on conviction, to a term of imprisonment not exceeding six (6) months and/or a fine not exceeding one million Rands (R 1,000,000.00).

24. Short Title and Commencement

These Regulations are called Regulations on the Use of Innovation Spectrum, 2026 and shall come into effect at a date to be determined by the Authority by notice in a Government Gazette.

NO. 7507 **22 May 2026**

SOUTH AFRICA SIXTH PERIODIC REPORT ON THE IMPLEMENTATION OF THE CONVENTION ON THE ELIMINATION OF ALL FORMS OF DISCRIMINATION AGAINST WOMEN (CEDAW)

The Minister of Women, Youth and Persons with Disabilities intends to present the South Africa Sixth (6) Periodic Report on the implementation of the Convention on the Elimination of Discrimination against Women (CEDAW) to the United Nations Committee on the Elimination of Discrimination against Women during June 2026. An explanatory summary of the report is hereby published in accordance with section 9 (e) of the Promotion of Access to Information Act, 2000.

The report is drafted in terms of Article 18 of the Convention on the Elimination of All Forms of Discrimination against Women.

Article 18 provides that-

(a) Every State party, upon ratifying or acceding to the Convention, undertakes, to submit, within one year of the Convention's entry into force for that State, an initial report on the legislative, judicial, administrative or other measures it has adopted to give effect to the provisions of the Convention and progress made in this respect; and thereafter periodic reports at least every four years and further whenever the Committee so requests.

A copy of the report has been attached and further information on the report can be obtained from Mr Mulisa Magidi, Department of Women, Youth and Persons with Disabilities, 268 Lilian Ngoyi Street, Pretoria, Tel: (012) 359 0396 or Mulisa.Magidi@dwypd.gov.za.

1. PREAMBLE

1.1 The *White Paper for Post-School Education and Training* (2013) emphasises the critical role of research in societal development.

1.2 The Department of Higher Education and Training (The Department) recognises the importance of knowledge production, management, dissemination and utilisation of knowledge in strengthening the quality, and diversity of the Post-School Education and Training (PSET) system in South Africa.

1.3 The Department is committed to providing an environment that supports research activities which will promote the strategic vision of the education sector and in line with the strategic plans such as the National Development Plan.

1.4 Good quality research is essential for informed decision making. Accordingly, the Department welcomes bona fide research, including Honour's, Master's and Doctoral students, to undertake research in the Department and at public colleges (Technical and Vocational Education and Training [TVET] and Community Education and Training [CET] colleges), subject to the procedures outlined in this document.

1.5 This Policy is determined in terms of Section 41B(4)(d) of the Continuing Education and Training, Act No. 16 of 2006

2. RATIONALE

2.1 This Policy is a revised version of the 2015 Information Standard on Approval to conduct research in public colleges. The revision incorporates feedback from internal and external stakeholders. It reflects updated requirements, streamlined processes, and alignment with strategic goals to ensure more effective governance and support for research initiatives.

2.2 This Policy ensures that research conducted in the Department and at public colleges adheres to both local and international ethical standards. It aims to:

2.2.1 Prevent overburdening the management, staff and students at public colleges by managing the volume and timing of research activities.

2.2.2 Avoid disruption to teaching and learning processes by coordinating research.

2.2.3 Promote mutual respect and collaboration between the researchers, the Department and public colleges.

This gazette is also available free online at **www.gpwonline.co.za**

3. PURPOSE

3.1 The purpose of this Policy is to stipulate the processes and requirements for conducting research in the Department and at public colleges. This ensures consistency, accountability, and compliance in all research activities.

4. SCOPE AND APPLICABILITY

4.1 This Policy is applicable to research that is planned to be undertaken in the Department and at public colleges, (TVET colleges and CET colleges), by Honour's, Master's and Doctoral students, research organisations and independent researchers[1]. This policy may also be adopted or adapted by private colleges. Requests to undertake research at private colleges should be submitted directly to the relevant college for processing.

4.2 The Department is established in terms of Schedule 1 of the Public Service Act, 1994 published in Proclamation 103 in Government Gazette 15791 of 3 June 1994.

4.3 TVET and CET colleges are established by the Minister of Higher Education and Training in terms of Sections 3(1a) and 3(1b) of the Continuing Education and Training Act, 2006 (Act No. 16 of 2016).

5. APPLICABLE PROCEDURE

5.1. Submission Requirements:

5.1.1. Researchers intending to conduct research in the Department or at public colleges must follow the outlined procedure and ensure timely submission of all required documentation.

5.1.2. Applications involving the Department, any or all CET colleges or ten and more TVET colleges must be submitted to the Department for centralised processing.

5.1.3. Applications involving fewer than ten TVET colleges must be submitted to the Head of each respective college.

5.1.4. The following documents must be submitted at least two months before the proposed research start date:

5.1.4.1. Completed application form (Appendix 1), including a clear summary of all data collection instruments such as questionnaires, interview guides, and observation tools.

[1] Individuals not affiliated with a formal organisation, conducting research based on personal or professional interest in the PSET sector.

This gazette is also available free online at **www.gpwonline.co.za**

5.1.4.2. Signed declaration at the end of the application form confirming that all information is true and complete.

5.1.4.3. Ethics Clearance Certificate issued by the Research Ethics Committee of the applicant's Higher Education Institution (for students and institution-affiliated researchers only).

5.1.4.4. A comprehensive research proposal, inception report, or concept note detailing the research objectives, methodology, target population, and expected outcomes.

5.1.4.5. Official letter of approval or endorsement by the organisational head (for research organisations) or a detailed motivation (for independent researchers).

5.1.5. **Students** (Honours, Master's, Doctoral) must complete **Section 1** of the application form. Students must submit an Ethics Clearance Certificate (or conditional Ethical Clearance) and a full research proposal. The Ethics Clearance Certificate is provided by the Research Ethics Committee of the institution where the student is registered. Some Honours students may not receive individual ethics clearance. Instead, ethical approval is typically granted at class level or under the name of the Supervisor. In such cases, a copy of the group ethics clearance or the Supervisor's ethics clearance must be submitted. **Sections 2 and 3** of the application form are not applicable to students.

5.1.6. **Research Organisations** must complete **Section 2** of the application form. They must submit either a detailed research proposal, inception report or approval by organisational head. Sections 1 and 3 of the application form are not applicable to research organisations.

5.1.7. **Independent Researchers** must complete **Section 3** of the application form. They must submit either a research proposal, concept note or motivation outlining the purpose and scope of their research. If the researcher is affiliated with a higher education institution, an Ethics Clearance Certificate issued by the institution's Research Ethics Committee must be provided. **Sections 1 and 2** of the application form is not applicable to independent researchers.

5.2. Roles and Responsibilities

5.2.1. The Department's role is to centrally manage and process applications to conduct research in the Department and at public colleges. Upon receipt of a compliant application, the Department will issue an official letter granting approval. This role includes:

5.2.1.1 Receiving and acknowledging research applications that meet the requirements outlined in this Policy.

5.2.1.2 Processing applications involving the Department, ten or more TVET colleges, and any or all CET colleges.

5.2.1.3 Ensuring applications align with national research priorities and do not disrupt core functions.

This gazette is also available free online at **www.gpwonline.co.za**

5.2.1.4 Archiving all processed applications for at least three years for monitoring and audit purposes.

5.2.1.5 Receiving annual research activity reports from public TVET colleges, as per the format in Appendix 2.

5.2.2. Public TVET colleges are responsible for facilitating research activities that align with this Policy. Their specific duties include:

5.2.2.1 Receiving and acknowledging research applications involving fewer than ten TVET colleges.

5.2.2.2 Assessing the feasibility and appropriateness of the proposed research, considering the institution's academic calendar and operational capacity.

5.2.2.3 Approving compliant research applications and providing feedback to applicants.

5.2.2.4 Informing the Department annually of all research conducted at the college using Appendix 2.

5.3. Procedural steps for processing research applications:

5.3.1. The Department and respective TVET college will acknowledge receipt of applications and supporting documents within five working days.

5.3.2. The application will be reviewed to verify completeness and alignment with departmental priorities. The application will be appraised in line with the following criteria:

5.3.2.1. Inclusion of all information in the application form and signed declaration, as per Appendix 1 (all applicants).

5.3.2.2. Inclusion of an Ethics Clearance Certificate in the application (for students and institution-affiliated researchers only).

5.3.2.3. Inclusion of either a research proposal, or inception report, approval by organisational head, concept note or motivation (from all applicants).

5.3.2.4. An assessment of the effect of research activities on the smooth functioning of the college.

5.3.3. Three possible outcomes may result from the review process:

5.3.3.1. Full approval: The applicant receives a formal letter of permission.

5.3.3.2. Conditional approval: The applicant must meet specified conditions (e.g., simplify the request, reduce research scope).

5.3.3.3. Non-approval: Reasons for rejection will be clearly communicated in writing.

This gazette is also available free online at **www.gpwonline.co.za**

5.3.4. Applicants will be notified via official email of the outcome within 21 working days from the date of receipt, depending on complexity.

5.3.5. The attached application form (Appendix 1) provides space for the college to communicate its response to the applicant.

5.3.6. All processed applications will be archived by the Department or TVET college for a minimum of three years for recordkeeping and audit purposes.

5.3.7. The Head of the TVET college must submit to the Department an annual return on the number of research requests received for the year as per the template attached as Appendix 2 to this Policy.

6. ADHERENCE TO POPIA AND RESEARCH ETHICS

6.1. The Department and its public colleges are committed to protecting personal information in compliance with the Protection of Personal Information Act, 2013. Researchers must ensure that personal data is processed solely for research, statistical or historical purposes, anonymised or pseudonymised where possible, and used only with informed consent or such permissible exceptions in the law. Consent forms must explain data use and comply with the conditions for the lawful processing of personal information.

7. SHARING OF RESEARCH FINDINGS

7.1. Researchers are required to submit the final research report to either the Department or the participating college, depending on where the request was processed. This facilitates knowledge sharing and supports evidence-based policy development and practice.

7.2. The final research report must be submitted within three months of the research's completion.

7.3. In cases where research is approved directly by TVET colleges, the college is responsible for forwarding the final research report to the Department.

7.4. Where applicable, links to final research reports or outputs may be uploaded to the Department's Research Repository, where they are made publicly accessible to promote transparency and wider dissemination.

8. MONITORING AND REPORTING

8.1. To promote accountability and continuous improvement, all public TVET colleges must report on research activities annually.

This gazette is also available free online at **www.gpwonline.co.za**

8.2. TVET colleges must use the revised reporting template provided in Appendix 2.

8.3. Reports must include the following information: the number of requests, the name of the researcher, the name of the higher education institution or research organisation, the title and purpose of the research, the college's decision (approved or declined, with reasons for any declination), whether the researcher shared the research findings or report with the college, whether the college subsequently shared the findings or report with the Department, and any additional comments.

8.4. This information will enable the Department to track research trends across public colleges, monitor compliance with the Policy, and assess the responsiveness of institutions to research requests. It will also help identify research findings that can inform evidence-based decision-making, support policy development, and enhance strategic planning.

9. CONDITIONS FOR RESEARCHERS

9.1. Researchers conducting studies in the Department or public colleges must comply with the following conditions to ensure ethical, respectful, and collaborative research practices:

9.1.1. Align the research topics with the Department's strategic priorities and Research Agenda.

9.1.2. Schedule research activities that minimises disruption to departmental and college operations.

9.1.3. Make independent logistical arrangements for interviews and distributing research instruments. The Department and colleges will provide a liaison person.

9.1.4. Refrain from using resources of the Department or college (such as stationery, photocopies, and telephones) for research activities.

9.1.5. Present research findings and information objectively without bias.

9.1.6. Acknowledge that participation in research activities is voluntary, and that participants should not feel compelled to participate in the research. Departmental officials are, however, strongly encouraged to participate in the research.

9.1.7. Abide by the Protection of Personal Information Act (POPIA) requirements.

9.1.8. Provide consent forms to participants to complete prior to the commencement of the research.

9.1.9. Obtain written parental consent of students under 18 years, prior to participation in the research.

9.1.10. Inform participants about the use of recording devices such as voice-recorders and cameras, and respect objections from participants.

9.1.11. Maintain participants' rights to privacy, anonymity and confidentiality, and respect for human dignity at all times. Participants must not be identifiable in any way from the result of the research.

9.1.12. Exclude the names of colleges and participants from research reports, unless written consent has been obtained.

9.1.13. Include a disclaimer stating that findings do not represent the official views of the Department or the participating colleges.

9.1.14. Distribute the final report and summary of findings to the Department and participating colleges.

10. CONCLUSION

This revised Policy strengthens the framework for research approval in the Department and at public colleges, addressing gaps in communication, and strategic alignment. By fostering collaboration, enhancing standardisation, and ensuring the dissemination of research findings, the Policy aims to maximise the value of research conducted within the Department and at public colleges.

8. DECLARATION BY THE APPLICANT

I undertake to use the information that I acquire through my research, in a balanced and a responsible manner. I furthermore take note of, and agree to adhere to the following conditions:

a) Align the topic with the Department's strategic priorities and Research Agenda.
b) Schedule research activities that minimises disruption to departmental and college operations.
c) Make independent logistical arrangements for interviews and distributing research instruments.
d) Refrain from using resources of the Department or college (such as stationery, photocopies, and telephones) for research activities.
e) Present research findings and information objectively without bias.
f) Acknowledge that participation in research activities is voluntary, and that participants should not feel compelled to participate in the research.
g) Abide by the Protection of Personal Information Act (POPIA) requirements
h) Provide consent forms to participants to complete prior to the commencement of the research.
i) Obtain written parental consent of students under 18 years, prior to participation in the research.
j) Inform participants about the use of recording devices such as voice-recorders and cameras, and respect objections from participants.
k) Maintain participants' rights to privacy, anonymity and confidentiality, and respect for human dignity at all times. Participants must not be identifiable in any way from the result of the research.
l) Exclude the names of colleges and participants from research reports, unless written consent has been obtained.
m) Include a disclaimer stating that findings do not represent the official views of the Department or the participating colleges.
n) Distribute the final report and summary of findings to the Department and participating colleges.

DEPARTMENT OF TRADE, INDUSTRY AND COMPETITION

NOTICE 3949 OF 2026

INVITATION TO COMMENT ON THE DRAFT AMENDED AUTOMOTIVE PRODUCTION AND DEVELOPMENT PROGRAMME PHASE 2 (APDP2) REGULATIONS: EXPANSION OF STANDARD MATERIALS AND MEASURES TO SUPPORT ELECTRIC VEHICLE BATTERY MANUFACTURING

I, Mpho Parks Tau, Minister of Trade, Industry and Competition, hereby give notice, in terms of sections 15 and 16(4) of the International Trade Administration Act, 2002 (Act No. 71 of 2002), that the International Trade Administration Commission of South Africa (ITAC) has completed an investigation into the review of the list of materials qualifying as standard materials under the Automotive Production and Development Programme Phase 2 (APDP2), as well as measures to support the development of electric vehicle battery manufacturing.

1. PURPOSE OF THE NOTICE

The purpose of this Notice is to invite interested parties to submit written comments on the **Draft Amended APDP2 Regulations**, which seek to:

1. Expand the list of materials qualifying as **standard materials** to include critical minerals used in the production of electric vehicle batteries, including hybrid derivatives;
2. Extend the definition of standard materials for electric vehicle batteries to include materials originating in the **Southern African Development Community (SADC)** region;
3. Amend provisions relating to **standard value added (SVA)** applicable to such materials; and
4. Introduce additional measures aimed at supporting the development of a regional electric vehicle battery manufacturing industry.

2. AVAILABILITY OF DOCUMENTS

The following documents are available for inspection:

a. Draft Amended APDP2 Regulations;
b. Draft APDP2 Information Document A

The Draft Amended APDP2 Regulations and supporting documents are available on the website of the Department of Trade, Industry and Competition at www.thedtic.gov.za, and may also be obtained from the International Trade Administration Commission of South Africa (ITAC) website at www.itac.org

3. SUBMISSION OF COMMENTS

Interested parties are invited to submit written comments and representations on the proposed amendments.

Submissions must:

a. Be lodged within **four (4) weeks** from the date of publication of this Notice;
b. Clearly indicate the name, address and contact details of the submitting party;
c. Identify any information regarded as confidential and provide a **non-confidential version** thereof.

4. SUBMISSION DETAILS

All submissions must be directed to:

DRAFT NOT FOR FINAL USE

Part A – Definitions

1. Definitions

"Automotive tooling" means –

(i) dies for drawing or extruding metal, of subheading 8207.20;

(ii) tools for pressing, stamping or punching, of subheading 8207.30;

(iii) work holders of subheading 8466.20;

(iv) assembly jigs and assembly lines, of subheading 8479.89; and

(v) injection moulds, moulding patterns and moulds of heading 84.80, where the principle use is for the manufacture of specified motor vehicles, heavy vehicles as defined in note 1 to rebate item 317.07 and automotive components for such motor vehicles.

"Accessories" means those parts which are not fitted in a special vehicle manufacturing warehouse;

"APDP Elements" means AIS, PI, Stable tariffs and VALA;

"APDP Phase 2" means the Automotive Production and Development Programme - Phase 2;

"APDP Phase 2 Info Docs" refers to those documents that provide additional information and set forth additional rules and conditions for the APDP Phase 2, and may refer to either Info Doc A, Info Doc B and/or Info Doc C, depending on the context;

"APDP Participants" Final manufacturers and suppliers of automotive products in the automotive value chain.

DRAFT NOT FOR FINAL USE

"AIS" is an incentive designed to grow and develop the automotive industry in South Africa through investment in new or replacement models and components. The scheme aims to increase plant production volumes, sustain employment, and strengthen the automotive value chain. The AIS is open to light motor vehicle manufacturers, medium and heavy commercial vehicle manufacturers, component or deemed component manufacturers, as well as tool manufacturers. AIS is administered by **the dtic**;

"AITF" means Automotive Industry Transformation Fund;

''B-BBEE'' means the Broad- Based Black Economic Empowerment Act 46 of 2013;

"Component" means a new and unused article (not second hand, reconditioned or refurbished) manufactured in the SACU region which can be identified as being suitable for use in the manufacture of:

(i) Specified motor vehicles manufactured under rebate item 317.04 of Schedule No. 3 to the Customs and Excise Act;

(ii) Specified motor vehicles manufactured abroad;

(iii) Automotive components for medium and heavy commercial vehicles manufactured under rebate item 317.07 of Schedule No. 3 to the Customs and Excise Act; and

(iv) Medium and heavy commercial vehicles manufactured abroad;

"Consumables" mean those goods which are used in the manufacture of motor vehicles, motorcycles and components thereof, but do not form an integral part of such motor vehicles, or components or are used in the manufacturing of automotive tooling;

"CSP" means the Company Specific Percentage;

"Customs and Excise Act" means the Customs and Excise Act, 1964 (Act No. 91 of 1964);

DRAFT NOT FOR FINAL USE

"EVs" refer battery-electric vehicles, fuel-cell electric vehicles and alternate electric vehicles that are zero carbon emission;

"NEV" refers to zero or low-emission vehicles, which include battery-electric vehicles, plug-in hybrid electric vehicles, hybrid vehicles, fuel-cell electric vehicles, and green synthetic fuel combustion engines;

"Eligible products" mean those specified motor vehicles, automotive components and automotive tooling adhering to the qualifying criteria set out in section 9 hereof;

"EPC" means the eligible production certificate envisaged in terms of section 9 hereof;

"**Environmental levy''** means levy imposed in terms of Part 3 of Schedule 1 to the Customs and Excise Act;

"**Final manufacturer**" means the following entities based in South Africa:

(i) Registered light motor vehicle manufacturers, manufacturing specified motor vehicles in South Africa, adhering to the qualifying criteria as set out under section 9, according to the extent of assembly provided for in Note 5 to Chapter 98 of Part 1 of Schedule No.1 to the Customs and Excise Act;

(ii) Automotive component manufacturers manufacturing components in South Africa adhering to the qualifying criteria as set out under section 9;

(iii) Automotive tooling manufacturers manufacturing automotive tooling in South Africa adhering to the qualifying criteria as set out under section 9; and

(iv) Registered light motor vehicle manufacturers, manufacturing specified motor vehicles in South Africa adhering to the qualifying criteria as set out under section 9, according to the extent of assembly provided for in Note 5 to Chapter 98 of Part 1 of Schedule No.1 to the Customs and Excise Act recovering the cost of:

DRAFT NOT FOR FINAL USE

- platinum group metals which were sold to a final manufacturer of a catalytic converter and other costs relating to the manufacture thereof; and

- value adding activities applicable to products bought from a component manufacturer, noted in (ii), and exported.

"Form C2" means a certificate declaring the imported content values in respect of imported components and imported raw materials received from any person in the SACU for use in the manufacture of specified motor vehicles;

"Imported content value " means the value for customs duty purposes of any imported original equipment components and raw materials imported by the registrant or imported by or received from any person in SACU and used in the manufacture or assembly of original equipment components and/or automotive tooling or specified motor vehicles;

"Importing entity" means South African based entity importing automotive products;

"ITAC" means the International Trade Administration Commission of South Africa established in terms of section 7 of the International Trade Administration Act, 2002, (Act No. 71 of 2002);

"Minister" means the member of the Cabinet responsible for Trade, Industry and Competition;

"OEM" means a registered light motor vehicle manufacturer in terms of Note 1 to Chapter 98 of Part 1 of Schedule No. 1 to the Customs and Excise Act of 1964;

"Other means of propulsion" means power trains that have zero carbon emissions and include Electric Motors such as BEVs that are powered entirely by rechargeable battery packs; In-Wheel Motors where the electric motors are integrated into the wheel hubs; Fuel Cell Technologies such as hydrogen Fuel Cells, Solid Oxide Fuel Cells, Hydrogen Combustion Engines, and other emerging technologies

DRAFT NOT FOR FINAL USE

"Non-standard material(s)'' means any imported component, and/or raw material, and/or any material or component other than the defined standard material, used in the manufacture of any qualifying or eligible product.

"PI" means Production Incentive;

"PRC" means a Production Rebate Certificate as described in section 6 hereof;

"quarter" means a calendar quarter, unless otherwise specified in these Regulations, and refers to the period 1 January to 31 March, the period 1 April to 30 June, the period 1 July to 30 September and the period 1 October to 31 December;

"Dead quarters'' means the relaxation of the quarterly volume threshold requirement for a period of two consecutive quarters as a result of the introduction of a new model**;**

"Registered light motor vehicle manufacturer" means a manufacturer of specified motor vehicles;

"SACU" means the Southern African Customs Union;

"**SADC**" means Southern African Development Community including Angola, Botswana, Comoros, Democratic Republic of Congo, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Mozambique, Namibia, Seychelles, South Africa, Tanzania, Zambia, and Zimbabwe.

"SARS" means the South African Revenue Service;

"SAAM 2035" refers to the South African Automotive Masterplan, published in 2018 with the ambition of increasing production output and deepening localisation across the automotive value chain;

"**Semi-Knocked Down**" means specified motor vehicles manufactured in a licensed, special manufacturing warehouse in South Africa, destined for assembly outside the borders of the Republic, which must be in the minimum level of kits that have untrimmed painted bodies with no parts assembled to the body (excluding those of subheading

DRAFT NOT FOR FINAL USE

8701.20 and 8706) and may exclude lead acid batteries provided there is evidence of local lead acid battery production in the export market.

"Selling price" means the price as indicated in the tax invoice of the final manufacturer exclusive of VAT, *ad valorem* excise duty, environmental levy and any other cost which has no bearing on manufacturing, as specified in note 4.3 to APDP Phase 2 Info Doc A;

"Special purpose vehicles" include amongst others, but not limited to concrete mixer lorries, crane lorries, drilling derricks, fire fighting vehicles, ambulances, hearses, cash in transit, goods vehicles that have a vehicle mass less than 600 kg, and golf carts, which are not strictly automotive in nature;

"Specified motor vehicles" means:

(i) Road tractors or semi-trailers of subheading 8701.2 of a vehicle mass not exceeding 1 600 kg;

(ii) motor vehicles for the transport of ten or more persons, including the driver, of heading 87.02, of a vehicle mass not exceeding 2 000 kg, (excluding those of subheading 8702.10.10);

(iii) motor cars (including station wagons) of heading 87.03;

(iv) motor vehicles for the transport of goods of heading 87.04 of a vehicle mass not exceeding 2 000 kg or a G.V.M. not exceeding 3 500 kg or of a mass not exceeding 1 600 kg or a G.V.M. not exceeding 3 500 kg per chassis fitted with a cab (excluding motor vehicles of subheading 8704.10, shuttle cars and low construction flame-proof vehicles for use in underground mines and off the-road logging trucks); and

(v) chassis fitted with engines or other means of propulsion, of heading 87.06, of a mass not exceeding 1600 kg or a G.V.M. not exceeding 3 500 kg (excluding those for motor vehicles of subheading 8704.10, shuttle cars and low construction flame-proof vehicles, for use in underground mines and off-the-road logging trucks);

DRAFT NOT FOR FINAL USE

"Standard materials" mean locally beneficiated raw materials originating in the SACU which have been processed to suit automotive specifications as listed in note 4.4 of APDP Phase 2 to Info Doc A for which a duly completed SMD form has been received from a supplier;

"Standard materials for EV batteries" mean locally beneficiated raw materials originating in the SACU and SADC which have been processed for use in EV batteries as listed in Note 4.4 of APDP Phase 2 to Info Doc A for which a duly completed SMD form has been received from a supplier;

"SVA" means standard value added, which is the portion or percentage of standard material, deemed to be local value added;

"SVA for EV battery minerals" means standard value added, which is the portion or percentage of standard material for EV batteries, deemed to be local value added;

"the dtic" means the Department of Trade, Industry and Competition;

"Transformation Fund" means the fund determined by **the dtic** and managed by the AITF that aims to facilitate transformation across the sector's value chain for the purpose of APDP Phase 2;

"TWG" means Technical Working Group which assists ITAC in eligibility assessment of automotive components and tooling and comprises of industry representatives, SARS, **the dtic** and ITAC;

"Qualifying entities" means an entity that is eligible to claim APDP Phase 2 benefits and has manufacturing operations for eligible products, based in South Africa, that are registered with SARS as taxpayers in good standing and is B-BBEE compliant in terms of the B-BBEE Codes of Good Practice ("Codes") issued under the B-BBEE Act 53 of 2003, as Amended by Act No 46 of 2013, as well as compliant in terms of the B-BBEE levels outlined in Note 2.5 of Info Doc A or contributes to the Transformation Fund as stipulated in relevant Information Documents or Guidelines.

"Value added" means the selling price less the value of non-qualifying material and components;

"VALA" means the volume assembly localization allowance and is calculated as per

DRAFT NOT FOR FINAL USE

rebate Item 317.04 of the Customs and Excise Act 1964.

Part B – General Provisions

2. Objectives of APDP Phase 2

2.1 The objective of the programme is to support the vision of the SAAM of creating a "globally competitive and transformed automotive industry that actively contributes to the sustainable development of South Africa's productive economy, creating prosperity for industry stakeholders and broader society". This vision will guide the development of the South African automotive industry to 2035, with all the policy elements of Phase 2 of the APDP targeting its realization.

3. Applicability of the Regulations

3.1 The Regulations will be applicable in SACU and must be read together with relevant rebate and refund provisions to the Customs and Excise Act, all APDP Phase 2 Information Documents and AIS guidelines. If any inconsistency exists between the APDP Phase 2 Regulations and APDP Phase 2 Info Docs/ AIS guidelines, the obligations imposed by the Regulations prevail.

4. Participation under the APDP Phase 2

4.1 Participation under the APDP Phase 2 is voluntary;

4.2 By registering under and participating under the APDP Phase 2, a qualifying entity including participants unconditionally binds itself to the rules and conditions of the APDP Phase 2 as determined by ITAC in these Regulations and the APDP Phase 2 Info Docs; and

4.3 By participating under the programme, a qualifying entity including participant binds itself to the submission of any industry data requested by ITAC or **the dtic** for monitoring purposes.

DRAFT NOT FOR FINAL USE

5. Structure and elements of the APDP Phase 2

5.1 The APDP Phase 2 consists of rebates and refunds of the relevant customs duties as legislated in the Customs and Excise Act.

5.2 The relevant customs duties can be found in Chapters 87 and 98 of Part 1 of Schedule No. 1 to the Customs and Excise Act.

5.3 The relevant rebate provisions can be found in Rebate Items 317.04, 317.06, 317.07 and 460.17 of Schedules Nos. 3 and 4 respectively to the Customs and Excise Act.

5.4 The relevant refund provisions can be found in Items 536.00, 537.00 and 538.00 in Schedule No. 5 to the Customs and Excise Act.

5.5 APDP Phase 2 elements consists of Stable Tariffs; Automotive Investment Scheme (AIS); Volume Assembly Localization Allowance (VALA); and Production Incentive (PI).

Part C – Production Rebate Certificates (PRCs)

6. What is a PRC

6.1 A PRC is a duty credit certificate issued by ITAC indicating the amount of customs duty that can be rebated using the PI, which is an incentive available to final manufacturers of eligible products in South Africa.

7. Calculation of Production Incentives (PI)

7.1 The value of the PI is determined by local value addition. The result is adjusted by the PI factor provided for in Section 11 hereof to arrive at the value of the PI.

7.2 The value of the PI will be further adjusted downward by 20 per cent customs duty rate for components and tooling and 25 per cent customs duty rate for specified motor vehicles.

DRAFT NOT FOR FINAL USE

8. Who may apply for a PRC

8.1 Qualifying entities may apply for a PRC.

8.2 Motor vehicle manufacturers registered in terms of Section 17.1 of these regulations.

9. Eligible Products under the APDP Phase 2

9.1 The following products qualify as eligible products under the APDP Phase 2:

9.1.1 Specified motor vehicles fitted with an engine and gear box manufactured in a licensed, special vehicle manufacturing warehouse in South Africa;

9.1.2 Specified motor vehicles not fitted with an engine or gear box manufactured in a licensed, special vehicle manufacturing warehouse in South Africa;

9.1.3 Specified motor vehicles fitted with a combination of an engine and electric motor or other means of propulsion manufactured in a licensed, special vehicle manufacturing warehouse in South Africa;

9.1.4 Specified motor vehicles fitted with electric motor or other means of propulsion manufactured in a licensed, special vehicle manufacturing warehouse in South Africa;

9.1.5 Automotive components applicable to specified motor vehicles;

9.1.6 Automotive tooling;

9.1.7 Automotive components applicable to medium and heavy commercial vehicles as defined in note 1 to rebate item 317.07 of Schedule No.3 to the Custom and Excise Act; and

9.1.8 Specified motor vehicles manufactured in a licensed, special manufacturing warehouse in South Africa, destined for assembly outside the borders of the Republic, which must be in the minimum level of kits that have

DRAFT NOT FOR FINAL USE

untrimmed painted bodies with no parts assembled to the body (excluding those of subheading 8701.2 and 8706) and may exclude lead acid batteries provided there is evidence of local lead acid battery production in the export market.

9.2 Notwithstanding section 9.1.5, 9.1.6 and 9.1.7, for their products to qualify as eligible products, component and tooling manufacturers must-

9.2.1 apply for an EPC in the manner and form as required by ITAC;

9.2.2 achieve local/international OEM supply chain turnover, excluding tooling, of at least 25 percent of total automotive turnover; or R10m in OEM supply chain invoicing per annum;

9.2.3 manufacture components and/or tooling for which a PI is claimed that are:

(i) part of a local or international OEM supply chain; and

(ii) replacement parts manufactured by a manufacturer adhering to the requirements set out in section 9.2.1 and 9.2.2.

9.3 Notwithstanding sections 9.1 and 9.2, for components to qualify as eligible products, the following conditions must be met:

9.3.1 In the event of the final process of manufacture not taking place in South Africa, a determination as to the eligibility of the relevant product must be made by ITAC, provided that operations that consist only of packing or painting will not qualify as manufacturing; and

9.3.2 Not less than 25 per cent of the ex-factory selling price (exclusive of VAT, *ad valorem* excise duty and environmental levy) of the components, at the time of sale, is represented by the sum of –

DRAFT NOT FOR FINAL USE

(i) the cost of labour incurred in South Africa;

(ii) the value of material originating in the SACU;

(iii) the factory overhead expenses incurred in South Africa (excluding profit); and

(iv) in the case battery materials for EV batteries, the of the value of standard material for batteries originating in the SACU and SADC;

9.4. Applications for eligibility under the programme are evaluated by the TWG to recommend if the component or tool meets the requirements as per Section 9 above and Note 8 to Chapter 98 of the Customs and Excise Act, in line with its terms of reference.

9.5. Production of special purpose motor vehicles and accessories are excluded and do not qualify for benefits under the APDP Phase 2.

10. Standard materials

10.1 Material qualifying as standard materials, and thereby qualifying as value added, are those identified by the Minister and set forth in Note 4.4.1 and 4.4.2 to APDP Phase 2 Info Doc A. The list of standard materials as set out in the APDP Phase 2 Info Doc A may be amended on approval by the Minister.

10.2 The SVA for standard materials used in the manufacture of an eligible product will be 25 per cent of the value of the standard material.

10.3 The SVA for Standard materials for EV batteries used in the manufacture of electric vehicle batteries will be 50 per cent of the value of the standard material.

11. Yearly PI factor percentage

11.1 The PI factor for PRC claims applicable to specified motors vehicles from 01 July 2021 will be 50 per cent; and

11.2 The PI factor for PRC claims applicable to automotive components and automotive tooling from 01 July 2021 will be 62.5 per cent.

DRAFT NOT FOR FINAL USE

12. Application for PRCs

12.1 To claim a PRC, an application must be lodged with ITAC in the manner and form as required in Note 5 to APDP Phase 2 Info Doc A.

12.2 An application for a PRC may be lodged only once full payment for the eligible products sold have been received by the final manufacturer or, in the case of vehicle capitalized by an OEM, the date of capitalization.

12.3 The right to claim PRCs lies with the applicant who is the registered final manufacturer of an eligible product, except for a component manufacturer that supplies components for fitment on line by a registered local light motor vehicle manufacturer for assembly of specified light motor vehicles, in which case the value added on the applicable components will roll up to the standard material declaration of the registered light motor vehicle manufacturer, who may claim the PRC for the manufactured vehicle that incorporates the applicable components.

12.4 Completed applications claiming PRCs must be submitted to ITAC no later than 12 calendar months from the date of the tax invoice for the eligible products.

13. Issuing of a PRC

13.1 A PRC will be issued at duty value for the qualifying amount and based on the PI factor, applicable to the eligible product.

13.2 Where a holder of a PRC or an applicant for a PRC or a related party to the applicant is the subject of a fraud investigation or ongoing verification, ITAC will have the right to withdraw and/or refuse to issue a PRC or delay subsequent applications pending the outcome of an investigation or verification.

14. Usage of a PRC

14.1 A PRC can be used to rebate the customs duty for customs purposes of imports into South Africa of the following automotive products:

DRAFT NOT FOR FINAL USE

14.1.1 New right-hand drive specified motor vehicles as defined in Note 1 to rebate item 317.04 to the Customs and Excise Act; and

14.1.2 Automotive components as defined in Note 8 to Chapter 98 of Part 1 of Schedule No. 1 to the Customs and Excise Act for the specified motor vehicles and automotive components for which the tariff headings are listed in rebate Item 460.17/00.00/03.00 of Schedule No. 4 to the Customs and Excise Act for specified motor vehicles.

14.2 PRCs earned in the production of components, tooling and specified motor vehicles can be used to import any of the automotive products listed above in 14.1.1 and 14.1.2 without adjustment on the PRC value.

14.3 When a PRC is issued for the first time, it can be issued in the name of the final manufacturer (applicant) or in the name of the beneficiary authorized by the applicant. The final manufacturer or the authorized beneficiary may use the PRC to import automotive products listed in 14.1 above. Additionally, the final manufacturer or the authorized beneficiary to whom the original PRC was issued may apply to ITAC, in the manner and form prescribed by ITAC, for the PRC to be transferred to another South African entity importing automotive products listed in 14.1, upon the sole discretion of ITAC. An original PRC may only be transferred once.

14.4 A PRC is valid for a period of twelve months, which period commences on the first day of the quarter in which the PRC claim was submitted to ITAC.

15. Verification and modification of a PRC

15.1 ITAC shall have the right to verify all information relating to a PRC application and may under such conditions as it may determine, restrict the value of a PRC.

15.2 ITAC has the right to amend, suspend, adjust or withdraw any PRC issued or to be issued upon the sole discretion of ITAC and take such other action as provided for in the APDP Phase 2 Info Doc or as deemed fit by ITAC.

Part D – Calculation of the CSP for VALA purposes

16. CSP and calculation thereof

16.1 In terms of Note 7.1(c) to Rebate Item 317.04 of Schedule 3 to the Customs and Excise Act, the CSP is a percentage that is calculated by ITAC and is used by SARS in the calculation of the VALA.

16.2 The CSP is:

16.2.1 In the case of vehicles built for the local market, the difference between the recommended retail list price ("RRLP") and the invoice price by the OEM exclusive of VAT, *ad valorem* excise duty and environmental levy, plus market related expenditure, expressed as a percentage of the RRLP; or

16.2.2 In the case of vehicles exported, the market related expenditure expressed as a percentage of the invoice price by the OEM.

16.3 In terms of Note 7.1(c) to Rebate Item 317.04 of Schedule No. 3 to the Customs and Excise Act, the CSP will be calculated by ITAC as provided for in APDP Phase 2 Info Doc B. ITAC will provide the calculated percentage to SARS, which will apply the percentage to determine the VALA for each registered light motor vehicle manufacturer.

17. Entities qualifying for CSP

17.1 Motor vehicle manufacturers with a plant capacity of 10 000 units per annum may submit applications to ITAC for registration as a specified motor vehicle manufacturer, unless otherwise determined by the Minister.

17.2 ITAC will calculate a CSP and provide the calculated percentage to SARS only where a registered light motor vehicle manufacturer achieves a minimum production level of 10 000 units measured over the most recent four quarter total in the manner and form

DRAFT NOT FOR FINAL USE

as determined by ITAC in APDP Phase 2 Info Doc B.

17.3 A registered light motor vehicle manufacturer that introduces a new model to replace an existing model in its manufacturing plant may apply to ITAC, in the manner and form as determined by ITAC in APDP Phase 2 Info Doc B, for two “dead quarters” to lessen the effect of a possible drop in production volumes. In the event that the overall production of the registered light motor vehicle manufacturer will not be significantly affected, ITAC may decide not to allow the “dead quarters”.

17.4 Motor vehicle manufacturers that are new entrants must submit an application to ITAC in the manner and form as required in APDP Phase 2 Info Doc B and will only qualify for a VALA if they have a production capacity of 10 000 units per annum.

18. VALA Usage

In terms of Note 7 to Rebate Item 317.04 of Schedule No. 3 to the Customs and Excise Act:

18.1 The VALA shall be used by a registered light motor vehicle manufacturer to reduce the value for customs duty purposes of original equipment components imported and the imported component values of original equipment components received from any person in the SACU region.

18.2 Any surplus VALA of a registered light motor vehicle manufacturer in a specific quarter will be rolled over to the next quarter and/or may be used to rebate duties on specified light motor vehicles imported by the registered light motor vehicle manufacturer upon obtaining prior written approval from the Commissioner of SARS.

18.3 Should a registered light motor vehicle manufacturer use the excess VALA in a quarter to rebate duties on motor vehicles imported, SARS will reduce the value of the VALA by 20 per cent.

Part E – Imported Component and imported raw material Value (declaration of foreign content)

DRAFT NOT FOR FINAL USE

19. Form C2

19.1 Form C2 is the form that must be used by specified motor vehicle manufacturers and component manufacturers supplying goods to specified motor vehicle manufacturers to declare their imported content values for customs duty purposes.

19.2 Form C2 must also be used by specified motor vehicle manufacturers and component manufacturers supplying goods to specified motor vehicle manufacturers to declare their imported content values for VALA purposes.

19.3 All participants in the APDP Phase 2 must use Form C2 to declare their imported content values in respect of original equipment components and material for use in the manufacture of specified motor vehicles received from any person in the SACU.

19.4 Any incorrect information supplied on Form C2 can render the whole document null and void and may result in the purchase price of all items in such document being regarded as imported content values.

19.5 If Form C2 is not obtained and completed, the imported component and imported raw material values in respect of such goods shall be deemed to be the price at which such goods were purchased.

20. Declaration of imported content values

20.1 Specified motor vehicle manufacturers, component manufacturers and component suppliers to specified motor vehicle manufacturers must declare the imported component and material values in respect of each type of component and materials received during a quarter.

21. Calculation for imported content values

21.1 The imported component and raw material values for specified motor vehicles manufactured must be determined using the method and basis of calculation as set out by ITAC in APDP Phase 2 Info Doc C titled “Declaration of imported contents”.

DRAFT NOT FOR FINAL USE

21.2 ITAC has the right to verify the correctness of the imported component and material values declared by manufacturers of eligible products by, amongst others, verifying Form C2s and supporting documents. Discrepancies detected by ITAC will be dealt with as provided for in APDP Phase 2 Info Doc C.

21.3 Values must be entered in Rand (ZAR) and may not be expressed as a percentage or as a foreign currency.

Part F- Exceptional circumstance

22. Notwithstanding anything to the contrary in these regulations, in the event a final manufacturer participating under the programme suffers extensive damage to its production facility/(ies) and, consequently, significantly reduced production volumes as a result of an occurrence that has resulted in the declaration of a National State of Disaster by the President, it may approach ITAC to seek a limited deviation from the normal rules relating to accruing and claiming of benefits under APDP Phase 2.

23. Prior to applying to ITAC, a final manufacturer must approach the Accounting Officer of the Department of Trade, Industry and Competition who must confirm that exceptional circumstances exist to warrant a deviation from normal requirements related to accruing and claiming of benefits under APDP Phase 2. Requests will be adjudicated on a case-by-case basis by ITAC and approval may be subject to conditions as determined by the ITAC, provided it is of the view that a limited deviation from the normal requirements is in the interest of promoting local manufacturing and is in line with ensuring the commercial viability of the final manufacturer under the APDP Phase 2 whose ability to manufacture has been severely affected by the aforementioned occurrence.

BOARD NOTICE 921 OF 2026

South African Council for Social Service Professions

Social Service Professions Act 110 of 1978

NOTICE IN TERMS OF CONSTITUTION OF THE PROFESSIONAL BOARD FOR COMMUNITY DEVELOPMENT PRACTICE

1. The *Professional Board for Community Development Practice* had been established in terms of section 14A(1) of the Social Service Professions Act 110 of 1978 by Government Notice No. R. 4783 of 03 May 2024 published in the Government Gazette No. 50609.

2. The constitution of the *Professional Board for Community Development Practice* had been placed on hold by the SACSSP during its 71st meeting by resolution 1/71/2024 which established Council's position with regards to the constitution of this Professional Board. The SACSSP's position is as follows:

   2.1 The SACSSP confirms that its recommendation for the establishment of a *Professional Board for Community Development Practice* in terms of section 14A(1) of the Act is still standing as per resolution 4/56/2019, subject to the condition contained in this resolution that the Professional Board should be able to sustain itself financially.

   2.2 The SACSSP will not constitute the *Professional Board for Community Development Practice* until such time that it is confirmed and guaranteed that this Professional Board is financially viable and able to sustain itself in terms of the execution of the powers and functions for the regulation of the community development practice profession from the start and continuously thereafter, notwithstanding the publication of *Regulations relating to the Establishment of the Professional Board for Community Development Practice* by Government Notice No. R. 4783 in the Government Gazette No. 50609 of 03 May 2024.

   2.3 The SACSSP will continue to work in an advisory capacity with the Department of Social Development and the community development sector with regards to paragraph 2.2; with due regard that the responsibility to provide such evidence needed to satisfy the SACSSP that the Professional Board is financially viable and able to sustain itself, rests with the association of persons (or similar) representing the community development sector and/or the Department of Social Development, inclusive of any costs in this regard, and not with the SACSSP.

3. The SACSSP's financial resources for the regulation of the social work profession and child and youth care work profession with regards to registration; education, training and development; and professional conduct are derived solely from the registration and annual fees payable by social workers, social auxiliary workers, child and youth care workers and auxiliary child and youth care workers; and it has no surplus funding for any other purpose. The income generated through the fees payable by the aforementioned professions is fully utilised to execute the regulatory responsibilities of the SACSSP, *Professional Board for Social Work* and *Professional Board for Child and Youth Care Work*.

This gazette is also available free online at **www.gpwonline.co.za**

4. The SACSSP will only be in the position to constitute the *Professional Board for Community Development Practice* when there is such confirmation supported by evidence that there are sufficient numbers of community development practitioners at a professional level and auxiliary level falling within the wider definition of the social service professions, that will be able to generate sufficient financial income for the Professional Board for Community Development Practice to execute its regulatory powers and functions with regards to the registration of practitioners; education, training and development in community development practice, inclusive of the approval of prescribed qualifications; and the professional conduct of practitioners, amongst others.

5. The *Professional Board for Community Development Practice* will be constituted as soon as all the issues as set out in this Board Notice had been adequately addressed.

6. Please direct all enquiries to Ms A.C. Williams at: Communitydevelopment@sacssp.co.za or at 012- 356 8300.
