HIGH ALERT: SCAM WARNING!!!

TO ALL SUPPLIERS AND SERVICE PROVIDERS OF THE GOVERNMENT PRINTING WORKS

It has come to the attention of the *GOVERNMENT PRINTING WORKS* that there are certain unscrupulous companies and individuals who are defrauding unsuspecting businesses disguised as representatives of the *Government Printing Works* (*GPW*).

The scam involves the fraudsters using the letterhead of *GPW* to send out fake tender bids to companies and requests to supply equipment and goods.

Although the contact person's name on the letter may be of an existing official, the contact details on the letter are not the same as the *Government Printing Works*'. When searching on the Internet for the address of the company that has sent the fake tender document, the address does not exist.

The banking details are in a private name and not company name. Government will never ask you to deposit any funds for any business transaction. *GPW* has alerted the relevant law enforcement authorities to investigate this scam to protect legitimate businesses as well as the name of the organisation.

Example of e-mails these fraudsters are using:

PROCUREMENT@GPW-GOV.ORG

Should you suspect that you are a victim of a scam, you must urgently contact the police and inform the *GPW*.

GPW has an official email with the domain as **@gpw.gov.za**

Government e-mails DO NOT have org in their e-mail addresses. All of these fraudsters also use the same or very similar telephone numbers. Although such number with an area code 012 looks like a landline, it is not fixed to any property.

GPW will never send you an e-mail asking you to supply equipment and goods without a purchase/order number. *GPW* does not procure goods for another level of Government. The organisation will not be liable for actions that result in companies or individuals being resultant victims of such a scam.

Government Printing Works gives businesses the opportunity to supply goods and services through RFQ / Tendering process. In order to be eligible to bid to provide goods and services, suppliers must be registered on the National Treasury's Central Supplier Database (CSD). To be registered, they must meet all current legislative requirements (e.g. have a valid tax clearance certificate and be in good standing with the South African Revenue Services - SARS).

The tender process is managed through the Supply Chain Management (SCM) system of the department. SCM is highly regulated to minimise the risk of fraud, and to meet objectives which include value for money, open and effective competition, equitability, accountability, fair dealing, transparency and an ethical approach. Relevant legislation, regulations, policies, guidelines and instructions can be found on the tender's website.

Fake Tenders

National Treasury's CSD has launched the Government Order Scam campaign to combat fraudulent requests for quotes (RFQs). Such fraudulent requests have resulted in innocent companies losing money. We work hard at preventing and fighting fraud, but criminal activity is always a risk.

How tender scams work

There are many types of tender scams. Here are some of the more frequent scenarios:

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to a company to invite it to urgently supply goods. Shortly after the company has submitted its quote, it receives notification that it has won the tender. The company delivers the goods to someone who poses as an official or at a fake site. The Department has no idea of this transaction made in its name. The company is then never paid and suffers a loss.

OR

Fraudsters use what appears to be government department stationery with fictitious logos and contact details to send a fake RFQ to Company A to invite it to urgently supply goods. Typically, the tender specification is so unique that only Company B (a fictitious company created by the fraudster) can supply the goods in question.

Shortly after Company A has submitted its quote it receives notification that it has won the tender. Company A orders the goods and pays a deposit to the fictitious Company B. Once Company B receives the money, it disappears. Company A's money is stolen in the process.

Protect yourself from being scammed

- If you are registered on the supplier databases and you receive a request to tender or quote that seems to be from a government department, contact the department to confirm that the request is legitimate. Do not use the contact details on the tender document as these might be fraudulent.
- Compare tender details with those that appear in the Tender Bulletin, available online at **www.gpwonline.co.za**
- Make sure you familiarise yourself with how government procures goods and services. Visit the tender website for more information on how to tender.
- If you are uncomfortable about the request received, consider visiting the government department and/or the place of delivery and/or the service provider from whom you will be sourcing the goods.
- In the unlikely event that you are asked for a deposit to make a bid, contact the SCM unit of the department in question to ask whether this is in fact correct.

PRACTICE NOTICE _2__ of 2026

(In terms of Regulation 4(b) of the Companies Act Regulations)

GROUNDS FOR THE SUSPENSION AND/ OR REVOCATION OF BUSINESS RESCUE PRACTITIONER LICENSES

The Companies and Intellectual Property Commission (CIPC) have a duty to ensure the monitoring of proper compliance with the Companies Act, 71 of 2008 ("the Act") as one of its mandated functions. Part of the CIPC's objectives is to strengthen oversight of the conduct of business rescue practitioners and the effective regulation of the business rescue regime.

To curtail abuse of the business rescue process and entities in financial distress, greater clarity is needed by industry on what constitutes reasonable grounds for suspension and/or revocation of business rescue practitioner licenses and the consequences of each.

The following grounds shall constitute reasonable grounds for the **Suspension of BRP licenses**:

1. Incompetence or failure to perform the duties of a business rescue practitioner, which includes, but not limited to: -
   - Factual / proven complaints i.e. outcome by the court or accredited bodies.
   - Non-compliance with the Companies Act requirements, i.e. filing of reports.

2. Failure to exercise the proper degree of care in the performance of the practitioner's functions, including but not limited to: -
   - Impartiality
   - Standard of care and diligence
   - Conflict of interest
   - Failure to prioritize employment related obligations
   - Delaying of processes, i.e. publication of business rescue plan
   - Acting without necessary and/or prescribed approvals.

Each matter will be assessed on its own merit and the prescribed period of suspension, including consequences will be determined based on the Commissions assessments. The Commission reserves the right to advise with regard to corrective measures and suspension periods may remain effective pending implementation of corrective measures.

The following grounds shall constitute reasonable grounds for the **Revocation of BRP licenses:**

1. Where the practitioner is engaging in illegal acts or conduct (no time restriction),
2. The practitioner no longer satisfies the requirements set out in S138(1) of the Act,
3. The practitioner is placed under probation or disqualified through an order of court,
4. The practitioner is incapacitated and unable to perform the functions of the office and it is presumed that they are unlikely to regain such capacity within a reasonable time
5. Proven actions of incompetence or failure to perform the duties of the office of the BRP.

A BRPs licence may be revoked, and the prescribed period of suspension and/or revocation will depend on the identified grounds for revocation, taking into account the relevant provisions of the Act and/or determinations made by the courts.

In cases involving delinquency, the period may range from seven years to a lifetime declaration. Declarations of probation may extend for periods of up to five years. Each matter will be assessed on its own merit to determine an appropriate and suitable period of revocation. BRP's licenses that have been revoked, will have the added requirement of re-applying for a license, even once the reason for revocation has been removed.

In maintaining its official registers, the Commission will remove individuals who have been suspended and/or whose licenses have been revoked from the list of licensed BRPs and record their names on the respective registers of suspended and/or revoked BRPs.

We trust that you will find the above in order.

Yours Sincerely

.....

Adv. R. Voller

CHANGE IN THE FORMAT OF THE SINGLE EXIT PRICE (SEP) SUBMISSIONS/APPLICATIONS MADE IN TERMS OF THE REGULATIONS RELATING TO A TRANSPARENT PRICING SYSTEM FOR MEDICINES AND SCHEDULED SUBSTANCES

1. The above matter refers-

1.1 The National Department of Health's Pharmaceutical Economic Evaluations (PEE) Directorate hereby informs you that there will be a change in the format of any SEP updates submissions made in terms of the Regulations Relating to a Transparent Pricing System for Medicines and Scheduled Substances. See Guidelines for SEP Updates on https://www.health.gov.za/nhi-pee/ for more details as well as updated templates and forms.

1.2 The categories of SEP update submissions affected by the change include new medicine launches, re-introduction of a medicine previously available in the market, introduction of the SEP for new pack size of an existing medicine, permanent and non-permanent SEP reductions, increase post SEP reduction (non-permanent), medicine SEP discontinuation, existing medicine details amendments and SEP increase post Regulation 9 SEP approval.

1.3 Included in the updates for 2026, is the inclusion of the Volume of Sales Column (VoS) for the preceding year. Applicants are advised that going forward this column is now a compulsory standard requirement. Any submission/application lacking this data will be deemed "incomplete" in terms of the Regulations Relating to a Transparent Pricing System for Medicines and Scheduled Substances as related to Section 22G of the Medicines and Related Substances Act 101 of 1965. This update to the requirements in the submissions/applications has been necessitated by the increasing refusal by external data companies to provide data required to monitor trends and developments in the medicine supply chain, especially the private sector. Unreasonably high prices are charged to access the private sector pharmaceutical medicine utilization data.

1.4 The latest versions of the templates and forms will be effective with immediate effect as published on the National Department of Health website.

2. For any further enquiries on this matter, contact the Directorate: Pharmaceutical Economic Evaluations on the email sepupdates@health.gov.za.
